  - o *Quebec Region* - At approx. 1356hrs information was received that a convoy of trucks was heading towards Montreal-Trudeau Airport. As of approximately 1425hrs it would appear that the majority of vehicles are pick-up trucks and not commercial transport trucks. Unconfirmed information indicates that the goal of the convoy is to slow/disrupt traffic around the airport and not to block traffic. Airport authority patrol (Surete ADM), Montreal Police (SPVM) and Quebec Provincial Police are on site.
  - o *Sault Ste. Marie* - 1435hrs Small amounts of supporter have joined the demonstration. The numbers are still small and is having no impact on the operation at this time. It is suspected that a number of transport vehicles will be joining the group at some point. Updates will follow as situations change.
  - o *Pigeon River* - Reporting a potential "slow roll" protest down from Thunder Bay to the Tourist Information Center adjacent to the POE itself. This may take place on 2022-02-12 and begin at 1100hrs.
- **FPNS Task Force:**
  - o Reviewed CIG updates:
    - #118, 119, 120 and 121 for NS concerns;
    - No concerns identified
    - Monitored various social media platforms in order to identify any NS concerns.
- CIG Update #118:
  - o Ottawa PS Intel has been made aware of uncorroborated information that "newer guys" (protestors) arriving over the last 3 days are for the most part right wing extremists and are all gathering at the baseball park on Coventry with knives and other weapons. These "newer protestors" have been making comments that if the police approach them they will slash their vehicles and "fuck them up, fuck up the government".
  - o FPNS has confirmed with the CIG that this information is being included in officer safety bulletins for front line personnel. FPNS continues to assess this information to determine if it reached the threshold to initiate a National Security Criminal investigation.
- PROS Street Check 2022-710:
  - o A male identified as **Personal Info.** had his Alberta LP vehicle parked near Rideau Hall. **Per** appeared to be a protest supporter/participant. **Per** had his pickup adorned with Canadian flags. **Per** attempted to access the grounds on foot, but was turned away by RCMP. FPNS confirmed with the CIG that POCC were aware of this incident and were conducting background checks on **Per** to assess what threat if any he may pose to protected persons and facilities. FPNS conducted SPROS checks, which were negative.
- PROS 2022-164377:
  - o On February 9th, 2022, FPNS received a report from the CIG identifying a Twitter threat directed against Hon. Hugh McLean, Ontario Superior Court Justice, from Exuvius stating, "Hang the traitor Judge". Another user, bat\_scat asked @discosetv for Hon. Justice McLean to be doxed. FPNS contacted the judge and informed him of the threats. The POJ (OPP) were engaged. On 2022-02-10, the OPP contacted FPNS seeking additional information on the online threats. OPP confirmed they are providing a security detail for Judge McLean. The FPNS file will be concluded.
- SPROS 2021-1557 **Personal Info.**
  - o **Person** is the subject of an EINSET national security criminal investigation for threatening online posts. She has described herself as the rightful **Personal** and has a significant number of online followers who have engaged in activities across the country on her behalf. **Persona** has rented a motor home and driven from BC to Ottawa to take part in the current protest. On her twitter post today **Persona** has posted that the rental company, which owns the motor home she has rented is asking her to return the vehicle, as they do not wish their company to be associated with her activities. It appears **Person** travelled to Montreal in order to renew her motorhome rental but was unsuccessful.
- PROS 2022-170622:
  - o On 2022-02-09, FPNS assisted Ottawa INSET by opening a file and seeking GTA INSET assistance regarding the information provided to Ottawa INSET by a Complainant pertaining to a suspicious Instagram chat made by a subject identified as **Personal**. GTA

INSET spoke with the complainant and received screenshots of Person's postings in which he is boasting of 4000 rounds of ammo and guns. Person was believed to be in Coutts, AB. FPNS contacted K Div OCC and advised them of Person for public and officer safety purposes. K INSET is investigating. FPNS is monitoring.

**Operational Planning:**

- Nil updates at this time.

**Protective Clients and Protective Sites:**

- Nil updates at this time.

**Communications:**

- There are currently 475 news items in media monitoring in relation to the demonstrations across the country today. Coverage has focused on updates to the situation in various locations. Of note, Ottawa Police said 911 and non-emergency lines were targeted by a 'flood' of coordinated fake calls. A group of truck convoy protesters made their way to the Ottawa Airport --- which has now concluded. Blockades at Ambassador Bridge has entered its 4<sup>th</sup> day, as governments officials and manufacturers are calling on the federal government to put an end to it. Emerson port of entry has also been shut down. Another convoy is heading for Ontario's Peace Bridge. In Manitoba, a high school was forced into hold-and-secure due to protests outside. An Ottawa school board has also confirmed an incident at a local elementary school, of which a vehicle displaying the word "freedom" drove by slowly, taunting and harassing a group of students, teachers and parents. GoFundMe is set to appear before a parliamentary committee on March 3<sup>rd</sup>.
  - In addition, OPS Chief Sloly conducted an interview with CBC National News this afternoon. The transcript is attached to this email for reference.
  - The Service de police de la Ville de Gatineau today issued a news release in regards to the Farfadaa's "camping" in Gatineau, as they are on a private property that they are renting. Some actions were taken by the local fire department and legal team in the form of fines. The news release can be viewed here (French only): [Mise à jour au sujet des manifestations - Ville de Gatineau](#)
  - No media requests have been received directly by Nat Div since the last update, although we have been looped in on some to National Communication Services with HQ, primarily dealing with questions related to Person and Person. Liaison is ongoing with partners in terms of an appropriate response and/or referral.

**Subject:** PSIO SITREP UPDATE #13 – 10 Feb 2022 – Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

### UPDATE #13

**DATE/TIME:** February 10, 2022 @ 1700 hrs

**PURPOSE:** To provide aggregated situational awareness regarding "Freedom Convoy" solidarity activity impacting Alberta.

**BACKGROUND:** No change.

### CURRENT STATUS:

#### Coutts Border Crossing

- As of 13:00 hrs Thu 10 Feb, RCMP/SHP report:
  - HWY 4 remained blocked at the COUTTS site.
  - Traffic being stopped at CP10 and CP14.
  - The mood remains stable. RCMP continue to engage identified leadership group.
  - COUTTS site:
    - NB: 21 semi-trucks, 1 personal veh, and 9 farm tractors
    - SB: 19 semi-trucks, 3 personal veh, and 9 farm tractors.
  - CP10:
    - 24 commercial vehicles, 60 RVs, approx 133 passenger vehs, and 9 farm tractors.
- Efforts continue to move participants off of HWY 4 to area for a legal protest owned by the Ministry of Transportation. This would enhance police and public safety. This area has been outfitted by a community group with free Wi-Fi to make it a more attractive option to shift the crowd away from the roadway. Attempt to relocate have been unsuccessful thus far.
- Sheriffs resources continue to be engaged to ensure checkpoints north of the CARWAY and DEL BONITA border crossings are active while the ports are open.
- CP Rail reported there have not been any disruption to train traffic. [they have dealt with some vehicles driving on the tracks]

#### Alberta Legislature / McDougall Centre

- At approx 10:00 hrs on Sat 12 Feb, Sheriff Operations will close the entrance to the government centre at:
  - 107 Street at 99 Avenue
  - 96 Avenue at 106 Street
  - Fortway Road at River Valley Road
- These road closures will be in place for Saturday; however, Sheriff Operations will assess if closures are needed on Sunday based on traffic and pedestrian traffic.
- The Sheriffs Branch, Sergeant-at-Arms, and the Edmonton Police Services will monitor and evaluate the situation throughout the weekend.
- Staff are being asked to enter and exit via RIVER VALLEY ROAD. If there is any issues or concern, call the Sheriffs dispatch line available 24 hours at 780-422-3787.

#### City of Edmonton & Environs

- The City of Edmonton is elevating their Emergency Command Center (EOC) for Sat 12 Feb in response to planned protests and is requesting support from AEMA POC.

#### City of Calgary & Environs

- No additional updates at this time.

#### Regional Municipalities / Rural

- No additional updates at this time.

#### Ottawa "Freedom Convoy 2022"

- No additional updates at this time.

#### Other Provinces / National

- On 10 Feb, the Canadian Trucking Alliance (CTA) and Canadian Manufacturers & Exporters (CME) sent a letter to the Prime Minister and all Premiers calling on the First Ministers to meet to develop an action plan to end and prevent blockades at all ports of entry in Canada to ensure the safety and security of our supply chains and economy.

#### International

- No updates at this time.

### MINISTRY UPDATES:

#### Justice & Solicitor General (JSG):

- JSG continues to support efforts to identify and secure heavy equipment and operators. [Towing companies continue to refuse to provide

towing services to police at the blockade locations.]

#### Transportation (TRANS):

- As of 14:00 hrs 10 Feb, the department has confirmed that there continue to be no crossing delays at other ports.
- The airspace restrictions above MILK RIVER, AB and above COUTTS, AB has been extended until 16 Feb 2022.
- CBSA and US CBP ports at DEL BONITA have agreed to remain open until 22:00 hrs local time today (10 Feb).
- Some transportation companies are rerouting to the ROOSEVILLE MT/GRASMERE BC port:
  - The CBSA hours of operation for commercial carriers are Monday to Friday, 8:30 – 16:30; for passenger vehicle travelers it is 24 hours / 7 days a week.
  - US CBP hours of operation for this port are 24 hours / 7 days a week for commercial carriers and passenger vehicle travelers.
  - This port has no capacity to perform livestock inspections.
  - Boxed meat is being accepted, however carriers have to route to SWEETGRASS for inspection.
- Department ADMs have provided their direct contact details to their NWT counterparts in the event something develops regarding unverified rumours of potential blockade in NWT. We have looped in our respective ADMs to remain connected and have flagged this to JSG who will raise with the RCMP. The Peace Region Operation Manager and the local MCI are aware of the potential situation. [On 9 Feb, the DM from NWT contacted Alberta Transportation DM indicating they have heard chatter over truckers' radios on the possibility of a protest blockade on the highway from Alberta into the NWT. These remain rumours only, and no indicators have been identified at this time that anyone is planning anything. However, Should this occur it would have serious impacts to NWT as diverting to another crossing would add significant time and delay.]
- CARWAY and DEL BONITA border crossing flow rates:

#### Municipal Affairs:

- The Provincial Operations Centre (POC) is elevating to Level II (approx. 10:00-18:00 hours).

#### Jobs, Economy, and Innovation (JEI):

- Business Council of Alberta (BCA):
  - Members from agriculture, manufacturing, sales, retail and real estate sectors are indicating disruptions because of the blockade.
  - Most impacts are to the agriculture sector in getting feed into Canada, getting beef to the U.S. and other agriculture product shipments.
  - Calgary and Edmonton manufacturers have indicated that they are facing challenges and delays getting materials (inputs) as well as shipping outbound completed product to the U.S.
  - BCA encourages the Government of Alberta to implement the critical infrastructure act and move to deal with the individuals who BCA feels have made their point and have now crossed into the territory of looking like extremists and are disrupting the economy and livelihoods.
- Canadian Federation of Independent Business:
  - Alberta members have not raised any issues concerning the Coutts border blockade. However, general supply chain challenges, not specific to the Coutts Border, continue to be a top concern for small businesses in Alberta and across the country.
- Canadian Manufacturers and Exporters (CME):
  - On 8 Feb, CME launched their first member survey of 2022 focusing on supply chain issues affecting Canadian manufacturers, how companies are addressing issues, and potential solutions. The survey closes 18 Feb.
- Restaurants Canada:

- Alberta members are indicating supply chain issues because of lingering impacts of highway closures due to flooding in British Columbia rather than the Coutts border blockade.
- Members have indicated supply chain shortages of certain products, such as fruits and vegetables, but indicated that this is not likely a result of the Coutts border blockade.
- Retail Council Canada:
  - RCC noted that the border crossing at Coutts is a vital supply route for Alberta retailers especially those who are focused on produce.
  - Retailers have expressed concern about supplies having been cut and having to explore other border crossings to allow "just-in-time" delivery.
  - Using alternative border crossing has added additional kilometres for truckers, which has meant additional transportation costs.
  - Given delays at Coutts border crossing, produce that has a limited shelf life has been wasted. The exact cost is not known at this time but data should be available next week.
- Tourism Industry Association of Alberta:
  - Members have not raised concerns about the Coutts border blockade to date.
- Beef Processing:
  - Beef processing experiencing supply challenges due to the border blockade.

**Agriculture, Forestry, and Rural Economic Development (AFRED):**

- No additional updates at this time.

**ASSESSMENT & STRATEGIC CONSIDERATIONS:**

- The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action.
- Social media sentiment is shifting negative towards law enforcement.
- On 10 Feb, divisive anti-vax influencer **Personal Info.** (a.k.a. **Perso.**) signalled intent to bring supplies (incl. 1000L of diesel) to COUTTS area on Sat 12 Feb. [This has potential to act as a catalyst for radicalization and external support]

**FORECAST:**

- Additional border blockades in ON and MB, coupled with increased international attention, appears to be reinforcing willingness of hard-liners to continue convoy and blockade actions. Online affinity groups associated with 'Freedom Convoy' activities appear to be growing; however, it is unclear whether this increased virtual engagement will translate into physical participation. While significant organizing for weekend events (11-13 Feb) continues, some localized weekday events have been cancelled due to lack of interest.

**Subject:** Request to close Canadian Border

---

Good evening Sir,

CBSA director has asked that in order to make a request to close the Canadian border they require the request to be in writing from yourself.

The Director General would like to have a quick discussion with you as soon as you are available. His name is Brad Wozny and he can be reached at [irrelevant].

Thank you in advance

Leanne

Good evening, the information came from open sources and reported by one of our partner agencies. Information is that the group will meet at the US mile marker 397 Feb 12, 8:00 am. This is 1/2 mile south of the border. There is no indication the group plans to cross the border. This call for action is being circulated on social media. This call went out today and had received 300 responses by early evening.

Trevor

## Meetings

---

**From:** Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca);  
**Sent:** 2022-02-11 00:53:48  
**To:** Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca)  
**Subject:** Meetings

---

Good evening all, the team asked if we could reduce the number/frequency of meetings. They expressed some difficulty in getting flow to their work. I think this is worth considering given the sheer volume of work and our desire for the team to be engaging with protestors, members etc.

While I recognize the critical nature of information flow if we can even reduce one meeting it could have a significant impact.

Good Morning Sir,

Sorry for the late/early email. As your aware we had a pretty eventful evening. I wanted to update that we have submitted the 184.4. Efforts are being taken to be up on two lines within the next couple of hours.

We have some good updates I was hoping to be able to call in to the meeting in the morning as we are just heading out now.

**Subject:** RE: Meetings

---

Just a thought for our discussions about this. What if we had one brief and a tactical meeting for each operational period. The tactical in my view should be about the next operational period (ie this morning for this evening this evening for tomorrow morning). I get this may not always be possible but it will give us focus to plan out what's needed for the next period.

That reduces us to 2 times a day.

James and Ed are working to set up a planning team and their cycle should follow our tactical meeting to plan out how to achieve the objectives. I think this will help accomplish the objectives we come up with.

We need to align the hours of DEOC to match the tempo so we can get it done if we agree.

I agree we can have regular comms in between.

I will work on a new gold intent as per the conversation Trevor and I had last night.

My thoughts....

Peter

Good evening, the information came from open sources and reported by one of our partner agencies. Information is that the group will meet at the US mile marker 397 Feb 12, 8:00 am. This is 1/2 mile south of the border. There is no indication the group plans to cross the border. This call for action is being circulated on social media. This call went out today and had received 300 responses by early evening.

      - Barrier, BC- Convoy from Band shell at 1000hrs.
    - 2022-02-14
      - Kamloops, BC- Maskless Monday at the Superstore in Kamloops.
    - 2022-02-18
      - 100 Mile House, BC- Slow Roll commencing at 0900hrs.
    - 2022-02-19:
      - Burnaby, BC- Freedom Convoy to Global News Rally from 1000hrs to 1500hrs.
      - Vernon to Vancouver- Convoy meeting in Vernon at Hwy 97, departing at 0930hrs and travelling to Vancouver.
      - 100 Mile House- Slow Roll at 1200hrs.
    - 2022-02-21

- Chilliwack, BC- Family Day Convoy starting at 1100hrs.
- 2022-03-04 & 2022-03-05
- Victoria, BC- Roll out to Victoria from all of BC.

#### Operational Information:

- Approx. eight hours ago, [Personal Info.] posted an image to his personal Facebook which states: "Old Doug Ford Premier of Ontario. Maybe needs a visit once Trudeau is learned."
- CIG received reports that OPS Chief Slosly mentioned during a media briefing yesterday that police operations coordination will be done at an RCMP Ottawa building. This was flagged as it may raise the public threat profile on RCMP buildings. The statement reported was the following:
  - o ...established a provincial wide resource base. It is actually working here in Ottawa out of an RCMP building and I literally just finished a call with all three levels of public safety agencies including all major police services here in Ontario around the establishment of that central coordination hub.
- The Freedom Convoy 2022 Facebook page has shared a video from which was originally posted by [Personal Info.] on Facebook. In the video, the individual states the following key points:
  - o "Give send go has since officially replied on more than one platform saying that no the Canadian Government and what not has no jurisdiction over them being an American Company. And so, the funds are still accessible for us. And so that is not a problem"
  - o "So if we are still here tomorrow morning, we're home free for the entire weekend because they won't be able to do anything on Friday because it sounds like a whole lot of you were going to be here on Friday afternoon for the weekend..."
  - o "News for tomorrow, starting at 9 o'clock tomorrow in front of Parliament is a meeting place for a Jericho<sup>[1]</sup> march." The route of the march was not disclosed in the video.
- The Instagram page @women.fighting.for.freedom has shared various social media posts advertising the school walkout demonstration which is expected to take place today, 2022-02-11 at 1400hrs throughout Ontario. The posts call on individuals to meet at their closest school district head office to protest COVID-19 restrictions and mandates. The group has also shared a few addresses of school district head offices, most of which appear to be located in the GTA.
- [Personal Info.] posted a video on his YouTube channel [Personal Info.] entitled: "ITS BED TIME GOVERNMENT". Through the video, [Personal Info.] mocks the 'lack of plan' by the government and police force to counter the demonstration. He laughs about a plan to use helicopters to move trucks and news that the police are constantly coming, then not coming. [Personal Info.] states there is confusion and dissension in the police: "the police don't want to be doing this...you go down there and see them all the time they are looking at their feet...they feel disgusting." He asks the government if they are going to break into the trucks and move them one by one. [Personal Info.] tells the government to "take the loss, there is no way out of this for you". He states it will end with either the government admitting defeat or dragging it out and looking more ridiculous day after day. He states this weekend there is going to be even more people than the last two weekends.<sup>[1]</sup>
- [Personal Info.] posted a video on s.37 discussing the freezing of the GiveSendGo funding and mentions they have a lawyer working on it. [Personal Info.] also states: "apparently there is a bunch of wreckers coming in, tonight is the night maybe, we're not sure. Ottawa City Police are going to play their cards. Tomorrow morning, everybody showing up for the weekend, we might all be in jail, you never know".<sup>[1]</sup>
- PPS advised that the Government of Ontario states that a Superior Court Justice has granted an application to prohibit anyone from distributing donations made to the "Freedom Convoy 2022" and "Adopt-a-Trucker" GiveSendGo campaigns.<sup>[1]</sup>
  - o CIG OSINT identified a GiveSendGo tweet that states Canada has "absolutely zero jurisdiction" over how they manage their funds and that all funds flow directly to recipients, including the Freedom Convoy campaign. The Tweet is receiving significant engagement on Twitter.<sup>[1]</sup>
- CIG OSINT identified another video of [Personal Info.] which is being shared on Twitter. [Personal Info.] states that he believes the police will move in tonight or sometime in the early morning and start rounding up peaceful protestors. [Personal Info.] says he is concerned this will escalate the situation on the ground and make it more tense and dangerous for everybody.
- OPS advised that as of today the occupancy rate of the Marriott Hotel at 302 Coventry is 17% and is now at 70% for February 12.
- **FPNS Task Force Update:**
  - o Reviewed CIG updates:
    - #122, 123 and 124 for NS concerns;
    - No concerns identified
    - Monitored various social media platforms in order to identify any NS concerns.
- **PROS 2022-170622:** On 2022-02-09, FPNS acted on online information that [Personal Info.] boasted of 4000 rounds of ammo and stockpiling guns. GTA INSET obtained a screen capture from the complainant and TIOS confirmed [Personal Info.]'s current location in Coutts, AB. FPNS contacted K Div to release a BOLO (be on (the) look-out) for [Personal Info.] for public and officer safety purposes. FPNS sent information on [Personal Info.] to K INSET.
  - o **\*\*UPDATE 2022-02-10** – K INSET located [Personal Info.] and engaged in a 20min conversation. K INSET does not believe [Personal Info.] is a current threat and there was no evidence to continue an investigation. K INSET will assist further if needed. File concluded.

#### Operational Planning:

- Nil updates at this time.

#### **Protective Clients and Protective Sites:**

- PRU conducted increased patrols throughout the evening at the various protected sites and residences, no issues to report.
- Supreme Court Chief Justice will be departing the NCR for the Montreal area and is scheduled to return on 2022-02-13. All remaining protectees will be within the NCR with regular escorts throughout the day.

#### **Communications:**

- There are currently 295 news items in media monitoring in relation to the demonstrations. Coverage has turned heavily to the national and international political and economic elements of the ongoing protests. Reporting of the blockade at Ambassador Bridge has drawn comparatively more coverage than the other protests, particularly from American media outlets. There are several articles that discuss actions taken by the Ontario provincial government against the protests, including an attempt to "freeze" Freedom Convoy funds raised via GiveSendGo, stepping up enforcement and raising fines as well as a pending injunction against Ambassador Bridge protestors brought forward by the City of Windsor. A number of articles also highlight the severe economic impacts of the border blockades, noting that the incidents are hurting industry and causing severe disruptions to supply lines. The economic impact of these incidents has prompted meetings between both Canadian and U.S. officials to find a solution, with the federal government being encouraged by their American counterparts to find a resolution as soon as possible.
- Last evening, the Prime Minister issued a series of messages on his Twitter account in regards to the demonstrations:
  - o Justin Trudeau *This evening, I had several meetings that were focused on the illegal blockades and occupations happening across the country. They're harming the communities they're taking place in – and they're hurting jobs, businesses, and our country's economy. First, I convened an Incident Response Group meeting with ministers and officials. We'll continue to work closely with municipal and provincial governments to end these blockades, and to make sure they have the resources they need. I also spoke with @DrewDilkens, the Mayor of Windsor, about the illegal blockade of the Ambassador Bridge. We're committed to helping the Mayor and the province get the situation under control – because it is causing real harm to workers and economies on both sides of the border. Finally, I briefed the leaders of the opposition parties on the current situation and the latest developments. I stressed how important it is for all Members of Parliament, from every party, to denounce these illegal acts – and to call for an end to these blockades.*
- CTV's Evan Solomon also issued the following tweet:
  - o Evan Solomon *Senior source telling me tonight that US, Canada and Ontario are coordinating on dealing with blockades at borders and the province will move "aggressively tomorrow." Will be a "big step" on "penalties" and possible enforcement action with Fed help.*
- There have been no media requests since the last update.

Subject: RE: Meetings

Just a thought for our discussions about this. What if we had one brief and a tactical meeting for each operational period. The tactical in my view should be about the next operational period (ie this morning for this evening this evening for tomorrow morning). I get this may not always be possible but it will give us focus to plan out what's needed for the next period.

That reduces us to 2 times a day.

James and Ed are working to set up a planning team and their cycle should follow our tactical meeting to plan out how to achieve the objectives. I think this will help accomplish the objectives we come up with.

We need to align the hours of DEOC to match the tempo so we can get it done if we agree.

I agree we can have regular comms in between.

I will work on a new gold intent as per the conversation Trevor and I had last night.

My thoughts....

Peter

Subject: Meetings

Good evening all, the team asked if we could reduce the number/frequency of meetings. They expressed some difficulty in getting flow to their work. I think this is worth considering given the sheer volume of work and our desire for the team to be engaging with protestors, members etc.

While I recognize the critical nature of information flow if we can even reduce one meeting it could have a significant impact.

**Subject:** FW: Master STO Roster with Units - Jan 2022

Good evening folks,

This afternoon it was brought to my attention that we are having trouble getting STO members released, by their respective commanders, to be deployed to the Coutts blockade. I completely understand the pressures that your detachment commanders are facing with the multiple requests that they have received for resources to date, but it is vital to our operations and planning that we have sufficient STO resources available to meet our needs. Attached is a list of members who are with STO. Can I ask that you please reach out to the commanders of these members and advise that if any of these members are requested, that their deployment be treated as a priority. If there are any issues or concerns, and for some reason it is not doable, can you please let me know asap. Depending on the issue(s) there maybe options that we could assist with that might free up that member.

I know one of the comments that we have heard is that because the member is on a Municipal Collator, the member cannot be released. Just a reminder that a Article 9 has been signed and as such we can draw down on 10% of the municipal resources to assist us. In most cases this will not be necessary, but I only mention it in the context that we have permission to use these members for this event.

Thanks for this, please let me know if you have any questions or concerns.

Thanks

John

**Subject:** Resources

---

Hello all,

The last two weeks has been an incredible strain on all our resources but as you know when the going gets tough we pull together as one. I have really enjoyed how our agencies have worked together and we will continue to do the same.

We will give you as many resources as we can but I am aware will not have the amount your require without moving people from others parts of Alberta and putting them in hotels or calling others in on overtime. Financially, we are struggling and we are already millions in deficit. Has there been a budget allocated for this or do you have a budget or cost code we can use for the extra staff we will need to pull in.

I want to make sure you get 100% support from us and have the resilience you require

Regards

Good Morning Sir,

I spoke with the Towing and recovery Association on Alberta for the equipment that is needed:

2 x Heavy tandem 30-50 ton wreckers  
2 x Medium flat deck tow trucks  
2 – 4 x Light duty tow trucks (F550 type trucks)  
2 x Semi trucks with trailers (scissor necks, tandail, double drop) possible a winch truck  
2 x Semi tractor units (to pull trailers)

1 x tire service truck with spare 22.5 truck tires  
1 x service truck with mechanic and capabilities to do repairs on vehicles

Thanks, James

Good Morning Folks,

I know you are working on this but we very much need the two lists. In order of priority.

List of Heavy Equipment Needs – Tow Trucks and Cranes

I kind of need that by 0900 if that is at all possible.

List of Companies that you felt might be open to selling heavy equipment to us

Peter, you indicated you might be able to drop me a couple names to start on making calls on this, as soon as you can get that to me I would very much appreciate it so I can start making calls personally to these folks.

Thanks all,

Marlin

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

Sir on the company with equipment I did learn the sold it to BC and it is no longer available.

I learned there is infact a shortage of tow vehicles for a number of reasons linked to supply chain disruptions, COVID issues, chip shortages leading to little to no used resources for sale as equipment is hard to come by.

Subject: 2 lists

Good Morning Folks,

I know you are working on this but we very much need the two lists. In order of priority.

**List of Heavy Equipment Needs – Tow Trucks and Cranes**

I kind of need that by 0900 if that is at all possible.

**List of Companies that you felt might be open to selling heavy equipment to us**

Peter, you indicated you might be able to drop me a couple names to start on making calls on this, as soon as you can get that to me I would very much appreciate it so I can start making calls personally to these folks.

Thanks all,

**S.37**

Good Morning Sir,

I spoke with the Towing and recovery Association on Alberta for the equipment that is needed:

- 2 x Heavy tandem 30-50 ton wreckers
- 2 x Medium flat deck tow trucks
- 2 -- 4 x Light duty tow trucks (F550 type trucks)
- 2 x Semi trucks with trailers (scissor necks, landall, double drop) possible a winch truck
- 2 x Semi tractor units (to pull trailers)

- 1 x tire service truck with spare 22.5 truck tires
- 1 x service truck with mechanic and capabilities to do repairs on vehicles

Thanks, James

**Subject:** Sit Rep #114: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-11

#### Situation as of 1121hrs on 2022-02-11

##### Event Overview:

- Approximately 20 demonstrators reported to be on Parliament Hill at this time.
- Approximately 75 demonstrators reported to be on Wellington St. and in the downtown core.
- OPS estimate that there are 505 trucks in the downtown core.
- Other Events:
  - o CIG received the following reports from CBSA (as of 2022-02-11 at 0830hrs):
    - C Division:
      - Possible protest at Lacolle, QC — Autoroute 15. Event being advertised by the Facebook Group known as “Debout pour la liberté”. No additional information provided.
    - O Division:
      - Demonstrations will reportedly take place between 2022-02-12 and 13 on the Niagara Peace Bridge between Buffalo, NY, and Fort Erie, Canada. This protest may be similar to the one on the Ambassador Bridge in which protest activity on the Canadian side is entering the fourth day and has shut down vehicular traffic.
      - CIG received reports that poster was shared to Reddit in regards to a Canada/USA convoy. The group is expected to depart the Costco parking lot at 0730hrs on 2022-02-12 and make their way to the Fort Erie Peace Bridge. The number of expected participants could not be confirmed at this time.
  - National Capital Region:
    - CIG received reports of an event poster being shared to Twitter regarding an upcoming demonstration at the Ottawa Police Station on 2022-02-12 at 1200hrs. According to the event poster, the group intends to occupy this space and demand action finally and decisively be taken to end this occupation”. The number of expected participants could not be confirmed.
    - A Facebook event page has been located in regards to the upcoming Community Solidarity Rally and March which is expected to take place on 2022-02-12 at 1300hrs. The purpose of the rally is to show solidarity to frontline workers and Ottawa residents affected by the occupation. The group is expected to meet at Lansdowne Park behind Aberdeen Pavilion. The event is being organized by *Horizon Ottawa, Free Transit Ottawa and PSAC National Capital Region*. The number of expected participants could not be confirmed through open sources.

##### Operational Information:

- **Personal** Facebook page **Personal Info** appears to be no longer available. **Pers** appears to be posting to his Instagram page in the mean time **Personal**.
- Ontario Premier Doug Ford is expected to make an announcement at 1045hrs this morning VIA CTV News. <sup>[1]</sup>

##### Operational Planning:

- Site transition in support of OPS resource mobilization has occurred, effective 2022-02-11, the centralized deployment of resources has moved from the Leomont Building to TPOF.

- In addition to the provision of 50 RM's per day to support OPS static posts, as of this morning, we have deployed resources to support OPS in a QRT capability for GD enforcement in the downtown core (2 shifts x 4 teams).

**Protective Clients and Protective Sites:**

- Nil updates at this time.

**Communications:**

- Nil updates at this time.

---

Sir,

Here is the document. The key for the CIDA is:

No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.

Highways are considered essential infrastructure. The key for individuals is proving that their actions rendered the infrastructure useless or inoperative. It's not the individual's presence but rather their actions that need to be proved. There is a provision for companies that we are exploring but that does not lead to arrest and the owner is not compelled to Court but rather counsel for the company. We are looking at going after both company and the individual where applicable.

**Subject:** RE: Extreme Circumstance BN to the Commissioner for your review and input

Hi Mike,

I had a quick look at this looks good. It maybe relevant to add the attached chart as it shows the fluctuation in protestor traffic patterns.

With respect to this statement "Moreover, attempts to breach the check points are being made on a continual basis, are unpredictable and Members at times are being confronted by attendees who challenge the authority of law enforcement." I think that it maybe helpful to add the following;

The Coutts protest area has developed into a bit of a rallying point that continues to draw interest from a large cross sections of individuals and groups who are promoting a variety of agendas, outside of the intended purpose of the protest. Intelligence is received daily informing investigators of planned activities, in both Alberta and locations in the United States, to send large truck convoys to the Coutts and Sweet Grass Montana area. The continued influx of vehicles into the area remains a significant concern and a continued risk to the critical infrastructure in this area.

Let me know if you want to discuss further.

John

## 22-019 2022-02-11 1400 hrs UPDATE NOC 22-019 K Division COVID Can USA Border Blockade (002) (002).pdf

**From:** Moreland, Ed (edward.moreland@rcmp-grc.gc.ca);  
**Sent:** 2022-02-11 14:59:13  
**To:** KDIV\_NOC\_DIST ([irrelevant]@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) ([irrelevant]@rcmp-grc.gc.ca)  
**Subject:** 22-019 2022-02-11 1400 hrs UPDATE NOC 22-019 K Division COVID Can USA Border Blockade (002) (002).pdf  
**Attachment:** 22-019 2022-02-11 1400 hrs UPDATE NOC 22-019 K Division COVID Can USA Border Blockade (002) (002).pdf; Coutts blockade vehicle graph.xlsx;

Note: Excel sheet with daily vehicle counts attached.

### ISSUE:

- Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

### BACKGROUND:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.  
- The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.  
- There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.  
- The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 1400hrs on 2022-02-11:

- Highway 4 remained completely blocked at the Port of Entry (POE) at the Coutts location.  
- The Government of Alberta is considering an injunction, but no decisions have been finalized.  
- with the Border access to Coutts blocked, traffic remains stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.  
- Mood remains stabilized, and CCMG remains engaged with the identified leadership group to keep situation stabilized as anticipated surge of protesters will flood the CP10 and CP14 area over the weekend.  
- At the main site in Coutts currently 27 semi-trucks, 1 personal vehicle, and 2 farm tractors are lining the northbound side of the highway 4 and 17 semi-trucks, and 2 personal vehicles block the southbound lane.  
- At the Saloon which encompasses the area closest to the southern most point of the blockade near Coutts, 3 semi-trucks, 16 farm tractors, 22 personal vehicles and 13 RV's are parked.  
- At check point 10, which is set up 18km north of the main site on highway 4 there are 29 commercial vehicles, 59 RV's, approximately 160 passenger vehicles, and 9 farm tractors.  
- Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 2100). A Bronze Commander has been established to monitor any potential attempts to shift any form of protest to those locations.  
- with the Coutts POE blocked, Del Bonita has seen a 917% increase in cross border traffic. Yesterday CBSA processed 163 commercial vehicles and 173 passenger vehicles headed to the USA, while US CBP processed 272 commercial trucks and 79 passenger vehicles headed to Canada.  
- The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action. Investigative team has secured some light duty tow strategies (standard tow truck for personal vehicle), and have one heavy duty tow truck owned by the City of Edmonton on stand by due to tactical considerations. As previously reported, given it is only one tow truck, investigators are still working on potential strategies that would support that asset.  
- The identified an area that would allow for a legal protest, which would enhance police and public safety. This area is owned by the Ministry of Transportation and has been outfitted by a community group with free Wi-Fi to make it a more attractive option to shift the crowd away from the roadway. Attempts to relocate the protest group off Highway 4 have continue to be unsuccessful thus far. CCMG will continue efforts today.

### STRATEGIC COMMUNICATIONS:

- Media releases continue to be disseminated when required.  
- Social media messaging from RCMP accounts continues to be used heavily in the print media.  
- Social media is being monitored, comments have turned negative towards law enforcement throughout the day.

### CONDUCT / CIVIL RISK ASSESSMENT:

• n/a

---

Sir,

Please find attached Sit Rep to the Commissioner relative to the email (attached) from the CHRO in declaring the border disruption as an Extreme Circumstance for the purpose of the administration of C.A.

We have consulted with NPF and they may not necessarily agree with our position, at the end of the day it is the decision of The Employer. As noted in the Sit Rep, this will be monitored on a regular basis as things change and we continue to communicate regularly with NPF.

Happy to discuss any questions or thoughts you may have and please let me know if you prefer this in a different format.

**Subject:** PIU CIG update#131

Good evening,

Please find latest PIU CIG update:

**OFFICER AWARENESS:**

- Nothing to report.

**SOI/PPPOI:**

- CIG OSINT observed Facebook Page **Personal Info** became active again at 1600hrs, at which time **Person** posted a celebratory video thanking lawyers for their assistance. **Pers** posted another video at 1700hrs entitled 'THE NIGHT HAS BEGUN'. In the video **Pers** reads a letter from former Mayor of Casselman, Conrad LAMADELEINE which encourages **Pers** to form a political party and become the next Prime Minister. The letter states the weekend will 'turn ugly' and encourages **Pers** to tell truckers to clear the bridge at the border but **Pers** tells them to hold the line and 'do not move'.
  - Content of the letter [read aloud by **Pers**],  
"Mr. **Personal**, the Conservatives made you a request that you clear the borders and they are right. On Monday there will be massive lay-offs and millions of dollars will be lost. The government had a special meeting with the province and this weekend it will turn ugly. You have an opportunity that can make you a hero if you give the order to your truckers to clear the bridge at the border you will be respected a lot...Your next move you can tell the people that they need a new government and it would be named the National Party or the Canadian Party. A name that would represent Canada and Freedom. The new generation is tired of the Liberals and Conservatives and want a strong leader, you are that person. Form a party and you could be the next Prime Minister... Your time to act is now, this weekend."<sup>[1]</sup>

**ADDITIONAL INTEL UPDATES:**

- CIG was advised of possible protests of "slow rolls" planned to target MP O'REGAN's property. A video on Facebook that mentioned MP O'REGAN's residence and showed organizers of the Ottawa Convoy Protest discussing the plans. One of the Newfoundland and Labrador organisers suggested the protestors should "slow roll convoy" past O'REGAN's residence but it is unknown if it is referring to his Ottawa or St Johns home. The SUBJECT was identified.<sup>[1]</sup>
- CBSA reports concerning scheduled protests:
  - Cornwall - Protest scheduled in Cornwall for Feb. 12, 2022 at 11am;
  - Fort Frances - Protest scheduled for Feb. 13, 2022, from 10am to 2pm in the Central Avenue area in Fort Frances;
  - Pigeon River - Planned protest for Feb. 12, 2022;
  - Kingston - Information indicates there will be a mustering of Freedom Convoy supporters in Kingston and Gananoque around 10 or 11am on Feb. 12, 2022; and
  - Lacolle, Qc - A protest and march are planned at Jarry Park in Montreal on 12 Feb.

- The CIG has received uncorroborated reports of the following convoys to Ottawa, as well as potential blockades:

**Feb. 12:**

- One convoy from Burlington, ON, to an unidentified location in Ottawa. Participants intend to begin boarding buses to return to Burlington at 17:30.
- Two convoys from Toronto, ON, to an unidentified location in Ottawa.

**Convoys/potential blockades:**

- One convoy from Hamilton to the Peace Bridge in Fort Erie, ON. Analysts note a risk of a potential bridge blockade at this location.
- One convoy from St. Catharines, ON, to the Peace Bridge in Fort Erie, ON. Analysts note a risk of a potential bridge blockade at this location.

**Feb. 13:**

**Convoys:**

- One convoy from the Canadian Tire Centre (1000 Palladium Dr., Ottawa) to Parliament Hill, Ottawa.
- One convoy from RCGT Park (302 Coventry Rd, Ottawa) to Parliament Hill, Ottawa.

Sirs et al,

Unless anyone disagrees, I will have K DCAS cease forwarding these CIG updates to you unless there appears to be an Alberta nexus.

Brad

Subject: PIU CIG update#131

Good evening,

Please find latest PIU CIG update:

#### OFFICER AWARENESS:

- Nothing to report.

#### SOI/PPPQI:

- CIG OSINT observed Facebook Page **Personal Info.** became active again at 1600hrs, at which time **Person** posted a celebratory video thanking lawyers for their assistance. **Pers** posted another video at 1700hrs entitled 'THE NIGHT HAS BEGUN'. In the video **Pers** reads a letter from former Mayor of Casselman, Conrad LAMADELEINE which encourages **Pers** to form a political party and become the next Prime Minister. The letter states the weekend will 'turn ugly' and encourages **Pers** to tell truckers to clear the bridge at the border but **Pers** tells them to hold the line and 'do not move'.
  - Content of the letter [read aloud by **Per**], "Mr. **Personal**, the Conservatives made you a request that you clear the borders and they are right. On Monday there will be massive lay-offs and millions of dollars will be lost. The government had a special meeting with the province and this weekend it will turn ugly. You have an opportunity that can make you a hero if you give the order to your truckers to clear the bridge at the border you will be respected a lot...Your next move you can tell the people that they need a new government and it would be named the National Party or the Canadian Party. A name that would represent Canada and Freedom. The new generation is tired of the Liberals and Conservatives and want a strong leader, you are that person. Form a party and you could be the next Prime Minister... Your time to act is now, this weekend."<sup>11</sup>

#### ADDITIONAL INTEL UPDATES:

- CIG was advised of possible protests of "slow rolls" planned to target MP O'REGAN's property. A video on Facebook that mentioned MP O'REGAN's residence and showed organizers of the Ottawa Convoy Protest discussing the plans. One of the Newfoundland and Labrador organisers suggested the protestors should "slow roll convoy" past O'REGAN's residence but it is unknown if it is referring to his Ottawa or St Johns home. The SUBJECT was identified.<sup>1111</sup>
- CBSA reports concerning scheduled protests:
  - Cornwall - Protest scheduled in Cornwall for Feb. 12, 2022 at 11am;
  - Fort Frances - Protest scheduled for Feb. 13, 2022, from 10am to 2pm in the Central Avenue area in Fort Frances;
  - Pigeon River - Planned protest for Feb. 12, 2022;
  - Kingston - Information indicates there will be a mustering of Freedom Convoy supporters in Kingston and Gananoque around 10 or 11am on Feb. 12, 2022; and
  - Lacolle, Qc - A protest and march are planned at Jarry Park in Montreal on 12 Feb.
- The CIG has received uncorroborated reports of the following convoys to Ottawa, as well as potential blockades:

**Feb. 12:**

- One convoy from Burlington, ON, to an unidentified location in Ottawa. Participants intend to begin boarding buses to return to Burlington at 17:30.
- Two convoys from Toronto, ON, to an unidentified location in Ottawa.

**Convoys/potential blockades:**

- One convoy from Hamilton to the Peace Bridge in Fort Erie, ON. Analysts note a risk of a potential bridge blockade at this location.
- One convoy from St. Catharines, ON, to the Peace Bridge in Fort Erie, ON. Analysts note a risk of a potential bridge blockade at this location.

**Feb. 13:**

**Convoys:**

- One convoy from the Canadian Tire Centre (1000 Palladium Dr., Ottawa) to Parliament Hill, Ottawa.
- One convoy from RCGT Park (302 Coventry Rd, Ottawa) to Parliament Hill, Ottawa.

---

Hi there – just wanted to let you know that we now have been assigned a NHQ Comms liaison to assist with any messaging, but also to keep briefed about matters that are unfolding. I will be working all weekend and will be on the DEOC calls, but if anything comes up you think that NHQ Comms would want to know, please just get in touch and I will take care of things from there. I am available 24/7 – so don't hesitate.

Thanks and sorry for adding one more thing to the list.

Have a good evening and I hope you all get some rest.

Nina

Nina,

Roberta has been developing the immediate action plan for comms to accompany and CIP action and distinguish it from action in relation to the public order event.

I let the team know that you would be our oversight of the message and that you are aware generally of the threat level but not the operational details.

**To:** Tewfik, Peter <peter.tewfik@rcmp-grc.gc.ca>  
**Cc:** Stanviloff, James <james.stanviloff@rcmp-grc.gc.ca>  
**Subject:** pamphlet language

Hi Peter â€" here is the draft wording for the pamphlet:

*THE ALBERTA RCMPâ€™S GOAL IS TO ACHIEVE A SAFE AND PEACEFUL RESOLUTION TO THIS UNLAWFUL BLOCKADE.*

The *Canadian Charter of Rights and Freedoms* guarantees certain rights and fundamental freedoms, including the freedom of opinion, expression, and peaceful assembly.

### ***These rights are not without limits***

The Supreme Court has recognized that â€œfreedom of expression does not extend to protect threats of violence or acts of violence. It would not protect the destruction of property, assaults, or other clearly unlawful conduct.â€ In addition, in some cases, the reasonable limits prescribed by law will also apply.

Section 1 of the Charter, which provides for limitations on rights and freedoms, states:

â€œThe *Canadian Charter of Rights and Freedoms* guarantees the rights and freedoms set out in it, subject only to such reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.â€

Persons participating in this unlawful blockade can expect enforcement of any contraventions of the Criminal Code of Canada, the Traffic Safety Act and Use of Highway and Rules of the Road Regulations at this location and area roadways.

Note, in speaking with Roberta, Kevin was really wanting to say out the gate that our role is to keep things safe and that weâ€™re not here to pick sides (I think we have to be careful of this last bit). So we added the top line.

JAMES â€" thanks for finding Peter for me.

Let me know your thoughts and weâ€™ll get this done for the team.

Hi Nina, thank you for this. I am not quite comfortable with the wording, in light of what we are working a right now, as well as our present situation at CP10. Let's discuss in the am. I like the idea of the injunction, but with the timing to fit our unfolding operational plan. This pamphlet might be better suited to accompany the injunction then, as opposed to coming before the injunction. I feel the wording of this doesn't quite work for where we are working to go in the more immediate future, to ensure the greatest deescalating strategies that we need for the moment. Will talk more though. I will also say, however, that I thought the CO'S speech was very very well done by your team. In the context of what we were doing at that time operationally, it was perfect. Please share my appreciation for that. Awesome job. Thanks kk

Hi Peter â€” here is the draft wording for the pamphlet:

*THE ALBERTA RCMPâ€™S GOAL IS TO ACHIEVE A SAFE AND PEACEFUL RESOLUTION TO THIS UNLAWFUL BLOCKADE.*

The *Canadian Charter of Rights and Freedoms* guarantees certain rights and fundamental freedoms, including the freedom of opinion, expression, and peaceful assembly.

***These rights are not without limits***

The Supreme Court has recognized that â€”freedom of expression does not extend to protect threats of violence or acts of violence. It would not protect the destruction of property, assaults, or other clearly unlawful conduct.â€” In addition, in some cases, the reasonable limits prescribed by law will also apply.

Section 1 of the Charter, which provides for limitations on rights and freedoms, states:

“The *Canadian Charter of Rights and Freedoms* guarantees the rights and freedoms set out in it, subject only to such reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.”

Persons participating in this unlawful blockade can expect enforcement of any contraventions of the Criminal Code of Canada, the Traffic Safety Act and Use of Highway and Rules of the Road Regulations at this location and area roadways.

Note, in speaking with Roberta, Kevin was really wanting to say out the gate that our role is to keep things safe and that we’re not here to pick sides (I think we have to be careful of this last bit). So we added the top line.

JAMES “ thanks for finding Peter for me.

Let me know your thoughts and we’ll get this done for the team.

Subject: Nightshift

Kevin,

Not much to provide over nightshift, sounds like 5 trucks left tonight from the stack. Info from Aarons team about ppl wanting to mess with police vehicles in Lethbridge. I reached out to the duty officer who sent out a message for more patrols around hotels. LPS ERT arrived with a contingency of  Map emailed to Barry Benkendorf for injunction.

See you tomorrow

---

Commissioner,

Please consider this request to declare the border disruption at Coutts an Extreme Circumstance for the purpose of the administration of Collective Agreement. We have consulted with NPF and although they may not necessarily agree with our recommended position, at the end of the day it is the decision of the Employer. As noted in the Sit Rep, this will be monitored on a regular basis as things change and we continue to communicate regularly with NPF.

Hi John

We have had 2 similar Interim reports from the CRCC dealing with complaints made while being a federal inmate. I have located one interim report (attached) for your interest. 90% of my policy folks are on deployment at the hill but if you want the second report, I can get it to you by Monday. We have looked at it and do not see a systemic issue. The message sent out to all CrOps satisfies the recommendation made by the CRCC Chair.

Akrum

Ps. Steve Cormack sends along his regards. He is a troop-mate and sold me my house in Blackfalds when I was at the PDSTC

**Subject:** FW: CROPS message / Message aux OREC

Hi Akrum

I would be interested in having a better understanding of this. Are they making these reports while incarcerated or once they are released. If it is the former we would pretty much have to rely on the correctional staff to make us aware of an inmates complaint. If it is the later, depending on the circumstances and time of when the incident occurred and when they were released, it would be a very challenging investigation. At the very least I would expect that a file to be opened and some inquiry made as to if any of the information provided could be confirmed, but even then there may not be an investigative avenue to pursue. I highlight this in the context if a complaint was made, but the complainant did not get the outcome that they want, this does not mean that nothing was done.

No sure if you have any additional information that you can share. Thanks Phil,

John

le français suivra,

CROPS message:

NCROPS has received a report from the Civilian Review and Complaints Commission (CRCC) where inmates have reported being a victim of a crime and the complaint was not investigated. The CRCC advised they have received similar reports by inmates where an investigation had not taken place.

The CRCC made the following individual recommendations in two separate reports for the RCMP's consideration:

- 1) That the RCMP canvas all detachments that contain a provincial or federal correctional institution within their jurisdiction to ensure that criminal complaints from inmates are being handled according to existing RCMP policy.
- 2) The RCMP should assess whether a national bulletin or other similar measures should be adopted to ensure that criminal complaints from inmates are properly accepted in all areas where the RCMP are the police of jurisdiction.

As this is not believed to be a systemic issue, NCROPS did not agree to the first recommendation and is not requesting action or reporting on this from the divisions. Discretion will remain with the divisions to decide if there is a further identified need for local action.

In response to the second recommendation, we are sending this communique for your situational awareness and to bring the CRCC's concerns and recommendations to your attention to ensure that our front line members are reminded that all reports of a crime under the RCMP jurisdiction, including from inmates at Federal or Provincial institutions, will continue to be investigated and documented as per applicable National and Divisional policy and guidance.

Thank you,

**Superintendent Akrum GHADBAN**

\*\*\*\*\*

Message aux OREC:

Le Service national de la police criminelle (SNPC) a reçu un rapport de la Commission civile d'examen et de traitement des plaintes (CCETP) au sujet de personnes détenues qui auraient signalé avoir été victimes d'un crime sans que les allégations ne fassent l'objet d'une enquête. La CCETP dit avoir reçu des signalements similaires dans le passé.

Dans deux rapports distincts, la CCETP avait transmis à la GRC les recommandations individuelles suivantes:

- 1) Que la GRC demande aux détachements sur le territoire desquels se trouve un établissement carcéral fédéral ou provincial de s'assurer que les plaintes de nature criminelle émanant de personnes détenues sont traitées conformément aux politiques de la GRC en vigueur.
- 2) Que la GRC évalue s'il y a lieu de publier un bulletin national ou d'utiliser d'autres mesures similaires pour s'assurer que les plaintes de nature criminelle émanant de personnes détenues sont correctement traitées dans toutes les régions où la GRC est le service de police territorialement compétent.

Comme cela ne semble pas être un problème systémique, le SNPC n'a pas accepté la première recommandation; les divisions n'ont donc pas à agir ni à faire rapport sur la question. Elles continueront de décider si la situation dans leur ressort nécessite d'autres mesures locales.

Quant à la seconde recommandation, nous vous adressons la présente pour que vous soyez au courant de la situation ainsi que des préoccupations et recommandations de la CCETP et que vous rappeliez à nos membres de première ligne que tous les signalements d'actes criminels dans le ressort de la GRC, y compris lorsqu'ils émanent de détenus incarcérés dans un établissement fédéral ou provincial, continueront de faire l'objet d'une enquête et d'être consignés conformément aux instructions et politiques nationales et divisionnaires applicables.

Merci,

Sir (s)

I need your assistance in forwarding this letter to any of your Detachment Commanders who oversee an MPSA contract. Although we are all submersed in operations during the current protest climate, I want to cover off enhancing our relationships with those communities from which we are drawing resources. Attached is a letter I have drafted to be sent to the MPSA communities in your respective Districts by the applicable detachment commanders. As District Officers, please have a read so you understand what is being sent out, as I wanted to ensure we are notifying our MPSA communities of the fact that an Article 9 has been invoked, and that contractually we can grab 10% of our MPSA resources from around the province if required to ensure public safety. I have minimized the work required by your commanders, just fill in the highlighted names and salutation (Mayor, Reeve, etc.). As well, ensure if any Commanders have questions/ concerns prior to sending, they can reach out to me on email or my cell **Irrelevant** and I will personally explain the process to them, as it may be unfamiliar to some of the newer commanders.

**\*Please ensure Commanders remove the yellow highlighting prior to sending\***

Also

**\*Please have them cc the **Irrelevant** and K DEOC mail box so we know for certain all communities have been notified\*.**

Thanks for your support and stay safe,

Ed

ISSUE:

- Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

BACKGROUND:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.
- The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
- There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.
- The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 1400hrs on 2022-02-12:

- Highway 4 remains completely blocked at the Port of Entry (POE) at the Coutts location.
- The Government of Alberta is still considering an injunction, but no decisions have been finalized.
- with the Border access to Coutts still blocked, traffic remains stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.
- Given the weekend atmosphere of increased traffic elsewhere in Alberta the mood remains neutral to police, and CCMG remains engaged with the identified leadership group.
- At the main site in Coutts currently 24 semi-trucks, 2 personal vehicles, and 2 farm tractors are lining the northbound side of the highway 4 and 14 semi-trucks, and 2 personal vehicles block the southbound lane.
- one semi-truck departed the protest site at Coutts overnight N/B and was allowed to depart. Police did traffic stop the vehicle to ensure a licensed driver and to confirm ownership of the semi unit.
- At the Saloon which encompasses the area closest to the southern most point of the blockade near Coutts and stretches west to east across the entirety of Highway 4, 7 semi-trucks, 16 farm tractors, 13 personal vehicles and 10 RV's are parked.
- At check point 10, which is set up 18km north of the main site on highway 4 there are 30 commercial vehicles, 91 RV's, approximately 218 passenger vehicles, and 23 farm tractors, and 3 horse trailers.
- Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 1700 today). A Bronze Commander has been established to monitor any potential attempts to shift any form of protest to those locations, thus far no activity to report.
- The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action. Investigative team has secured some light duty tow strategies (standard tow truck for personal vehicle), and have one heavy duty tow truck owned by the City of Edmonton remains on stand by due to tactical considerations. Investigators are still working on potential strategies that would support that asset.
- The identified legal protest area on the west side of Milk River, which would enhance police and public safety has been outfitted by a community group with free Wi-Fi to make it a more attractive option to shift the crowd away from the roadway.

STRATEGIC COMMUNICATIONS:

- There is an MRO and Spokesperson onsite, providing updates to media.
- Media are updated primarily via phone / email or via in-person interview.
- Social media continues to be monitored.

CONDUCT / CIVIL RISK ASSESSMENT:

- n/a

**CURRENT STATUS** as of 0900 hrs on 2022-02-12:

- PB.NSC.CAN.00008248 REL.1145

**Subject:** numbers update you requested

---

Evening Sir,

Some developing news, so far the Government of Alberta has procured five confirmed tow trucks. They are currently working on a sixth. Because the Twittersphere is aware government is currently purchasing equipment, they do not want to compromise their secure marshalling site in Lethbridge.

All vendors have agreed to deliver the tow trucks to the Coaldale RCMP detachment. They still have to be licensed but hopefully it wont take long next week.

### Confirmed vehicles to date

- 2007 Freightliner M2,
- 2010 Dodge Ram 3500 Tow Truck
- 2002 International 4300 Medium Tow Truck
- 1996 GMC 3500 Tow Truck
- 1998 Freightliner Classic, Heavy Tow Truck

Plus we have the Heavy Duty tow truck from Edmonton.

Numbers from call at 17:00 today

**CP10: 48 semi's/ 48 farm tractors/ 180 RV/ 885 passenger vehicle and a party atmosphere at that site.**

**Coutts Blockade: Southbound Lanes- 16 semi's/ 2 passenger**

**Northbound Lanes- 25 semi's/ 2 passenger/ 2 farm tractors**

**Personal** (line extends west to east across totality of Highway 4)- 15 semi's/ 30 personal/ 10 RV's/ 16 tractors

**CP5: 112 personal vehicles/ 9 RV's and 1 horse**

Note 3 large excavators showed up at CP3 and departed one investigators intervened.

Take care,

Ed

**Subject:** K Div Update 2022 02 12 at 20:30 hrs

---

Coutts Main Site. No Change. Traffic in both directions to POE is still blocked. Coutts Blockade: Approximately 90 vehicles blocking the two lanes and the area by the saloon, which serves as the base of operations for the Protestors who are linked to a church group. Pastor of church group has distanced the church from the protestors.

Checkpoint 10 has 48 semi's/ 48 farm tractors/ 180 RV/ 885 passenger vehicle and a party atmosphere at that site. Yet this is the place where the RCMP is most challenged especially at night.

Check point 5 has 112 personal vehicles/ 9 RV's and 1 horse.

Investigative teams continue to gather evidence. The Canadian Tire store in Lethbridge has reported a run on the purchase of Bear Spray and is cooperating by removing same from shelves.

One of the principal organizers is supposed to be meeting with MLA's this evening.

Good evening folks,

Sorry to interrupt your Saturday. I'll be very brief...

This morning I received call from A/Comm Mark Flynn...NHQ are standing up GSB structure to help manage the protest demands and are seeking my participation. I confirmed my willingness to help and will be departing for Ottawa tomorrow. Unsure of the timing around all of this, I have booked a hotel for two weeks. Lisa is aware and will continue acting Fed crops here in KDiv.

Kevin,

Last update before start of shift @1900hrs

1. 6 guards confirmed for tonight
2. Plus 1 Field Supervisor
3. Plus mobile check-ins by our team
4. Ops centre still working on getting more; although itâ€™s looking thin.
5. Looking forward:
  - a. Sun =6
  - b. Mon =6
  - c. Tue =3
  - d. Wed =1
  - e. Thur =1

NOTE: Which location should the Field Supervisor report to and do you have contact name he can check in with when he arrives?

If you need anything else, just let us know.

Personal Info.

Subject: Update

Kevin,

Quick update:

1. Our Duty Manager for Lethbridge will be available tonight
2. Our Duty Manager from Medicine Hat is making the trip over and will stay overnight. He will act as the PoC for your team. Personal
3. Confirmed we have one marked vehicle that will be used to patrol the sites on a random continuous basis.
  - a. This will be done by Personal. He will identify himself to your team as the IC on our side.
4. Confirmed our mobile team will add the locations to their run sheets and will also make these additional stops throughout on a random continuous basis
  - a. This team will help with break relief for the guards
5. 5 guards confirmed for tonight
6. 5 guards confirmed for tomorrow and Monday (if needed)
7. Our OPS centre is actively making calls trying to get more.
8. I have cc'd Personal here. He is our regional manager for Lethbridge, Med Hat, Suffield and Red Deer. He is assisting with mobilization.
9. I've asked the OPS centre to give me updates every 30 mins leading up to 1900

MTF.

Regards,

Re: **Perso**

As per our phone conversation if you can deploy your 12 resources to the 5 hotels, I would suggest 2 at each hotel on foot patrols and 2 in a roving vehicle if possible.

12 hour shifts, we work 7 to 7.

I am arranging 2 RCMP officers to also be roving between those 5 hotels.

Any questions please advise.

Thanks so much in advance  
Kevin

**Subject:** RE: Update MRO Onsite briefing material

---

Thank you Roberta, these look great. With this though, I could not find any speaking notes relating to strat comms IAP relating to any arrests that might be made regarding the site and the organized crime aspects of this event, ie not a random chance of truckers and protests. The event as we now know it today has sophisticated organization that appears to have been well planned with intelligence reporting high risks to police and public safety. If I could ask you to prepare those speaking notes as well. Also, I note that we have Nina as Bronze? We have you as Bronze Comms. Perhaps Nina is working as a Bronze in the DEOC. This is something that will need to be sorted out when we get to a debrief someday, hopefully in the not too distant future. In any event, we will need the ability to make quick and clear decisions on site at all times. No issue in the interim that speaking notes are shared and discussed with National, but we may need quick decisions on site if the crowd's mood was to change or surge, so just to clarify. Thanks for everyone's work on these. Kk

UNCLASSIFIED / NON CLASSIFIÉ

Hi Tim,

Thanks so much for taking my call this evening.

I apologize for reaching out on a weekend however Transport Canada is seeking contacts and intel on the current state of protests in the Prairies and Northern Region (AB, SK, MB, Yukon, NWT and Nunavut). We are monitoring closely so as to provide situational awareness to the Deputy Minister. Any intel you can provide or an onsite contact would be greatly appreciated.

I received your name from a contact at CBSA and our Emergency Coordination Centre Liaison Officer has also reached out for names and has been in contact with James Stanviloff and Scott McMurchy (in Manitoba).

In particular we are seeking:

- The general number of vehicles involved
- Additional protest traffic arriving
- Protest traffic leaving
- Is there police action taking place
- Any enforcement issues
- Any enforcement requests for support
- Status of diverting commercial traffic or, commercial traffic

Additionally any information regarding any other anticipated convoys or protests elsewhere in the region.

If you have any questions please don't hesitate to reach out to me.

Thanks,

Katherine (Kat) Newman

---

Good morning – just wanted to bring some clarity (outside of the Bronze thing, as that doesn't matter right now). The document that I attached to this file was the document that we've been using since the outset – updating lines for the Onsite MRO. These more general lines have been shared with NHQ Comms as we've been assigned a liaison in NHQ Comms given the matter is national in nature. This is not related to the more sensitive aspect as I understood that to be sensitive in nature and to keep close hold on that. I put together some messaging around this more sensitive aspect and provided that to Roberta. What I included was very limited given my limited knowledge of this – I understand from Roberta that more information was needed from the on the ground team. I've attached that file – which is very much a work in progress. This has not been shared with anyone other than Roberta and Troy. Hope that helps bring some clarity. I am available to assist if needed.

Thank you Roberta, these look great. With this though, I could not find any speaking notes relating to strat comms IAP relating to any arrests that might be made regarding the site and the organized crime aspects of this event, ie not a random chance of truckers and protests. The event as we now know it today has sophisticated organization that appears to have been well planned with intelligence reporting high risks to police and public safety. If I could ask you to prepare those speaking notes as well. Also, I note that we have Nina as Bronze? We have you as Brinze Comms. Perhaps Nina is working as a Bronze in the DEOC. This is something that will need to be sorted out when we get to a debrief someday, hopefully in the not too distant future. In any event, we will need the ability to make quick and clear decisions on site at all times. No issue in the interim that speaking notes are shared and discussed with National, but we may need quick decisions on site if the crowd's mood was to change or surge, so just to clarify. Thanks for everyone's work on these. Kk

Hi there – here is an updated package as of 1600 hrs. National has reviewed our messaging and no concerns – just massaged some language in our responses. Good to review / refresh as you prep for the next round of inquiries. Still a couple of numbers that I don't necessarily have but you guys know at site. Appreciate the work you guys!

The following lines were sent to Roberta – combination of our discussion and a discussion she had with Kevin this am.  
Any feedback is appreciated.  
Nina

Within days of the blockade beginning, the Alberta RCMP became aware of an organized group within the protest group, that had stated their intentions to enter into an armed conflict with police, putting both police and public safety at great risk.

As a result of our investigation, we have arrested several individuals allowing us to dismantle this organized and significant threat to police and public safety.

The actions taken today by the Alberta RCMP are in relation to the public and officer safety threat, and are not in relation to removal of the blockade.

We appreciate that the majority of participants in the protest and blockade have been peaceful, however, the Alberta RCMP efforts to resolve the unlawful blockade and protest will continue. We ask for cooperation from the participants to leave peacefully.

Access is still restricted to the border. We would like to thank Albertans and Canadians for their patience as we work to resolve this situation safely and peacefully.

**Subject:** RE: Message

Here are my edits...

The actions taken today (right now?) by the Alberta RCMP are in relation to a public and officer safety threat, and are not in relation to removal of the blockade.

Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the stated intention to enter into an armed conflict with police, putting both police and public safety at great risk.

As a result of our investigation, we have arrested ( are moving to arrest as this is happening dynamically? ) several individuals allowing us to dismantle this organized and significant threat to police and public safety.

We appreciate that the majority of participants in the protest and blockade have been peaceful to date. The Alberta RCMP efforts to resolve the unlawful blockade and protest will continue. We ask for cooperation from the participants to leave peacefully.

Access is still restricted to the border. We would like to thank Albertans and Canadians for their patience as we work to resolve this situation safely and peacefully.

FYI

While all STO team members have been stepping up every rotation, ALERT has been refusing to release Sgt Randy POON in Calgary. He is one of our 4 trained EGT members and is needed. All other EGT members have already been here for multiple days. I have been advised that ALERT has taken the stance that they need to be advised by the CO to release him.

I would request that someone with far more rank than I address this situation.

Scott

UNCLASSIFIED / NON CLASSIFIÉ

Good Morning Gentlemen,

We have received a question from our RDG who is in contact with the Deputy Minister. Given what we have seen happen in Windsor today, the question has been asked if there are plans to take similar action in Coutts or Milk River today. Understanding that there may well be information that you cannot share, is there any information that you can provide in response to the question.

Thank you,

Katherine (Kat) Newman

Hi folks,

My apology for disrupting your weekend while my department is searching at the regional level for any intel regarding the current status at the Coutts border crossing and on going convoy/ protests? In particular:

- Additional protest traffic arriving
- Protest traffic leaving
- Any enforcement issues
- Any enforcement requests for support
- Status of diverting commercial traffic or, commercial traffic

Additionally any information regarding any other anticipated convoys or protests elsewhere in Alberta? And, does the current NOTAM, set to expire on Feb 16/22 meet your current needs?

Please advise including NIL and any other pertinent information you can share ASAP.

With my thanks,

**Donna Sagness**

I realize this is short notice, but we are trying to provide some information to the Commr for a 4pm EST meeting. If you cannot attend and have not submitted feedback, please continue to do so.

Agenda:

1. Welcome – Patrick Vezina and Dennis Daley
2. Overview of Emergencies Act – Caroline Leclerc
3. Explanation of high threshold to rationalize invoking the Act – Caroline Leclerc
4. Do we need the Emergencies Act now or are tools available to us now sufficient?
5. Additional authorities police may require?

**Subject:** Additional Public Order Resources

Good afternoon,

In anticipation of a larger enforcement action early next week, the STO team has requested the availability of an additional 100 public order / tac troop members to assist with the operations at Coutts.

These members could be utilized as early as Monday, February 15<sup>th</sup>, 2022.

There are currently 42 STO members on ground from this afternoon until Wednesday evening. The early concept of operations would be to have a troop (50) to hold at CP10, a troop for the site, and a third troop in reserve to support either point depending on the response from people associated to either site.

Any details regarding team composition et al should be put to the troop NCO, S/Sgt. Scott Fuller.

Thanks in advance.

Current status cut and pasted into body of email for ease of reading:

**Current Status as of 0900hrs on 2022-02-13:**

- Highway 4 remains completely blocked at the Port of Entry (POE) at the Coutts location.
- CBSA has temporarily suspended entry to Canada at the Coutts location (as of yesterday afternoon).
- The Government of Alberta is still considering an injunction, but there is nothing further to report at the time of this submission.
- with the Border access to Coutts still blocked, traffic remains stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.
- the mood remains neutral to police, and CCMG remains engaged with the identified leadership group.
- At the main site in Coutts currently 23 semi-trucks, 1 personal vehicle, and 2 farm tractors are lining the northbound side of the highway 4 and 15 semi-trucks, and 2 personal vehicles block the southbound lane.
- At the Saloon which encompasses the area closest to the southern most point of the blockade near Coutts and stretches west to east across the entirety of Highway 4, 6 semi-trucks, 16 farm tractors, 4 personal vehicles and 10 RV's are parked.
- At check point 10, which is set up 18km north of the main site on highway 4 there are 23 commercial vehicles, 98 RV's, approximately 221 passenger vehicles, and 11 farm tractors.
- At CP5 which is east of the Coutts blockade, 8 RV's, 38 passenger vehicles, and 2 enclosed trailers attached to personal vehicles are parked.
- Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 1700 today). No protest activity to report.
- The Government of Alberta has procured five confirmed tow trucks, and are currently working on a sixth. Enforcement team also has one heavy duty tow truck owned by the City of Edmonton remains on stand by due to tactical considerations. Investigators are still working on some additional heavy duty bulldozer strategies that would support the existing tow assets.
- The identified legal protest area on the west side of Milk River remains an option presented by police to shift the protest group off the highway near CP10 and CP14 in Milk River. At this juncture, no movement by protesters has occurred.

**STRATEGIC COMMUNICATIONS:**

- There is an MRO and Spokesperson onsite, providing updates to media.
- Media are updated primarily via phone / email or via in-person interview.
- Social media continues to be monitored.

Thanks,

Insp Ed Moreland

Looks like at least in Windsor when enforcement starts the compliance goes up.

Also, E Div is enforcing at Pacific Crossing as of an hour ago. Yesterday 2000 protestors. Today 30, so they are moving them.

FYI

While all STO team members have been stepping up every rotation, ALERT has been refusing to release Sgt Randy POON in Calgary. He is one of our 4 trained EGT members and is needed. All other EGT members have already been here for multiple days. I have been advised that ALERT has taken the stance that they need to be advised by the CO to release him.

I would request that someone with far more rank than I address this situation.

Darcy,

I understand that you are back. STO is trying to have Cst. Kareen Croteau released from Leduc

John sent a message at the end of last week to the DO's talking about the importance of having KDiv STO resources released for the Coult's border action with a list of members.

I recognize this may leave some issues for detachment that district may have to assist with and/or there may be issues with the member that we may be unaware of.

Let me know if there are any issues with securing Cst. Kareen Croteau from Leduc.

Peter

FYI

While all STO team members have been stepping up every rotation, ALERT has been refusing to release Sgt Randy POON in Calgary. He is one of our 4 trained EGT members and is needed. All other EGT members have already been here for multiple days. I have been advised that ALERT has taken the stance that they need to be advised by the CO to release him.

I would request that someone with far more rank than I address this situation.

### Alberta RCMP make arrests at Coutts Boarder Blockade

Coutts Alta. – ( are moving to arrest as this is happening dynamically? )

The actions taken today (right now?) by the Alberta RCMP are in relation to a public and officer safety threat, and are not in relation to removal of the Coutts blockade.

Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the intention to enter into an armed conflict with police, putting both police and public safety at great risk. This resulted in an immediate and complex investigation to determine the aspect of the threat and criminal organization.

As a result of investigation we are moving to arrest the persons involved in an effort to dismantle this organization and establish a safe environment for all.

The Alberta RCMP want to emphasize that our primary goal throughout this event is the safety of the public as well as our officers. As the Alberta RCMP conduct our operations, we ask the protestors to cooperate with officers and follow direction as we work to maintain order.

The Alberta RCMP continue to look for solutions to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for legal protest.

At the conclusion of this police action Alberta RCMP will provide further updates.

**Subject:** RE: New Release

---

We are just wanting to clarify that the arrests being made in this release are distinct from those made for the public safety event.

We are concerned given the timing of either of them that they may get confused. We may end up with the investigative targets before the public safety arrests. I just want to distinguish the public safety action and use of ERT from the public order and use of STO.

Each release will have to stand on its own and the next one clearly articulate the purpose of the actions that follow.

Peter

K DEOC

With all due respect, I deployed as the STO Bronze Commander long before DEOC issued any joining instructions. Myself and my team deployed under standard STO deployment protocols. Are you now advising all STO members to withhold our claims on shifts already worked in addition to continual duties at our home units? Please explain the reasoning for withholding claims.

I would request an answer to this asap as I am in the middle of arranging an immediate redeployment of members due to changing situations here. If pay/comp is being altered my team, 100% staffed by volunteers need to be informed immediately.

Joining instructions cannot be retroactively enacted on members.

**Importance:** High

Good afternoon S/Sgt Fuller,

You are receiving this email because you have previously received Joining Instructions regarding a deployment to the Coutts Border Protests.

We are not able to process overtime EDP claims as of yet, so please do not submit them. There is further clarification needed from NPF, CMB, and policy about this deployment to ensure all claim entitlements are being captured correctly. Further instructions will be forthcoming and emails sent directly to you on how to input your claim.

**Expense claims are being processed immediately for claims that are out of pocket. Please see attached instructions on how to complete them properly.**

Should you have any questions, please contact K DEOC.

Thank you,  
KDEOC

Darcy,

I understand that you are back. STO is trying to have Cst. Kareen Croteau released from Leduc

John sent a message at the end of last week to the DO's talking about the importance of having KDiv STO resources released for the Couffts border action with a list of members.

I recognize this may leave some issues for detachment that district may have to assist with and/or there may be issues with the member that we may be unaware of.

Let me know if there are any issues with securing Cst. Kareen Croteau from Leduc.

Darcy,

I understand that you are back. STO is trying to have Cst. Kareen Croteau released from Leduc

John sent a message at the end of last week to the DO's talking about the importance of having KDiv STO resources released for the Coutts border action with a list of members.

I recognize this may leave some issues for detachment that district may have to assist with and/or there may be issues with the member that we may be unaware of.

Let me know if there are any issues with securing Cst. Kareen Croteau from Leduc.

**Sent:** 2022-02-13 18:20:58  
**To:** O'Donoghue, Jen (Jen.O'Donoghue@rcmp-grc.gc.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** Towing rates in Alberta

---

Good Evening Ma'am,

I spoke to the towing operators here locally and these are the RCMP towing rates broken down to each type.

Cars and light pick up trucks (up to a 2500 ¼ ton) are \$97.50 for the hook up, \$40 to dolly it (needed for a 4x4) and \$3.15 per KM travelled.

A one ton truck (3500 size) \$ 125 for hook up \$40 to dolly it and \$3.15 per Km

Flat deck tow truck \$140 per hour.

Semi-truck rates for a basic truck is - \$180 a hour.

Trailer hauling rates - \$225 a hour.

A rotator to lift and recover a truck is \$325 a hour.

The hourly rate is charged the entire time from when the equipment leaves the shop to when it returns back to the shop. There is no KM charge as it is included in the rate.

Storage costs are \$50 a day for a pick up truck. Heavy trucks is \$100 for a Semi tractor and \$125 a day for each semi trailer.

I hope this is the information you require. If you need anything further, please let me know.

Thanks, James

**Subject:** Clarification Regarding Coutts Border Protest EDP and Expense Claims Email

Good Evening,

This message is to provide clarification on the message below that was sent earlier today, as it has caused concern to some members.

The reason we are asking for the hold on submitting EDP claims is that the process on how to best approve the claims centrally has not been fully worked out with NWR Business systems. This is an emergency situation and the tracking of all costs, including overtime, needs to be accounted for fully and accurately.

As we do not want someone to submit a claim that is incorrect, or missing entitlements, we are working through the process with the experts to ensure this is done correctly in the first instance. All of the claims submitted need to be within policy, and our goal is not to cause any issues or delays in the future, based on lessons that have learned from previous events and deployments.

We working on this as fast as we can and are awaiting further instructions from CMB, which are expected shortly. We are not wanting to delay any claims, but also don't want there to be issues in any submissions that could cause issues further down the road.

Thank you,  
K DEOC

**From:** K DEOC / K CDOU (RCMP/GRC)  
**Sent:** February 13, 2022 2:19 PM  
**Subject:** Important Information Regarding Coutts Border Protest EDP and Expense Claims

Good afternoon,

You are receiving this email because you have previously received Joining Instructions regarding a deployment to the Coutts Border Protests.

We are not able to process overtime EDP claims as of yet, so please do not submit them. There is further clarification needed from NPF, CMB, and policy about this deployment to ensure all claim entitlements are being captured correctly. Further instructions will be forthcoming and emails sent directly to you on how to input your claim.

Expense claims are being processed immediately for claims that are out of pocket. Please see attached instructions on how to complete them properly.

Should you have any questions, please contact K DEOC.

Thank you,  
KDEOC

Good afternoon,

I just received the attached videos and photo from Peterborough Investigator.

Attached, two short video clips and a photo of a similar 2019 Freightliner.  
The truck will be very similar with a different fleet number. Stolen truck fleet number is 97

**Subject:** Aggressive actions tonight- press release coming

---

Sorab,

Still limited details. A tractor tried to forcibly push one of our PCs out of a checkpoint. Soinds like it was pretty tense. There was a pick up involved as well. Ultimately after a brief foot chase we lost the suspects into the saloon. We are seizing the vehicles involved and will put out a release related to the event.

Investigation to follow.

Peter

**Subject:** IPA draft

---

Hi there – per my discussion with Peter – here is the latest draft for the immediate police action – as I understand this is what Kevin would like to see sent out.  
Nina

### Alberta RCMP make arrests at Coutts Boarder Blockade

Coutts Alta. – In the early days of the illegal blockade at Coutts, the Alberta RCMP became aware of a small organized group of concern within the larger Coutts protest. The police action currently underway by the Alberta RCMP is in relation to this public and officer safety threat. At the time, information received was that they had access to a cache of firearms with thousands of rounds of ammunition. The group was said to have a willingness to use force against the police if any attempts was made to disrupt the blockade. This information resulted in the initiation of a complex public safety investigation. The investigation is ongoing and at this time arrests have been made. At the conclusion of this police action RCMP will provide further updates.

**Subject:** Gold edits to IAP press release

### Alberta RCMP make arrests at Coutts Boarder Blockade

Coutts Alta. – ( are moving to arrest as this is happening dynamically? )

The actions taken today (right now?) by the Alberta RCMP are in relation to a public and officer safety threat, and are not in relation to removal of the Coutts blockade.

Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the intention to enter into an armed conflict with police, putting both police and public safety at great risk. This resulted in an immediate and complex investigation to determine the aspect of the threat and criminal organization.

As a result of investigation we are moving to arrest the persons involved in an effort to dismantle this organization and establish a safe environment for all.

The Alberta RCMP want to emphasize that our primary goal throughout this event is the safety of the public as well as our officers. As the Alberta RCMP conduct our operations, we ask the protestors to cooperate with officers and follow direction as we work to maintain order.

The Alberta RCMP continue to look for solutions to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for legal protest.

At the conclusion of this police action Alberta RCMP will provide further updates.

### Alberta RCMP make arrests at Coutts Boarder Blockade

Coutts Alta. "€" ( are moving to arrest as this is happening dynamically? )

The actions taken today (right now?) by the Alberta RCMP are in relation to a public and officer safety threat, and are not in relation to removal of the Coutts blockade.

Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the intention to enter into an armed conflict with police, putting both police and public safety at great risk. This resulted in an immediate and complex investigation to determine the aspect of the threat and criminal organization.

As a result of investigation we are moving to arrest the persons involved in an effort to dismantle this organization and establish a safe environment for all.

The Alberta RCMP want to emphasize that our primary goal throughout this event is the safety of the public as well as our officers. As the Alberta RCMP conduct our operations, we ask the protestors to cooperate with officers and follow direction as we work to maintain order.

The Alberta RCMP continue to look for solutions to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for legal protest.

At the conclusion of this police action Alberta RCMP will provide further updates.

## Events for K Div Overnight - Important. For Commr. Group.

---

**From:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca);  
**Sent:** 2022-02-14 04:43:49  
**To:** Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Daley, Dennis (dennis.daley@rcmp-grc.gc.ca); Brennan, Brian (brian.brennan@rcmp-grc.gc.ca)  
**Subject:** Events for K Div Overnight - Important. For Commr. Group.

---

Unfolding event of late Sunday night - 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested. The suspect who tried to ram the police vehicle was still at large.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

The plan for 2022 02 14, is to secure the locations in Coutts of interest and then proceed to dismantle the blockade.

Excellent work by K Div and no doubt will continue through the day.

**Cc:** Tewfik, Peter <peter.tewfik@rcmp-grc.gc.ca>; Ferguson, John <john.g.ferguson@rcmp-grc.gc.ca>; Daley, Dennis <dennis.daley@rcmp-grc.gc.ca>; Brian Brennan (brian.brennan@rcmp-grc.gc.ca) <brian.brennan@rcmp-grc.gc.ca>  
**Subject:** Events for K Div Overnight - Important. For Commr. Group.

Unfolding event of late Sunday night - 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested. The suspect who tried to ram the police vehicle was still at large.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

The plan for 2022 02 14, is to secure the locations in Coutts of interest and then proceed to dismantle the blockade.

Excellent work by K Div and no doubt will continue through the day.

**Subject:** RE: Final release for police action

---

Hi there – for discussion and feedback.

### Alberta RCMP make arrests at Coutts Boarder Blockade

Coutts Alta. - Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the intention to enter into an armed conflict with police, putting both police and public safety at great risk. This resulted in an immediate and complex investigation to determine the aspect of the threat and criminal organization.

As a result of our investigation, the Alberta RCMP executed a search warrant at approximately 1230 am on February 14<sup>th</sup>, 2022 on three trailers associated to the criminal organization. This resulted in the arrest and detainment of 8 individuals. During the search of the trailers a carbine rifle, shotgun, rifles, body armour, ammunition and high capacity magazine were seized by the Alberta RCMP.

Earlier in the evening, at approximately 8 pm on Feb 13<sup>th</sup>, 2022, a large farm tractor and a semi truck, both involved in the blockade, attempted to compress a police vehicle. The police vehicle was able to retreat. RCMP officers followed the suspects to a location where the protesters were gathered and were able to arrest one individual. The second suspect has been identified, but not arrested. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates.

Trevor, can I ask you to follow this up with John as soon as possible. The GOA has not in anyway interfered or controlled our investigation. In fact they have provided for and supported every ask I have had in the midst of intense public pressure, ie getting us tow trucks, or staying away from us while we worked behind the scenes to first deal with a very serious public safety threat unknown to the public at the time, even delaying an injunction at my direct request.

Good morning folks,

Just wanted to provide you with a brief update on our activities in Coutts, late night and early this morning.

- 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

John

## Injunction

---

**From:** Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca);  
**Sent:** 2022-02-14 08:52:07  
**To:** Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca)  
**Subject:** Injunction

---

Sir,

I understand we may have limited ability to influence the timing of an injunction from the province. If possible we would prefer to have an injunction in place starting tomorrow.

We plan some actions for today but we would be in a better position resource wise for a big push starting tomorrow.

Peter

---

Good morning Sirs,

Sorry to bother, but Lethbridge Police Service executives are inquiring when the next briefing update will be, as we haven't had a group briefing since Saturday.

They understand that everyone is fully engaged which is the likely cause of the delays.

Thanks  
Kevin

**Subject:** Tow Trucks

Hello James,

So far we have five confirmed tow trucks. We are currently working on a sixth. Because the Twittersphere is aware government is currently purchasing equipment, I do not want to compromise our secure marshalling site in Lethbridge (address below).

All vendors have agreed to deliver the tow trucks. The address I will give them is the Coaldaile RCMP detachment, 705 19A Ave Coaldaile (is that correct)? Taking possession of the tow trucks as they roll in, is Sheriff Inspector s.37 with Highway Patrol, cell s.37.

James â€œ as we discussed, youâ€™ll then have RCMP members transport the tow trucks from Coaldaile to our compound in Lethbridge.

### Confirmed vehicles to date

- \* 2007 Freightliner M2, VIN Personal Info
- \* 2010 Dodge Ram 3500 Tow Truck VIN Personal Info
- \* 2002 International 4300 Medium Tow Truck VIN Personal Info
- \* 1996 GMC 3500 Tow Truck VIN Personal Info
- \* 1998 Freightliner Classic, Heavy Tow Truck VIN Personal Info

Our secure government compound is 505 30<sup>th</sup> St N, Lethbridge. The gate PIN number is s.37. Our point of contact there is s.37 cell number s.37 s.37

**Subject:** RE:

### Alberta RCMP make arrests at Coutts Border Blockade

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with thousands of rounds of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 8 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- multiple sets of body armour
- a machete
- 1000's of rounds of ammunition
- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered and arrested one individual. A second suspect was identified, but not arrested. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** NHQ - Division connect

---

Hi John

Hitting the ground running here at NHQ. The GSB structure now being set up has mission to

- Ensure lateral awareness of pandemic restriction criminal activities (unlawful protests) across Canada
- Collate information from myriad sources to brief up to DCFP and Commr
- Inform decision making on deployment of assets

We are in throes of raising awareness to colleagues across all divisions and a communique is being drafted (ideally with some SOP's and established Points of Contact to follow). In meeting this am, A/Comm Michel Arcand was also planning on reaching out to each Crops. This is a courtesy heads up. Likewise, Sandy Harvey heading up the NHQ FP Intel team to meet virtually with DIO's.

Thinking of the K DEOC Cell Thirty calls you have well in place, and scanning the invite list, I'm wondering (bearing in mind dynamic evolving events in Alberta) if it would be helpful to include key NHQ point of contact (if one exists, I missed it).

Thoughts?

Keith

Folks, you should read this description. Numerous assault rifles with a significant amount of ammo. This was all located in the "security" residences.

---

GSB Commanders,

DEOC has obtained a temporary lease on the fenced-in gravel lot located on the west side of Fairfield Inn and Suites (please see attached map, highlighted in yellow). Effective immediately, all RCMP vehicles are to park in this new location only. This will afford easier security and protection of our assets and will be monitored by the Corps of Commissionaires.

We currently have uniformed RCMP members (2 days, 2 nights) providing hotel lot security, but they may be redeployed to Coutts (this is being examined), and defer all hotel lot security to the Commissionaires.

Please ensure all employees under your command are advised and start complying immediately.

Thank you  
Kevin

**Subject:** DDOSecrets.com 2022-190988(evansburg)  
**Importance:** High

Good day,

I draw your attention to file 2022-190988 out of Evansburg.

So DDOSecrets.com has released all the names, phone numbers, email address, and payments of those that have contributed to the various rallies. So that information is now on public record and consists of 33.6 megabits of information.

The Evansburg file deals with one such persons information whose information was released. She then received an anonymous call calling her a terrorist among other things. I would expect this will now begin to happen through a number of jurisdictions.

Should we see if PROS can create a scoring code to begin to track these complaints. I would also suggest the RCMP attempt to get our hands on this list.

Cheers,

Mark

**Subject:** K Div Update 2022 02 15:30 Hrs.

---

K Div Update 2022 02 15:30 Hrs. *For this group only. Please do not share too widely as things are still unfolding.*

As a result of enforcement action including arrests of some key people and seizure of firearms, tactical vests etc., the remainder of the main group has approached the RCMP enquiring about how they can extricate themselves from all that is happening. It is still too early to tell how this will work out, however, the signs are very promising. Some vehicles are starting to leave.

However, things remain tense with the very recent arrest of a male who was driving to Coutts with additional tactical firearms with the stated objective to kill police officers. He is now in Custody with the assistance of Calgary Police Services.

**Subject:** FW: [Personal Info] (LPS) - Internal Service Investigation

Good afternoon Cpl. Stanviloff;

I know you are busy, I wanted to bring this matter to the attention of DEOC to ensure their S/A. I know that local command at Coutts was aware of the incident noted on the occurrence date, however as I will be providing Cst. Shea Evans direction to comply with the request I wanted to ensure that DEOC was aware.

Background;

Cst. Shea Evans was working a checkpoint on the evening of Feb 7<sup>th</sup>. During a large amount of activity at Site/ [Person] Saloon, (this was when the tractors began moving around and if memory serves me correct just prior to the blockade being put back in place). Cst. Evans noticed a vehicle arrive on a hill overlooking the Saloon and proceeded to investigate. Upon initiating a traffic stop and approaching the driver, the driver identified himself as a Lethbridge Police Service member. Cst. Evans explained that he was in a protest area and as he conducted the stop, as the vehicle was there during so much activity and Cst. Evans was unclear if the occupant may have been directing the activity at site. As such Cst. Evans felt it was a suspicious vehicle. Cst. Evans advised that the female passenger identified by the driver as his wife was recording Cst. Evans on her phone, while the driver questioned Cst. Evans's authority for the stop.

As noted below LPS has initiated a PRU investigation and is requesting a statement and notes from Cst. Shea Evans.

Unless deemed otherwise by DEOC I will be advising Cst. Evans to proceed and cooperate as he has already indicated a willingness to comply with the LPS request.

Regards

Tyson Duff

Good morning Cst. Evans.

As a quick introduction my name is S.37 [REDACTED] and I'm an investigator with the LPS Professional Standards Unit. I received your contact information through LPS S/Sgt. S.37 [REDACTED] of our Combined Forces Special Enforcement Unit.

Our Chief was made aware of an incident that took place at one of the Coutts Checkpoints where an LPS officer [Personal Info] interacted with yourself on the evening of February 7<sup>th</sup>, 2022. Based upon the information provided by Sgt. Kevin Wright (RCMP) our Chief has directed a service investigation under the Police Service Regulation. I have been assigned carriage of the investigation.

I realize you are extremely busy however to assist with my investigation I will require a detailed statement from yourself along with any notes you may have made regarding your interactions with [Personal Info]. Unfortunately the information provided by Sgt. Wright was

limited. I'm hoping you can expand on your interactions that evening with [Personal Info]. In addition, are you aware of any other officers that [Personal Info] may have interacted with?

Please feel free to reach out if you have any questions or concerns. I can be reach via email or my desk line at [S.37]

Thank you

**Subject:** Vehicle At-Risk Delivery

Good morning,

Further to the previous Council of COs discussion regarding the potential non-delivery of vehicles I want to provide you with an update now that we have received new details from national Moveable Assets. Although efforts are ongoing to minimize the impact, there is currently the following "at risk deliveries" for NW Divisions:

- D Division – 11 vehicles = \$501k
- F Division – 20 vehicles = \$996k
- G Division – NIL
- K Division – 72 vehicles = \$3.7M
- T Division – NIL
- V Division – 2 vehicles = \$116k

Some key additional details:

- While there are "at risk deliveries", we have enough vehicles in our "vehicle bank" to meet the P10 vehicle forecasts for your various Contracts. This means we won't be lapsing when it comes to what the Contract Partners expect to be billed per the P10 forecast.
- While we do have vehicles in hand, it does not mean they are the ones slated for replacement in each Division for each Contract. As previously noted, we are managing the inventory to mitigate the greatest operational risk and moving vehicles around amongst Divisions and Contracts to address the most urgent replacement needs.
- Due to the delay in vehicle receipt, there is a backlog in fit-up in the Post Garages. As soon as vehicles are delivered, we will do our best to maximize staff and contractor capacity to get the vehicles fit-up and out to Detachments as soon as possible.

In summary, for fiscal year 21-22 funding/budget and Contract billable expenditures are **not** at risk. What is at risk is the snow-ball effect for fiscal year 22-23 (and possibly beyond) in terms of vehicle replacements and Contract billing per the MYFP forecasts. More simply stated, if vehicles don't come in, we can't do replacement and we can't charge to Contract Partners the amount we forecasted. None of this is to state that the sky is falling right now; however, definitely something you need to be aware of, and to inform your members and Contract Partners to manage their expectations.

We will be providing your OSB and Business Management units more details this afternoon via the Regional Monthly Business Meeting. If you have any questions, please contact me or Darin Benson to discuss.

**Subject:** Vehicle At-Risk Delivery

Good morning,

Further to the previous Council of COs discussion regarding the potential non-delivery of vehicles I want to provide you with an update now that we have received new details from national Moveable Assets. Although efforts are ongoing to minimize the impact, there is currently the following "at risk deliveries" for NW Divisions:

- D Division – 11 vehicles = \$501k
- F Division – 20 vehicles = \$996k
- G Division – NIL
- K Division – 72 vehicles = \$3.7M
- T Division – NIL
- V Division – 2 vehicles = \$116k

Some key additional details:

- While there are "at risk deliveries", we have enough vehicles in our "vehicle bank" to meet the P10 vehicle forecasts for your various Contracts. This means we won't be lapsing when it comes to what the Contract Partners expect to be billed per the P10 forecast.
- While we do have vehicles in hand, it does not mean they are the ones slated for replacement in each Division for each Contract. As

previously noted, we are managing the inventory to mitigate the greatest operational risk and moving vehicles around amongst Divisions and Contracts to address the most urgent replacement needs.

- Due to the delay in vehicle receipt, there is a backlog in fit-up in the Post Garages. As soon as vehicles are delivered, we will do our best to maximize staff and contractor capacity to get the vehicles fit-up and out to Detachments as soon as possible.

In summary, for fiscal year 21-22 funding/budget and Contract billable expenditures are not at risk. What is at risk is the snow-ball effect for fiscal year 22-23 (and possibly beyond) in terms of vehicle replacements and Contract billing per the MYFP forecasts. More simply stated, if vehicles don't come in, we can't do replacement and we can't charge to Contract Partners the amount we forecasted. None of this is to state that the sky is falling right now; however, definitely something you need to be aware of, and to inform your members and Contract Partners to manage their expectations.

We will be providing your OSB and Business Management units more details this afternoon via the Regional Monthly Business Meeting. If you have any questions, please contact me or Darin Benson to discuss.

Manny

### Alberta RCMP make arrests at Coutts Border Blockade - Update

Coutts, Alta. – Additional individuals have been arrested in connection to the Coutts border blockade:

Earlier today, we had an arrest on the highway where two weapons were seized and an individual was arrested and remains in custody. He was stopped by police while en-route back to the protest site.

At approximately 12:45 p.m., a northbound semi truck approached an RCMP check stop north of Milk River, Alta. when the driver accelerated and drove towards our members. The driver swerved at the last moment and hit some traffic cones which were on the roadway. The driver was arrested close to the scene for criminal code offences.

This is the 12<sup>th</sup> and 13<sup>th</sup> individual to me arrested in the past 24 hours in connection to the Coutts border protests.

## Follow Up to our earlier conversation

---

**From:** Good, Mike (Mike.Good@rcmp-grc.gc.ca);  
**Sent:** 2022-02-14 18:32:27  
**To:** Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** Follow Up to our earlier conversation

---

Further to our conversation today I did speak with NHQ today about the shifting and their preference, for consistency is to use a deployment schedule. While D Div has not declared anything, NHQ has declared the Ottawa event an extreme circumstance. Ultimately it is our decision as a Div to use the home schedule versus using a deployment schedule.

There are pros and cons to both;

### PROS:

- Fair to everyone.
- Consistent with the CA
- Easier to manage from an event planning perspective
- More cost effective

### CONS:

- The Member prefer to use their home schedule.
- It will likely cost more.
- Easier for the Dets to administer.
- Inconsistent with the CA and the approach taken by NHQ.

I saw the NHQ adjoining instructions today and they are pretty clear and have some great info in them, certainly a well put together product. I did chat with Beth and Mike from DEOC and we have some challenges that NHQ does not as it relates to travelling to get there (Ottawa folks all work there already), most of them are M-F day workers etc.

We can chat more first thing in the morning or I am happy to discuss this evening as well, I know you are having the Ops call as I type this. The other piece to consider is what approach are we using with both ERT, STO and other Specialized Units?

As for the AOL piece, we did discuss that and they said that was a new one and they would get back to us tomorrow with more direction on that one. There are provision in the CA that speak to it for the First 48 hours, but nothing that is specific to an event of this nature.

Good morning folks,

Just wanted to provide you with a brief update on our activities in Coutts, late night and early this morning.

- 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

John

## EPS members at protest site

---

**From:** Parker, Ron (Ron.Parker@rcmp-grc.gc.ca);  
**Sent:** 2022-02-14 19:32:02  
**To:** Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca)  
**Subject:** EPS members at protest site

---

Good evening sir. I understand you were looking for details on my interactions with my EPS friend who was in the saloon at Coutts this week supporting the protestors.

On Feb 12th at 1757hrs I sent a text message to S.37 a fairly good friend from EPS who was reportedly handing out his business cards in the saloon.

S/Sgt. Switzer (CCMG) had sent me a picture of one of the cards and I sent a photo to him of S.3 (pulled off google) and Switzer confirmed it was indeed him.

I got a reply back to my text from S.37 right away and he gave me a call shortly after.

- he said he's down here dropping off fresh vegetables with his wife (who I think is also an EPS member but im not certain) and another lady.
- they had been inside the saloon and were just trying to leave.
- they had come in the back way and walked in (across the highway from CP5) with someone I believe named Pers. Not sure if this was one of our targets but based on the S.37 info it may have in fact been the Per we arrested today as an active threat near Okotoks.
- I asked S.37 what the interior of the saloon looked like.
- he confirmed it was one big room. Lots of families and kids.
- said there was a young guy that the organizers were not happy about being there. Young guy with a scruffy red beard. They asked him how they could get rid of him and he gave them advice about asking him to go and how to do that.
- he said they were doing a great job holding the line. If they hold true Trudeau is done. He seemed pretty passionate about their cause. I found out later he had been up speaking.
- he advised them that if the police move in to arrest them, just go ahead and get arrested. Stay peaceful and no one will get hurt. Police have a job to do and even if they agree with your cause they still have a job to do.
- he did not think any of them were high risk or dangerous with the exception of maybe the young guy with the scruffy beard.
- he didn't think that we would have any trouble with any of them when the time comes to arrest and clear the blockade.

I've known S.3 for about 7 years and have no reason to believe he had any ill intent being here. It just seems like he feels strongly about the general cause the bulk of the protest represents. I get the impression he was using his position as sworn officer to lend support to their message.

He was super helpful. S.37 offered to help our intel guys with any info they might want as he and the two ladies he was with were offered free and unannounced access to the entire building including the basement which we had no intel on to that point. Asked me to pass on his number and to call anytime.

I haven't talked to him since we recovered the guns. I expect like many of the ardent supporters of the 'cause' he now feels pretty sheepish.

Let me know if you need anything more.

...and have a good night!

Subject: Feb 14 Anti-Mandate Protests (AMP) Update 1800 hours

**LMD:**

176 Border crossing:

CIRG Command will be executing a clearing plan on 176 around 1830-1900 tonight. The last hold out protesters will be moved along or arrested. They will have one opportunity to move vehicles or the vehicle will be towed off the road. No tows have been obtained so CIRG has three F350 Dual Trucks that will substitute for tows. Vehicle owners will be warned on video to move or their vehicles or they risk possible damage when police move them.

Once the protesters are arrested, they will be processed and either held in custody (identity or assaultive behaviour) or released on a GoA and other conditions on a UTA.

When all protesters and vehicles are moved the concrete barriers will be removed and PCs will create a check point for freight vehicles to move through to take pressure off Aldergrove and Sumas border crossings.

CIRG will then hold the border crossing open for the remainder.

SED and ND: Two truck convoys are moving towards 1756 Border crossing with the intent of stopping at the border. The numbers associated with these convoys is not known at this time. CIRG INTEL has actionable intel to believe the intent is to block the border. BHP and CVSE will stop all truck convoys and conduct safety inspections to ensure the traveling public is not at risk. Any Freight vehicle that moves towards the border without a reason to be there will be stopped at the road checks and turned away or otherwise dealt with under the law.

Subject: EPS members at protest site

Good evening sir. I understand you were looking for details on my interactions with my EPS friend who was in the saloon at Coutts this week supporting the protestors.

On Feb 12th at 1757hrs I sent a text message to s.37 [REDACTED] a fairly good friend from EPS who was reportedly handing out his business cards in the saloon.

S/Sgt. Switzer (CCMG) had sent me a picture of one of the cards and I sent a photo to him of s.37 [REDACTED] (pulled off google) and Switzer confirmed it was indeed him.

I got a reply back to my text from s.3 [REDACTED] right away and he gave me a call shortly after.

- he said he's down here dropping off fresh vegetables with his wife (who I think is also an EPS member but I'm not certain) and another lady.
- they had been inside the saloon and were just trying to leave.
- they had come in the back way and walked in (across the highway from CP5) with someone I believe named Pers. Not sure if this was one of our targets but based on the emergency wire info it may have in fact been the Pers. we arrested today as an active threat near Okotoks.
- I asked s.37 [REDACTED] what the interior of the saloon looked like.
- he confirmed it was one big room. Lots of families and kids.
- said there was a young guy that the organizers were not happy about being there. Young guy with a scruffy red beard. They asked him how they could get rid of him and he gave them advice about asking him to go and how to do that.
- he said they were doing a great job holding the line. If they hold true Trudeau is done. He seemed pretty passionate about their cause. I found out later he had been up speaking.
- he advised them that if the police move in to arrest them, just go ahead and get arrested. Stay peaceful and no one will get hurt. Police have a job to do and even if they agree with your cause they still have a job to do.
- he did not think any of them were high risk or dangerous with the exception of maybe the young guy with the scruffy beard.
- he didn't think that we would have any trouble with any of them when the time comes to arrest and clear the blockade.

I've known S.37 for about 7 years and have no reason to believe he had any ill intent being here. It just seems like he feels strongly about the general cause the bulk of the protest represents. I get the impression he was using his position as sworn officer to lend support to their message.

He was super helpful. S.37 offered to help our intel guys with any info they might want as he and the two ladies he was with were offered free and unannounced access to the entire building including the basement which we had no intel on to that point. Asked me to pass on his number and to call anytime.

I haven't talked to him since we recovered the guns. I expect like many of the ardent supporters of the 'cause' he now feels pretty sheepish.

Let me know if you need anything more.

...and have a good night!

**Subject:** Outstanding Work

---

Morning Aaron,

I transferred Silver to Trevor yesterday after the decision was finally made by the protestors to move out. I was at the hotel an hour after that and asleep in about 30 seconds after that. I am now OTW Edmonton.

To say that I was impressed with your leadership at Coutts would be a significant understatement. Many people contributed to the safe outcome that otherwise could have been a terrible ending; this will be recognized in due time. I just want you to know that all of this begins with people like you. I will look forward to some continued conversations as you go forward continuing to lead your team, and others, through the work that is yet ahead. As we talked about, please use that layered CT overlap to also ensure you take a break.

At some point in the not too distant future I would also like to take the opportunity to personally thank our operators. Without that first piece of critical information we also might not have known what the risk was.

Well done Aaron. Appreciate.  
Kevin

Thanks John. We will begin our process and wait for further details. Typically we would not start an internal investigation until the criminal portion is concluded. In this case, we can at least talk about the member's duty status.

Hi s.37,

I don't really know the answer to that question, however, I do know that we opened an investigative file. I know that the investigative team was quite busy today so my sense is that thinking that you just needed something to start your process, I believe the intent was just to have Ron provide you with a narrative around his interaction.

That said, on Saturday we were very concerned about s.37 [REDACTED] presence in the bar, particularly given that he went downstairs, an area that was to our understanding, restricted to most who were there.

Trevor, can you have the team look at the file and see what we have in it to date.

Thanks Folks

John

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening.

Your great cooperation and assistance is appreciated!

Curtis

FYI, in case you haven't seen this already, I was made aware of the following YouTube video, allegedly filmed in Milk River/Coutts on Feb. 12, 2022. At the 21:30 mark, an active Edmonton Police Service staff sergeant **S.37** takes the microphone in support of the protest. He is accompanied with **S.37** the EPS patrol officer who was in a support video last week, who also took the microphone.

**Subject:** RE: Coutts Port

Hi Brad, thank you for this and I will thank Ben personally, but Ben and his team have been exceptional with their support of us throughout this event. The fact that we essentially came in and commandeered the port for our basemof operations, without a complaint (at least to us lol) speaks volumes.

Thanks again Brad

John

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening.

Your great cooperation and assistance is appreciated!

Curtis

## BN for CO\_Coutts blockade udate February 15th.pdf

**From:** Moreland, Ed (edward.moreland@rcmp-grc.gc.ca);  
**Sent:** 2022-02-15 11:00:27  
**To:** Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca)  
**Subject:** BN for CO\_Coutts blockade udate February 15th.pdf  
**Attachment:** BN for CO\_Coutts blockade udate February 15th.pdf;

### PURPOSE:

- To brief the Alberta RCMP Commanding Officer on the current state of the Truck Convoy/Blockade of the Port of Entry (POE) at Coutts, Alberta.

### ISSUE:

- A convoy and blockade at the Port of Coutts occurred on Sunday, January 30, which originated from a peaceful trucker convoy that commenced on January 29, 2022. Alberta RCMP have been attempting to achieve voluntary compliance daily to resume passage of the Coutts POE.

### UPDATE 2022-02-15 @ 09:00:

- Tactical action on February 14<sup>th</sup> by the Alberta RCMP has resulted in the following arrests and charges:
  1. **Chris LYSAK**- Conspiracy to Commit Murder, Mischief, Possession of Weapons Dangerous to Public Peace and Utter Threats for uttering that he was going to disarm one of our Members.
  2. **Jerin MORIN**- Conspiracy to Commit Murder, Mischief, Possession of Weapons Dangerous to Public Peace
  3. **Chris CARBERT**- Conspiracy to Commit Murder, Mischief, Possession of Weapons Dangerous to Public Peace
  4. **Anthony OLENICK**- Conspiracy to Commit Murder, Mischief, Possession of Weapons Dangerous to Public Peace
  5. **Ursula Allred**- Mischief and Possession of Weapons Dangerous to Public Peace
  6. **Luke Berk**- Mischief and Possession of Weapons Dangerous to Public Peace
  7. **Johanne Person**- Mischief and Possession of Weapons Dangerous to Public Peace
  8. **Justin Martin**- Mischief and Possession of Weapons Dangerous to Public Peace
  9. **Janx Zarenbe**- Mischief and Possession of Weapons Dangerous to Public Peace
  10. **Johnson Law**- Mischief and Possession of Weapons Dangerous to Public Peace
  11. **Eastin Oher**- Mischief and Possession of Weapons Dangerous to Public Peace
- Negotiations last evening between CCMG, RCMP Legal Counsel and the counsel retained by the **Person** protest group were successful, with Organizers initially seeking immunity which was quickly denied.
- An agreement was reached that the vehicles would all be removed from the roadway and they would vacate the area by 09:00hrs today. As of this morning some were still present but were cleaning up the property to ensure no garbage was left behind.
- Tractors were allowed to be stored off roadway and police retained the keys as part of the verbal agreement, to be returned as tractor are departing the scene today.
- Roadway lanes opened last night through Coutts, US Border allowed roughly 100 vehicles Southbound from Checkpoint 10 and remains open.
- CBSA is waiting on Minister approval before officially opening, and are ready once they get the official notice.
- Current numbers of vehicles are indicative of vehicles leaving the protest area.
- As of 09:00 at the Saloon, 40 semi-trucks, 17 farm implements, 24 personal vehicles and 11 RV's are parked well off the main highway in the town and many are packing and cleaning up the site. None of these vehicles are blocking any roadways, and agreements have been made on private property to park some tractors until drivers can be arranged to depart the site.
- At check point 10, which is set up 18km north of the main site on Highway 4, numbers have dropped to 4 commercial vehicles, 46 RV's, approximately 75 passenger vehicles, and 2 farm tractors.
- At CP5 just east of the blockage, numbers have dwindled to 27 personal vehicles and 5 RV's.
- Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open with no protest activity to report.
- Efforts to dismantle CP10 will commence today, with the goal of voluntary compliance or moving any remaining protesters to the safe protest site in Milk River. Towing assets are staged in proximity to deal with any non-compliance.

### STRATEGIC CONSIDERATIONS:

- Reports from D Division in Manitoba suggests organizational connection to the Alberta protest as the protest at the Emerson Border may be dissolving in the coming days. The anticipated compliance at Coutts is being cited as a catalyst for voluntary compliance in Manitoba.

## FW: Media Availability today

---

**From:** Sahasrabuddhe, Nina (nina.sahasrabuddhe@rcmp-grc.gc.ca);  
**Sent:** 2022-02-15 11:09:48

**From:** Sahasrabuddhe, Nina  
**Sent:** February 15, 2022 11:06 AM  
**To:** Zablocki, Curtis <curtis.zablocki@rcmp-grc.gc.ca>  
**Subject:** Media Availability today

Hi Curtis – with things clearing at Coutts, both Janine and I feel today is the day for you to speak to this. Here are our thoughts:

- 3:30 pm availability via MS teams 20 mins total time
- You would make some overarching statements about impact and our ability to respond (Janine is currently crafting this statement and it would be 3-4 mins)
- Trevor Darcoux would make a statement around the operation that was undertaken (this is currently being developed and it would be 4-5 mins)
- 10 mins for Q&A.

Trevor is comfortable doing this and I am confirming with John and Peter there are no concerns from their end.

When you're back in the office, we should have a draft of the material ready for you.

We will not send out any availability until 1-1.5 hrs before availability in case things change.

Please let me know if you have any concern with this.

Nina

Hi Nina

I would not be too quick to state that our members actions suggest that they are supportive of the events down there. I get that optically it may look bad and yes the member should have been wearing a mask, but partner our strategy for crowd management is to be friendly and engaging. It will be important to get our members perspective.

Trevor, any thoughts on this. Can you atleast try and have someone atleast identify the members involved.

Thanks

John

**Sent:** February 15, 2022 11:06 AM  
**To:** Zablocki, Curtis <curtis.zablocki@rcmp-grc.gc.ca>  
**Subject:** Media Availability today

Hi Curtis – with things clearing at Coutts, both Janine and I feel today is the day for you to speak to this. Here are our thoughts:

- 3:30 pm availability via MS teams 20 mins total time
- You would make some overarching statements about impact and our ability to respond (Janine is currently crafting this statement and it would be 3-4 mins)
- Trevor Daroux would make a statement around the operation that was undertaken (this is currently being developed and it would be 4-5 mins)
- 10 mins for Q&A.

Trevor is comfortable doing this and I am confirming with John and Peter there are no concerns from their end.

When you're back in the office, we should have a draft of the material ready for you.

We will not send out any availability until 1-1.5 hrs before availability in case things change.

Please let me know if you have any concern with this.

**Cc:** Ferguson, John <john.g.ferguson@rcmp-grc.gc.ca>  
**Subject:** Coutts Port

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening.

Your great cooperation and assistance is appreciated!

Curtis

Hi Nina

I would not be too quick to state that our members actions suggest that they are supportive of the events down there. I get that optically it may look bad and yes the member should have been wearing a mask, but partner our strategy for crowd management is to be friendly and engaging. It will be important to get our members perspective.

Trevor, any thoughts on this. Can you atleast try and have someone atleast identify the members involved.

Thanks

John

Will do John. Hopefully I will make my way out there soon. I have an office in Wpg and Calgary so under normal circumstances I would be in Calgary a fair amount.

Will touch base when I am out next. A beer or two sounds good.

Brad

Let me know the next time your coming out to Calgary or Edmonton, I would love to hook up with you for a beer.

Congrats on your retirement as well. We'll deserved.

Thanks Brad

John

Yup, next spring I am done. My wife is going a year ahead of me so that kinda pisses me off a bit ☹️ But a year will go fast. Since I have been in this role I have had to deal with asylum seekers, a pandemic and border closures because of protesters. I am not sure I have much more in me....

Congrats on your retirement though....take care John.

Hi Brad, thank you for this and I will thank Ben personally, but Ben and his team have been exceptional with their support of us throughout this event. The fact that we essentially came in and commandeered the port for our base of operations, without a complaint (at least to us lol) speaks volumes.

Thanks again Brad

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening.

Your great cooperation and assistance is appreciated!

Curtis

**Subject:** RE: Fyi - FW: Alberta RCMP make arrests at Coutts Border Blockade – Update

Yes, s.37 [REDACTED] is correct. Sorry for the jargon. The implication of being covered by the OIC is that it is an offense just to transport the gun from its storage place other than for surrender, etc. These guns were supposed to be frozen in place when the OIC took effect and are not supposed to be used at all. There is an amnesty in place so possessing guns like this in their place of storage is not an offense while the Feds figure out a plan to deal with them.

Order Declaring an Amnesty Period (2020) (justice.gc.ca)

However, the amnesty expires at the end of April and there is no realistic prospect that a plan will be in place to deal with them by that date, so it is highly likely that the amnesty will be extended. This is one of the top irritants among legitimate gun owners because they feel the firearms on the OIC list were arbitrarily chosen (i.e. they are not commonly used in crimes in Canada and are not significantly different from others that are not on this list). Many owners also object to a prohibition by OIC rather than legislation debated in Parliament, but that is not a new practice.

I did prepare a letter to Federal Minister Mendicino last November requesting inter alia that the amnesty be extended but it has not yet been approved for release.

Thanks,

s.37

I believe this is a reference to the fact that it was previously a legal firearm, but was made prohibited by the Order In Council by the Govt. Of Canada that caused a lot of concern here in AB among legitimate firearms owners.

The AR15 platform is now a Prohibited Weapon in Canada.

### **Alberta RCMP make arrests at Coutts Border Blockade – Update**

Coutts, Alta. – Additional individuals have been arrested in connection to the Coutts border blockade:

Earlier today, we had an arrest on the highway where two weapons were seized and an individual was arrested and remains in custody. He was stopped by police while en-route back to the protest site.

At approximately 12:45 p.m., a northbound semi truck approached an RCMP check stop north of Milk River, Alta. when the driver accelerated and drove towards our members. The driver swerved at the last moment and hit some traffic cones which were on the roadway. The driver was arrested close to the scene for criminal code offences.

These are the 12<sup>th</sup> and 13<sup>th</sup> individuals to be arrested in the past 24 hours in connection to the Coutts border protests.

### **La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts - Mise à jour**

Coutts, Alta. - D'autres personnes ont été arrêtées en lien avec le blocus frontalier de Coutts :

Plus tôt aujourd'hui, nous avons procédé à une arrestation sur l'autoroute où deux armes ont été saisies et un individu a été arrêté et demeure en détention. Il a été arrêté par la police alors qu'il retournait au site de la manifestation.

Vers 12 h 45, un camion semi-remorque se dirigeant vers le nord s'est approché d'un arrêt de contrôle de la GRC au nord de Milk River, en Alberta, lorsque le conducteur a accéléré et s'est dirigé vers nos membres. Le conducteur a fait une embardée au dernier moment et a heurté des cônes de signalisation qui se trouvaient sur la chaussée. Le conducteur a été arrêté près de la scène pour des infractions au Code criminel.

Il s'agit des 12<sup>e</sup> et 13<sup>e</sup> personnes arrêtées au cours des dernières 24 heures en lien avec les manifestations à la frontière de Coutts.

Feb. 14, 2022

### **Alberta RCMP make arrests at Coutts Border Blockade**

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with a large quantity of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 11 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- handguns
- multiple sets of body armour
- a machete
- a large quantity of ammunition

- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered. The driver of the tractor was identified and we are actively working to locate him so he can be taken into custody. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

**Media contact:**

Supt. Roberta Mckale  
Media Relations Officer Coutts  
Alberta RCMP Media Relations Group  
C/O Cpl. Gina Slaney **irrelevant**

14 février, 2022

**La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts**

Coutts Alta - La GRC de l'Alberta a récemment appris l'existence d'un petit groupe organisé au sein de la grande manifestation de Coutts. Des informations ont été reçues selon lesquelles ce groupe avait accès à une cache d'armes à feu avec une grande quantité de munitions. On a dit que le groupe était prêt à utiliser la force contre la police si l'on tentait de perturber le blocus. Cela a entraîné une enquête immédiate et complexe pour déterminer l'ampleur de la menace et de l'organisation criminelle.

À la suite de cette enquête, la GRC de l'Alberta a exécuté un mandat de perquisition aux premières heures du 14 février, dans trois remorques associées à cette organisation criminelle. Cela a permis l'arrestation et la détention de 11 individus.

À la suite de ces mandats de perquisition, les éléments suivants ont été saisis :

- 13 armes d'épaule
- armes de poing
- plusieurs ensembles de gilets pare-balles
- une machette
- une grande quantité de munitions
- des chargeurs de grande capacité

Un exemple de l'état d'esprit militant d'une petite partie de la manifestation. Plus tôt dans la soirée, vers 20 h, un gros tracteur agricole et un semi-remorque, tous deux impliqués dans le blocus, ont tenté de percuter un véhicule de police. Le policier a pu se repositionner et éviter la collision. Les agents de la GRC ont suivi les suspects jusqu'à un endroit où les manifestants étaient rassemblés. Le conducteur du tracteur a été identifié et nous travaillons activement à le localiser afin qu'il puisse être mis en détention. La GRC de l'Alberta a saisi le tracteur agricole et le semi-remorque impliqués dans cet incident.

La GRC de l'Alberta tient à souligner que notre objectif principal tout au long de cet événement a été et continuera d'être la sécurité du public, ainsi que celle de nos agents.

La GRC de l'Alberta reprendra ses efforts pour mettre fin au blocus illégal qui a empêché l'accès à la frontière de Coutts. Nous encourageons tous les participants qui sont impliqués dans cette action illégale à quitter les lieux immédiatement ou à se déplacer vers le site désigné pour la manifestation légale.

La GRC de l'Alberta fournira d'autres mises à jour dès qu'elles seront disponibles.

Subject: RE: Fyi - FW: Alberta RCMP make arrests at Coutts Border Blockade – Update

Yes, s.37 [REDACTED] is correct. Sorry for the jargon. The implication of being covered by the OIC is that it is an offense just to transport the gun from its storage place other than for surrender, etc. These guns were supposed to be frozen in place when the OIC took effect and are not supposed to be used at all. There is an amnesty in place so possessing guns like this in their place of storage is not an offense while the Feds figure out a plan to deal with them.

Order Declaring an Amnesty Period (2020) (justice.gc.ca)

However, the amnesty expires at the end of April and there is no realistic prospect that a plan will be in place to deal with them by that date, so it is highly likely that the amnesty will be extended. This is one of the top irritants among legitimate gun owners because they feel the firearms on the OIC list were arbitrarily chosen (i.e. they are not commonly used in crimes in Canada and are not significantly different from others that are not on this list). Many owners also object to a prohibition by OIC rather than legislation debated in Parliament, but that is not a new practice.

I did prepare a letter to Federal Minister Mendicino last November requesting inter alia that the amnesty be extended but it has not yet been approved for release.

Thanks,

I believe this is a reference to the fact that it was previously a legal firearm, but was made prohibited by the Order In Council by the Govt. Of Canada that caused a lot of concern here in AB among legitimate firearms owners.

The AR15 platform is now a Prohibited Weapon in Canada.

**Alberta RCMP make arrests at Coutts Border Blockade – Update**

Coutts, Alta. – Additional individuals have been arrested in connection to the Coutts border blockade:

Earlier today, we had an arrest on the highway where two weapons were seized and an individual was arrested and remains in custody. He was stopped by police while en-route back to the protest site.

At approximately 12:45 p.m., a northbound semi truck approached an RCMP check stop north of Milk River, Alta. when the driver accelerated and drove towards our members. The driver swerved at the last moment and hit some traffic cones which were on the roadway. The driver was arrested close to the scene for criminal code offences.

These are the 12<sup>th</sup> and 13<sup>th</sup> individuals to be arrested in the past 24 hours in connection to the Coutts border protests.

**La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts - Mise à jour**

Coutts, Alta. - D'autres personnes ont été arrêtées en lien avec le blocus frontalier de Coutts :

Plus tôt aujourd'hui, nous avons procédé à une arrestation sur l'autoroute où deux armes ont été saisies et un individu a été arrêté et demeure en détention. Il a été arrêté par la police alors qu'il retournait au site de la manifestation.

Vers 12 h 45, un camion semi-remorque se dirigeant vers le nord s'est approché d'un arrêt de contrôle de la GRC au nord de Milk River, en Alberta, lorsque le conducteur a accéléré et s'est dirigé vers nos membres. Le conducteur a fait une embardée au dernier moment et a heurté des cônes de signalisation qui se trouvaient sur la chaussée. Le conducteur a été arrêté près de la scène pour des infractions au Code criminel.

Il s'agit des 12e et 13e personnes arrêtées au cours des dernières 24 heures en lien avec les manifestations à la frontière de Coutts.

Feb. 14, 2022

**Alberta RCMP make arrests at Coutts Border Blockade**

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with a large quantity of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 11 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- handguns
- multiple sets of body armour
- a machete
- a large quantity of ammunition
- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered. The driver of the tractor was identified and we are actively working to locate him so he can be taken into custody. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

**Media contact:**

Supt. Roberta Mckale  
Media Relations Officer Coutts  
Alberta RCMP Media Relations Group  
C/O Cpl. Gina Slaney **Irrelevant**

14 février, 2022

**La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts**

Coutts Alta - La GRC de l'Alberta a récemment appris l'existence d'un petit groupe organisé au sein de la grande manifestation de Coutts. Des informations ont été reçues selon lesquelles ce groupe avait accès à une cache d'armes à feu avec une grande quantité de munitions. On a dit que le groupe était prêt à utiliser la force contre la police si l'on tentait de perturber le blocus. Cela a entraîné une enquête immédiate et complexe pour déterminer l'ampleur de la menace et de l'organisation criminelle.

À la suite de cette enquête, la GRC de l'Alberta a exécuté un mandat de perquisition aux premières heures du 14 février, dans trois remorques associées à cette organisation criminelle. Cela a permis l'arrestation et la détention de 11 individus.

À la suite de ces mandats de perquisition, les éléments suivants ont été saisis :

- 13 armes d'épaule
- armes de poing
- plusieurs ensembles de gilets pare-balles
- une machette
- une grande quantité de munitions
- des chargeurs de grande capacité

Un exemple de l'état d'esprit militant d'une petite partie de la manifestation. Plus tôt dans la soirée, vers 20 h, un gros tracteur agricole et un semi-remorque, tous deux impliqués dans le blocus, ont tenté de percuter un véhicule de police. Le policier a pu se repositionner et éviter la collision. Les agents de la GRC ont suivi les suspects jusqu'à un endroit où les manifestants étaient rassemblés. Le conducteur du tracteur a été identifié et nous travaillons activement à le localiser afin qu'il puisse être mis en détention. La GRC de l'Alberta a saisi le tracteur agricole et le semi-remorque impliqués dans cet incident.

La GRC de l'Alberta tient à souligner que notre objectif principal tout au long de cet événement a été et continuera d'être la sécurité du public, ainsi que celle de nos agents.

La GRC de l'Alberta reprendra ses efforts pour mettre fin au blocus illégal qui a empêché l'accès à la frontière de Coutts. Nous encourageons tous les participants qui sont impliqués dans cette action illégale à quitter les lieux immédiatement ou à se déplacer vers le site désigné pour la manifestation légale.

La GRC de l'Alberta fournira d'autres mises à jour dès qu'elles seront disponibles.

Subject: RE: Fyi - FW: Alberta RCMP make arrests at Coutts Border Blockade – Update

Yes, s.37 [REDACTED] is correct. Sorry for the jargon. The implication of being covered by the OIC is that it is an offense just to transport the gun from its storage place other than for surrender, etc. These guns were supposed to be frozen in place when the OIC took effect and are not supposed to be used at all. There is an amnesty in place so possessing guns like this in their place of storage is not an offense while the Feds figure out a plan to deal with them.

Order Declaring an Amnesty Period (2020) (justice.gc.ca)

However, the amnesty expires at the end of April and there is no realistic prospect that a plan will be in place to deal with them by that date, so it is highly likely that the amnesty will be extended. This is one of the top irritants among legitimate gun owners because they feel the firearms on the OIC list were arbitrarily chosen (i.e. they are not commonly used in crimes in Canada and are not significantly different from others that are not on this list). Many owners also object to a prohibition by OIC rather than legislation debated in Parliament, but that is not a new practice.

I did prepare a letter to Federal Minister Mendicino last November requesting inter alia that the amnesty be extended but it has not yet been approved for release.

Thanks,

s.37 [REDACTED]

I believe this is a reference to the fact that it was previously a legal firearm, but was made prohibited by the Order In Council by the Govt. Of Canada that caused a lot of concern here in AB among legitimate firearms owners.

The AR15 platform is now a Prohibited Weapon in Canada.

#### Alberta RCMP make arrests at Coutts Border Blockade – Update

Coutts, Alta. – Additional individuals have been arrested in connection to the Coutts border blockade:

Earlier today, we had an arrest on the highway where two weapons were seized and an individual was arrested and remains in custody. He was stopped by police while en-route back to the protest site.

At approximately 12:45 p.m., a northbound semi truck approached an RCMP check stop north of Milk River, Alta. when the driver accelerated and drove towards our members. The driver swerved at the last moment and hit some traffic cones which were on the roadway. The driver was arrested close to the scene for criminal code offences.

These are the 12<sup>th</sup> and 13<sup>th</sup> individuals to be arrested in the past 24 hours in connection to the Coutts border protests.

**La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts - Mise à jour**

Coutts, Alta. - D'autres personnes ont été arrêtées en lien avec le blocus frontalier de Coutts :

Plus tôt aujourd'hui, nous avons procédé à une arrestation sur l'autoroute où deux armes ont été saisies et un individu a été arrêté et demeure en détention. Il a été arrêté par la police alors qu'il retournait au site de la manifestation.

Vers 12 h 45, un camion semi-remorque se dirigeant vers le nord s'est approché d'un arrêt de contrôle de la GRC au nord de Milk River, en Alberta, lorsque le conducteur a accéléré et s'est dirigé vers nos membres. Le conducteur a fait une embardée au dernier moment et a heurté des cônes de signalisation qui se trouvaient sur la chaussée. Le conducteur a été arrêté près de la scène pour des infractions au Code criminel.

Il s'agit des 12e et 13e personnes arrêtées au cours des dernières 24 heures en lien avec les manifestations à la frontière de Coutts.

Feb. 14, 2022

**Alberta RCMP make arrests at Coutts Border Blockade**

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with a large quantity of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 11 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- handguns
- multiple sets of body armour
- a machete
- a large quantity of ammunition
- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered. The driver of the tractor was identified and we are actively working to locate him so he can be taken into custody. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

### La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts

Coutts Alta - La GRC de l'Alberta a récemment appris l'existence d'un petit groupe organisé au sein de la grande manifestation de Coutts. Des informations ont été reçues selon lesquelles ce groupe avait accès à une cache d'armes à feu avec une grande quantité de munitions. On a dit que le groupe était prêt à utiliser la force contre la police si l'on tentait de perturber le blocus. Cela a entraîné une enquête immédiate et complexe pour déterminer l'ampleur de la menace et de l'organisation criminelle.

À la suite de cette enquête, la GRC de l'Alberta a exécuté un mandat de perquisition aux premières heures du 14 février, dans trois remorques associées à cette organisation criminelle. Cela a permis l'arrestation et la détention de 11 individus.

À la suite de ces mandats de perquisition, les éléments suivants ont été saisis :

- 13 armes d'épaule
- armes de poing
- plusieurs ensembles de gilets pare-balles
- une machette
- une grande quantité de munitions
- des chargeurs de grande capacité

Un exemple de l'état d'esprit militant d'une petite partie de la manifestation. Plus tôt dans la soirée, vers 20 h, un gros tracteur agricole et un semi-remorque, tous deux impliqués dans le blocus, ont tenté de percuter un véhicule de police. Le policier a pu se repositionner et éviter la collision. Les agents de la GRC ont suivi les suspects jusqu'à un endroit où les manifestants étaient rassemblés. Le conducteur du tracteur a été identifié et nous travaillons activement à le localiser afin qu'il puisse être mis en détention. La GRC de l'Alberta a saisi le tracteur agricole et le semi-remorque impliqués dans cet incident.

La GRC de l'Alberta tient à souligner que notre objectif principal tout au long de cet événement a été et continuera d'être la sécurité du public, ainsi que celle de nos agents.

La GRC de l'Alberta reprendra ses efforts pour mettre fin au blocus illégal qui a empêché l'accès à la frontière de Coutts. Nous encourageons tous les participants qui sont impliqués dans cette action illégale à quitter les lieux immédiatement ou à se déplacer vers le site désigné pour la manifestation légale.

La GRC de l'Alberta fournira d'autres mises à jour dès qu'elles seront disponibles.

Sir,

We have taken a look at your request for assistance forwarded to us by Supt. Wirachowsky.

As our unit works within the Cybercrime Investigative Team framework nationally we have consulted with Federal Policing Criminal Operations -- Cybercrime and there was consensus that this request does not meet the mandate of cybercrime. The program focuses on cybercrime as being a computer/program utilized in the commission of a criminal offence or a target in a criminal offence.

In this instance as we understand it, the donor list was obtained and made public; it appears that the donation your complainant gave to the online service was legitimate and the resulting harassment is the offence to be investigated. We also note that while the donor list has been made public and may be of investigative value to the detachment/unit who has responsibility to investigate the specific criminal matters that are reported arising from its publishing (ie threats, harassment, etc), there is not likely value outside of the specific investigations for the list to be obtained by the RCMP taking into consideration the significant amounts of personal information that it contains.

I trust this is satisfactory but please advise if you require anything further.

Regards,

Andy

**Importance:** High

Good day,

I draw your attention to file 2022-190988 out of Evansburg.

So DDOSecrets.com has released all the names, phone numbers, email address, and payments of those that have contributed to the various rallies. So that information is now on public record and consists of 33.6 megabits of information.

The Evansburg file deals with one such persons information whose information was released. She then received an anonymous call calling her a terrorist among other things. I would expect this will now begin to happen through a number of jurisdictions.

Should we see if PROS can create a scoring code to begin to track these complaints. I would also suggest the RCMP attempt to get our hands on this list.

Cheers,

Mark

**Subject:** Rescheduling at Coutts

Good evening Gents,

Has there been any final decision on the rescheduling issue and the 72 hour rule for the Coutts deployment? I have received numerous messages on the issue on the past couple hours.

Thanks in advance.

Kev

Can you include these firearms descriptors in with the other charges we are doing for the NOC? I will need what you are putting together for the CO as well probably in a blank document.

The CO was looking for:

A full list of charges  
Charges being contemplated under the CIDA  
TSA numbers  
And firearms...

I think you are including all of that in the NOC

Peter

Emerson, Manitoba February 16, 2022

**Update #5 – Blockade at Emerson Border Crossing now cleared**

On the morning of February 10, 2022, semi-trailers, farm implements, and passenger vehicles began blocking the Canada/US border at the Emerson port of entry.

RCMP officers from Emerson and Morris detachments and Manitoba RCMP Divisional Liaison Officers immediately attended the scene, and began to work with the demonstrators to find a peaceful resolution.

At noon today, the remaining demonstrators began to move out of the area and full access to the Emerson Port of Entry is now restored.

The Manitoba RCMP coordinated and escorted the vehicles out of this area to ensure a safe and orderly departure. This was to ensure the safety of all involved.

"Throughout the past six days, our officers continued to use open communication, and a measured approach to find a peaceful resolution to this situation. This continuous dialogue between our officers and the demonstrators enabled us to reach a resolution yesterday," said Chief Superintendent Rob Hill, Officer in Charge of Criminal Operations for the Manitoba RCMP.

The number of vehicles taking part in the blockade has fluctuated throughout the past six days. At its peak, the RCMP estimates there were approximately 75 vehicles.

Through dialogue with the demonstrators last week, emergency vehicles, including police vehicles, as well as some agriculture transports and other critical goods were allowed through the blockade.

Apart from these select vehicles, all four lanes of Highway 75 at Provincial Road 243 remained blocked.

For vehicles that weren't able to get through, RCMP officers diverted traffic to alternate border crossings in Manitoba.

"This highway is prone to closures due to weather. With blizzards in the winter and flooding in the spring, our officers are well versed in alternate paths of travel for commercial and passenger vehicles."

Officers will remain in the area today to ensure that the highway and the border to the United States remains open and accessible to all travellers.

"We would like to thank our partners, Canada Border Services Agency and US Customs and Border Protection, as well as our provincial partners at Manitoba Transportation and Infrastructure. These agencies provided assistance to the Manitoba RCMP throughout the duration of the blockade to ensure cross country border traffic was accommodated at other ports of entry."

Emerson (Manitoba) 16 février 2022

**5<sup>e</sup> mise à jour : Fin du blocus au poste frontalier d'Emerson**

Le matin du 10 février 2022, des semi-remorques, des véhicules agricoles et de promenade se sont rassemblés afin de bloquer la circulation à la frontière canado-américaine au poste frontalier d'Emerson, au Manitoba.

Des policiers des détachements d'Emerson et de Morris ainsi qu'un agent de liaison de la GRC du Manitoba ont immédiatement été dépêchés sur les lieux afin de travailler avec les manifestants pour arriver à une solution pacifique.

À midi aujourd'hui, le reste des manifestants a commencé à quitter les lieux; l'accès complet au poste frontalier d'Emerson est maintenant rétabli.

La GRC du Manitoba a coordonné le départ des véhicules en plus de les escorter hors du secteur afin d'assurer un processus sécuritaire et ordonné, le tout dans le but d'assurer la sécurité de tous.

« Au cours des six derniers jours, nos policiers ont continué à privilégier les communications ouvertes et une approche modérée et prudente afin d'arriver à une solution pacifique. Cette communication continue a permis d'arriver à une solution hier entre les policiers et les manifestants » explique le surintendant principal Rob Hill, officier responsable des Opérations criminelles de la GRC du Manitoba.

Le nombre de véhicules participant au blocus a fluctué au cours des six derniers jours. Le plus grand nombre relevé par la GRC est d'environ 75 véhicules.

Grâce au dialogue avec les manifestants la semaine dernière, les véhicules d'urgence, dont les véhicules de police, ainsi que certains produits agricoles et autres denrées essentielles ont pu traverser le blocus.

Mais à l'exception de ces véhicules, la circulation dans les quatre voies de l'autoroute 75 à la hauteur de la route provinciale 243 restait bloquée.

Pour les véhicules qui ne pouvaient traverser la frontière, les policiers de la GRC ont détourné la circulation en direction d'autres postes frontaliers du Manitoba.

« Cette autoroute est souvent fermée en raison des conditions météorologiques, comme les blizzards en hiver et les inondations au printemps. C'est pourquoi nos policiers connaissent bien les voies de contournement de la région pour les véhicules commerciaux et de tourisme. »

Nos policiers resteront sur place pour s'assurer que l'autoroute et la frontière en direction des États-Unis restent ouvertes et accessibles à tous les voyageurs.

« Nous tenons à remercier nos partenaires, soit l'Agence des services frontaliers du Canada et la US Customs and Border Protection ainsi qu'Infrastructure Manitoba. Ces organismes ont apporté leur aide à la GRC du Manitoba durant le blocus afin d'assurer la circulation entre les deux pays à travers d'autres postes frontaliers. »

**Subject:** Charges laid/ Firearms seized/ Charges being pursued

Sir

Here is the info you were looking for:

### Current status

- All protesters have departed Coutts main site and CP 10.
- There are currently 45 RV's and 30 personal vehicles that have moved to the legal protest site that was set up 3 miles from CP 10, approximately 21 mile north of the Coutts POE.
- The mood at this legal protest site is very positive.

### Charges related to the public safety Threat:

#### 1) Ursula Allred, 22, Magrath.

Mischief to property over \$5,000.  
Possession of a weapon.

#### 2) Luke Berk, 62, Red Deer.

Mischief to property over \$5,000.  
Possession of a weapon.

#### 3) Chris Carbert, 44, Lethbridge.

Conspiracy to murder.  
Possession of a weapon.  
Mischief to property over \$5,000.

#### 4) Evan Colenutt, 23, Raymond.

Mischief to property over \$5,000.  
Possession of a weapon.

#### 5) Johnson Chichow Law, 39, Calgary.

Mischief to property over \$5,000.

#### 13) Jerry Morin, 40.

Conspiracy to murder.  
Possession of a weapon.  
Mischief to property over \$5,000.

### **- As a result of the serious public safety threat, an investigation was conducted and RCMP seized the following firearms:**

- One prohibited firearm with readily accessible ammunition
- One loaded restricted firearm
- One restricted firearm with readily accessible ammunition
- Two loaded non-restricted firearms
- 10 unloaded non-restricted firearms
- At least two over-capacity magazines (there may be more but they have not been examined yet)
- There is one 225g can of pepper spray UDAP bear deterrent .75% capsaicum, .64% related capsaicinoids – likely not regulated
- Additionally, there are prohibited overcapacity magazines (some loaded), large quantity of ammunition, and body armour.

### Additional Charges being pursued:

- With respect to the blockade itself investigators have, at present, identified several individuals who played a key role in supporting and coordinating blockade activities. As our investigation into this component continues there may be other individuals identified for additional charges.

- The RCMP, with on-going consultation from Crown, continue to investigate the core group of protesters. **Sufficient evidence has been gathered to lay Criminal Code charges, for these individuals including Mischief over \$5000.00 and potential charges of Conspiracy against approximately 20 individuals.**

- In addition to these persons, **sufficient evidence has been gathered to lay charges against approximately 80 individuals under the Critical Infrastructure Defense Act** however, these **charges will be dependent on consultation with Crown to determine the practicality of pursuing charges against all** of these individuals through the court process.
- The Critical Infrastructure Defense Act is new legislation in Alberta and has yet to be tested, it is expected that any charge under this act will be challenged, as such, Alberta Prosecution Services wants to be very strategic and confident in the evidence supporting any such charge.
- To date, there have been approximately **320 tickets issued under the Traffic Safety Act.**
- **2 individuals have been charged with Impaired Driving** at or near the protests sites.

I think this addresses all of your questions from this morning.

Peter

---

Hi there – Matthew has provided some thoughts around the pamphlet, which we will look to incorporating. Before doing so, I understand there is some direction coming from National GSB per Matthew's message below. Once we have that we will have a draft of this for your review – we can confirm what we want in this document and we'll make it happen!

For your SA, here are the national comms lines on the Emergencies Act:

### EMERGENCIES ACT

- The goal of law enforcement is always to maintain public order and keep citizens safe. The challenges facing us currently are unprecedented in their scope and nature.
- The tools provided to law enforcement in the measures enacted under the *Emergencies Act* are targeted, time-limited and proportional measures that will help us bring about a peaceful resolution to a difficult situation.
- Measures enacted under the *Emergencies Act* will provide all police officers across the country - not just the RCMP - with additional tools to deal with public assemblies like the one in Ottawa, where there is serious disruption of the movement of persons or goods or serious interference with trade, interference with the functioning of critical infrastructure; or threats or use of serious violence against persons or property.
- These measures do not displace or replace provincial or territorial authorities. They add to authorities that provincial and municipal police services could use as well as the RCMP, both in its capacity as the federal police force and where the RCMP is the police of jurisdiction. The Ontario Provincial Police and Ottawa Police Service will not lose jurisdiction. The *Emergencies Act* does nothing to change the authorities or mandate of police of jurisdiction but these additional tools will be available to them, and also to the RCMP.

**Subject:** RE: Charges laid/ Firearms seized/ Charges being pursued

Thanks Peter. I am hoping we will see a number of CIDA charges. I know the crown is being careful with respect to those charges, however I think it is important we lay the charges the courts/crown can make their decisions.  
Aaron plans to charge all the vehicles that were in "site" including tractors.

Sir

Here is the info you were looking for:

### Current status

- All protesters have departed Coutts main site and CP 10.
- There are currently 45 RV's and 30 personal vehicles that have moved to the legal protest site that was set up 3 miles from CP10, approximately 21 mile north of the Coutts POE.
- The mood at this legal protest site is very positive.

### Charges related to the public safety Threat:

#### 1) Ursula Allred, 22, Magrath.

Mischief to property over \$5,000.  
Possession of a weapon.

#### 2) Luke Berk, 62, Red Deer.

Mischief to property over \$5,000.  
Possession of a weapon.

#### 3) Chris Carbert, 44, Lethbridge.

Conspiracy to murder.  
Possession of a weapon.  
Mischief to property over \$5,000.

#### 4) Evan Colenutt, 23, Raymond.

Mischief to property over \$5,000.  
Possession of a weapon.

#### 5) Johnson Chichow Law, 39, Calgary.

Possession of a weapon.  
Mischief to property over \$5,000.

#### 6) Christopher Lysak, 48, Lethbridge.

Conspiracy to murder.  
Possession of a weapon.  
Mischief to property over \$5,000.  
Uttering threats.

#### 7) Justin Martin, 22, Raymond

Possession of a weapon.  
Mischief to property over \$5,000.

#### 8) Stewart Eastin Oler, 22, Raymond.

Possession of a weapon.  
Mischief to property over \$5,000.

#### 9) Anthony Olienick, 39, Claresholm.

Conspiracy to murder.  
Possession of a weapon.  
Mischief to property over \$5,000.

#### 10) Joanne Person, 62, Coutts.

Possession of a weapon.  
Mischief to property over \$5,000.

#### 11) Janx Zaremba, 18, Raymond.

Possession of a weapon.  
Mischief to property over \$5,000.

#### 12) Jaclyne Martin, 39.

Possession of a weapon.  
Mischief to property over \$5,000.

#### 13) Jerry Morin, 40.

Conspiracy to murder.

Possession of a weapon.  
Mischief to property over \$5,000.

- **As a result of the serious public safety threat, an investigation was conducted and RCMP seized the following firearms:**

- One prohibited firearm with readily accessible ammunition
- One loaded restricted firearm
- One restricted firearm with readily accessible ammunition
- Two loaded non-restricted firearms
- 10 unloaded non-restricted firearms
- At least two over-capacity magazines (there may be more but they have not been examined yet)

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
  - Consistent with the following configuration
    - 45-50+ members in each team
    - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- **S** Emergency Response Team type of members
  - **S.37**

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Hi Keith

He can call Trevor. 1-**Irrelevant**.

I managed to get the video to Trevor. I watched it again, there is nothing in it that concerns me.

John

Hi John

Prior to responding, Iâ€™m soliciting your thoughts on who might be best point of contact from RCMP (ranking member at Coutts?) who can speak to what, if any, concern arose from the social media post.

Thanks  
Keith

**Subject:** RE: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Sir(s),

For your consideration, the Division CIP would be able to provide the following resources should it be necessary:

50 POU (STO)

 ERT

Numbers could fluctuate either way depending the timing of the request.

Gord

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
  - Consistent with the following configuration
    - 45-50+ members in each team
    - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- **S** Emergency Response Team type of members
  - Consistent with the following configuration

S.37  
[REDACTED]

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Good afternoon Marc,

"K" Division is prepared to release the following numbers of members to assist in Ottawa:

32 (approx.) TSG / POU members

ERT members

2 PDS members

1 Commander

Likely 42 resources total.

Please contact me should you require further information. The earliest we would likely be able to deploy is some time tomorrow am. If you require us for a different period of time (next week etc etc) please advise that as well.

Thanks Marc

Good evening, / Bonjour,

As we noted during our weekly Divisional Communications Lead call on Wednesday afternoon, we want to draw your attention to [blockade.rcmp.ca](http://blockade.rcmp.ca), the new Web site off of RCMP.ca to help Canadians quickly find the most up-to-date information on the disruptions/blockades.

It is a "one stop shop" for news releases, statements, media advisories, and backgrounders related to the unfolding situation from all divisions as well as updates from our partners including [Ottawa Police Service](http://Ottawa Police Service), the [Ontario Provincial Police](http://Ontario Provincial Police).

If you have blockade-related content on your site from recent weeks or you will be posting new products in the coming days, please send an email with live English and French links to each of those postings to the NCS Web Development team at [\[redacted\]@rcmp-grc.gc.ca](mailto:[redacted]@rcmp-grc.gc.ca) and we will add an embedded link on the Blockade.rcmp.ca site. Please cc Nelly Leonidis.

Operationally, we will be posting updates as appropriate 24-hours a day, as required.

~~~~~

Comme nous l'avons indiqué lors de notre appel hebdomadaire des responsables de la communication des divisions, mercredi après-midi, nous souhaitons attirer votre attention à blockade.rcmp.ca, le nouveau site web du site de GRC.ca afin d'aider les Canadiens à trouver rapidement les informations les plus récentes sur les perturbations et les barrages.

Il s'agit d'un « guichet unique » pour retrouver les communiqués de presse, les déclarations, les avis aux médias, et les documents d'information concernant l'évolution de la situation dans toutes les divisions ainsi que des mises à jour de nos partenaires, notamment le Service de police d'Ottawa, la Police provinciale de l'Ontario.

Si vous avez du contenu relié aux barrages sur votre site depuis les récentes semaines ou vous publierez du nouveau matériel dans les prochains jours, veuillez envoyer un courriel avec les liens anglais et français actifs vers chacune de ces publications à l'équipe de développement Web des SNC à l'adresse [\[redacted\]@rcmp-grc.gc.ca](mailto:[redacted]@rcmp-grc.gc.ca) et nous ajouterons un lien intégré au site Blockade.rcmp.ca français. Veuillez mettre en copie Nelly Leonidis.

Sur le plan opérationnel, nous publierons les mises à jour nécessaires 24 heures sur 24, selon les besoins.

Thank you, / Merci,

Marie-Eve Breton

Subject: UPDATED MESSAGE
Importance: High

Further to the message below.

We have been successful in identifying resources from nearer to the National Capital Region. We are re-assessing the break-down of additional resources from your respective divisions. Please continue to compile the list of member  s names for potential deployment. The diary date for this request is being pushed back to tomorrow (Friday February 18, 2022) at 1700 hrs.

Thank you,
Assistant Commissioner Finn
Gold Commander

Good day,

Further to previous messaging.

This is to inform you that as of today, Thursday 17 February 2022, **ALL Federal Policing resources** who are not currently occupied with urgent National Security files must be released to be deployed to Ottawa    in uniform, and with use of force equipment    to assist with the ongoing operational efforts around the Freedom Convoy and related protests.

We have already received information from many of you regarding available resources, for which I thank you. Given the scope of what we are facing in Ottawa, however, additional resources are needed urgently above and beyond what is already being provided from O, C national and NHQ, for a total of incremental 150 members. We will require the following numbers from your Divisions:

Division	Total Number of Members Required
B	6
D	5
E	55
F	8
G	3
H	18
J	18
K	31
L	2
M	2
V	2

In order for NHQ to issue joining instructions to members directly, including when and to whom they must report in Ottawa, please provide a list of names of members ready for immediate deployment no later than 07:00 EST, **Fri Feb 18th 2022** to GSB Command, at **Irrelevant** @rcmp-grc.gc.ca.

Members must be prepared to travel immediately. Further details will be forthcoming as soon as we are able to share more information, but at this time I would ask that you prepare your members to depart for Ottawa at once.

Recognizing that this is an unprecedented situation and appreciating the extremely short turnaround on this request, I thank you for your cooperation and collaboration during these challenging circumstances.

Bonjour,

Suite aux messages précédents.

La présente a pour but de vous informer qu'à compter d'aujourd'hui, le jeudi 17 février 2022, **TOUTES les ressources de la Police fédérale**, en uniforme et ayant recours à la force, qui ne sont pas actuellement occupées par des dossiers urgents reliés à la sécurité nationale doivent être libérées pour être déployées à Ottawa, afin de contribuer aux efforts opérationnels en cours concernant le Convoi de la Liberté et toutes manifestations connexes.

Nous avons déjà reçu l'information de plusieurs d'entre vous concernant les ressources disponibles, et je vous en remercie. Toutefois, étant donné l'ampleur de la situation à laquelle nous sommes confrontés à Ottawa, nous avons urgemment besoin de ressources supplémentaires et cela, en plus de celles déjà fournies par les Divisions O, C, Nationale et de la Direction Générale, pour un nombre additionnel total de 150 membres. Nous requérons de la part de vos divisions, les nombres suivants :

Divisions	Nombre Total de Membres Requis
B	6
D	5
E	55
F	8
G	3
H	18
J	18
K	31
L	2
M	2
V	2

Afin de permettre à la Direction Générale d'adhésion directement aux membres, incluant à quel moment et devant qui ils doivent se présenter à Ottawa, veuillez s'il vous plaît fournir une liste de noms de membres prêts pour un déploiement dans l'immédiat, avant 0700 HNE, le vendredi 18 février 2022, au commandement du GSB, à l'adresse courriel suivante : **Irrelevant** @rcmp-grc.gc.ca.

Les membres doivent être prêts à voyager immédiatement, et je vous demande de les préparer à partir pour Ottawa dès que possible. De plus amples détails vous seront communiqués dès que nous serons en mesure de partager plus d'informations.

Reconnaissant qu'il s'agit d'une situation sans précédent ainsi que le délai extrêmement court pour traiter cette demande, je vous remercie de votre coopération et de votre collaboration dans ces circonstances des plus difficiles.

Hi Curtis

Look like about half of the STO members are tied to the PPSA with the other half falling under an MPSA (11) and Federal (3).

In addition to us sending some members, CPS is apparently sending g 25 members.and EPS 20, all Public Order members. I'll inquire moeemabout the Article 9 or call to the CMC committee tomorrow.

Hi Keith,

After Nina and Roberta spoke and it was agreed that we would make Roberta available, someone reached into Roberta and told her that the Division would not release her because she was tired. Not sure if you have found another CIC, but just want to confirm that if she is being requested we will release her. Just so that I can advise Nina and Roberta officially are you able to advise if your team has reached a decision? I have included Nina.

Thanks Keith,

John

Hi Keith,

Nina spoke with Roberta. In short, if you need her we will make her available. I'll leave it with you and your team for a final decision.

Thanks Keith,

John

Subject: RE: Sharing intell

Sirs,

Just an FYI. We have been sharing all of our reporting with the Sheriff Intel email box all along, and asked if they wanted it shared with anyone else in their department to please advise and we would also send to that individual.

We have now added S.37 to our disseminations. On this morning's DEOC call, S.37 from the Sheriffs also wanted to be included as he wasn't getting the reports.

We have been sharing our reports with the other agencies and have rcvd very little in return. (Other than PSIO who include us on everything, and some from EPS). We know they are receiving as we once forgot to actually attach the map and we rcvd the most feedback telling us we forgot to attach the map. Small steps

Thank you DCAS. A fourth focus point would be any information of convoys etc heading toward Coutts, or any intention to disrupt infrastructure/transportation hubs (most likely Edmonton International Airport). Any such info might be time-sensitive, i.e. please share directly in advance of formal reporting. I anticipate this is not an additional task, simply watching for same via your current efforts.

As ever, thanks for all your work.

All the best,

Andrew

Good morning,

DCAS focus this morning is :

1. Monitoring live feeds from Coutts to assess any increase in attendance
2. Monitoring the convoys headed into Edmonton as they move through our jurisdiction
3. Monitoring counter protests

Any information of relevance that is time sensitive will be relayed in advance of formal reporting.

Our open source capability is limited to Tier 2 (Discreet), therefore we do not have access to private groups or communication applications (signal, snapchat, etc).

Subject: RE: DCAS Focus - 2022-02-19

Thank you DCAS. A fourth focus point would be any information of convoys etc heading toward Coutts, or any intention to disrupt infrastructure/transportation hubs (most likely Edmonton International Airport). Any such info might be time-sensitive, i.e. please share directly in advance of formal reporting. I anticipate this is not an additional task, simply watching for same via your current efforts.

As ever, thanks for all your work.

All the best,

Andrew

Subject: DCAS Focus - 2022-02-19

Good morning,

DCAS focus this morning is :

1. Monitoring live feeds from Coutts to assess any increase in attendance
2. Monitoring the convoys headed into Edmonton as they move through our jurisdiction
3. Monitoring counter protests

Any information of relevance that is time sensitive will be relayed in advance of formal reporting.

Our open source capability is limited to Tier 2 (Discreet), therefore we do not have access to private groups or communication applications (signal, snapchat, etc).

NOC: Please send this list to all Commanding Officers, CROPS Officers, Federal CROPS Officers and cc to [Irrelevant]@rcmp-grc.gc.ca from Assistant Commissioner Keith FINN, Gold Commander.

Please contact me should you have any questions.

Many thanks

Rich

Good day,

Further to previous requests, we have already received information from many of you regarding available federal resources, for which I thank you. The fluid situation in the NCR is continuing and the Integrated Command assessment of resource needs has been revised. Additional resources are needed above and beyond what is already being provided from O, C national and NHQ, for a total of incremental 100 members. We will require the following from your Divisions:

Division	Total Number of Members Required
B	6
D	5
E	20
F	8
G	1
H	18
J	18
K	20
L	2
M	1
V	1

In order for NHQ to issue joining instructions to members directly, including when and to whom they must report in Ottawa, please provide a confirmed list of names of Federal members ready for immediate deployment no later than **1500 EST, Sat Feb 19** to GSB Command, at **irrelevant@rcmb-grc.gc.ca**.

Members must be prepared to travel immediately. Further details will be forthcoming as soon as we are able to share more information, but at this time I would ask that you prepare your members to depart for Ottawa at once.

Recognizing that this is an unprecedented situation and appreciating the extremely short turnaround on this request, I thank you for your cooperation and collaboration during these challenging circumstances. **Please include member name, regimental number and HRMIS number.**

Bonjour,

Suite aux demandes précédentes, nous avons déjà reçu l'information de plusieurs d'entre vous concernant les ressources fédérales disponibles, et je vous en remercie. La situation continue d'évoluer dans la région de la Capitale nationale, et le Centre de commandement intégré a évalué le nombre de ressources requises. Des ressources supplémentaires sont nécessaires en plus de celles déjà fournies par les Divisions O, C, Nationale et de la Direction Générale, pour un nombre additionnel total de 100 membres. Nous requérons de la part de vos divisions, les nombres suivants :

Division	Nombre total de membres requis
B	6
D	5
E	20
F	8
G	1
H	18
J	18
K	20
L	2
M	1
V	1

Afin de permettre à la Direction Générale d'adhésion directement aux membres, incluant à quel moment et devant qui ils doivent se présenter à Ottawa, veuillez s'il vous plaît fournir une liste de noms de membres de la police fédérale prêts pour un déploiement dans l'immédiat, avant **1500 HNE, samedi 19 février 2022**, au commandement du GSB, à l'adresse courriel suivante : **irrelevant@rcmb-grc.gc.ca**.

Les membres doivent être prêts à voyager immédiatement, et je vous demande de les préparer à partir pour Ottawa dès que possible. De plus amples détails vous seront communiqués dès que nous serons en mesure de partager plus d'informations.

Reconnaissant qu'il s'agit d'une situation sans précédent ainsi que le délai extrêmement court pour traiter cette demande, je vous remercie de votre coopération et de votre collaboration dans ces circonstances des plus difficiles. **Veuillez inclure le nom du membre, le numéro de**

Subject: Throne Speech convoys, best practices re: problematic vehicles at convoy muster points
Attachment: PRO A_Public Order Events_1300_2022_02_19_[INT].pdf;

Hello Districts and Traffic,

I am sending this to Ops Officers and ADOs, with CC to DOs, given the short timeline before Tuesday's Throne Speech. This message is based on info from Supt. Pam Robinson in CAD, re: best practices and lessons learned with convoys, and subsequent issues at the Legislature.

Context: per page 10 of the attached OSINT, there are calls for convoys from all over the province to be in front of the Legislature for noon on Tuesday, to disrupt the Throne Speech. Unknown how many convoys will form, but reason to believe some considerable convoys may form up in SAD, WAD, or EAD (in addition to the expected CAD convoys).

Bottom line up front: the key lesson learned/best practice is engaging with the convoys as they gather at their muster points, to discuss/inform/deter/dissuade (and take enforcement action if appropriate), *before* the convoy gets rolling.

This is focused on drivers with oversized loads, horse trailers, farm equipment (driving same or on a trailer), strange loads (why are you bringing a load of lumber to the Legislature?), or other notable or problematic items.

The summary is to engage these drivers, discuss/inform them of the consequences should they misuse or off-load their items at the Legislature, and ideally deter/dissuade them.

Supt. Robinson reports several successes, having problematic trucks being left behind at the muster point. Conversely, they also had a horse trailer at the Legislature today, leading to a "Lone Ranger" rider being essentially chased around the streets of Edmonton. We likely would have had no authority to prevent this driver from bringing his horse to town, but perhaps he could have been informed/deterred/dissuaded at the muster point.

I realize these ideas are surely the intent and actions already being taken in each District, but recent events in CAD emphasize the value of same. Supt. Robinson can chime in with specifics as applicable. She also has specific information regarding overpasses, exits, etc.

This message is to add to your ongoing Ops planning in each District, as/when any specific convoys are identified in your areas. Presumably more intel and clarity will develop in the next 24-36 hours.

Thanks all,

Andrew

Subject: Throne Speech convoys, best practices re: problematic vehicles at convoy muster points

Hello Districts and Traffic,

I am sending this to Ops Officers and ADOs, with CC to DOs, given the short timeline before Tuesday's Throne Speech. This message is based on info from Supt. Pam Robinson in CAD, re: best practices and lessons learned with convoys, and subsequent issues at the Legislature.

Context: per page 10 of the attached OSINT, there are calls for convoys from all over the province to be in front of the Legislature for noon on Tuesday, to disrupt the Throne Speech. Unknown how many convoys will form, but reason to believe some considerable convoys may form up in SAD, WAD, or EAD (in addition to the expected CAD convoys).

Bottom line up front: the key lesson learned/best practice is engaging with the convoys as they gather at their muster points, to discuss/inform/deter/dissuade (and take enforcement action if appropriate), *before* the convoy gets rolling.

This is focused on drivers with oversized loads, horse trailers, farm equipment (driving same or on a trailer), strange loads (why are you bringing a load of lumber to the Legislature?), or other notable or problematic items.

The summary is to engage these drivers, discuss/inform them of the consequences should they misuse or off-load their items at the Legislature, and ideally deter/dissuade them.

Supt. Robinson reports several successes, having problematic trucks being left behind at the muster point. Conversely, they also had a horse trailer at the Legislature today, leading to a "Lone Ranger" rider being essentially chased around the streets of Edmonton. We likely would have had no authority to prevent this driver from bringing his horse to town, but perhaps he could have been informed/deterred/dissuaded at the muster point.

I realize these ideas are surely the intent and actions already being taken in each District, but recent events in CAD emphasize the value of same. Supt. Robinson can chime in with specifics as applicable. She also has specific information regarding overpasses, exits, etc.

This message is to add to your ongoing Ops planning in each District, as/when any specific convoys are identified in your areas. Presumably more intel and clarity will develop in the next 24-36 hours.

Thanks all,

Andrew

Report from K Div to C/Supt. Rupa, RE: Protest related updates for today (Sunday Feb. 20th)

From: Hobson, Andrew (Andrew.Hobson@rcmp-grc.gc.ca);
Sent: 2022-02-20 11:10:51
To: Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca); Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca); Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); K DEOC / K CDOU (RCMP/GRC) (IrreleIrrelevant@rcmp-grc.gc.ca); Hobson, Andrew (Andrew.Hobson@rcmp-grc.gc.ca)
Subject: Report from K Div to C/Supt. Rupa, RE: Protest related updates for today (Sunday Feb. 20th)

C/Supt. Rupa,

Per your request, here is an update for K Div today.

Summary:

1. **Coutts:** The major ongoing issue taking place in Alberta remains the Coutts border issue. However, this issue is no longer at the actual border, but rather centered on the designated protest site at Milk River.
2. **Convoys, weekends:** The other ongoing issue(s) affecting RCDMP jurisdictions are "slow roll" convoys throughout the province.
 - a. Each Saturday several convoys converge on the Legislature in Edmonton; these roll through RCMP areas, causing disruptions and occasional Traffic-type enforcement actions.
 - b. There are several other local-only convoys, i.e. roll through or around a community (RCMP jurisdiction), then simply ends.
 - c. Any enforcement actions are not regarding right to protest etc, simply traffic/safety issues as applicable. Most often resolved/mitigated positively.
3. **Convoys, this week:** The Alberta Throne Speech is on Tuesday Feb. 22nd; there are calls for more convoys to converge on Edmonton, similar to Saturday(s).
 - a. Similar police presence/posture is the plan.
4. **Emergencies Act:** There is no usage nor expected/currently contemplated usage of EA authorities by the RCMP in Alberta.

Specifics, re: numbers etc:

Coutts:

- All activity is now at the designated protest site.
- Approximately **one dozen** protesters on site, various RVs/trailers etc.
- There is no foreseen likelihood of further blocking of the actual border.
- Plans are in place and intel focused on detecting/preventing same.
- **Civilian and commercial traffic flowing freely at Coutts border.**

Convoys:

- Yesterday's convoys to the Legislature totalled 686 vehicles in 5 separate convoys through RCMP jurisdictions.
- This ranges from large trucks to personal vehicles etc.
- Ended with approximately **900 protesters at the Legislature** (Edmonton Police jurisdiction).

I hope this meets your needs. Please do not hesitate to contact me for any further info.

Thanks,

Andrew

Subject: Protest related updates for today.

Thank you for all the work done over the last few weeks. Genuinely mean that, as this lift is not easy.

For today, can I please get updates through the day on where we are with different protests.

Borders are most important.
Locations and #'s of protesters.
Use of any measure of EA (proactive anecdotal also okay).

There are a number of briefings with Govt through the day and timely information will help a lot.

Please and Thank you.

Sorab

Sirs,

Farm equipment are only restricted by size. They are not restricted to field-to-field.

We will only rely on the portion of having to be properly equipped with mirrors, reflectors and head and tail lights. We will advise that if they are going on the roadways and are travelling over 40k/hr that they need to be registered and insured. If not, they need to stay under 40k/hr.

Subject: Farm Tractors on Public Roads

Harp.

See information below pertaining to Farm Tractors of public roadways, and the contact information for the Leduc Scales (AB Sheriffs)

ARE FARM TRACTORS ALLOWED ON ROADS?

The simple answer is, yes, they are allowed. The longer answer includes many rules and regulations and a lot of legal variations province-to-province, but that also ends in a yes.

In Alberta farm tractors are not restricted by distance or destination. Instead, they are restricted based on their size (height and width) and their speed of travel. See below for more information.

Applicable Regulations...

SELF-PROPELLED IMPLEMENTS OF HUSBANDRY:

If a farm tractor travels on a public road at a speed of less than 40km/h it is then considered to be a self-propelled implement of husbandry (what it was intended for) and is permitted to be operated on a public roadway, in accordance with the Commercial Vehicle Dimensions and Weights Regulations Section 4(1) – no more than 3.2m wide and 4.15m high. If it stays under 40km/h then self-propelled implements of husbandry are also exempt from needing registration and insurance in accordance with Section 45(f) of the Operator's License and Vehicle Control Regulation. Although drivers of self-propelled implements of husbandry travelling less than 40km/h do not require an operator's license, they cannot be driven by anyone under 14yrs. *NOTE: All vehicles wider than 2.6 metres require amber warning lights on the sides.

TRUCKS:

In Alberta if a farm tractor travels at 40km/h or more on a public road, then it is considered to be a TRUCK – since it is no longer being used for its intended purpose, and therefore must follow the regulations pertaining to all trucks under the Traffic Safety Act of Alberta. For example all trucks must have front and rear lights, rear view mirrors, brakes and must not exceed 2.6m wide (if larger then they require a special permit). Trucks are also required to have proof of insurance and registration. Drivers of trucks must also have a valid operator's license to suite their class of vehicle (ie: class 5 for single rear axle passenger vehicles, class 2 for dual rear axle, class 1 for commercial vehicles for hire, etc).

The following additional information is from

[https://www1.agric.gov.ab.ca/\\$Department/deptdocs.nsf/all/agdex4702/\\$FILE/088-1.pdf](https://www1.agric.gov.ab.ca/$Department/deptdocs.nsf/all/agdex4702/$FILE/088-1.pdf)

TRACTORS AND SELF-PROPELLED IMPLEMENTS

When travelling on public roads, self-propelled farm equipment must have serviceable brakes.

Rearview Mirror

Each tractor or self-propelled implement must have a rearview mirror that gives the driver a clear view of the road behind the implement of husbandry and a clear view of other vehicles approaching from behind.

Slow-Moving Vehicle Sign

Operators must display a slow-moving vehicle (SMV) sign that is attached to the rear end of the machine and is clearly visible to all traffic at the rear of the machine (see Figure 1). You must mount the SMV sign with the broad base down, perpendicular to the direction of travel and visible from the rear. SMV signs are required on equipment travelling less than 40 km/hr. Locate the sign at or as close to the centre line of the vehicle or equipment as practical, at a height between 0.9 to 1.5 metres (3 to 5 feet) above the road.

LIGHTING OF TRACTORS AND SELF-PROPELLED IMPLEMENTS

Head Lamps

Tractors and other self-propelled equipment must have at least two, but not more than four, head lamps visible from the front. Mount all head lamps at the same height (see below)

Tail Lamps

Tractors and other self-propelled equipment must have at least two red tail lamps. When lit, a tail lamp must be capable of emitting a red light plainly visible at a distance of not less than 150 metres (490 feet) to the rear of the vehicle. Space the tail lamps as wide laterally as practical, and locate them at a height of not more than 2 metres (6 feet, 6 inches) nor less than 380 millimetres (15 inches) above the ground (see below)

Subject: FW: Farm Tractors on Public Roads

Good morning,

Please see below, some information on the use of Farm tractors and other implements on Highways.

EPS EOC has stated the City of Edmonton does not have a by-law prohibiting tractors/husbandry vehicles. They dealt with the tractors a few weeks ago according to height, width, weight etc.

Subject: LIMITED DISTRIBUTION - SIT-REP #1 MILK RIVER SAD, CONSPIRACY TO COMMIT MURDER, 2022-02-22

Sirs / Ma'am – This is just being sent to yesterday's meeting invitees and to the Commanding Officer for awareness.

Please advise if you would like to see 30 / 14 day reporting, or some other regular reporting timeline in the short term.

Thank you

ISSUE:

Coutts Border Blockade
RCMP File 2022-111482 refers

BACKGROUND:

- On February 2, 2022, SCB GIS South became engaged in the investigative portion of the Coutts Border Crossing blockade;
- From February 2 to February 9, 2022, GIS South primarily investigated the offences Mischief over \$5000 and offences under the Critical Infrastructure Defence Act;
- On February 3, Artur PAWLOSKI attended Coutts and spoke to the protestors encouraging them to not leave the protest and continue on with the blockade. This action resulted in PAWLOSKI being charged with Mischief over \$5000 "et al.";
- PAWLOSKI has lost his show cause hearing and is currently remanded;

s.37

- In the late evening of February 13, 2022, two individuals jumped into a running semi and tractor and charged at a police vehicle causing the driver of the police vehicle to take evasive action to avoid being hit;
- Attempts were made to arrest the drivers of the semi and tractor but were unsuccessful as they both fled into **Personal** Lounge;
- The tractor and semi were seized as offence related property and removed from the scene;
- A short time later Anthony OLIENICK and Chris LYSAK were arrested and a search warrant was executed at **Personal Info.**. The search warrant located a large cache of weapons and ammunition;
- In total 13 people have been arrested and charged with relation to the firearms seized at **Personal Info.**, AB;
- Of the 13 people charged for Mischief and Possession of a Weapon for a Dangerous Purpose, the following four people have been charged with Conspiracy to Commit Murder against RCMP officers:

- o Christopher LYSAK **Personal**;
- o Christopher CARBERT (**Personal**);
- o Anthony OLIENICK (**Personal**); and
- o Jerry MORIN (**Personal**).

- On February 15 protestors in Coutts departed in a convoy. Upon departure the convoy went through a checkpoint and all the drivers were identified. In total 111 people went through the check point and were each associated to 104 Truck/Tractors/Semis.

CURRENT STATUS:

s.37

STRATEGIC CONSIDERATIONS:

- A file review is underway to develop an outstanding task list, after which resource demands will come into focus;
- Advisory Crown was embedded with investigators at Coutts and remain assigned for ongoing consultation;
- Federal policing resources have been briefed and are engaged.

STRATEGIC COMMUNICATIONS:

- K Division Strategic Communications has been used for all media releases for this investigation and will continue to be consulted with as this investigation progresses.

MEMBER/EMPLOYEE WELLNESS:

- This investigation involved threats to the safety and wellbeing of members. Members exposed to these threats are being monitored and all will be reminded of supports available to them;
- Members are cognizant of covid related issues and are taking steps to ensure protocols are being followed. Member health will be continuously monitored and reported on, should there be any concerns.

CONDUCT/CIVIL RISK ASSESSMENT:

-

OIC COMMENTS:

- Effective February 22, 2022 1330 hrs, the investigative team is reverting to the SCB from the GSB Command Structure. Further reporting through SCB. Additional investigative tasks remain with the investigative team which will need to be completed in short order, along with related disclosure tasks to support ensuing prosecutions.

Attachment: 22-032 2022-02-23 UPDATE NOC K Division COVID Can USA Border Blockade.pdf;

Sir,

Have a look at the NOC draft and let me know what edits need to be done. Also, I see that the original email header stated "limited distribution" If this remains, I am assuming it would still go to NOC in Ottawa? But, who would you like it to go to in "K"?

Thx
m

Subject: LIMITED DISTRIBUTION - SIT-REP #1 MILK RIVER SAD, CONSPIRACY TO COMMIT MURDER, 2022-02-22

Sirs / Ma'am - This is just being sent to yesterday's meeting invitees and to the Commanding Officer for awareness.

Please advise if you would like to see 30 / 14 day reporting, or some other regular reporting timeline in the short term.

Thank you

ISSUE:

Coutts Border Blockade
RCMP File 2022-111482 refers

BACKGROUND:

- On February 2, 2022, SCB GIS South became engaged in the investigative portion of the Coutts Border Crossing blockade;
- From February 2 to February 9, 2022, GIS South primarily investigated the offences Mischief over \$5000 and offences under the Critical Infrastructure Defence Act;
- On February 3, Artur PAWLOSKI attended Coutts and spoke to the protestors encouraging them to not leave the protest and continue on with the blockade. This action resulted in PAWLOSKI being charged with Mischief over \$5000 "et al.";
- PAWLOSKI has lost his show cause hearing and is currently remanded;
- s.37 [REDACTED]
- [REDACTED]
- In the late evening of February 13, 2022, two individuals jumped into a running semi and tractor and charged at a police vehicle causing the driver of the police vehicle to take evasive action to avoid being hit;
- Attempts were made to arrest the drivers of the semi and tractor but were unsuccessful as they both fled into Person Lounge;
- The tractor and semi were seized as offence related property and removed from the scene;
- A short time later Anthony OLIENICK and Chris LYSAK were arrested and a search warrant was executed at Personal Info. The search warrant located a large cache of weapons and ammunition;
- In total 13 people have been arrested and charged with relation to the firearms seized at Personal Info. AB;
- Of the 13 people charged for Mischief and Possession of a Weapon for a Dangerous Purpose, the following four people have been charged with Conspiracy to Commit Murder against RCMP officers:
 - o Christopher LYSAK Personal ;
 - o Christopher CARBERT Personal ;
 - o Anthony OLIENICK Personal ; and
 - o Jerry MORIN Personal .
- On February 15 protestors in Coutts departed in a convoy. Upon departure the convoy went through a checkpoint and all the drivers were

identified. In total 111 people went through the check point and were each associated to 104 Truck/Tractors/Semis.

CURRENT STATUS:

s.37

STRATEGIC CONSIDERATIONS:

- A file review is underway to develop an outstanding task list, after which resource demands will come into focus;
- Advisory Crown was embedded with investigators at Coutts and remain assigned for ongoing consultation;
- Federal policing resources have been briefed and are engaged.

STRATEGIC COMMUNICATIONS:

- K Division Strategic Communications has been used for all media releases for this investigation and will continue to be consulted with as this investigation progresses.

MEMBER/EMPLOYEE WELLNESS:

- This investigation involved threats to the safety and wellbeing of members. Members exposed to these threats are being monitored and all will be reminded of supports available to them;
- Members are cognizant of covid related issues and are taking steps to ensure protocols are being followed. Member health will be continuously monitored and reported on, should there be any concerns.

CONDUCT/CIVIL RISK ASSESSMENT:

-

OIC COMMENTS:

- Effective February 22, 2022 1330 hrs, the investigative team is reverting to the SCB from the GSB Command Structure. Further reporting through SCB. Additional investigative tasks remain with the investigative team which will need to be completed in short order, along with related disclosure tasks to support ensuing prosecutions.

Hi John,

- 65 extra hours on weekdays
- 71 extra hours on weekends

Remember that so far I have also taken RTO time, Feb 16, Feb 17, and 24th (so less 24 hours so far).

Schedule and Extra Hours:

2022-02-04 – 0930-2200 Fri – 4.5 hours - Arrival
2022-02-05 – 0600-2300 Sat – 17 hours - Silver
2022-02-06 – 0630-2030 Sun – 14 hours - Silver
2022-02-07 – 0630-2200 Mon – 9.5 hours - Silver
2022-02-08 – 0500-2230 Tues – 9.5 hours - Silver
2022-02-09 – 0630-2230 Wed – 8 hours - Silver
2022-02-10 – 0615-2115 Thurs – 7 hours - Silver
2022-02-11 – 0630-2030 Fri – 6 hours - Silver
2022-02-12 – 0630-2030 Sat – 14 hours – Silver
2022-02-13 – 0600-0130 Sun – 19.5 hours - Silver
2022-02-14 – 0630-1900 Mon – 4.5 hours - Silver
2022-02-15 – 0300-1100 Tues – 0 hours – Travel Day and DEOC meeting
2022-02-16 – 0800-1600 Wed – RTO
2022-02-17 – 0800-1600 Thurs – RTO
2022-02-18 – 0800-1600 Friday – Work from Home p/u Nicole at Airport
2022-02-19 – 0830 – 1300 Sat – 4.5 hours – Gold
2022-02-20 – hours various Sun – 2 hours - Gold Work from home

Again, I am just happy with the flexibility that you always provide.

Thanks!
Kevin

Cc: Everyone_KDIV_SAD_SITREP; Buxton-Carr, Mike; Purcka, Dean
Subject: Update - Situation Report - Banff Detachment SAD - potential protest against COVID REP

Issue

- Potential for organized event blocking road access to Banff Sunshine ski resort in protest of the resort's implementation of the Alberta Restriction Exemption Program
- Banff Detachment file 2021-1787539

Background

- Per Situation Report sent 2021-11-30 @ 16:02 pm

Current Status

- Banff Detachment Operations NCO consulted with the resort operations manager and the organizer of the protests. The two parties were connected and discovered common ground. The organizer has a new understanding of the resort's implementation of the REP and is no longer planning protest activity.

Cc: Burns, Brenda; Callihoo, Malcolm; Dhaliwal, Harpreet; Meyer, Brent; Sletten, Brandy
Subject: SITUATION REPORT: Strathcona County (CAD) - Anti Public Health Protest 2021-12-11

Issue:

- Â An anti-Public Health Act protest is being organized by activist [REDACTED] at The Village Toy Box located at 2016 Sherwood Drive, Sherwood Park, AB. on Saturday, December 11, 2021 at 11:00 hrs.
- Â File 2021-1834057 refers

Background:

- Â On 2021-12-11 an event is planned to take place in front of the Village Toy Box store (located at 2016 Sherwood Drive) from 11:00 to 16:00 hrs.
- Â The event is announced as a Christmas toy drive. However, the organizer is [REDACTED] (aka [REDACTED]), a social activist from Ontario, who oppose various forms of Covid-19 regulations. Therefore, it is believed that this will turn into some sort of protest against pandemic Public Health measures.
- Â [REDACTED]'s actions in support of his cause have resulted in police investigations in several jurisdictions across Canada.
- Â On 2021-12-04 he targeted West Edmonton Mall and was arrested by EPS for breaching a court injunction.
- Â [REDACTED] uses social media extensively and he claims that he will have upwards of 100 people in attendance.
- Â The owner of The Village Toy Box, [REDACTED], has been spoken to by the Strathcona County RCMP. She is not supportive of [REDACTED] and will be closing the store for the day of the protest.
- Â RCMP members will be located at the store and in the vicinity and will respond accordingly should enforcement actions be required.

Current Status:

- Â The A/OIC of Strathcona County has been involved in the RCMP response.
- Â AHS has been advised.
- Â Security personnel of an adjacent mall have been alerted.
- Â Extra policing personnel, including GIS members, are being called in.
- Â A media relations officer will be on-site to assist.

Strategic Considerations:

- Â None

Strategic Communications:

- Â This event has drawn and will continue to draw media attention. The detachment MRO and Strathcona County authorities are aware.

Subject: FW: SITUATION REPORT Grande Prairie WAD - COVID-19 Protest - 2021-12-10

Hi folks, I received a call from Blake on this. Approximately 100 did show up. We had two members present and they were swarmed almost immediately. That led to most of the watch showing up and getting the members out.

The issue is that the food court at the mall is open but only to those who have been vaccinated. The mall have their security at the entrance into the food court checking vaccine passports. This has been a point of contention for those who are opposed to vaccines.

I did speak with Chris Chodan and asked him to have his team check social media with the view we may want to send out some messaging. It does not appear as though there was one person who organized this, but we have lots of video and there will be follow up. I'll let you know as more information comes in.

Subject: SITUATION REPORT Grande Prairie WAD - COVID-19 Protest - 2021-12-10

ISSUE:

- Potential COVID-19 Protest at the Prairie Mall in Grande Prairie, Alberta.
- Potential size of protest and resource levels of concern.
- File 2021-1828411 refers

BACKGROUND:

- On Wednesday, December 8th, 2021, Grande Prairie RCMP became aware of a possible protest at the Prairie Mall being planned for December 11, 2021.
- The protest is related to COVID-19 and vaccine protocols.
- Most of the organization of these events occur on closed Facebook Groups which RCMP do not have access to.
- Initial open source queries suggested approximately 9 persons planning to attend, however, true size could not be determined.
- Grande Prairie RCMP began planning for a proactive response to have four members at the mall for December 11, 2021 to provide enforcement as required, including arrests and charges under the Trespass to Premises Act if required.
- After multiple attempts, zero overtime resources have been found and a proactive response is no longer feasible. The plan was being transitioned to a reactive plan.

CURRENT STATUS:

- On the morning of December 10, 2021, the manager of the Prairie Mall informed the Grande Prairie RCMP that the number of people attending the Mall could be up to 140 persons.
- The reliability of this information is unknown, however, the Prairie Mall advises the number was sourced from a Facebook Group called "Action 4 Canada Alberta Chapter" and "Grande Prairie AB Store & Services Exemption Friendly".
- Grande Prairie RCMP will not have resources to effectively manage or conduct enforcement on a group of 140 persons.
- DEOC has been contacted and advised that a request for their resources can be initiated by the District Bronze Commander if deemed appropriate.
- AHS was consulted. They will not be involved. They did not have any advice for the Prairie Mall.
- If a crowd of large size assemblies, Grande Prairie RCMP will transition their response to being present for public safety and for video surveillance of the crowd for potential identification and follow up investigation. Two uniformed members (one FIS) will be present for this purpose.
- If a smaller group assemblies, enforcement may still be considered.

STRATEGIC CONSIDERATIONS:

- We will not be able to confirm the actual number for protestors attending.
- Significant social media coverage can be expected from the protestors as well as any police response.

STRATEGIC COMMUNICATIONS:

Subject: Grande Prairie Protest Social Media Scan

Sir,

A quick social media scan of the Grande Prairie Mall Protest:

- ❖ No posts referring to this incident from [Personal Info.] (AKA: [Perso]). All recent posts still relating to his recent incident at the West Edmonton Mall.
- ❖ YouTube video ([Grande Prairie Alberta mall Protest... YouTube](#)) with 134 views and no comments was posted earlier today. Essentially 9 minutes of protests arguing with RCMP and bystanders.
- ❖ I wasn't able to find any other relevant posts online or mention of future protests.

I'm on call this weekend and am available at [irrelevant] anytime.

Regards,

Fraser Logan

Subject: SITUATION REPORT UPDATE Grande Prairie WAD - COVID-19 Protest - 2021-12-10

UPDATE 2021-12-11:

- Assigned city member and FIS member attended the Prairie Mall
- There were between 50-100 protesters at the mall
- Within minutes radio communication that members were being surrounded
- Cpl. Andrea Hack received a phone call from Prairie Mall Security advising the RCMP were being swarmed
- All available members responded to the Prairie Mall
- Protesters slowly dispersed
- Families were leaving the mall with children crying
- Members remained at the mall until 1330 hours when all protesters had left the premises
- No one was injured
- Some video/ photos were obtained by FIS, however the protesters were very aggressive
- No tickets were issued due to the volatility of the situation and the lack of resources
- All members involved had an informal debrief with Shift Supervisor.
- Attempts to identify individuals not wearing masks and then issuing tickets will be examined.

ISSUE:

- Potential COVID-19 Protest at the Prairie Mall in Grande Prairie, Alberta.
- Potential size of protest and resource levels of concern.
- File 2021-1828411 refers

BACKGROUND:

- On Wednesday, December 8th, 2021, Grande Prairie RCMP became aware of a possible protest at the Prairie Mall being planned for December 11, 2021.
- The protest is related to COVID-19 and vaccine protocols.
- Most of the organization of these events occur on closed Facebook Groups which RCMP do not have access to.
- Initial open source queries suggested approximately 9 persons planning to attend, however, true size could not be determined.
- Grande Prairie RCMP began planning for a proactive response to have four members at the mall for December 11, 2021 to provide enforcement as required, including arrests and charges under the Trespass to Premises Act if required.
- After multiple attempts, zero overtime resources have been found and a proactive response is no longer feasible. The plan was being transitioned to a reactive plan.

CURRENT STATUS:

- On the morning of December 10, 2021, the manager of the Prairie Mall informed the Grande Prairie RCMP that the number of people attending the Mall could be up to 140 persons.
- The reliability of this information is unknown, however, the Prairie Mall advises the number was sourced from a Facebook Group called "Action 4 Canada Alberta Chapter" and "Grande Prairie AB "Store & Services Exemption Friendly"
- Grande Prairie RCMP will not have resources to effectively manage or conduct enforcement on a group of 140 persons.
- DEOC has been contacted and advised that a request for their resources can be initiated by the District Bronze Commander if deemed appropriate.
- AHS was consulted. They will not be involved. They did not have any advice for the Prairie Mall.
- If a crowd of large size assemblies, Grande Prairie RCMP will transition their response to being present for public safety and for video surveillance of the crowd for potential identification and follow up investigation. Two uniformed members (one FIS) will be present for this purpose.
- If a smaller group assemblies, enforcement may still be considered.

STRATEGIC CONSIDERATIONS:

- We will not be able to confirm the actual number for protestors attending.
- Significant social media coverage can be expected from the protestors as well as any police response.

Sirs,

My only concern regarding this event is the reference to 'Police on Guard for Thee'. We have had some previous incidents with members (2 I believe) printing documents from the website and 'serving' them on the line officers, or sending them to the line officers. I would have to go back and confirm, but if memory serves me correctly the documents were some form of attaching responsibility to the line officer for any financial hardship suffered by the member. This is due the LWOP being assigned to those member refusing to attest, or get the vaccination.

My point in all of this is that Ponoka Detachment, and CAD, should be alive to the potential that off-duty Police (maybe these two members) may be showing up. With that I truly hope that anyone that does show up, does not self identify which agency they belong to, or purportedly belong to. If some does we would need reporting on that as I would imagine it may draw media attention.

Just a thought.

Nick

Subject: FW: SITUATION REPORT - Ponoka Detachment (CAD) - Planned Protest for 2022-01-22

ISSUE:

- A planned (peaceful) protest is being organized in Ponoka, Alberta for 2022-01-22
- The two groups involved are: (1) Police On Guard For Thee and (2) Mama Bears
- PROS Occurrence 2022-80448 refers

BACKGROUND:

- On 2022-01-18, [Personal Info] contacted Ponoka RCMP and spoke to the Ops NCO.
- [Personal Info] explained that she was organizing a peaceful protest to be held in Ponoka on 2022-01-22.
- The event is scheduled to commence at 12:00 noon at the Lion's Centennial Park.
- They plan to have 6-8 speakers at their event.
- They will transition on foot as a group from the Lion's Park to Highway 2A and then back East towards the Town of Ponoka.
- Police On Guard For Thee have a Mission statement that as active and retired police officers, their mission is to continue to serve and protect the public while remaining independent of political influence.
- They also wish to repair/regain public trust they feel has been damaged/lost due to the enforcement of emergency measures.
- Mama Bears are opposed to the mandating of vaccines for their children. They believe these measures are unconstitutional and violate their Charter Rights.
- Organizer [Personal Info] has identified herself as a 20 year veteran of Correctional Services Canada.
- She advises that her group "Police On Guard for Thee" are comprised of members from the five (5) agencies under the Public Safety Emergency Preparedness Portfolio. (RCMP, CBSA, CSIS, etc. etc.)
- [Personal Info] has made assurances that they are not coming to cause any discord and will promptly depart the area before they would allow for any disruptions in the community to unfold as a result of their presence in the community.

CURRENT STATUS:

- Town of Ponoka CAO Sandra LUND and their Manager of Communications Sandra SMITH have been advised.

STRATEGIC CONSIDERATIONS:

- None

STRATEGIC COMMUNICATIONS:

- This event may draw some local media attention. K CAD MRO will be advised.

MEMBER / EMPLOYEE WELLNESS:

- N/A

CONDUCT / CIVIL RISK ASSESSMENT:

- No issues.

DETACHMENT COMMANDER COMMENTS:

- Ops NCO has advised the CAO for the Town of Ponoka through the Manager of Communications

DISTRICT COMMANDER COMMENTS:

- Followup Sitrep update to be completed upon conclusion of this event.

A/Comm Ferguson et al.

Please find the attached report.

Sir, in relation to your question of disseminating the report to external partners, there are instances where we only learn of events via Sit Reps. In our efforts to be as fulsome on any events we learn of these public order events are listed in the weekly report. In addition, public order events that may not be related to COVID/Vaccine/Restrictions that we learn of will be documented.

Knowing the audience of the report tailors the preparation, my question would be do you wish a strictly open source weekly report allowing us to disseminate externally, or the more fulsome report completed to appraise our Districts, Detachments and units? We can complete the task either way.

Brad

Subject: Public Order Events - K Division 2022-01-21

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division.

Key Findings

- There are numerous public order events planned for this weekend in K Division. The following communities are expected to have events: Ponoka, Rimbey, Red Deer, Brooks, Peace River, Grand Prairie, Airdrie, Okotoks, Cold Lake, and Lloydminster.
- The increase in expected public order events this week compared to last week is likely due to the influence of two larger scale movements occurring both across Canada and internationally.
 - These are demonstrations against vaccine mandates for truckers and a general worldwide protest against vaccines and public health measures. These new events are also coinciding with several recurring events that take place in K Division.
- Given that these protest movements both coincide this weekend and are already taking place in several smaller communities, detachments province-wide should be notified of possible traffic slowdowns and street-protest starting at either 12:00 to 13:00 on January 22 and 23.
- There are two events planned for the next weekend in RCMP jurisdiction:
 - [REDACTED] may be speaking at an event in Leduc on 2022-01-28.
 - Freedom Hub Lethbridge is planning an event departing Lethbridge on 2022-01-29 at 05:00 to shut down the Coutts Border Crossing.

Good evening,

I was contacted by the EPS Duty Officer tonight regarding this protest from Acheson, into Edmonton then south into Calgary. I apologize if you are already familiar with this event but I cannot remember seeing the Northwest run on any of the SIT REPS. I remember seeing the Calgary portion.

It looks like they are asking the public to gather at the Husky in Acheson to send off the convoy.

Below is from EPS

Thanks,
Duane

Hi Staffs,

I wanted to bring attention to a Nation Wide convoy that we have been monitoring over the last few weeks.

“The Freedom Convoy 2022 is a result of the Federal Government’s mandate instituting that all cross-border truckers must be fully vaccinated by January 15, 2022. In opposition of this mandate and all other COVID restrictions across Canada, truckers from across Canada will be driving to Ottawa. The convoys are expected to reach Ottawa on January 29, 2022.

Freedom Convoy 2022 “ January 22-29, 2022

Facebook: Personal Info.

Website:

Telegram:

Organizers: Canada Unity, Action4Canada, Hold Fast and Vaccine Choice Canada

(See the bulletin for further information)

There is a NorthWest group coming from Prince George, and plans to stop at the Acheson corner 269304 Twtnship 531A (RCMP have been notified)

The OICC, (Debbie) came across the below posting today, it appears that a local groups / activists are also supporting the convoy. Although we do not the route they plan on taking from Acheson, I will assume that the group will head east to Edmonton and then south on the Anthony Henday. In other cities, we have seen groups encourage participants to do “slow roll” through cities.

Debbie has noted that that social media is being flooded with this convoy. I have also been contacted by other police agencies across Canada about it. I am hopeful that impacts here will be minimal and for a short period of time.

Any questions please let me know,

Subject: Unfolding Event Notification - Cross Canada Trucker Convoy

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS INFORMATION DEVELOPS

On Jan 24, 2022 Ontario Provincial Police contacted the RCMP concerning the Cross Canada Trucker Convoy that was currently located in Calgary City proper. The event organizer was having some challenges with the large number of trucks involved (ie. multiple hundred). Provincial Traffic Services has been in contact with Calgary City Police and learned that the convoy is currently moving and planned to travel eastbound along Highway 1 the Saskatchewan border. Calgary City Police are currently following the convoy and they anticipate departure out of the city limits by 09:30 hrs. CPS has estimated the current convoy to be between 20 to 25 trucks, with the possible further groups joining along the way.

Provincial Traffic Services resources will be on the highway to ensure motorist safety. Sgt. Mike Courtney out of Redcliff Traffic will be the contact point for Provincial Traffic Services. Alberta Sheriff Highway Patrol and Commercial Vehicle Teams have been engaged.

Hi Milo, great to hear that your family is doing well. My son **Person** played a few years in the Atlantic Junior Hockey League with focus of gaining some life experience and seeing and living in a part of the country he may not have had a chance to do otherwise. It was a fantastic experience for him and it still amazes me the connections that he has made through his current job, just with the players that he played against. We also lucked out with his billet family, they were phenomenal. Our only complaint was that they treated him way better then we ever thought of ☺. My youngest son still lives in **Person**. I hope to get out there to visit him this spring, I'll make a point of checking in with you to see if your free for a coffee or quick get together.

All the best Milo,

John

The event organizer was having some challenges with the large number of trucks involved (ie. multiple hundred). Provincial Traffic Services has been in contact with Calgary City Police and learned that the convoy is currently moving and planned to travel eastbound along Highway 1 the Saskatchewan border. Calgary City Police are currently following the convoy and they anticipate departure out of the city limits by 09:30 hrs. CPS has estimated the current convoy to be between 20 to 25 trucks, with the possible further groups joining along the way.

Provincial Traffic Services resources will be on the highway to ensure motorist safety. Sgt. Mike Courtney our of Redcliff Traffic will be the contact point for Provincial Traffic Services. Alberta Sheriff Highway Patrol and Commercial Vehicle Teams have been engaged.

FW: SITUATION REPORT - Fake Court Documents Regarding COVID - "K" Division Wide 2021-01-25

Sent: 2022-01-25 16:26:11
To: Kneisen, Sarah (sarah.kneisen@rcmp-grc.gc.ca); Kunetzki, Kevin (kevin.kunetzki@rcmp-grc.gc.ca); Marcetta, Nick (nick.marcetta@rcmp-grc.gc.ca)
Subject: FW: SITUATION REPORT - Fake Court Documents Regarding COVID - "K" Division Wide 2021-01-25
Attachment: Public Warrant (20220125).pdf;

Hi Folks, just wondering if we should share this with Matthew for any thoughts or comments that he may have. I think that we should also consider sending out a communique with a consistent message on how to deal with them. Perhaps we can meet j the morning for a minute or two to discuss how best to deal with this.

Thanks

Joh

Subject: SITUATION REPORT - Fake Court Documents Regarding COVID - "K" Division Wide 2021-01-25

ISSUE:

- Multiple detachments across the Division report receiving fake court documents by fax.
- PROS files: 2022-102851, 2022-102395, 2022-102310, 2022-102171, 2022-102116, 2022-101-934, 2022-101833, 2022-101794, 2022-99669, 2022-97886, 2022-97575, 2022-97522, 2022-97078 and 2022-93255 refer.

BACKGROUND:

- Between January 22 and January 25, 2022, detachments across the Division have generated 14 PROS file in relation to court documents from the International Common Law Court of Justice.
- The documents sent to each detachment has varied, but include documents such as a judgement from the International Common Law Court of Justice, a warrant to seize the COVID vaccine, cease and desist orders, and also make claims against a long list of former and current national and international figures.
- The documents were received by fax from [redacted]
- The sender's name on the fax is [redacted]

CURRENT STATUS:

- To date, 13 detachments have reported receipt of these documents, those being Vegreville, Wetaskiwin, Bonnyville, Desmarais, Devon, Kitscoty, Redcliff, Manning, Coronation, High River, Barrhead, Cochrane and Cold Lake.
- PROS checks indicate that the fax number of [redacted] is linked to a [redacted]
- There is no other information on PROS for [redacted] such as date of birth, address, phone number, e-mail address, or associates.
- The only PROS files that [redacted] is attached to are the 14 files that have been created to record receipt of these documents.

STRATEGIC CONSIDERATIONS:

- Distribution of these documents appears to be to smaller detachments.

STRATEGIC COMMUNICATIONS:

- No media attention has been documented on this matter.

MEMBER/EMPLOYEE WELLNESS:

- n/a

CONDUCT/CIVIL RISK ASSESSMENT:

- The documents received are not lawful or binding, though they claim to be.

DETACHMENT COMMANDER COMMENTS:

- n/a

DISTRICT COMMANDER COMMENTS:

To: Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca); Sahasrabuddhe, Nina (nina.sahasrabuddhe@rcmp-grc.gc.ca); Good, Mike (Mike.Good@rcmp-grc.gc.ca)
Subject: RE: K Division Deployment plan V5.docx

Hi Peter and Nina, thanks for sending this, I was going respond but got side tracked.

As you will note, we have an excellent plan that right now is based on vacancies reaching certain thresholds. With respect the comment about OT not being available, I'm not sure that we can in all cases avoid OT. Just based on our policy if we are making a last minute call, and bringing someone in, OT will be incurred. We have to give members 48 hours notice to change their schedule, anything less then that we will have to pay.

As for response times, yes we can get that information.

We can chat further tomorrow.

Thanks

John

Nina,

I know DEOC and the district were engaged on this and I can't speak to the local continuity plan. While the thresholds in the attached document are more capacity limits than strict numbers it does speak to our approach to local, district and divisional response is.

Peter

Subject: K Division Deployment plan V5.docx

This is the deployment plan we have been discussing. I will give an overview on this morning's call. I know we talked about modifying the thresholds to reflect capacity limits rather than percentages. I think we should revise, consult with the districts and federal and distribute this to the bronze.

Peter

Good Afternoon John, S.37 [REDACTED]

This just into me from our DMO. I was not aware of this planned blockade and wanted to make sure you were aware of this.

S.37 [REDACTED]

Any info you can share with the RCMP on this would be very appreciated.

John,

For your awareness, just out of caution. If your team is already alive to this and can share anything in terms of planning or intel with us, that would be most appreciated.

Thanks very much all,

S.37 [REDACTED]

Hi S.3 [REDACTED]

Not sure if this is this is a question for the ministry of justice or another ministry – if not you, I'm hoping you can point me in the right direction. I've attached a Facebook post that's been circling in southern Alberta ahead of a blockade that's apparently planned at the Coutts border crossing on Saturday morning. Is the province aware of this protest, and is it working with law enforcement or CBSA to proactively take steps ahead of a disruptive demonstration like this?

Thank you,

Danica Ferris

Hi Folks

I received the following from **S.37** this afternoon.

Brad, can you have your folks look into this and see if we can identify the organizer, and any other information on this.

Gord, once we learn more we may have to consider a STO deployment.
Kim, same for CCMG.

Lisa, it mentions blocking traffic in both directions, I don't know if that means north/south in Canada, or if something similar is being planned on the U.S. side. Either way ICE, Border Patrol and Canada Customs should be made aware of this. Can I ask you to do this and see if they have any intelligence on this.

I'm sure that we will have further discussions on this in the morning.

Thanks folks,

John

Dear Honourable Minister,

I became aware of an organized effort planned to begin Saturday to totally block all north bound and south bound traffic here at the Coutts Border crossing as well as Carway and Del Bonita. As mayor I must confess my first thought is the Village stands to lose all highway access, but the bigger picture is what could grow to be an international incident. I find it ironic that the very people talking about potential shortages are wanting to halt all traffic so they contribute to those shortages, and how about the personal rights and freedoms of all the commercial, recreational, and casual travelers they are blockading. I feel this is a perfect example of a situation that the Alberta Critical Infrastructure Protection Act was enacted to deal with. I trust you will investigate this immediately

From: White, Darleen
Sent: Thursday, January 27, 2022 4:01:23 PM (UTC-05:00) Eastern Time (US & Canada)
To: K CROPS SITREP / K OREC Rapports de situation (RCMP/GRC)
Cc: Everyone_KDIV_SAD_SITREP; Wright, Warren; Weare, Lauren; Wiebe, Greg; Semaniuk, Zane; Akitt, Laura
Subject: SITUATION REPORT Olds Detachment SAD - Convoy to Provincial Legislature and Protest - 2022/01/29

ISSUE:

- Olds Detachment was made aware through social media posts that a convoy of heavy trucks and passenger vehicles is heading from Aldersyde, AB to Edmonton, AB, where they will attend to the Provincial Legislature and hold a protest against Federal and Provincial COVID-19 regulations.
- 2022110983 refers.

BACKGROUND:

- 2022-01-27, several social media (Facebook) posts titled "Ab Provincial Legislature Convoy 2022" and "Alberta 2022 Legislature Slow Roll" were brought to the attention of Olds Detachment.
- Persons associated with posting the posts were identified as [REDACTED] Personal Info.
- The Posts essentially were calling on interested supporters to join them on Saturday 2022-01-29 morning to drive from Aldersyde, AB northward on Highway 2 to Edmonton, whereby they would park their vehicles and attend to the legislature on foot to hold a protest Saturday 2022-01-29 afternoon.
- s.37 [REDACTED]
- The convoy will commence at the Aldersyde Petro Canada gas station off of Highway 2 (Hwy 2), departing at 0700hrs. Site contact person [REDACTED] Personal Info.
- It was not stated if they plan on driving northbound through Calgary using the Deerfoot Trail (Hwy 2) or Stony Trail (SR 201).
- The convoy will be stopping at the Crossfield Petro Canada gas station on Hwy 2 near Crossfield around 0800 – 0815hrs, to allow participants to join in. Site contact person [REDACTED] Personal Info.
- The convoy will be stopping at the Olds Co-op Cardlock off of the Olds overpass at Hwy 2 around 0845 – 0900hrs, to allow participants to join in. Site contact person [REDACTED] Personal Info.
- The convoy will be stopping at the Penhold Petro Canada gas station off of the Penhold overpass at Hwy 2 around 0930 - 0945hrs, to allow participants to join in. Site contact persons [REDACTED] Personal Info.
- The convoy anticipates arriving in Edmonton at 1200hrs.
- Passenger vehicles will then go to Kinsmen Sport Centre, 9100 Waltherdale Hill, Edmonton, where they will park and proceed to the Legislature grounds on foot for the event at 1300hrs – 1500hrs. The protest rally itself is planned for 1300 – 1400hrs, but then participants are encouraged to stay and "hang out" after 1400hrs on the steps of Legislature building.
- Heavy trucks, semis etc will participate in a "slow roll" is to take place through Edmonton from 1200 – 1500hrs. One post states that semis are asked to loop Anthony Henday or find a place to park and walk to the Legislature building. It is unknown what the "slow roll" will constitute, possibly reduced speeds in a convoy lineup obstructing the flow of traffic to a degree thus bring attention to themselves.
- The following sites or links accompanied the posts. <https://www.facebook.com/search/top?>

[REDACTED] Personal Info.

CURRENT STATUS:

- Southern Alberta District was advised of pending event.
- Further investigation to possibly be assigned to a District or Division plainclothes Unit.

MEMBER / EMPLOYEE WELLNESS:

- N/A.

STRATEGIC CONSIDERATIONS:

- Other than the names of the people who posted to the Posts and/or are listed as site contacts, the actual name of the specific organization behind the Convoy to and Rally at the Provincial Legislature was not posted and is currently unknown.
- Further investigation will be required to determine the identify of the organizations and participants in an effort to conduct a proper risk / threat assessment.
- It is recommended that the Calgary Police Service, Edmonton Police Service, Provincial Sheriffs responsible for Legislature security and all RCMP Detachments along the specified route be notified in advance of this event for their operational planning.
- It is currently not known if other convoys travelling from other directions from various corners of the Province into Edmonton are also happening at the same time to converge with this convoy and join the rally.
- It is not known what kind of numbers are to be expected to participate.

STRATEGIC COMMUNICATION:

- Nil.

DETACHMENT COMMANDER COMMENTS:

- The convoy will be monitored as it passes through the Olds Detachment area on Hwy 2 and briefly stops at the Co-op Card Lock to collect more participants.
- Our file was created as an info File and not an investigative file, as this event encompasses multi-jurisdictions. It is recommended that further research and investigation into this event be assigned to a District or Division plainclothes Unit.
- Further it is also recommended that the partner Police Services, Sheriffs and Detachments be notified by the investigating Unit as opposed to by the Olds Detachment.

DISTRICT COMMANDER COMMENTS:

- District was made aware of the event and will monitor and provide assistance as required.
- District analyst has been engaged.

Subject: Possible STO deployment???

Good afternoon Sirs,

I am hearing rumors of a possible large scale STO deployment to the Coutts border crossing in relation to a possible large protest. Can you confirm that this is being considered? I have attached the relevant LOU from the new collective agreement.

If it is being considered, I would appreciate as much lead time as possible so that I can put wheels in motion to assist our Members from a comms side of things similar to what we did at the Grace Life Church.

Thanks a bunch.

Cheers,

Kev

Subject: PSIO assessment

Good Afternoon All,

Attached is the latest intel product from our PSIO based upon open source data they have compiled in relation the on-going and planned Truck Convoys, including the plans around the Coutts border Crossing and the Leg for this weekend. Out of an abundance of caution I am sending it to you but I strongly suspect your agencies are all well aware of all of this and it has already been shared.

Attachment: Protest at Public Figure Private Residence Response Plan SMEAC.pdf; Possible Charges to Consider During or post Protest Events.pdf;

Hi Folks, I received the following from s.37 this afternoon. I like their approach to this. I think we should consider adopting a similar approach from #4 on.

James, if you could look at putting something together that would be appreciated.

Thanks

John

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the **Personal Info.** at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with **Perse** and **Personal Info.** in attendance. **Personal** to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy

Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.

- Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the Personal Info. [REDACTED] at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with Personal Info. [REDACTED] and Personal Info. [REDACTED] in attendance. Personal Info. [REDACTED] to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Good Morning James,

EPS will be standing up an Major Event Commander to administer an SOP for this weekends truck convoys traveling to Edmonton. Are there any RCMP resources being dedicated to the routes of travel to Edmonton and/or the muster points specifically Acheson. There is also plans for a single lane "slow roll" formation convoy around the Anthony Henday. Is Strathcona RCMP and/or the Integrated local RCMP/Sheriff Traffic Teams dedicating resources to their respective jurisdictions on the AHD.

Please feel free to contact me if you have any questions or wish to discuss further.

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

Key Findings

- A rally is planned at the Personal Info. [REDACTED] at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with Perso [REDACTED] and Personal Info. [REDACTED] in attendance. Personal [REDACTED] to be the MC.
 - o Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.

- Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Oids, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Subject: New Information

From our CCMG group we are hearing a desire for this to be a protracted event, the plan is to lock down the crossing for the week. Our ops plan remains flexible and will be drafted with this new information in mind. We understand the 2 other crossings will be blocked for the day.

An update is expected shortly.

Cc: Everyone_KDIV_SAD_SITREP; Peters, Curtis; Brown, Mike; Wright, Kevin; Wright, Robert (bob)
Subject: Sit Rep - Milk River and Cardston Detachments (SAD) Truck Convoy/Blockade of the Coutts and Carway Port of Entries

Issue:

-Truck Convoy/Blockade of Southern Alberta Port of Entries (POE)

Background:

- Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) of a convoy/blockade at the port of Coutts and possibly the ports of Del Bonita and Carway this Saturday, January 29th.
- Social media posts indicate the main convoy will be traveling to the port of Coutts but some posts say there will be a convoy to the ports of Del Bonita and Carway as well.
- The Port of Coutts is the largest POE in Alberta and the only one that is 24 hours. Hundreds of vehicles would travel through the POE on a regular Saturday.
- The Coutts POE sits on highway 4 on the Canadian side and I-15 on the US side. This is a major thoroughfare with hundreds of commercial and personal vehicles passing through on any given day.
- Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.
- Social media posts indicate the convoy will leave the Flying J Truckstop in Lethbridge at 0500hrs on Saturday, January 29th to travel to the port of Coutts.
- Social media posts indicate the convoy will leave the Shell gas station in Fort Macleod at 0800hrs on Saturday, January 29th to travel to the port of Carway.
- USCBP information stated there have been no threats of violence however the information indicates the trucks will block the roadways.
- CBSA information indicates the convoy's intention is to block traffic at the port however they intend to allow border staff and locals through.
- The event organizers are Nick Friesen and Michelle Landry.

Current Status:

- A meeting was held at the Coutts POE on Wednesday, January 26 with RCMP from SAD, local detachments, and IBET in attendance. CBSA, Commercial Vehicle Enforcement, USCBP, US Border Patrol, Toole County Sheriff's office (who have jurisdiction on the US side outside of the port, Montana Highway Patrol, were in attendance.
- Each agency will have extra resources on shift on Saturday to assist with the response.
- It is unknown how many trucks will be participating on the Canadian side. One social media post provided by USCBP indicated as many as 1000 trucks coming from the US side.
- A meeting was held on 2022-01-27 between RCMP, CBSA, Alberta Sheriffs, and our US partners to discuss the response to any blockage of the port of entry or highways.
- CCMG members have engaged with the event organizers, there is now indication the blockade of the port of entry will last several days or until covid mandates have been lifted by the government.
- District Management has been in contact with the Federal DOJ who will consult on this event.
- There will be a contingent of 10 STO members, 6 GD members, 6 sheriff highway patrol members, 11 IBET and Fed Policing members on the ground on Saturday.
- A planning telecon is occurring with all partner agencies at 1300hrs on 2022-01-28

Strategic Consideration:

- Unified command structure will be in place with the District officer acting as gold commander, the Assistant District officer and Ops Officer acting as co-silver commanders, and 3 co-bronze commanders on the ground at the border.
- The IBET office at the Coutts POE will be used as a command post and will house all agencies.
- If trucks driving towards the Coutts POE and continue past the "point of no return", they will not be admitted into the US which will make it extremely difficult to turn around, which will cause a stoppage of all traffic through the POE.

- If multiple trucks stop and block the highway, it will be extremely difficult for members to remove them from the roadway if the drivers are not willing.
- Any obstruction of the highway could put all traffic to a stand-still in both directions.
- The USCBP Area Port Director has indicated the US authorities will stop any unlawful incursion into the US from Canada.
- Volker Stevin has been notified of this event and will be on standby if required.

Strategic Communications:

- A dedicated MRO will be on the ground at the border on Saturday to handle any media inquiries.
- If roadways and the POE are blocked, it will attract significant media attention.

Member/ employee wellness:

- NPF has advised they will have a director on the ground on Saturday.

Conduct/Civil Risk Assessment:

- N/A

Detachment Commander Comment:

- The detachment commanders for Milk River, Raymond and Cardston are engaged.

District Commander Comments:

- District will be fully engaged throughout the event.

Subject: Request for STO resources

Sir,

Currently we have 10 STO resources being deployed for tomorrow morning. I am not comfortable leaving it at that with the presumption this event will be over in one day.

Traffic/Sheriffs has provided a resource calendar up to and including February 2nd and I think we need to mirror these efforts on the uniform side.

I am asking for the current 10 STO resources to be redeployed on Sunday dayshift, and for the availability of 10 STO members each dayshift after that, up to and including Feb 2nd. We can reassess as that date draws closer the need for additional resources for the rest of the week.

I am also asking for additional 6 nightshift STO members to be able to deploy from 1800-0600 starting Saturday night, and every night after that up to and including Feb 2nd. My rationale is that this event will likely be protracted beyond Saturday day time, and if we are able to keep a lane of the highway open, we simply cannot have all police resources disappear Saturday evening. We need to maintain a presence so that we don't come back Sunday morning to a full blockade.

I believe our intention should remain to end this event as early as possible but we need to plan for a protracted demonstration.

Respectfully submitted for your consideration and action.

Kevin

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the [Personal Info] at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with [Person] and [Personal Info.] in attendance. [Personal Info.] to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Thank you, sir – The warrants were issued for Person on the 25th, however due to administrative delays, the packages were winding their way through the system still and not on CPIC. I was able to determine that the Information was confirmed yesterday, however it may still take a day or more to be added to CPIC. I can check later today with CPIC to see if they are in their inbox.

And my recommendation John would be if he is there and you plan to arrest him, to try to do it as much out of the view of others as he will put on a show for people. He will likely not follow direction and will collapse to his knees and/or prone out to make a statement. He likely would be traveling with his brother Perso who may also has conditions, looks quite a bit like him and also will video everything you do.

Take care,

Subject: Public Order Events - K Division 2022-01-28

Good morning,

See attached Open Source Report regarding upcoming public order events in K Division. Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29.

KEY FINDINGS

- A rally is planned at the [redacted] at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with [redacted] and [redacted] in attendance. [redacted] to be the MC.
 - Detachment: Leduc
- A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo
- Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer and Edmonton.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo

Sirs – I just got off the phone with CPIC; the warrant packages just arrived in the CPIC office. They're right now entering them into Warrant Tracking and will have them on CPIC itself shortly. They've also advised that if they were to receive a CPIC message concerning them at this point that they would be able to confirm and pull the warrants for any requesting agency.

And my recommendation John would be if he is there and you plan to arrest him, to try to do it as much out of the view of others as he will put on a show for people. He will likely not follow direction and will collapse to his knees and/or prone out to make a statement. He likely would be traveling with his brother (Pers) who may also has conditions, looks quite a bit like him and also will video everything you do.

Take care,

S.37 [REDACTED]

Subject: Strategy and Objectives

Strategy Statement

Within a legal framework, the police response will be measured and proportionate to achieve objectives. The primary objectives will be allowing for peaceful and lawful protest and preserving life and property. Facilitation of the right to process will require reasonable efforts to communicate with organizers both before and during the event. Preservation of life will take primacy of police response with property damage being a lesser response but will be considered within the response plan.

The preservation of access and egress routes for emergency responders will be prioritized to ensure the safety of participants, responding agency personnel, general public and residents. Police resources will be deployed with a planned escalation plan to ensure this is maintained.

Commerce and public travel will be maintained where possible, utilizing non use of force tactics and strategies. This restriction will be reassessed in the event the situation is protracted.

Objectives

Preserve Life and protect property.
Ensure the right to peaceful and lawful protest and demonstration.
Develop and maintain open communication with organizers both before and during the event.
Maintain emergency access and egress routes.

The new legislation could prove beneficial. This will form part of the conversation between CCMG and the organizers. The organizers will be the ones specifically liable should they plan such an event. We are also considering making this as part of the handout.

CRITICAL INFRASTRUCTURE DEFENCE ACT

Chapter C-32.7

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of Alberta, enacts as follows:

Definitions

1(1) In this Act,

(a) "essential infrastructure" means any of the following:

- (i) a controlled area, installation, manufacturing plant, marketing plant, pipeline, processing plant, refinery, road or road allowance as defined in the *Pipeline Act*;
- (ii) a heavy oil site, mine, oil production site, oil sands site, pit, private utility, privately owned development, quarry, storm drainage system, telecommunication line, transmission line, waste management facility, wastewater system, watercourse or waterworks system as defined in the *Environmental Protection and Enhancement Act*;
- (iii) a provincial highway, transportation facility, transportation system or urban rail transit system as defined in the *Highways Development and Protection Act*;
- (iv) a railway, structural facility or track as defined in the *Railway (Alberta) Act*;
- (v) a hydro development or power plant as defined in the *Hydro and Electric Energy Act*;
- (vi) an agricultural operation as defined in the *Agricultural Operation Practices Act*;
- (vii) a highway as defined in the *Traffic Safety Act*;
- (viii) a facility as defined in the *Oil and Gas Conservation Act*;
- (ix) a public utility as defined in the *Public Utilities Act*;
- (x) an electric utility as defined in the *Electric Utilities Act*;
- (xi) a gas utility as defined in the *Gas Utilities Act*;
- (xii) a coal processing plant as defined in the *Coal Conservation Act*;
- (xiii) an oil sands processing plant as defined in section 2(2)(pp) of the *Activities Designation Regulation* (AR 276/2003);
- (xiv) a radio apparatus as defined in the *Radio Communication Act* (Canada), including its antenna systems;
- (xv) a dam as defined in the *Water (Ministerial) Regulation* (AR 205/93);
- (xvi) a building, structure, device or other thing prescribed by the regulations;
- (b) "owner" means the owner of essential infrastructure and includes the following:
 - (i) the occupier of the essential infrastructure;
 - (ii) the person who is in possession or control of the essential infrastructure.

(2) The land on which essential infrastructure is located, and any land used in connection with the essential infrastructure, is deemed to be part of the essential infrastructure.

Prohibitions

2(1) No person shall, without lawful right, justification or excuse, wilfully enter on any essential infrastructure.

- (2) No person shall, without lawful right, justification or excuse, wilfully damage or destroy any essential infrastructure.
- (3) No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.
- (4) No person shall aid, counsel or direct another person to commit an offence under subsection (1), (2) or (3), whether or not the other person actually commits the offence.
- (5) A person who enters on any essential infrastructure, having obtained by false pretences permission to enter on the essential infrastructure from the owner or an authorized representative of the owner, is deemed to have contravened subsection (1) unless the person had a lawful right, justification or excuse to enter on the essential infrastructure.

Offences and penalties

- 3(1)** A person who contravenes section 2 is guilty of an offence and liable
- (a) in the case of an individual,
- (i) for a first offence, to a fine not less than \$1000 and not exceeding \$10 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment, and
- (ii) for a 2nd or subsequent offence in relation to the same premises, to a fine not less than \$1000 and not exceeding \$25 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment,
- and
- (b) in the case of a corporation, to a fine not less than \$10 000 and not exceeding \$200 000.
- (2)** Where a corporation commits an offence under subsection (1), any officer, director or agent of the corporation who directed, authorized, assented to, acquiesced in or participated in the commission of the offence is guilty of that offence and liable to the penalty provided for the offence, whether or not the corporation has been prosecuted for or convicted of that offence.
- (3)** Each day that a contravention continues constitutes a separate offence.

Arrest without warrant

- 4** A peace officer may arrest, without warrant, any person the peace officer finds contravening section 2(1), (2) or (3).

Regulations

- 5** The Lieutenant Governor in Council may make regulations prescribing buildings, structures, devices or other things as being essential infrastructure.

Subject: CAD preparations for the upcoming Public Order/ Convoy this Saturday, January 29th.

Good Afternoon Sirs.

I have been able to obtain the preparations from all Detachments listed in the Public Order Events going on this weekend for the Central Alberta District area.

Leduc Detachment: LA Crude Sports club event: plainclothes members from the Leduc Detachment will be in attendance in a covert capacity. Cpl. Fred DeBilly will be in charge of the police response. Uniform presence will be limited to prevent confrontation, but available if required. Sit Rep will be completed at the end of the event, slated for tonight.

Innisfail Detachment: Innisfail is aware of the convey moving from Olds north passing by Innisfail. There have been no identified plans indicating they will be stopping on our detachment area. Previous convoys have not stopped in Innisfail and just rolled on by without any incident.

I have been advised there will be no traffic services members working on the 29th. Innisfail will have 3 members working days and 3 more on evenings, who have been informed and will be monitoring.

Chris Matechuk S/Sgt
Innisfail Detachment

Blackfalds Detachment: In Blackfalds Detachment area, the risk associated to this route is primarily bystanders on the side of the highway, specifically at Gasoline Alley, and on the overpasses. Historically, this has only resulted in minor traffic disruption. There is no desired location on the route in Blackfalds' jurisdiction for the convoy to pull off, although I would expect some participants to join the convoy after staging at the Sports Hall of Fame which would allow a northbound departure – again, not particularly disruptive. Blackfalds will have 4 Cst and 2 Cpl members on duty. Blackfalds Provincial ITU on duty. CPO partners have been advised. Remaining members put on alert for short-notice overtime call-out should the risk assessment change.

Sgt. B. Dueck
Ops NCO
Blackfalds RCMP

Wetaskiwin Detachment: Based upon my review of the attached, this will primarily be an event on Hwy 2 north bound to Leduc from Ponoka. As

such our requirements for a response should be limited. That being said, we have a Cpl. + 7 Rms on duty in our detachment area tomorrow, which should be more than enough. I went looking for our local Traffic Unit today, no one here at the moment, so can't comment on what they have working tomorrow. We will monitor and advise if anything comes our way,

KD

Red Deer Detachment: Red Deer is on its 145th weekend protest. We have made an OT callout for members to monitor the event. The last few weeks have noted a slight increase in numbers, however no issues identified. Should anything of interest arise, a sit rep will be sent out by the Watch Commander of the day. If not, we can follow up on Monday morning with one indicating same.

St. Albert Detachment: Messaging and contingency plan has been shared with the working watch NCO's for tomorrow. There is no local impact anticipated but the detachment has a contingency plan with adequate resources identified as working or available for call in with short notice.

J. C. (Jeff) JACOBSON, S/Sgt.
OPS NCO St. Albert Detachment

Ponoka Detachment: the following information pertains to the preparations and resource planning for the convoy travelling through Ponoka at 10:00 on 2022-01-29: We will have two (2) General Duty Members on shift who will be available to respond to calls for service in our Detachment area. I have coordinated with Ponoka's Integrated Traffic Unit and have secured two resources for Traffic Control within the Town limits to help manage the flow of traffic in and out of Ponoka in order to ensure public safety. Sheriff S. 37 and Sheriff S. 37 will be assisting in this regard. Additionally, I have secured Cpl. Michael DILLON from Ponoka Detachment to also assist with the influx of the convoy and when they depart from Town. These three additional resources will be working on overtime from 09:00 hrs to 12 noon. Given that the convoy is scheduled to arrive at around 10:00 hrs and depart Ponoka around 10:30 hrs this time frame for the additional resources being utilized should be adequate. I have two other additional Detachment resources on standby who are ready to deploy in case any public order concerns arise. At present, public order concerns or protests are not anticipated in our area.

Respectfully, Sgt. E.E. ST-CYR

Morinville Detachment: Just a quick update, been informed that the truck convoy (unknown numbers) from Athabasca will be moving through our area tomorrow morning (Saturday) at around 09:40 hours proceeding to highway 37 to 44 and Acheson. Our resource levels will be 5 members, 4 police vehicles. I understand that Traffic West may be in the area as well. If need, we can also draw on Morinville & Sturgeon County Peace Officers for traffic.

Ft. Saskatchewan Detachment: Phone call with Ft. Sask advised as they are potentially going to be affected, they will be on standby should their area be affected. But operations as per usual at this time.

Strathcona Detachment: Will advise the watch on duty and will also advise the CRU/GIS teams, and ITU will be advised. As this Detachment is potentially affected they will be business as usual unless the convoy heads their way.

Parkland Detachment: Insp. Lokken has advised he will have 4 resources on to monitor the stop in Acheson, and any issues during their time in his Detachment area.

I will be attending the EPS EOC as the RCMP Liaison for any issues within the Central Alberta District on Saturday. For resourcing, should it be required, the on call DANCO, S/Sgt. Harp Dhaliwal, will be in charge of coordinating further resources. Gold Command will remain with C/Supt. Fleury, I will assume Silver Command at the EOC.

For your information at the upcoming meeting this afternoon.

Subject: RE: CRITICAL INFRASTRUCTURE DEFENCE ACT

Hi Kevin, I don't think that we do by engaging them now. In reality they won't give an opinion until they have all the information. At this point it would more about making them aware of the event and that there maybe a possibility that we may want to charge under this legislation. That said, the key point about this is to make sure that we engage them before laying a charge. I'm good if you want to roll with it, see what happens, then if we feel that an offence has been committed under this legislation, engage them after the fact.

Thanks Kevin, don't give me too much credit for having any valid opinions and expertise. ☺

Subject: RE: CRITICAL INFRASTRUCTURE DEFENCE ACT

Sirs,

Respectfully, if we engage public prosecutions now, do we risk getting a "no" and thereby losing our ability to utilize this valuable and effective legislation over the weekend; or do we engage them say, on Monday, and gauge their interest in proceeding with charges, should we have provided court compelling documents to anyone over the weekend. Just thinking out loud here. Might be more effective to get a "no" next week and contacting our protestors to advise them we are not proceeding with charges under that Act.

I will of course defer to your opinion and expertise.

Kevin

CRITICAL INFRASTRUCTURE DEFENCE ACT

Chapter C-32.7

HER MAJESTY, by and with the advice and consent of the Legislative Assembly of Alberta, enacts as follows:

Definitions

1(1) In this Act,

(a) "essential infrastructure" means any of the following:

- (i) a controlled area, installation, manufacturing plant, marketing plant, pipeline, processing plant, refinery, road or road allowance as defined in the *Pipeline Act*;
 - (ii) a heavy oil site, mine, oil production site, oil sands site, pit, private utility, privately owned development, quarry, storm drainage system, telecommunication line, transmission line, waste management facility, wastewater system, watercourse or waterworks system as defined in the *Environmental Protection and Enhancement Act*;
 - (iii) a provincial highway, transportation facility, transportation system or urban rail transit system as defined in the *Highways Development and Protection Act*;
 - (iv) a railway, structural facility or track as defined in the *Railway (Alberta) Act*;
 - (v) a hydro development or power plant as defined in the *Hydro and Electric Energy Act*;
 - (vi) an agricultural operation as defined in the *Agricultural Operation Practices Act*;
 - (vii) a highway as defined in the *Traffic Safety Act*;
 - (viii) a facility as defined in the *Oil and Gas Conservation Act*;
 - (ix) a public utility as defined in the *Public Utilities Act*;
 - (x) an electric utility as defined in the *Electric Utilities Act*;
 - (xi) a gas utility as defined in the *Gas Utilities Act*;
 - (xii) a coal processing plant as defined in the *Coal Conservation Act*;
 - (xiii) an oil sands processing plant as defined in section 2(2)(pp) of the *Activities Designation Regulation* (AR 276/2003);
 - (xiv) a radio apparatus as defined in the *Radio Communication Act* (Canada), including its antenna systems;
 - (xv) a dam as defined in the *Water (Ministerial) Regulation* (AR 205/98);
 - (xvi) a building, structure, device or other thing prescribed by the regulations;
- (b) "owner" means the owner of essential infrastructure and includes the following:
- (i) the occupier of the essential infrastructure;
 - (ii) the person who is in possession or control of the essential infrastructure.

(2) The land on which essential infrastructure is located, and any land used in connection with the essential infrastructure, is deemed to be part of the essential infrastructure.

Prohibitions

2(1) No person shall, without lawful right, justification or excuse, wilfully enter on any essential infrastructure.

(2) No person shall, without lawful right, justification or excuse, wilfully damage or destroy any essential infrastructure.

(3) No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.

(4) No person shall aid, counsel or direct another person to commit an offence under subsection (1), (2) or (3), whether or not the other person actually commits the offence.

(5) A person who enters on any essential infrastructure, having obtained by false pretences permission to enter on the essential infrastructure from the owner or an authorized representative of the owner, is deemed to have contravened subsection (1) unless the person had a lawful right, justification or excuse to enter on the essential infrastructure.

Offences and penalties

3(1) A person who contravenes section 2 is guilty of an offence and liable

(a) in the case of an individual,

- (i) for a first offence, to a fine not less than \$1000 and not exceeding \$10 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment, and
- (ii) for a 2nd or subsequent offence in relation to the same premises, to a fine not less than \$1000 and not exceeding \$25 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment,

and

(b) in the case of a corporation, to a fine not less than \$10 000 and not exceeding \$200 000.

(2) Where a corporation commits an offence under subsection (1), any officer, director or agent of the corporation who directed, authorized, assented to, acquiesced in or participated in the commission of the offence is guilty of that offence and liable to the penalty provided for the offence, whether or not the corporation has been prosecuted for or convicted of that offence.

(3) Each day that a contravention continues constitutes a separate offence.

Arrest without warrant

4 A peace officer may arrest, without warrant, any person the peace officer finds contravening section 2(1), (2) or (3).

Regulations

5 The Lieutenant Governor in Council may make regulations prescribing buildings, structures, devices or other things as being essential infrastructure.

 - (iii) a provincial highway, transportation facility, transportation system or urban rail transit system as defined in the *Highways Development and Protection Act*;
 - (iv) a railway, structural facility or track as defined in the *Railway Act*;
 - (v) a hydro development or power plant as defined in the *Hydro and Electric Energy Act*;
 - (vi) an agricultural operation as defined in the *Agricultural Operation Practices Act*;
 - (vii) a highway as defined in the *Traffic Safety Act*;
 - (viii) a facility as defined in the *Oil and Gas Conservation Act*;
 - (ix) a public utility as defined in the *Public Utilities Act*;
 - (x) an electric utility as defined in the *Electric Utilities Act*;
 - (xi) a gas utility as defined in the *Gas Utilities Act*;
 - (xii) a coal processing plant as defined in the *Coal Conservation Act*;
 - (xiii) an oil sands processing plant as defined in section 2(2)(pp) of the *Activities Designation Regulation* (AR 276/2003);
 - (xiv) a radio apparatus as defined in the *Radio Communication Act* (Canada), including its antenna systems;
 - (xv) a dam as defined in the *Water (Ministerial) Regulation* (AR 205/98);
 - (xvi) a building, structure, device or other thing prescribed by the regulations;
- (b) "owner" means the owner of essential infrastructure and includes the following:
- (i) the occupier of the essential infrastructure;
 - (ii) the person who is in possession or control of the essential infrastructure.
- (2) The land on which essential infrastructure is located, and any land used in connection with the essential infrastructure, is deemed to be part of the essential infrastructure.

Prohibitions

- 2(1) No person shall, without lawful right, justification or excuse, wilfully enter on any essential infrastructure.
- (2) No person shall, without lawful right, justification or excuse, wilfully damage or destroy any essential infrastructure.
- (3) No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.
- (4) No person shall aid, counsel or direct another person to commit an offence under subsection (1), (2) or (3), whether or not the other person actually commits the offence.
- (5) A person who enters on any essential infrastructure, having obtained by false pretences permission to enter on the essential infrastructure from the owner or an authorized representative of the owner, is deemed to have contravened subsection (1) unless the person had a lawful right, justification or excuse to enter on the essential infrastructure.

Offences and penalties

3(1) A person who contravenes section 2 is guilty of an offence and liable

- (a) in the case of an individual,
- (i) for a first offence, to a fine not less than \$1000 and not exceeding \$10 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment, and
 - (ii) for a 2nd or subsequent offence in relation to the same premises, to a fine not less than \$1000 and not exceeding \$25 000, or to imprisonment for a term not exceeding 6 months, or to both a fine and imprisonment,
- and
- (b) in the case of a corporation, to a fine not less than \$10 000 and not exceeding \$200 000.

- (2) Where a corporation commits an offence under subsection (1), any officer, director or agent of the corporation who directed, authorized, assented to, acquiesced in or participated in the commission of the offence is guilty of that offence and liable to the penalty provided for the offence, whether or not the corporation has been prosecuted for or convicted of that offence.
- (3) Each day that a contravention continues constitutes a separate offence.

Arrest without warrant

- 4 A peace officer may arrest, without warrant, any person the peace officer finds contravening section 2(1), (2) or (3).

Regulations

- 5 The Lieutenant Governor in Council may make regulations prescribing buildings, structures, devices or other things as being essential infrastructure.

Subject: RE: Special Prosecution of Critical Infrastructure Defence Act of Alberta

Thanks Trevor, My apologies as I may not have been clear with the intent of my original message. My comment was more about giving the Crown a heads up on the event and letting them know that we might need to engage them. As Sarah pointed out, they won't make a commitment one way or another until they have all of the information.

Thanks again,

John

Good afternoon S/Sgt. Charles,

Chief Prosecutor s.37 is responsible for prosecutions for Regional locations and ordinarily tickets issued under provincial legislation would go to her office for prosecution. Specialized Prosecutions may be able to assist with some preliminary advice on this potential blockade, but I am not in a position to advise whether we would be willing to proceed with prosecutions of tickets unless I assess whether they meet the prosecution standard as well as falling within the mandate of Specialized.

Suzanne,

Would you like me to assign someone to provide some preliminary advice?

Subject: Special Prosecution of Critical Infrastructure Defence Act of Alberta

Importance: High

CAUTION: This email has been sent from an external source. Treat hyperlinks and attachments in this email with care.

Good afternoon S.37,

I was unable to reach S.37 [REDACTED] at the Calgary office so I was advised to reach out to you.

We are in the midst of responding to a substantial vehicular convoy and protest near the Coutts border crossing starting tomorrow morning involving upwards of several hundred vehicles. Their intent is to shut down and blockade highway 4 to and from the border crossing until all Covid measures are lifted.

We have examined the CIDA of Alberta and believe this valuable legislation would be an effective measure to deal with a potential blockade. We are working with the event organizers in order to protect their right to a peaceful protest, however, we cannot allow a full shutdown of this critical highway.

Our ask to you is if Special Prosecutions would be willing to proceed with any charges we may lay this weekend under this legislation.

I can be reached anytime via e-mail or cell phone.

Thank you in advance for your response.

Subject: K DCAS Intel Report - Public Order Events 2022-01-28 and 2022-01-29

Good afternoon,

Please find attached an updated Intelligence Report regarding upcoming public order events in K Division. Both open source and law enforcement information have been included as available.

Events are planned at the border crossings with the USA and multiple convoys are planned throughout the province on 2022-01-29 in addition to local events in multiple locations. Three new locations have been added since the previous report (Strathmore, Okotoks, and Whitecourt) and details of other events have been updated.

KEY FINDINGS

- ☛ A rally is planned at the [REDACTED] at 1900hrs 2022-01-28. The organizer is All Fired up for Freedom, with [REDACTED] and [REDACTED] in attendance. [REDACTED] to be the MC.
 - Detachment: Leduc
- ☛ A series of protests/rallies are planned along the United States/Canada Border on 2022-01-29. These are in support of the Trucker Convoy Rally on Parliament Hill in Ottawa. In Alberta these will take place at Coutts, Carway and Del Bonita Border Crossings.
 - Detachments: Milk River, Raymond
- ☛ Between 7 and 10 convoys, both large vehicle and personal vehicle, are destined for the Alberta Legislature on 2022-01-29.
 - Detachments: Athabasca, Airdrie, Barrhead, Blackfalds, Didsbury, Innisfail, Leduc, Morinville, Okotoks, Olds, Parkland, Ponoka, Red Deer, Westlock, Wetaskiwin, Whitecourt
 - Potentially affected detachments: Boyle, Fort Saskatchewan, Kitscoty, Lloydminster, Redwater, Strathcona, Tofield, Vegreville, Vermilion, Wood Buffalo, Mayerthorpe
- ☛ Localized rallies in support of the Trucker Convoy are planned on 2022-01-29 in Grande Prairie, Fort McMurray, Red Deer, Edmonton, Strathmore, Okotoks, and Lloydminster.
 - Detachment(s): Grande Prairie, Red Deer, Wood Buffalo, Strathmore, Okotoks, Lloydminster.

- On 2022-01-27, a protester at an event in Calgary became aggressive toward police and passing motorists. When the subject was arrested, the crowd became aggressive toward CPS members for approximately 30 minutes then began to dissipate.^[1]
- Very few social media posts referencing violence in relation to these events have been found to date.

ISSUE:

Public Order Event â€œ Anti-Vaccine and Anti-Mask Protest.
Leduc Detachment File 2022-118558 refers.

BACKGROUND:

- On 2022-01-28, at 19:00 hours, organisers for the group â€œAll fired Up For Freedomâ€ staged a protest that was to take place at the [REDACTED] Personal Info. [REDACTED] AB.
- The Sports Club refused to host the protest and it was moved to the Leduc Recreational Centre.
- The protest was monitored by covert police resources and was found to be peaceful.
- There were in excess of 60 people in the parking lot.
- The Crowd observed was in violation of current Alberta Health orders.
- Speeches were given by [REDACTED] who were in attendance. Both spoke for approximately 20 minutes each.

CURRENT STATUS:

- The protest ended at 21:00 hours and the crowd dispersed peacefully and without incident.
- [REDACTED] was covertly surveilled away from the event and was later pulled over by a marked PC.
- CPS warrants for [REDACTED] were executed without incident.
- [REDACTED] was released roadside as per CPS wishes.

ISSUE:

â€ Truck Convoy/Blockade of Southern Alberta Port of Entries (POE)
â€ 6 additional truck convoys/protests within the province of Alberta.

BACKGROUND:

â€ Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy or blockade at the Port of Coutts on Saturday, January 29. There is also the possibility the same may occur at the Port of Del Bonita and Caraway on the same day.
â€ Social media posts indicate the main convoy will be traveling to the Port of Coutts, and additional posts state there will be convoys to the Ports of Del Bonita and Caraway.
â€ The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
â€ The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.
â€ USCBP information stated there have been no threats of violence, however information indicates the trucks will block the roadways.
â€ CBSA information indicates the convoy's intention is to block traffic at the port, but still allow border staff and locals through.
â€ The event organizers are [REDACTED]
â€ In addition to the above noted convoy/blockade, there are 6 other protests scheduled to happen on Saturday, January 29th in support of the truckers who are against the current immunization protocols. They are localized with the exception of Olds, and set to take place in Grande Prairie, Lloydminster, Strathmore, Okotoks, and Athabasca.
â€ The convoy from Olds will depart Olds and drive northbound on Highway 2, where they will gather in Edmonton at the Alberta Legislature grounds.

CURRENT STATUS:

â€ A unified GSB command structure will be in place with the Southern Alberta District Officer acting as Gold Commander, along with the Assistant District Officer and Operations Officer acting jointly as Silver Commanders. There will also be 3 Bronze Commanders on the ground at the border.
â€ To ensure a measured approach, the gold strategy will be to support the rights to a peaceful and lawful protest and to keep traffic moving as much as possible, including emergency egress availability.
â€ Pre event communication and working directly with the protest organizers is a key preventative strategy. Another key strategy will be to establish information check points to advise and guide participants of the protest as well as regular users of the roadway.
â€ The IBET office at the Coutts POE will be used as a command post and will house all agencies, including but not limited to the CBSA, USCBP and RCMP members.
â€ The USCBP Area Port Director has indicated the USA authorities will stop any unlawful incursion that may happen from Canada into the USA.
â€ Volker Stevin, highway maintenance, has been notified of this event and will be on standby if required.
â€ RCMP will continue to proactively police and monitor all protests and rallies within the RCMP jurisdiction.
â€ DEOC will be active on Saturday, January 29 at 0700 hours, and remain active till 1900 hours on Sunday, January 30. This event is fluid and there's intelligence to suggest that the convoy/blockade may extend till February 2. If it is prolonged, DEOC will remain active.
â€ Edmonton Police Service is aware of the convoy that will enter their jurisdiction on Saturday, January 31.

STRATEGIC COMMUNICATIONS:

â€ A dedicated media relations officer will be on location at the border on Saturday to handle any media inquiries.
â€ If roadways and the POE are blocked, it will attract significant media attention.

Subject: Ops Plan For Alberta POE Truck Convoy/Blockade

All,

Please find attached the final draft of the Operational Plan as approved by Inspector Shardlow. Please familiarize yourselves with your areas of responsibility. If you have any questions, please reach out to me, I will do my best to get the answer.

Thanks,

Chris

Subject: FW: Update from the Organizers (Social media)

First of all I would like to say that the admins got together for a great meeting. A lot was discussed and finalized. We hope everyone can understand that we have a lot to consider when planning such a big event. So here are some of the points that we want to clarify. Our plan for Saturday Jan 29th, is to leave Taber @ 5:15am. (Every vehicle joining this movement needs to have 4 way flashers on at all times) We then head to Lethbridge. As per the map, we will try to arrive around 7am. Turn Left (south) onto 43rd Street. Slow roll down 43rd Street towards highway 4. At this point we will have many vehicles entering the convoy from different directions. Please be considerate and allow vehicles to enter the line. No need to rush, we are all going to the same place. We will then turn left(east) onto highway 4 heading towards Milk River. Once we get to Milk River, this is where the most exciting part comes into play. Now we are heading to the border. We have some people that are in favour of just a slow roll, **But the majority of supporters saying they want to block it all off. We are confirming that we will be blocking the border after the slow roll, Keep in mind that we can not please everyone.** What we have come up with is that we will slow roll from milk river to Coutts border then back to milk river and turn around and do it again. This may happen once or twice depending on the crowd we have acquired at this point. To all of those that do not want to participate in the slow roll, park your vehicles in the very left shoulder/ lane, For those that want to participate in the slow roll, stay in the right lane. Traffic control will advise those participating in the slow roll, To all those not wanting to participate in the border blockade you are free to leave at your leisure. Keep in mind we insure that everyone will have a way of leaving, even if they are part of the blockade via the emergency lane "right hand lane" open to emergency traffic... ambulance, fire, police and locals" After the convoy is parked the emergency lane will be barricaded. Again to clarify..... right lane will be kept open for emergency and locals. The locals are supporting this movement and we want to consider that they also have places to get to. Once the vehicles are parked, let's leave some room in between each vehicle. Trying of course not to block any driveways or road accesses. We are working in conjunction with the Ottawa Convoy, staying there until ALL mandates have been lifted. So if you can stay with us please do so. The more that stay the stronger and louder our statement is going to be to Ottawa and Jason Kenney. Please remember that there will be some food provided by our amazing supporters / donators. Now as we've said before, please come prepared with some of your own food, snacks and beverages. We are truly hoping we have enough to cover everyone that is brave enough to come, but it doesn't hurt to come prepared. When it comes to the area where the food will be, Please clean up after yourselves. No littering.

Morning Sir,

I was on the call at 9am this morning but asleep on the switch on the mute button. Unless there are any objections, I would like to insert myself into the DEOC in anticipation of a potential public order event down at the Coutts POE. I will make my way to HQ and can present a STO update for the 1300 hr briefing.

Give me a ring should you wish to stand me down.

Please review and approve the following for posting to our social accounts as discussed:

Social media post for QEII highway issues:

AB RCMP are issuing a travel advisory that travel in the QEII NB lanes from Didsbury to Edmonton will have heavy congestion and slow moving traffic throughout the day. It is anticipated this will move to the SB lanes of the QEII south of Edmonton this evening.

Social media messaging for entire province:

AB RCMP are aware that there are events taking place across the province that are causing traffic disruptions throughout the day. The AB RCMP are engaged to ensure the safety of Albertans and to keep the peace. Please check 511 Alberta for road updates.

Sir,

Would you be in support of putting out a social post to assist Parkland with the issues there? For your review and approval:

Social media post for Hwy 60/Hwy 16/Hwy 16A issues:

AB RCMP are issuing a travel advisory that travel on Hwy 60 near Acheson between Hwy 16 and Hwy 16A in the EB lanes is not recommended due to heavy congestion and slow moving traffic. It is anticipated this will continue for several hours.

Hi Folks,

The attached S/R provides an update as of our 0900 hrs meeting this morning. Since then things have really picked with a significant increase in traffic on Hwy 2 northbound and on the Yellowhead, particularly between Acheson and the Hendey.

I have included a few pictures from Hwy 4 near the Coutts POE.

Updates from our 1300 hrs meeting and 1700 hrs meeting will be much quicker.

Thanks, let me know if you have any questions.

John

Subject: Proposed social media post for review and approval.

Sir,

Please review the following 3 posts that are intended to be added as a "thread" to the original posts on our AB RCMP Facebook and Twitter accounts:

1. The AB RCMP ask that participants in the convoy on Hwy 4 prevent a full blockage of the highway as this will restrict or prevent a response to emergencies such as medical, fire, collisions or other emergency events and may jeopardize the safety of Albertans.
2. The AB RCMP's goal is that traffic flow remain open in at least one lane in each direction to allow for emergency response, flow of traffic for area residents, employment travel and to permit movement of lawful traffic across the border.
3. Emergency response agencies will assist the AB RCMP with movement of vehicles or traffic flow in this event to support a peaceful and lawful protest to prevent full blockage or situations where participants may be placed in an unsafe situation.

This is in line with the written documentation that was provided to the participants and would allow the members on the ground to give this messaging to more participants that they have not been able to reach by other means.

Deanna

Good Evening Gents,

Based on the reports that I am getting from for our NPF directors in Ottawa. It sounds like things are going much better here in Alberta than they are out there. Thank-you to Kevin and John for the updates throughout the day.

The NPF will be preparing a National Comms piece to go out to our Members on Monday which will include details on both the Alberta and Ottawa Protests, and our Members involvement. To do that I am hoping to get a be more of the specifics by the end of the weekend if at all possible.

Specifically:

- How many Law enforcement personnel deployed, from which agencies and how many from the RCMP
- Estimated number of trucks and other vehicles
- Estimated number of protestors
- Number of arrests if any
- Any reported conflicts between our Members and protestors
- Number of Charges if any
- Number of hour of interruption of the board crossing

Anything else of note or interest

Thanks in advance,

KeV

Subject: RE: UPDATED 2022-01-29 COVID-19 Trucker blockade at Canada-USA border

Sir,

For sure! I will copy the NOC one into the email as well for your info. It was just about the border blockade. I have also attached the 1300 meeting update for you and I will send the 1700 update as soon as I have it completed!

Have a great night!

NOC info below:

ISSUE:

â€ Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

BACKGROUND:

â€ Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Saturday, January 29.
â€ The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
â€ There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.
â€ The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

CURRENT STATUS:

â€ Traffic to and from the Canadian side of the border crossing at Coutts, Alberta is completely blocked.
â€ There is a jack-knifed semi truck (reinforced with other vehicles) blocking the northbound lane of Highway 4.
â€ The dialogue between the participants and the CCMG has degraded.
â€ We are not able to direct traffic to an alternate border crossing.
â€ There is a border crossing located at Carway, Alberta, however it is closed from 1800-0800 daily.
â€ US Customs and Border Services has not completely closed the border crossing at Coutts, Alberta, however, only a trickle of vehicles have been crossing. Their agency is advising that notification will be sent to Seattle and is expected to go to Washington, DC.
â€ K DEOC has been activated and will remain active if the event is prolonged.
â€ RCMP will continue to monitor and respond to the situation.

STRATEGIC COMMUNICATIONS:

â€ Social media accounts continue to be monitored.
â€ Social media posts have been put out from the Alberta RCMP Twitter and Facebook accounts for public safety.

CONDUCT / CIVIL RISK ASSESSMENT:

â€ N/A

Jenn

Subject: RE: Request for CVE at Border

Good Evening Sir,

Inspector s.37 [REDACTED] has reached out to me with your request for resources at the Carway and Del Bonita border crossings for tomorrow morning. I have requested additional resources from senior management and I am waiting for a response. Most of my resources are tied up in Coutts where the bulk of the traffic seems to be located.

I have included an ops plan we had for SHP members at Coutts. It has names and contact info for Sergeants down there in Coutts and Lethbridge. They can assist with information as needed. I currently have all my members down in the Lethbridge and Medicine Hat areas redeployed to Coutts (on regular duties at this time) and I will stay in touch with you as this updates.

Thank you.

Hi s.37 [REDACTED]

All of my resources at this time are stationed at Coutts and they are very outnumbered and overwhelmed as it is.

I can put a request in for OT to senior management and see what happens. I currently have 5 Sheriffs on duty at Coutts. I have 5 scheduled again for days tomorrow starting at 6am and 5 for the evening shift.

Subject: Request for CVE at Border

Good evening,

Further to our phone conversation, we have received information that there is a plan for protesters to send two convoys of 25 semi trucks in each to both the ports of Carway and Del Bonita in order to establish blockades. We are asking if your Commercial Vehicle Enforcement officers would be in a position to establish roadblocks and inspection points with a view to denying the trucks access to the ports. We are suggesting the following locations:

- 1) Intersection of highway 62 at highway 501 to prevent access to Del Bonita,
- 2) Highway 2 just south of Cardston to prevent access to Carway.

Thank you,
Kevin

Good Evening Sir, and Maâ€™am;

Just a quick note to ensure that everyone is on the same page. Under the Gold command direction F Div MOSS S/Sgt. Rob Atteberry was contacted. It was determined that the Fdiv HASP was assigned to a low priority member transport in the morning. S/Sgt. Atteberry has been requested to notify the Pilot that we have requested the first right of refusal of use of the Fdiv HASP tomorrow once we have a better idea of what the weather will look like.

I will be in contact with Pilot Cathy Stewart (MPP) in the morning for a forecast update, once received we can complete a CrOps to CrOps or necessary request to facilitate HASP support.

Have a great evening.

Subject: RE: Request for CVE at Border

Good Evening Sir,

Inspector Schmidt has reached out to me with your request for resources at the Carway and Del Bonita border crossings for tomorrow morning. I have requested additional resources from senior management and I am waiting for a response. Most of my resources are tied up in Coutts where the bulk of the traffic seems to be located.

I have included an ops plan we had for SHP members at Coutts. It has names and contact info for Sergeants down there in Coutts and Lethbridge. They can assist with information as needed. I currently have all my members down in the Lethbridge and Medicine Hat areas redeployed to Coutts (on regular duties at this time) and I will stay in touch with you as this updates.

Thank you,

Hi s.37

All of my resources at this time are stationed at Coutts and they are very outnumbered and overwhelmed as it is.

I can put a request in for OT to senior management and see what happens. I currently have 5 Sheriffs on duty at Coutts. I have 5 scheduled again for days tomorrow starting at 6am and 5 for the evening shift.

Subject: Request for CVE at Border

Good evening,

Further to our phone conversation, we have received information that there is a plan for protesters to send two convoys of 25 semi trucks in each to both the ports of Carway and Del Bonita in order to establish blockades. We are asking if your Commercial Vehicle Enforcement officers would be in a position to establish roadblocks and inspection points with a view to denying the trucks access to the ports. We are suggesting the following locations:

- 1) Intersection of highway 62 at highway 501 to prevent access to Del Bonita,
- 2) Highway 2 just south of Cardston to prevent access to Carway.

Thank you,
Kevin

Final draft:

Jan. 31, 2022

Alberta RCMP statement regarding Coutts border assembly

Coutts, Alta.â€”In response to those attending the Coutts border assembly on Hwy 4 since Jan. 29, 2022, and the resulting blockage to the northbound and southbound lanes of traffic at the Coutts border crossing, the Alberta RCMP are issuing the following statement:

The Alberta RCMP continue to act to preserve the peace and maintain public safety at the Coutts border crossing. Extensive efforts have been taken to engage with all stakeholders in the hopes that a peaceful resolution can be reached. We are working with truck drivers who are attempting to disengage from this event so that they are able to do so; however, current conditions have traffic immobilized.

The Alberta RCMP will use only the level of intervention necessary to ensure the safety of all citizens and to maintain peace, order, and security. Our goal is to facilitate lawful and peaceful protest. When an event becomes unlawful we utilize a measured approach, which ultimately includes enforcement. This event is unlawful and we have asked those who are involved to clear the area.

The Alberta RCMP uses necessary measures to protect the fundamental freedom of peaceful assembly and freedom of expression, to promote the safety of all citizens, to enforce laws and to maintain peace and order. In turn, it must be recognized that while everyone has a right to peaceful freedom of expression; the general public, local residents and businesses also have the right to a safe environment and freedom of movement.

Alberta RCMP advise that a full blockage of Highway 4 will no longer be permitted. Personâ€™s participating in this event can expect increased enforcement of Traffic Safety Act and Use of Highway and Rules of the Road Regulations on Hwy 4 and area roadways. Pedestrians are also reminded to follow all the rules of the road such as jaywalking and stunting.

Alberta RCMP would like to remind participants of this assembly that it is unlawful to wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective as per the Critical Infrastructure Defence Act of Alberta. A Highway is considered essential infrastructure. Anyone who actively blocks a highway may be subject to arrest and charge under this act. Anyone who aids, counsels, or directs a highway to be blocked may also be subject to charge under this act.

Alberta RCMP would like to advise that the nearest ports of entry that remain unobstructed at this time is Carway/Peigan and Delbonita border crossings.

Subject: K Division update – Alberta Trucker Protest at Coutts Border Crossing

Update from K Division as of 1036 MST – Alberta Trucker Protest at Coutts Border Crossing

Enforcement action will tentatively begin at 1200 MST

We continue to engage with CBSA and U.S. Customs to explore contingencies with enhanced hours and services at the two other ports in Alberta. The Port Manager Ben Tame has been well engaged.

CCMG has remained fully engaged. Approximately 8-10 'hardline' leaders are more defiant in communication. They are refusing to leave and refuse to let others leave.

Working with provincial resources including Sheriffs and CVE

Crown is engaged and all options under Traffic Safety Act, CC and Alberta Critical Infrastructure Defence Act being considered.

We are also getting reports that people in the blockade are being intimidated and are feeling trapped. We also recognize that many have gone without food and drink for a few days. We are working on a plan to get them some basic needs into the group.

There are also reports of some protestors displaying firearms in an open manner.

Proactive Comms Strategy in place

Last evening (Sunday 2022-01-30) we were able to get 32 trucks that had cleared Customs and were in middle are and unable to move north because of blockade. CBSA, US Border, IBET and our commanders were able to reroute a short distance back through the American side and then reenter into Canada. Not all of those who could leave chose to. Significant cooperation will all involved on this. Great work!

Version #2

1/2 In an effort to find a peaceful resolution, the Alberta RCMP had been negotiating with the protesters at the #Coutts border crossing throughout the day. While we thought we had a path to resolve this, the protesters chose not to comply.

2/2 We will continue to actively resolve the situation, and would like to remind everyone to stay clear of the area as traffic remains immobile.

Subject: RE: Evening Tweets for Approval

Fraser,

I just wanted to convey what we did today...

My thoughts are that we say we thought we had a path forward to resolve this with the protesters but in the end they chose not to comply.

I'm not sure I want to message that we will continue to negotiate I think I would rather generalize that we are actively trying to resolve the situation and ask everyone to avoid the area as traffic is still immobilized...

Obviously you will make it work for Twitter just conveying the idea.

Peter

Subject: Evening Tweets for Approval

All,

I agree, keeping the tweets simple this late would best be. For the group's consideration:

1/2 The Alberta RCMP had been negotiating with the protesters at the #Coutts border crossing throughout the day in an effort to find a peaceful path to removing the blockade. Despite our best efforts, the protesters chose not to comply.

2/2 We will continue to negotiate throughout the evening to resolve this situation, and would like to remind everyone to stay clear of the area.

We've character room in the second tweet to insert additional warnings / safety messaging if we feel it's appropriate.

Subject: Tweets

Hi Fraser I wonder if tonight's tweet is as simple (with better language) as we have been negotiating with protesters throughout the day and thought we had a path to resolution. Unfortunately the protesters choose not to comply. We continue to work to resolve the situation. Please stay out of the area. Obviously the language etc needs cleaning up, but what are your thoughts? But if you think that might work, please send lines to myself, John Ferguson and Peter Tewfik to review. Thanks, Nina

Hi S.37,

Thank you to you and your folks for the support that you are giving us. We do have a specific ask for about 6 CVE inspectors. Who would be the best person for us to reach into?

Thanks S.37, let me know if you want to chat.

Thanks

John

Subject: Border Traffic

Gentlemen â€” I am hoping you can answer a couple questions as the Transportation Minister has made inquiries to JSG.

- ☛ Is TWP 510 still an option to route traffic around the blockade?
- ☛ Transportation office does not think Del Bonita Hwy can support full loads, confirmation required. I can work with Transport to advise unless you have confirmed locally.
- ☛ Carway crossing can likely support all loads. Transport can advise.
- ☛ What are the extended hours of operation for Carway and Del Bonita?
- ☛ Is there a contact for CBSA that we can connect to Transport?
- ☛ Transportation office is looking to publicly message the alternate border crossings or will this impact operations?

Let me know if there is anything you need from the Transportation office that I can assist with.

Thanks,

S.37 [REDACTED]

Hi S.37

Thank you to you and your folks for the support that you are giving us. We do have a specific ask for about 6 CVE inspectors. Who would be the best person for us to reach into?

Thanks S.37, let me know if you want to chat.

Thanks

John

Subject: Strat Comms Plan: Tactical Ops Social Media Posts

All,

As per a discussion with Nina, Gord Corbett and Curtis Peters,

Strat Comms would like to begin putting out basic social media posts of the specific tactics being employed by our members in Coutts. Example: "Alberta RCMP are checking individual vehicles to ensure whether they are occupied or abandoned. Abandoned vehicles will be towed."

The content of the tweets and Facebook posts will come from Cpl. Curtis Peters (onsite MRO) in consultation with Gord Corbett. Myself or another Strat Comms Manager will craft the posts and send to Nina, John and Peter for their final approval.

The intent of the posts is to constantly update the media and the public on the enforcement activities (where appropriate) of our actions in Coutts. By communicating smaller bits of information more often, we will help stem any public criticism of "police inaction". **Op Sec and other tactical considerations will trump any tweets**, as we know the protestors and their supporters will be viewing our content.

For your discussion and consideration,

Regards,

Fraser Logan
Strategic Communications Group Manager
"K" Division RCMP
780-412-5261

Hi s.37 [REDACTED], 0800 hrs would be great. Please give s.37 [REDACTED] my cell # and either myself or someone else will meet him at the front door. In addition, there are two spots for guests for the CO, s.37 [REDACTED] can park in one of them. As you come in off 109 it is the parking lot on the south side of the entrance at the west end.

Thanks again s.37 [REDACTED] I will call you re the class 1 drivers in a few.

John

Hi S.37 [REDACTED]

Thank you to you and your folks for the support that you are giving us. We do have a specific ask for about 6 CVE inspectors. Who would be the best person for us to reach into?

Thanks S.37 [REDACTED], let me know if you want to chat.

Thanks

John

Subject: BWC Request.

Shaun/Shirley,

Can we please expedite and send 30-40 BWC's to K Div, as a priority, based on what they are facing.

Thanks,

Sorab

Subject: RE: BWC Request.

Morning Sir,

I can do that this morning, but I'm not sure they would arrive before mid day Friday based on past experience shipping them out asap. My records indicate I have 21 Watchguard BWC in the office, 14 Viewu and 18 Axon....I can ship multiple different models, but it will become difficult to manage for K div. My suggestion is to just send the 21 Watchguard's.

I will require a contact and shipping address to get them on their way.

Subject: FW: Secondment Update

Sirs – please see updated from Kristin Appleton on the Hate Crime secondment to GOA.

Good questions raised – The SCB has not been involved in any discussions around MOUs or Secondment Agreements on this matter. I am guessing someone at CROPS or OSB is on this?

Will you be looking to SCB to report back on how things are going over there or is the province somehow reporting back to the involved agencies?

Subject: Secondment Update

Hi there

I just wanted to check in about my secondment as I've been engaged with the HCCU for a couple of weeks now. It has been an absolute whirlwind of learning, meetings and figuring out my role but I am feeling like I am getting the hang of things. As it's a new unit there are some growing pains but overall things are going really well. Our unit is conducting an environmental scan of all things hate crime related in the province and then doing what we can to support law enforcement units, community groups etc to ensure consistency across Alberta. Today's meetings surrounded the current state of affairs with the trucker convoy and protests which have unfortunately increased hate propaganda from extremists who have nothing to do with the convoy cause. Lot to do...lots to learn.

I am instructing at the CPC on Feb 17th and have been asked to present for the entire day now and prepare scenarios. I should be expecting a travel request from their admin side anytime now to book my flights etc.

I am working the same shifts as before which is handy. I am still waiting on my secondment agreement to be signed off but hopefully that will happen soon.

Thank you for supporting me with this new opportunity!

Kristin

Peter,

Just finished a call with Commr, your CO and others. Information flow is paramount to support the Commr and our actions through this, as there lots of moving pieces and concern over spread and this becoming a long term event.

Can I please ask for the following:

1. Sit Rep twice a day. 12 pm and 6 pm Ottawa time. (For today at 12 pm please add to what you sent last night).
2. Hourly updates by email - can be short ones, from you to myself so I can update the Mgmt Team here.
3. Your CO offered that I could join your briefings. Please send me the invite as it will help with information flow and could cut down on hourly updates.

Call me if you wish to discuss. Best wishes for the day to all of you.

Sorab

Hi Ben, no worries, I will get them added in the morning.

I heard that we had our first vehicle go through U.S. customs, that is good news.

Have a good night,

John

Thanks Ben, I appreciate your comment. It really was a team effort by all groups and agencies involved. I really appreciate the support that you and your team provided, particularly a place to work from. I'm not sure what we would have done if we didn't have the space that you provided. Maybe rent the meeting room at the bar :).

Have a good night.

Subject: Issue raised from the boarder

Good morning, Sirs,

Please find below a cut a paste from and email that I received from a Member this Morning. I am a little bit surprised at the complaint as DECO assured me earlier in the week that breaks were built into the Ops Plan.

"Just wondering if there are any npf resources at the Coutts border deployment? The whole thing has been run poorly from start. Members have driven 3-4 hrs then immediately started shift, worked 12 HR shift then an HR back to Lethbridge for hotel. Yesterday there were guys ASKING to be relieved as they were entering hour 20 of work and still had hr to drive to hotel after relieved. We are all being dumped at checkpoints for 12 hrs straight with zero breaks and not even opportunity to use washrooms. It's like they told us where to go and just forget about us for 12 hrs."

Is there somebody that is able to advise me what the plan is currently in relation to the Members concerns?

Kev

Info: this relates to file #30914

Hi John, per your last message, I think Trevor would be best, as he can speak from first hand experience and most senior, if not, then Ryan Comaniuk, similar to what I did at fort mac fires.

To: Tewfik, Peter <peter.tewfik@rcmp-grc.gc.ca>
Subject: visible joint leadership - Coutts In person media

Envisioning an enhanced and strong visible communication strategy, senior leadership source of information, vs fractured reports from various community sources

Joint leadership in person media scrum later today, if it can work out (RCMP, JSG, mayor, other agencies, relevant associations) senior leadership representation

Acknowledgement of public frustration

Role of police in these instances

We get it we escorted you here, we escort and support lawful protests

What is happening ground truth what we have been doing

Challenges for police

- Honesty, running at members
- Some want to leave, some want to stay
- Why blockade is bad, emergency services, school bus, supplies, livelihood

What we support peaceful lawful protest

- Praise to those many protestors who are just driving lawfully, assembling lawfully 30-40 so far, all great well done

What we need to see at least one lane open N/S

What we will support peaceful lawful protest

Why is this important?

- Reiterate some of the above

-

John

I received copies of the social media posts from Ed this morning.

Given attached file size, a problem to fwd in Outlook. Copies are on USB - Emily Skinner will deliver to you.

While drawing assumption that likely some internal USBP policy may have been breached, the content presents as relatively benign.

Subject: K Div Update - 2022 02 04 @ 10:30 - Commr. Update going out.

K Div Update - 2022 02 04 @ 10:3

Things are progressing well at the Coutts site with the lanes open in both directions. Receiving better cooperation at the Coutts site than the checkpoint. Split in attitudes at the checkpoint, some moderates and some more entrenched. [Personal Info] has a following with some at the checkpoint. Paul Brandt may hold a concert at the Milk River Rodeo grounds. Unknown what that will mean for traffic and protestors.

K Div looking for ways to allow this to transition from unlawful to a lawful protest, by finding a safe location for trucks and protestors to congregate, that will not impeded traffic. Evidence gathering operation increasing with checks of drivers as they leave the two locations.

One tow truck available from the City of Edmonton that could be used, however, may be required as convoy drives to legislature in Edmonton tomorrow. Checking with tow truck companies in Montana to see if they will/can assist. CAF option may have to be considered.

Subject: FW: 1000 Update

Hi Sorab, For your awareness.

John

- As of 1814 last night, Western Standard News was claiming that **Personal Info** has convinced the truckers to remain in Coutts. **Per** was controlling the narrative in Coutts but departed late in the evening.

- As of 1818 last night, Article 9 was approved by the province

- Jason Kenney did not lift any restrictions last night but pending data, might look at lifting restrictions in February

- Working on gathering accurate vehicle counts for site and CP10

- There are efforts to coordinate a protest at the Alberta Legislature on Saturday February 5th.

- AB sheriffs are setting up road closures around Edmonton legislature at 1000 today

- It is expected that there will be heavy traffic this date on all major roads leading into the City of Edmonton. "K" Division's Central Alberta District is fully engaged and will ensure that sufficient resources are available along these routes to assist with traffic control.

- Discussed the possibility of setting up a police checkpoint at a weigh scale along the highway up to Edmonton in order to educate truckers on the consequences of their involvement

Obstruction of or injury to highway

43(1) A person who, without justification or excuse, (a) obstructs or deposits any material on a highway, or (b) interferes with, breaks, cuts or otherwise injures a highway, is guilty of an offence.

(2) The court that convicts a person of an offence under subsection

(1)(a) may also order the convicted person to forthwith remove any obstruction or material deposited on the highway.

(3) When any person contravenes subsection (1), the highway authority concerned may remove the obstruction or material deposited on the highway or repair the highway, as the case may be, and recover its expenses incurred in doing so from that person in an action in debt.

Subject: K Div update 2022 02 04 @ 13:50 hrs - Commr. Group.

K Div update 2022 02 04 @ 13:50 hrs

Vehicles @ Checkpoint : 19 Commercial, 67 Personal, 8 RV's

Vehicles at Coutts Site : North bound lane - 24 Commercial, 3 personal. South bound lane - 24 Commercial, 2 personal. Saloon in Coutts - 5 Commercial and 20 personal.

Checkpoint is being continually tested by protestors and CCMG engages as required. Fluid situation.

Coutts site currently has trucks blocking all lanes of traffic in both direction. Unknown number of trucks involved in this action which has occurred in last hour. **Unknown if this is permanent or temporary**, as has previously occurred with minor blockages that CCMG has to deal with and clear through negotiation.

Slow rolls occurring at other sites in AB.

Need for ability to clear the highway of vehicles still exists and will be critical for any enforcement action.

Subject: FW: Issue raised from the border

Hello A/Commr. Ferguson and C/Supt. Kunetzki,
The email trail below made its way to Caitlin and me since we are the OMLR Advisors in "K" Division.

Without knowing all the details, it appears the primary issue is meal breaks. As such, the following articles of the collective agreement are applicable:

Meal breaks

- 21.23 The Employer will provide a full-time (F/T) Member with:
- a. One (1) paid thirty (30) minute meal break as part of a scheduled eight (8) hour work shift; or
 - b. One (1) paid forty (40) minute meal break as part of a scheduled ten (10) hour work shift; or
 - c. One (1) paid forty-five (45) minute meal break as part of a scheduled twelve (12) hour work shift.
- 21.24 Provisions for part-time (P/T) Members can be found in Article 54.

<https://www.tbs-sct.gc.ca/agreements-conventions/view-visualiser-eng.aspx?id=28#cc28896228897>

Referring to the above, the members are entitled to breaks and these should be provided. Additionally, it appears that many are in travel status so they would also be entitled to reimbursement for meals under the NJC Travel Directive: <https://www.njc-cnm.gc.ca/directive/d10/v238/s659/en>

Again, other than the email trail below, no details have been provided to Caitlin or me so if you need information in addition to the above or any advice or guidance related to this issue or dealing with the NPF, please contact me directly.

Thank you,
Naomi

Subject: Issue raised from the boarder

Good morning, Sirs,

Please find below a cut a paste from and email that I received from a Member this Morning. I am a little bit surprised at the complaint as DECO assured me earlier in the week that breaks were built into the Ops Plan.

"Just wondering if there are any npf resources at the Coutts border deployment? The whole thing has been run poorly from start. Members have driven 3-4 hrs then immediately started shift, worked 12 HR shift then an HR back to Lethbridge for hotel. Yesterday there were guys ASKING to be relieved as they were entering hour 20 of work and still had hr to drive to hotel after relieved. We are all being dumped at checkpoints for 12 hrs straight with zero breaks and not even opportunity to use washrooms. It's like they told us where to go and just forget about us for 12 hrs."

Is there somebody that is able to advise me what the plan is currently in relation to the Members concerns?

Kev

Cc: Heini, Ian
Subject: SITUATION REPORT - Redcliff Detachment SAD - Protest and Intermittent Road Blockade

ISSUE:

- Information received concerning an intermittent blockade at the intersection of Highway #3 and Township Road #120 in Cypress County starting at 12:00 pm.
- File 2022147448 refers.

BACKGROUND:

- Redcliff RCMP are currently monitoring information regarding protesters setting up a potential blockade at Hwy #3 and Township Road 120 in Cypress County starting at 12:00 pm.
- The protest vehicles are believed to be shutting down the flow of traffic at that intersection in 30 min intervals.
- Members will be attempting to discuss plans with the protesters.

CURRENT STATUS:

- Redcliff members are monitoring the area to see if a group is amassing in the area and what the vehicle composition will be.
- Volker Stevin and Cypress County can be utilized to assist with traffic flow once the intersection is opened or if there is a need for detour.
- Contact will be made with apparent organizers to minimize if not discontinue intermittent traffic disruption, to ensure an emergency lane remains open, and to determine the duration of the demonstration.

STRATEGIC CONSIDERATIONS:

- N/A

STRATEGIC COMMUNICATIONS:

- Engage SAD MRO for media and social media release

MEMBER/EMPLOYEE WELLNESS:

- N/A

CONDUCT/CIVIL RISK ASSESSMENT:

- N/A

DETACHMENT COMMANDER COMMENTS:

- Commander is aware of the situation.

DISTRICT COMMANDER COMMENTS:

- District is aware of the situation and is monitoring same and will provide guidance and resources as necessary.
- Appropriate resources are in place.

To: Rupa, Sorab (Sorab.Rupa@rcmp-grc.gc.ca) (Sorab.Rupa@rcmp-grc.gc.ca); Vickers, McKenna (mckenna.vickers@rcmp-grc.gc.ca); Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca)
Subject: FW: 1815 Update

- CO and A/Commr. Ferguson had meeting with Premier to give updates on our current events
- Previous southbound lane blockage at site has cleared up and lanes are now open in both directions
- The Sweetgrass, Montana POE is the only port in Montana that is set up to inspect cattle that is crossing the border from Alberta. The Minister of AB Agriculture and Forestry advised that U.S. Meat Inspectors are not planning on moving meat inspection operations to the two alternative POEs opposite of Del Bonita and Carway.
- CP10 has 200-300 vehicles present. CP10 and site have stabilized
- CCMG continuing to engage with protesters and have identified a leader at the moment
- MARP has been submitted to National HQ. The province of Alberta is in the process of submitting a similar request to the GOC for Military assistance.
- E Division resources are engaged and will start traveling to Alberta tomorrow to provide relief to K Division STO.

Cc: Yetman, Gordon; Searle, David
Subject: SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

ISSUE:

- Intel of planned "Freedom Convoy" to be held on Saturday, February 5, 2022 in the City of Brooks and County of Newell.
- Brooks RCMP PROS File# 2022148787 refers.

BACKGROUND:

- On 2022-02-04, S/Sgt. YETMAN was requested to attend a meeting with two of the organizers of the event.
- During that meeting, the organizers advised they will be conducting a slow rolling convoy protest through the City of Brooks.
- Two other options included a slow rolling convoy along Highway 1 near Brooks, AB and possibly a blockade of Highway 1 at the 2nd Street overpass.
- For the blockade to occur, the organizers are waiting on direction from members of the Coutts blockade who are going to the Alberta Legislature on February 5th to meet with two MLAs.
- If this meeting does not have the desired outcome, they will blockade the highway.
- The organizers advise that if the blockade occurs, they will leave the on/off ramps clear so traffic can still flow.
- The blockade option appears to be well planned and would involve setting up a camp as well as a support camp along the highway.
- The organizers advised they would be prepared to stay for an extended period of time.
- They also advised that these blockades may occur at various points along Highway 1 and specifically mentioned Dunmore, AB.
- This rally is designed to cause congestion and possibly disruption along Highway 1 in an effort to get all current COVID-19 related mandates lifted.
- It is believed that 80-100 vehicles may be in attendance.
- The organizers state that the situation is very fluid on their end.

CURRENT STATUS:

- The organizer is a local business owner named [REDACTED].
- Additional police resources are being obtained locally.
- The Commander has had a meeting with [REDACTED] and his assistant [REDACTED].
- The organizers of this event have organized similar events in the past and have been reasonable and respectful in their dealings with police.
- Dayshift members working on February 5th have already been briefed by the Commander.
- The Detachment and watch Commanders will have contact with the organizers during the convoy.

STRATEGIC CONSIDERATIONS:

- Ongoing protest at the Coutt's border crossing has demonstrated that Tow Companies are reluctant or unwilling to assist police with the removal of vehicles at these events.
- The organizers have stated that their fear is that other people from outside their core group will attend and cause problems.
- Although additional resources are being added for the event, an extended protestor blockade may exceed the detachment's capacity.

STRATEGIC COMMUNICATIONS:

- Media interest is anticipated in light of similar nationwide protests.
- KMOSS will be contacted to coordinate media release should traffic need to be diverted.

MEMBER/EMPLOYEE WELLNESS:

- Members are aware of the various support programs available.
- The Detachment Commander will be in contact with members throughout the day to ensure employee wellness.

CONDUCT / CIVIL RISK ASSESSMENT:

- On duty members have been given direction with respect to enforcement and engagement if required; Detachment Commander will be involved in all such activity.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander and Ops Nco are engaged.
- Sufficient resources are in place at this time.

DISTRICT COMMANDER COMMENTS:

- Sufficient resources are in place at this time. Further support to be provided should circumstances change.

Subject: OSINT Update #2 (2022-02-04)

Good afternoon,

The attached was received via a member from the field who was reviewing the "AB Coutts Convoy Jan 29" Facebook group. Regarding [REDACTED] flying in tomorrow to perform on stage at Hwy 4 and 501 blockade between noon and 13:00.

Same will be assessed and incorporated into the next OSINT update.

As per the tactical report disseminated earlier today, [REDACTED] is believed to have attended the protest area by helicopter to provide supplies on 2022/02/02.

Potential Protests Saturday

From: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca);

Sent: 2022-02-04 19:29:00

To: Daroux, Trevor (trevor.daroux@rcmp-grc.gc.ca); Knelsen, Sarah (sarah.knelsen@rcmp-grc.gc.ca) (sarah.knelsen@rcmp-grc.gc.ca); Hobson, Andrew (Andrew.Hobson@rcmp-grc.gc.ca); Fleury, Darcy (darcy.fleury@rcmp-grc.gc.ca); Graham, Gary (gary.graham@rcmp-grc.gc.ca); Redl, Greg (greg.redl@rcmp-grc.gc.ca)

Subject: Potential Protests Saturday

Hi Folks

Just further to the conversations that I have had with each of you. Trevor is the Gold commander tomorrow, Sarah the Silver and Andrew the Bronze.

EAD has submitted an Ops Plan to DEOC. Darcy, can you have Brent submit his once it is completed. Sarah, can you share both with Trevor tomorrow.

The only thing that WAD really has and is concerned about is a possible blocking of the bridge in Peace River. Greg will advise who the DANCO is that will be the point of contact.

If anything happens in any of the District, please make sure that DEOC is advised. Regular reporting would be greatly appreciated.

I hope that I have not forgotten anything.

Thanks, have a good night and good luck tomorrow.

John

Subject: WAD

Sir,

Like I mentioned on the phone, my main concern is the Peace River event. Assuming it's finite, we should be able to handle it with our own resources. Fire and ambulance will be stationing resources on both sides of the river as well.

The only other event of sorts will be potentially taking place in Fairview. There has been some talk of another "slow roll" drive through/around the town. The local Commander has been trying to contact the organizer to confirm how much of a disruption they are planning (assuming they will share).

S/Sgt. Jesse GILBERT is the on-call DANCO for WAD tomorrow, and will be providing me updates throughout the day, which I will pass on. If DEOC needs to contact S/Sgt. GILBERT, he can be reached on his cell at 867-447-1281.

Subject: RE: Protest map and Public Order events summary

Hello Sir,

I apologize for the delay on this. I spoke with Vanessa at DCAS.

She suggests sharing the Map is no issue whatsoever; good to share.

The OSINT is perhaps not ideal, because it has some SITREP info, but is very low risk. Vanessa offered that she can easily produce two versions of the OSINT going forward: one without any SITREP info, for sharing, and the other, for internal RCMP use. Again, even with the SITREP info is low concern.

The Tactical Intelligence Update is not good for sharing outside the RCMP, and frankly has less applicability to other LE agencies, because it is literally the current tactical/investigative activities at the Coutts site.

At my request, Vanessa and her team will clearly mark all future DCAS emails as "internal use only", or "shareable". Thanks Vanessa!

Folks,

Just want to thank you all in advance for what is potentially going to be a long day.

Good luck with the events. Please let me know if you need anything from us. We hope to take your updates and distribute them on a very regular basis up to Govt so as to keep the traffic to you to a minimum.

Talk to you soon.

PSIO SITREP â€“ 5 Feb 2022 â€“ Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

DATE/TIME: February 5, 2022 @ 1000 hrs

PURPOSE: To provide aggregated situational awareness regarding â€œFreedom Convoyâ€ solidarity activity impacting Alberta.

BACKGROUND:

- Regional â€œFreedom Convoyâ€ solidarity convoys (a.k.a. â€œOperation Bear Hugâ€), localized highway slowdowns, temporary barricades, and protest activities are anticipated to occur throughout Alberta on 5 Feb 2022.
- â€œFreedom Convoyâ€ and Public Health Order (PHO) opposition protest activity is expected to converge on the ALBERTA LEGISLATURE around 1300 hrs.
- Significant traffic hazards and disruptions are anticipated on Albertaâ€™s Highways, particularly in and around the CITY OF EDMONTON.
- Attempts to resupply and/or reinforce ongoing COUTTS BORDER CROSSING ACTION may occur.
- Temporary convergence on mainstream media facilities has been included in some route planning.
- Root-level organizing is expected to rapidly adapt relative to develop involving the COUTTS BORDER CROSSING and OTTAWA â€œFreedom Convoyâ€ activities.
- There are no overt indicators of organized coordination between regional contingents.
- There are no overt indicators of planned violence identified at this time.
- Counter-protest activity may increase potential for confrontations.

CURRENT STATUS:

Coutts Border Crossing

- Transport Canada Civil Aviation, at the request of the RCMP, have issued NOTAMs (Notice to Air Missions) restricting Canadian airspace for ongoing police operations within 5 NM (9.26 km) radius centred on 490014N 1115735W (Coutts Border Crossing) and 490828N 1120452W (Milk River). NOTAMs in effect until Wed 29 Feb.
- As of 14:30 Fri 4 Feb. Flow of US-bound traffic restored after 3 commercial vehicles and 4 pickups blocked Hwy 4 SB traffic at Coutts. Traffic is still impeded south of Milk River at Highway 4 and 501 (about 20 km north of Coutts). While the border is open, traffic is escorted and moving through slowly.

- As of 20:00 Fri 4 Feb, RCMP still managing two illegal protests in the Coutts area. Local and border traffic is flowing slowly in the northbound and southbound lanes and motorists are still asked to avoid the area.
- Unconfirmed social media posts continue to call for more protestors to join the Milk River blockade at the intersection of Highway 4 & 501S at 1200 on Sat 5 Feb.
- RCMP have requested and were granted immediate speed limit reductions on Highway 4 at Milk River. Speeds have been changed to 80km/h then 50km/h as drivers approach the blockade near Milk River.
- RCMP have been prioritizing movement of trucks impacted by the blockade that were transporting livestock or perishable goods. It is believed that all trucks carrying livestock are through the convoy. It is unconfirmed whether any of the remaining impacted transports are carrying perishable goods.
- There are conflicting reports of a **Personal** concert at 12:00 on Sat 5 Feb at Highway 4 and Highway 501. A 4 Feb social media posting by **Perso** indicates no intention to perform in Coutts area.

Alberta Legislature / McDougall Centre

- RCMP are monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 09:37 Sat 5 Feb, Sheriffs report LEG grounds are quiet. No campers, No vehicles. Parking signs are up. 107 Street lot closed. Special duty members on grounds at 9:30 and being briefed. Road blocks will up at 1030 or sooner if required. Approximately 30 Sheriffs on campus today. Sergeant at Arms has 9 members inside the Legislature.
- Sheriff operations will close the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- Unconfirmed online sources indicate counter-protesters intend to attend north side of Legislature grounds at 10:00 hrs. EPS report interaction with counter-protester on Fri evening, encouraging them to stay away.

City of Edmonton & Environs

- 10:30-18:00 Sat 5 Feb, Edmonton Police Service (EPS) anticipate significant delays on Anthony Henday Drive, Yellowhead Trail, Stony Plain Road, Whitemud Drive, Gateway Boulevard, Walderdale Hill, and Queen Elizabeth Park Road.
- As of 08:23 Sat 5 Feb, Sheriffs report HWY 2 at Leduc closed due to a rolled over semi. Clearance time unknown.
- Sheriffs report approximately 450 protesters in the Ponoka area intended to transit HWY 2A; now going to take HWY 2 based on a counter-protest in Maskwacis.

City of Calgary & Environs

- A slow-roll protest will begin at 1200hrs departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.

Regional Municipalities / Rural

- On Fri 4 Feb, a 40 km/hr convoy originating in TABER and LETHBRIDGE was intended to transit to WB HWY 3 and NB HWY 2 to OLDS. The "slow-roll"™ convoy was intending to depart OLDS at 08:00 hrs on Sat 5 Feb and transit NB HWY2 to EDMONTON. [Unconfirmed]
- As of 0930 Sat 5 Feb, media report a convoy currently transiting NB HWY 2 near Innisfail.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB.
- A Fort McMurray-based group intended to depart Fort McMurray at approximately 07:00 hrs to conduct a "slow-roll" through Plamondon, Lac La Biche, Grassland, Athabasca, Red Water, Slave Lake, and Westlock. [unconfirmed]

Ottawa "Freedom Convoy 2022"

- Fri 4 Feb, GoFundMe removed the Freedom Convoy 2022 Fundraiser from the platform, citing violation of their Terms of Service (Term 8, which prohibits the promotion of violence and harassment). An initial \$1M was previously released to be used only for participants who traveled to Ottawa to participate in peaceful protest. No further funds will be directly distributed to the Freedom Convoy organizers. Contributions will now be refunded directly to donors.
- Online commentary believed to be associated with convoy leadership have suggested to movement followers that Ottawa Mayor WATSON has forced small businesses to remain closed in an deliberate attempt to starve out truckers by removing access to food, water, medical care and other services.

Other Provinces / National

- *Not assessed at this time.*

MINISTRY UPDATES:

Transportation (TRAN):

- A number of pop-up slow rolling convoys were reported on Fri 4 Feb across the province. Social media indicates intention to continue this activity daily [unconfirmed]
- The department plays only a supporting role in interactions with border crossing or law enforcement decisions. The department, through our regional Highway Maintenance Contractor, would provide signage and suggest/manage traffic strategies to support the intended actions of law enforcement.
- Trying confirm if Carway is extending hours to match CBSA hours.
- CBSA discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. There will also be a reassessment of the extended hours into next week and a decision will be made towards the end of the

weekend.

Municipal Affairs:

- A request for federal assistance is in process, pursuing provision of equipment and personnel to move approximately 70 semi-tractor trailers and approximately 75 personal and recreational vehicles from the Coutts Border area.
- Effective at 10:00 Sat 5 Feb, the Provincial Operations Centre (POC) will elevate from a Level I to a Level II in response to Canada Freedom Convoy Solidarity Activity. This elevation is in support of the City of Edmonton, who will also be elevating their Emergency Operations Centre (EOC) to a level II. The POC is monitoring various convoy and protest activities.
- At 16:05 4 Feb, the City of Lethbridge stood up their EOC in anticipation of protest activity related the Farmer 4 Freedom social media postings.
- COVID-19 Current State: 32,711 active cases. 1,584 individuals hospitalized. 118 individuals in the ICU. Testing positivity rate is currently 33.6%.

Jobs, Economy, and Innovation (JEI):

- Canadian Manufacturers & Exporters estimate the Coutts blockage affecting about \$44 M in Can/US trade per day and vehicle flows of 800 to 1,200 trucks daily. CME anticipating continuing impacts for 1-2 weeks after the blockade ends due to backlogs. CME indicates:
 - Manufacturers use the Coutts border crossing to export their products to the US and beyond and to import critical business inputs. Delays impact productivity for Alberta companies.
 - We were already in a supply chain crisis brought on by floods and pandemic related shortages, this blockade is making a bad situation worse.
 - The blockade has impacts on reputation for individual companies looking to build business relationships with US buyers/partners that depend on ability to deliver in a timely and reliable manner. Reputational impacts may be broader for Alberta and Canada as a US trading partner.
- Industrial facilities in Alberta's Industrial Heartland region report no direct impacts to date.
- Lethbridge Economic Development (LED) has indicated Lethbridge manufacturing plants will be forced to throttle back or cancel production as supplies run out and frontline workers will lose paid hours and shifts as a direct result. LED estimates roughly \$3 million a day in economic impact for just Lethbridge due to reliance on road and rail traffic moving through Coutts. Transportation, warehousing and logistics sector in Lethbridge are incurring significant incremental costs as perishable loads are spoiled, drivers are rerouted many kilometers off course and border paperwork rewritten.

Agriculture, Forestry, and Rural Economic Development (AFRED):

- Broader impacts to the food supply chain attributable to the Coutts blockade are unlikely to be measurable for another 1-2 weeks. The effect on Alberta abattoirs will not be felt for 1-2 weeks.
- Grain and other goods are still moving across the border via rail and through alternate ports, though cost increases and delays may be significant.
- Coutts is the only US border crossing in Alberta providing veterinary services required for international / long haul transport of live animals. Alternate border crossings that offer inspection services for live animals, which is the responsibility of USDA Animal and Plant Health Inspection Service include: Kingsgate, BC/Eastport, Idaho (491 km from Coutts); North Portal SK (864 km from Coutts); Emerson MB (1303 km from Coutts); Possibly Regway, SK but this has not been confirmed (792 km from Coutts)
- As of Fri 4 Feb, Canadian Meat Council (CMC) report about 150 loads of meat have not been shipped due to concern that delays at the Coutts border crossing or the additional transport time coupled with potential delays at alternate border crossings will not allow product to reach store shelves with an adequate remaining shelf life or before it spoils (e.g. meat trimmings have only a 5 day shelf life).
 - Most loads are now moving to Del Bonita which is not an authorized inspection port of entry. Loads crossing at Del Bonita must double back to Sweetgrass, on the US side of the Coutts border crossing, for inspection by FSIS/USDA. Sweetgrass inspection office has added extra staff to deal with the backlog.
 - Alternate border crossings for inspection of meat shipments, which is a responsibility of the USDA Food Safety Inspection Service include: Emerson MB (1303 km from Coutts) and Aldergrove BC (1227 km from Coutts).
- Further details on border services for agricultural commodities have been requested from the US Consulate in Calgary.
- Feedlot operators are reporting very serious grain shortages, which started with the drought and is now compounded by the BC floods and the Coutts blockade. Lack of feed and storage is forcing them to ration the feed on site.
 - JBS Food Canada Inc. has reported that it is planning to shut down for at least one day next week due to border issues. Inability to ship beef has resulted in reduced storage capacity in processing plants, meaning animals scheduled for slaughter are being held on feed longer than expected.
 - Other meat facilities may also be considering a slow down.
 - The Alberta Cattle Feeders Association, Alberta Beef Producers and Canadian Cattlemen's Association have publically stated their significant concerns with supply chain challenges, including the need to access to feed from the US.

- Canfax reported that the feedlot inventories are trending less current, meaning that the supply of market-ready fed cattle is growing. Lower fed cattle prices are anticipated next week if processing plants cannot increase harvest rates.
- YTD total cattle slaughter in Western Canada is running 2.0 per cent below 2021.

ASSESSMENT & STRATEGIC CONSIDERATIONS:

- Tow truck commitments for commercial vehicles remains a critical resource for resolving non-compliance at Coutts.
- Supporting protest activities from known anti-PHO groups are being organized for the Legislature grounds concurrent with the truck convoys.

FORECAST:

- Attendance is expected to exceed similar events on 29 January due to cumulative support the COUTTS BLOCKADE and OTTAWA FREEDOM CONVOY have received. It is likely that significant traffic impediments will occur, alongside substantial noise and disruption of the EDMONTON CITY CENTRE.

CURRENT STATUS:

Coutts Border Crossing

- Transport Canada Civil Aviation, at the request of the RCMP, have issued NOTAMs (Notice to Air Missions) restricting Canadian airspace for ongoing police operations within 5 NM (9.26 km) radius centred on 490014N 1115735W (Coutts Border Crossing) and 490828N 1120452W (Milk River). NOTAMs in effect until Wed 29 Feb.
- As of 14:30 Fri 4 Feb. Flow of US-bound traffic restored after 3 commercial vehicles and 4 pickups blocked Hwy 4 SB traffic at Coutts. Traffic is still impeded south of Milk River at Highway 4 and 501 (about 20 km north of Coutts). While the border is open, traffic is escorted and moving through slowly.
- As of 20:00 Fri 4 Feb. RCMP still managing two illegal protests in the Coutts area. Local and border traffic is flowing slowly in the northbound and southbound lanes and motorists are still asked to avoid the area.
- Unconfirmed social media posts continue to call for more protestors to join the Milk River blockade at the intersection of Highway 4 & 501S at 1200 on Sat 5 Feb.
- RCMP have requested and were granted immediate speed limit reductions on Highway 4 at Milk River. Speeds have been changed to 80km/h then 50km/h as drivers approach the blockade near Milk River.
- RCMP have been prioritizing movement of trucks impacted by the blockade that were transporting livestock or perishable goods. It is believed that all trucks carrying livestock are through the convoy. It is unconfirmed whether any of the remaining impacted transports are carrying perishable goods.
- There are conflicting reports of a **Personal** concert at 12:00 on Sat 5 Feb at Highway 4 and Highway 501. A 4 Feb social media posting by **Persq** indicates no intention to perform in Coutts area.

Alberta Legislature / McDougall Centre

- RCMP are monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 09:37 Sat 5 Feb, Sheriffs report LEG grounds are quiet. No campers, No vehicles. Parking signs are up. 107 Street lot closed. Special duty members on grounds at 9:30 and being briefed. Road blocks will up at 1030 or sooner if required. Approximately 30 Sheriffs on campus today. Sergeant at Arms has 9 members inside the Legislature.
- Sheriff operations will close the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- Unconfirmed online sources indicate counter-protesters intend to attend north side of Legislature grounds at 10:00 hrs. EPS report interaction with counter-protester on Fri evening, encouraging them to stay away.

City of Edmonton & Environs

- 10:30-18:00 Sat 5 Feb. Edmonton Police Service (EPS) anticipate significant delays on Anthony Henday Drive, Yellowhead Trail, Stony Plain Road, Whitemud Drive, Gateway Boulevard, Walterdale Hill, and Queen Elizabeth Park Road.
- As of 08:23 Sat 5 Feb, Sheriffs report HWY 2 at Leduc closed due to a rolled over semi. Clearance time unknown.
- Sheriffs report approximately 450 protesters in the Ponoka area intended to transit HWY 2A; now going to take HWY 2 based on a counter-protest in Maskwacis.

City of Calgary & Environs

- A slow-roll protest will begin at 1200hrs departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.

Regional Municipalities / Rural

- On Fri 4 Feb, a 40 km/hr convoy originating in TABER and LETHBRIDGE was intended to transit to WB HWY 3 and NB HWY 2 to OLDS. The “slow-roll” convoy was intending to depart OLDS at 08:00 hrs on Sat 5 Feb and transit NB HWY2 to EDMONTON. [Unconfirmed]
- As of 0930 Sat 5 Feb, media report a convoy currently transiting NB HWY 2 near Innisfail.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB.
- A Fort McMurray-based group intended to depart Fort McMurray at approximately 07:00 hrs to conduct a “slow-roll” through Plamondon, Lac La Biche, Grassland, Athabasca, Red Water, Slave Lake, and Westlock. [unconfirmed]

Ottawa “Freedom Convoy 2022”

- Fri 4 Feb. GoFundMe removed the Freedom Convoy 2022 Fundraiser from the platform, citing violation of their Terms of Service (Term 8, which prohibits the promotion of violence and harassment). An initial \$1M was previously released to be used only for participants who traveled to Ottawa to participate in peaceful protest. No further funds will be directly distributed to the Freedom Convoy organizers.

Contributions will now be refunded directly to donors.

- Online commentary believed to be associated with convoy leadership have suggested to movement followers that Ottawa Mayor WATSON has forced small businesses to remain closed in an deliberate attempt to starve out truckers by removing access to food, water, medical care and other services.

Other Provinces / National

- Not assessed at this time.

MINISTRY UPDATES:

Transportation (TRAN):

- A number of pop-up slow rolling convoys were reported on Fri 4 Feb across the province. Social media indicates intention to continue this activity daily [unconfirmed]
- The department plays only a supporting role in interactions with border crossing or law enforcement decisions. The department, through our regional Highway Maintenance Contractor, would provide signage and suggest/manage traffic strategies to support the intended actions of law enforcement.
- Trying confirm if Carway is extending hours to match CBSA hours.
- CBSA discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. There will also be a reassessment of the extended hours into next week and a decision will be made towards the end of the weekend.

Municipal Affairs:

- A request for federal assistance is in process, pursuing provision of equipment and personnel to move approximately 70 semi-tractor trailers and approximately 75 personal and recreational vehicles from the Coutts Border area.
- Effective at 10:00 Sat 5 Feb, the Provincial Operations Centre (POC) will elevate from a Level I to a Level II in response to Canada Freedom Convoy Solidarity Activity. This elevation is in support of the City of Edmonton, who will also be elevating their Emergency Operations Centre (EOC) to a level II. The POC is monitoring various convoy and protest activities.
- At 16:05 4 Feb, the City of Lethbridge stood up their EOC in anticipation of protest activity related the Farmer 4 Freedom social media postings.
- COVID-19 Current State: 32,711 active cases. 1,584 individuals hospitalized. 118 individuals in the ICU. Testing positivity rate is currently 33.6%.

Jobs, Economy, and Innovation (JEI):

- Canadian Manufacturers & Exporters estimate the Coutts blockage affecting about \$44 M in Can/US trade per day and vehicle flows of 800 to 1,200 trucks daily. CME anticipating continuing impacts for 1-2 weeks after the blockade ends due to backlogs. CME indicates:
 - Manufacturers use the Coutts border crossing to export their products to the US and beyond and to import critical business inputs. Delays impact productivity for Alberta companies.
 - We were already in a supply chain crisis brought on by floods and pandemic related shortages, this blockade is making a bad situation worse.
 - The blockade has impacts on reputation for individual companies looking to build business relationships with US buyers/partners that depend on ability to deliver in a timely and reliable manner. Reputational impacts may be broader for Alberta and Canada as a US trading partner.
- Industrial facilities in Alberta's Industrial Heartland region report no direct impacts to date.
- Lethbridge Economic Development (LED) has indicated Lethbridge manufacturing plants will be forced to throttle back or cancel production as supplies run out and frontline workers will lose paid hours and shifts as a direct result. LED estimates roughly \$3 million a day in economic impact for just Lethbridge due to reliance on road and rail traffic moving through Coutts. Transportation, warehousing and logistics sector in Lethbridge are incurring significant incremental costs as perishable loads are spoiled, drivers are rerouted many kilometers off course and border paperwork rewritten.

Agriculture, Forestry, and Rural Economic Development (AFRED):

- Broader impacts to the food supply chain attributable to the Coutts blockade are unlikely to be measurable for another 1-2 weeks. The effect on Alberta abattoirs will not be felt for 1-2 weeks.
- Grain and other goods are still moving across the border via rail and through alternate ports, though cost increases and delays may be significant.
- Coutts is the only US border crossing in Alberta providing veterinary services required for international / long haul transport of live animals. Alternate border crossings that offer inspection services for live animals, which is the responsibility of USDA Animal and Plant Health Inspection Service include: Kingsgate, BC/Eastport, Idaho (491 km from Coutts); North Portal SK (864 km from Coutts); Emerson MB (1303 km from Coutts); Possibly Regway, SK but this has not been confirmed (792 km from Coutts)
- As of Fri 4 Feb, Canadian Meat Council (CMC) report about 150 loads of meat have not been shipped due to concern that delays at the Coutts border crossing or the additional transport time coupled with potential delays at alternate border crossings will not allow product to reach store shelves with an adequate remaining shelf life or before it spoils (e.g. meat trimmings have only a 5 day shelf life).
 - Most loads are now moving to Del Bonita which is not an authorized inspection port of entry. Loads crossing at Del Bonita must double back to Sweetgrass, on the US side of the Coutts border crossing, for inspection by FSIS/USDA. Sweetgrass inspection office has added extra staff to deal with the backlog.
 - Alternate border crossings for inspection of meat shipments, which is a responsibility of the USDA Food Safety Inspection Service include: Emerson MB (1303 km from Coutts) and Aldergrove BC (1227 km from Coutts).
- Further details on border services for agricultural commodities have been requested from the US Consulate in Calgary.
- Feedlot operators are reporting very serious grain shortages, which started with the drought and is now compounded by the BC floods and the Coutts blockade. Lack of feed and storage is forcing them to ration the feed on site.
 - JBS Food Canada Inc. has reported that it is planning to shut down for at least one day next week due to border issues. Inability to ship beef has resulted in reduced storage capacity in processing plants, meaning animals scheduled for slaughter are being held on feed longer than expected.
 - Other meat facilities may also be considering a slow down.

- o The Alberta Cattle Feeders Association, Alberta Beef Producers and Canadian Cattlemen's Association have publically stated their significant concerns with supply chain challenges, including the need to access to feed from the US.
- o Canfax reported that the feedlot inventories are trending less current, meaning that the supply of market-ready fed cattle is growing. Lower fed cattle prices are anticipated next week if processing plants cannot increase harvest rates.
- o YTD total cattle slaughter in Western Canada is running 2.0 per cent below 2021.

ASSESSMENT & STRATEGIC CONSIDERATIONS:

- Tow truck commitments for commercial vehicles remains a critical resource for resolving non-compliance at Coutts.
- Supporting protest activities from known anti-PHO groups are being organized for the Legislature grounds concurrent with the truck convoys.

FORECAST:

- Attendance is expected to exceed similar events on 29 January due to cumulative support the COUTTS BLOCKADE and OTTAWA FREEDOM CONVOY have received. It is likely that significant traffic impediments will occur, alongside substantial noise and disruption of the EDMONTON CITY CENTRE.

Hi S.37, thanks for this. I'm not sure why, perhaps some sort of a filter for persons outside the organization. I have included the address again, but if you are still having trouble, send them to myself and Sarah Knelson and we will forward the information.

Thanks S.37, we really appreciate the support that you and your team are giving us. Take care,

John

PSIO SITREP â€“ 5 Feb 2022 â€“ Freedom Convoy Solidarity Activity

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

DATE/TIME: February 5, 2022 @ 1000 hrs

PURPOSE: To provide aggregated situational awareness regarding â€œFreedom Convoyâ€ solidarity activity impacting Alberta.

BACKGROUND:

- Regional “Freedom Convoy” solidarity convoys (a.k.a. “Operation Bear Hug”), localized highway slowdowns, temporary barricades, and protest activities are anticipated to occur throughout Alberta on 5 Feb 2022.
- “Freedom Convoy” and Public Health Order (PHO) opposition protest activity is expected to converge on the ALBERTA LEGISLATURE around 1300 hrs.
- Significant traffic hazards and disruptions are anticipated on Alberta’s Highways, particularly in and around the CITY OF EDMONTON.
- Attempts to resupply and/or reinforce ongoing COUTTS BORDER CROSSING ACTION may occur.
- Temporary convergence on mainstream media facilities has been included in some route planning.
- Root-level organizing is expected to rapidly adapt relative to develop involving the COUTTS BORDER CROSSING and OTTAWA “Freedom Convoy” activities.
- There are no overt indicators of organized coordination between regional contingents.
- There are no overt indicators of planned violence identified at this time.
- Counter-protest activity may increase potential for confrontations.

CURRENT STATUS:

Coutts Border Crossing

- Transport Canada Civil Aviation, at the request of the RCMP, have issued NOTAMs (Notice to Air Missions) restricting Canadian airspace for ongoing police operations within 5 NM (9.26 km) radius centred on 490014N 1115735W (Coutts Border Crossing) and 490828N 1120452W (Milk River). NOTAMs in effect until Wed 29 Feb.
- As of 14:30 Fri 4 Feb. Flow of US-bound traffic restored after 3 commercial vehicles and 4 pickups blocked Hwy 4 SB traffic at Coutts. Traffic is still impeded south of Milk River at Highway 4 and 501 (about 20 km north of Coutts). While the border is open, traffic is escorted and moving through slowly.

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

UPDATE #1

DATE/TIME: February 5, 2022 @ 1200 hrs

PURPOSE: To provide aggregated situational awareness regarding Freedom Convoy solidarity activity impacting Alberta.

BACKGROUND: No Change

CURRENT STATUS:

Coutts Border Crossing

- Correction 5 NOTAMs in effect until **Wed 9 Feb 2022**.
- Police Check Point 10 (18 km North of Coutts on Hwy 4) very active overnight with protesters putting pressure on containment positions. CP10 has turned into an illegal protest area. As of 10:00 hrs, vehicle counts at CP10 were 200 passenger vehicles, 40 RVs, and 50 commercial vehicles. There is anticipation that due to traffic volumes already, the traffic flow at CP10 will likely become gridlocked.
- NB and SB HWY 4 is operating presently with one lane in each direction and vehicles are getting through the border. CBSA is engaged and should Coutts crossing be closed there is a contingency plan to open Del Bonita (which is closed on weekends). Del Bonita is not a good crossing for commercial vehicles.
- Commercial vehicles are presently able to turn around at the South access to Milk River. Commercial Vehicle Investigators from Sheriff's Highway Patrol (SHP) are assisting with RCMP as to what is commercial and what is not.
- Some Freedom Riders™ (horses) arrived near CP10 at approx 11:00. Currently appears to be a few dozen individuals. A few riders now in area. Appear to intend to ride south on horseback.
- Personal is not performing in the Coutts area. [confirmed]

Alberta Legislature / McDougall Centre

- RCMP continue to monitor all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 11:00 Sat 5 Feb, Sheriff's report protesters starting to arrive at LEG grounds. Approximately 100 protestors scattered around campus right with about 50 on the Violet King Henry Plaza.
- A convoy has arrived in downtown core. Travelling counter clockwise around LEG grounds, honking horns.
- Sheriff operations have closed the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- EPS observing group chatter that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.

City of Edmonton & Environs

- As of 11:00, an Acheson-origin convoy was on Stony Plain Rd. Bound for the CTV complex.
- EPS report:
 - approximately 600 trucks/other vehicles have left Acheson & Nisku en-route to Edmonton. Traffic at Nisku Blackjack and Acheson Husky appears less than last week.

- 30 farm tractors are nearing the city from Wetaskiwin which is causing delays on the QEII.
- EPS traffic section is deployed and they have traffic control point (TCPs) established at 99, 100 AVE.
- EPS Chopper (AIR1) is down until at least 14:00 due to weather.
- Talks are that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.
- Edmonton Emergency Operation centre (EOC) report:
 - EPS report that the mayor and family have been moved as the protestors are aware of his residence.
 - Edmonton is expecting 8 separate convoys into Edmonton today.
 - Edmonton is expecting the "farm tractor" convoy to circle on the Anthony Henday all day in counter clockwise direction.
 - ETS closed the government transit center at 0850 today.
 - Edmonton has barricades prepositioned in case of need.

City of Calgary & Environs

- A slow-roll protest is expected to begin at 12:00, departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.
- Some chatter regarding plans to attend Premier Kenney's residence. [unconfirmed]

Regional Municipalities / Rural

- As of 11:45, Northboud convoy has reached Ponoka. Zello communications reportedly being disrupted by counter-protesters.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB. [unconfirmed]

Ottawa "Freedom Convoy 2022"

- Ottawa Freedom Convoy has launched a new funding platform on GiveSendGo following their issues with GoFundMe. Currently at \$1.1 million.

Other Provinces / National

- *Not assessed at this time.*

MINISTRY UPDATES:

Justice & Solicitor General (JSG):

- RCMP is bringing in 40 relief officers from BC under inter-provincial agreement.

Transportation (TRAN):

- Carway/Piegan border crossing now open 08:00-2200 / 7 days a week. The US Piegan port has matched the CBSA Carway hours.
- Del Bonita border crossing. CBSA continue discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. The department is the lead on interacting with the CBSA.

Municipal Affairs:

- A request for federal logistic assistance has been submitted. Awaiting response for GoC.

Jobs, Economy, and Innovation (JEI):

- No Change

Agriculture, Forestry, and Rural Economic Development (AFRED):

- Attempting to confirm veterinary services required for international / long haul transport of live animals at Regway, SK (792 km from Coutts)

ASSESSMENT & STRATEGIC CONSIDERATIONS:

- Opposition elements appear to be imposing friction on some movement and convoy communications. This may increase potential for conflict.
- Participation estimates unfeasible at this time.

FORECAST:

- Protest numbers at the Legislature are likely to peak later than anticipated. Disruption likely to extend beyond 1800 hrs.

Subject: redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kevin

PRELIMINARY INFORMATION ONLY: SUBJECT TO CHANGE AS SITUATION DEVELOPS. INFORMATION MAY BE BASED ON UNCONFIRMED REPORTING.

UPDATE #1

DATE/TIME: February 5, 2022 @ 1200 hrs

PURPOSE: To provide aggregated situational awareness regarding â€“Freedom Convoyâ€“ solidarity activity impacting Alberta.

BACKGROUND: No Change

CURRENT STATUS:

Coutts Border Crossing

- Correction â€“ NOTAMs in effect until **Wed 9 Feb 2022**.
- Police Check Point 10 (18 km North of Coutts on Hwy 4) very active overnight with protesters putting pressure on containment positions. CP10 has turned into an illegal protest area. As of 10:00 hrs, vehicle counts at CP10 were 200 passenger vehicles, 40 RVs, and 50 commercial vehicles. There is anticipation that due to traffic volumes already, the traffic flow at CP10 will likely become grid locked.

- NB and SB HWY 4 is operating presently with one lane in each direction and vehicles are getting through the border. CBSA is engaged and should Coutts crossing be closed there is a contingency plan to open Del Bonita (which is closed on weekends). Del Bonita is not a good crossing for commercial vehicles.
- Commercial vehicles are presently able to turn around at the South access to Milk River. Commercial Vehicle Investigators from Sheriffs Highway Patrol (SHP) are assisting with RCMP as to what is commercial and what is not.
- Some "Freedom Riders" (horses) arrived near CP10 at approx 11:00. Currently appears to be a few dozen individuals. A few riders now in area. Appear to intend to ride south on horseback.
- **Personal** is not performing in the Coutts area. [confirmed]

Alberta Legislature / McDougall Centre

- RCMP continue to monitoring all known planned/ongoing protests, convoys, and blockades intending to converge on the Legislature.
- As of 11:00 Sat 5 Feb, Sheriffs report protesters starting to arrive at LEG grounds. Approximately 100 protestors scattered around campus right with about 50 on the Violet King Henry Plaza.
- A convoy has arrived in downtown core. Travelling counter clockwise around LEG grounds, honking horns.
- Sheriff operations have closed the entrance to the government centre at: 107 Street at 99 Avenue; 6 Avenue at 106 Street; Fortway Road at River Valley Road. These road closures will be in place for Saturday and may not conclude until Sunday evening.
- EPS observing group chatter that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.

City of Edmonton & Environs

- As of 11:00, an Acheson-origin convoy was on Stony Plain Rd. Bound for the CTV complex.
- EPS report:
 - approximately 600 trucks/other vehicles have left Acheson & Nisku en-route to Edmonton. Traffic at Nisku Blackjack and Acheson Husky appears less than last week.
 - 30 farm tractors are nearing the city from Wetaskiwin which is causing delays on the QEII.
 - EPS traffic section is deployed and they have traffic control point (TCP's) established at 99, 100 AVE.
 - EPS Chopper (AIR1) is down until at least 14:00 due to weather.
 - Talks are that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.
- Edmonton Emergency Operation centre (EOC) report:
 - EPS report that the mayor and family have been moved as the protestors are aware of his residence.
 - Edmonton is expecting 8 separate convoys into Edmonton today.
 - Edmonton is expecting the "farm tractor" convoy to circle on the Anthony Henday all day in counter clockwise direction.
 - ETS closed the government transit center at 0850 today.
 - Edmonton has barricades prepositioned in case of need.

City of Calgary & Environs

- A slow-roll protest is expected to begin at 12:00, departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.
- Some chatter regarding plans to attend Premier Kenney's residence. [unconfirmed]

Regional Municipalities / Rural

- As of 11:45, Northboud convoy has reached Ponoka. Zello communications reportedly being disrupted by counter-protesters.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB. [unconfirmed]

Ottawa "Freedom Convoy 2022"

- Ottawa Freedom Convoy has launched a new funding platform on GiveSendGo following their issues with GoFundMe. Currently at \$1.1 million.

Other Provinces / National

- Not assessed at this time.

MINISTRY UPDATES:

Justice & Solicitor General (JSG):

- RCMP is bringing in 40 relief officers from BC under inter-provincial agreement.

Transportation (TRAN):

- Carway/Piegan border crossing now open 08:00-2200 / 7 days a week. The US Piegan port has matched the CBSA Carway hours.

- As of 11:00, an Acheson-origin convoy was on Stony Plain Rd. Bound for the CTV complex.
- EPS report:
 - approximately 600 trucks/other vehicles have left Acheson & Nisku en-route to Edmonton. Traffic at Nisku Blackjack and Acheson Husky appears less than last week.
 - 30 farm tractors are nearing the city from Wetaskiwin which is causing delays on the QEII.
 - EPS traffic section is deployed and they have traffic control point (TCPs) established at 99, 100 AVE.
 - EPS Chopper (AIR1) is down until at least 14:00 due to weather.
 - Talks are that the main group of protestors/vehicles will not reach the Ledge grounds until 1600 hrs.
- Edmonton Emergency Operation centre (EOC) report:
 - EPS report that the mayor and family have been moved as the protesters are aware of his residence.
 - Edmonton is expecting 8 separate convoys into Edmonton today.
 - Edmonton is expecting the "farm tractor" convoy to circle on the Anthony Henday all day in counter clockwise direction.
 - ETS closed the government transit center at 0850 today.
 - Edmonton has barricades prepositioned in case of need.

City of Calgary & Environs

- A slow-roll protest is expected to begin at 12:00, departing from BAKER PART NW and circumnavigate the city via Hwy 201 and Hwy 8.
- A counter protests is anticipated near the Sheldon Shumer Urgent Care centre.
- Some chatter regarding plans to attend Premier Kenney's residence. [unconfirmed]

Regional Municipalities / Rural

- As of 11:45, Northboud convoy has reached Ponoka. Zello communications reportedly being disrupted by counter-protesters.
- Online chatter about a possible blockage of Hwy 1 near BROOKS, AB. [unconfirmed]

Ottawa "Freedom Convoy 2022"

- Ottawa Freedom Convoy has launched a new funding platform on GiveSendGo following their issues with GoFundMe. Currently at \$1.1 million.

Other Provinces / National

- *Not assessed at this time.*

MINISTRY UPDATES:

Justice & Solicitor General (JSG):

- RCMP is bringing in 40 relief officers from BC under inter-provincial agreement.

Transportation (TRAN):

- Carway/Piegan border crossing now open 08:00-2200 / 7 days a week. The US Piegan port has matched the CBSA Carway hours.
- Del Bonita border crossing. CBSA continue discussion with USCBP and as a result of current volumes it was determined that the port of Del Bonita would maintain its normal hours of operation. There are contingency plans in place should the protests block the highway over the weekend. The department is the lead on interacting with the CBSA.

Municipal Affairs:

- A request for federal logistic assistance has been submitted. Awaiting response for GoC.

Jobs, Economy, and Innovation (JEI):

- No Change

Agriculture, Forestry, and Rural Economic Development (AFRED):

- Attempting to confirm veterinary services required for international / long haul transport of live animals at Regway, SK (792 km from Coutts)

ASSESSMENT & STRATEGIC CONSIDERATIONS:

- Opposition elements appear to be imposing friction on some movement and convoy communications. This may increase potential for conflict.
- Participation estimates unfeasible at this time.

FORECAST:

- Protest numbers at the Legislature are likely to peak later than anticipated. Disruption likely to extend beyond 1800 hrs.

Subject: redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kev

Subject: Saturday morning update

Good morning Sir,

Please find below a quick update from today's meeting:

Saturday (morning)

- The main site remains peaceful with traffic flowing freely from to and from the border crossing.
- CP ten, 18km north of Coutts on highway 4, remains active. There are approximately 200 civilian vehicles, 40 tractor/trailers and 50 commercial vehicles at that CP.
- Intel reports that 500 Freedom rider (horseback riders) will be forming up in Milk River and riding to near CP 10. They then plan to load up the horses and drive to Coutts at noon.
- CBSA has advised they are prepared to open the Del Bonita border crossing, if required, to ensure traffic continues to flow through the border crossing.
- MP and MLA possibly attending Coutts today.
- Serval other protests/convoys are occurring within the province today. These are being monitored by DEOC.
- An MARP request has been completed and forwarded for equipment for removal of vehicles.
- 40 TACT Troop members from the Division will be arriving today to assist.
-

Kind regards,

Sarah

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kevin

Subject: RE: redeployment

Hello,

Kevin is partially correct in that redeployment is covered in the collective agreement however the NCM is not irrelevant. The two need to be read in conjunction with one another and where there is a discrepancy, the collective agreement takes precedence. This is in keeping with article 6.01 which states:

6.01 *The collective agreement prevails to the extent of any inconsistency with policies, supplements, or other rules created or currently in effect in the RCMP.*

Referring again to article 21.20, it states:

21.20 *Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.*

The definition of extreme circumstance is:

"extreme circumstance" (*circonstance extreme*)

means unforeseen or unplanned situations such as natural disasters, fires, or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornadoes, earthquakes, floods, etc., terrorist attacks, police standoffs, hostage-taking situations, epidemics/pandemics;

The situations listed in the definition are not exhaustive and therefore can include a protest. Mike and I have spoken and we both agree that the current situation meets the definition of extreme circumstance. While the protest may have started a week ago, no one expected or necessarily could've foreseen that it would continue and grow as it has.

It's also worth noting the definition of declared emergency:

"declared emergency" (*urgence déclarée*)

means an urgent and critical situation of a temporary nature, that is not a special event, and requires additional police resources to maintain law and order, keep the peace, or ensure the safety of persons, property, and/or communities;

The protests are most certainly a critical, temporary situation that requires additional police resources. Nowhere does the collective agreement say who has the authority to declare a situation an emergency (i.e. it doesn't say the Government of Canada or Government of Alberta need to "officially" declare the situation an emergency). I would refer to article 6.02 which states:

6.02 *Except to the extent provided herein, this agreement in no way restricts the authority of the Employer or those charged with managerial responsibilities in the RCMP, including the right or authority of the Commissioner of the RCMP to ensure effective police operations.*

As such, I would argue management has the authority to declare this situation an emergency or an extreme circumstance (or both) and is acting in a manner to ensure effective police operations.

Finally, the standard in labour relations is "obey now, grieve later". So members must follow management's direction. If the member or bargaining agent (Kevin) disagree with management's interpretation and application of the collective agreement, they can file a grievance. In a grievance, the grievor bears the burden of proof meaning they must prove that management's interpretation and application of the collective agreement was incorrect (i.e. management doesn't have to prove that they are correct).

Again, Mike and I agree that the current situation meets the definition of extreme circumstance. You can proceed as planned.

Please be advised that future communications, such as joining instructions, should reference the applicable articles in the collective agreement. I am happy to

provide advice and guidance when needed.

Link to collective agreement: <https://www.tbs-sct.gc.ca/agreements-conventions/view-viseur-eng.aspx?id=28>

Feel free to give me a call if you'd like to discuss further.

Thank you,
Naomi

Personal Info.

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. Subject: RE: redeployment

Hello all,

Thanks for this. Very timely; Sarah and I were just discussing this.

Sir, simply for your info: at this time, we are mostly scheduling people several days ahead. For example, today (Saturday), we are filling shifts for Thursday. So a member might be "advised" today that they will be going to Coutts, and be working nightshift or dayshift on Thursday, i.e. more than 72 hrs notice.

Earlier in this incident (and occasionally now), members were certainly working at the blockade with less than 72 hrs notice, i.e. they might be identified one afternoon, to start a dayshift the very next morning. So the 72 hrs point might have only coincided with their second or even third shift at the site.

Subject: SitRep - Brooks Detachment SAD - Collision on Highway 1 Involving Convoy Protest Vehicles

ISSUE:

- To advise District and Division of a motor vehicle collision on Highway 1 which involved vehicles participating in the convoy protest.
- Brooks Detachment file 2022152180 refers.

BACKGROUND:

- On 2022-02-05 at approximately 13:45 hrs, Brooks Detachment responded to a motor vehicle collision on Highway #1 just west of Brooks, involving a two pickup trucks and farm tractor.
- All vehicles were traveling westbound.
- The farm tractor and one of the pick up trucks were part of the convoy protest.
- One pickup truck was following the farm tractor when another pickup truck struck the rearend of the first pickup, pushing it into the farm tractor.
- The first pickup truck struck the farm tractor in the rear left tire, causing the tire to shear off.
- The second pickup truck ended up in the median ditch and the driver had to be extricated from the vehicle and suffered non life threatening injuries and possible concussion; he was transported by EMS to hospital.
- A passenger in the first pickup truck also suffered non life threatening injuries and was transported by EMS to hospital; the driver of this pickup truck did not sustain any injuries.
- The driver of the farm tractor had minor injuries to his hand.

CURRENT STATUS:

- The scene was attended by RCMP, Fire and EMS and has now been cleared.

- Initial investigation indicates that the driver of the second pickup truck may have been on his cellphone at the time of the collision.
- The investigation is continuing.

STRATEGIC CONSIDERATIONS:

- Investigation should determine if the convoy vehicles contributed to the collision.

STRATEGIC COMMUNICATIONS:

- MRO has been advised in the event there is media interest.

MEMBER/EMPLOYEE WELLNESS:

- N/A.

CONDUCT/CIVIL RISK ASSESSMENT:

- N/A.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander was on scene and assisted with scene control and preliminary investigative steps.

DISTRICT COMMANDER COMMENTS:

- District was made aware of the incident.

Subject: redeployment

Good morning Gents,

The attached joining instructions were brought to my attention this morning which is quoting the NCW for redeployments.

First, I need to point out that since this topic is covered in the collective agreement, the NCM is irrelevant, and it holds no weight at all on this issue and we need to look at 21.20

21.20 Where a Member is redeployed to a declared emergency or extreme circumstance, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours. It is understood that at the end of the redeployment, 21.18 and 21.19 does not apply when the Member returns to their substantive home unit.

Also from the CA:

"extreme circumstance" means unforeseen or unplanned situations such as natural disasters; fires; or when adherence to the maximum hours of work could be detrimental to operations. These situations may include, but are not limited to, extreme weather consisting of ice storms, tornados, earthquakes, floods, etc.; terrorist attacks, police stand-offs, hostage-taking situations, epidemics/pandemics;

As far as I am aware, there has not been a declared emergency in relation to the border issue, and that given the fact the we have now been in this current situation for a week and knew about it going to occur prior to that, I am struggling to see how this is a extreme circumstance. As a result, there ought to be changing of the work schedule. I also note that in Fairy Creek, the RCMP did not change the Members work Schedule.

Please advise how you would like to proceed.

Thanks in advance,

Kev

Gentlemen,

I would like the day off to do some hiking in the woods.

Hoping not to attend your briefings today.

Can I please ask one of you to send me something similar to what I send to the Commr's group that I can forward. I have been cc'ing you folks on what I send her group by BBM.

Thanks

Sorab.

Hello all,

I apologize for the delay on this. I could not contact C/Supt. Solesme, but spoke to C/Supt. Rupa. It definitely left the NOC and is the hands of the GOC, since yesterday. We are digging further to try to find out where it might be in the GOC or beyond. Will advise asap.

More to follow.

Subject: Village "Concerns"

Hello Cpl. Slaney,

My deputy mayor is a retired CBSA employee with a lot of spare time and has been fielding "complaints" from residents. He has lived here for his whole career and married locally as well. Obviously, he feels he is an expert in these matters legally. He has compiled this list and is suggesting an information sheet for residents. Actually, that part I kind of agree with. Couldn't hurt. The courier question you already answered. A lot of this is second or third party, I'm sure.

I was going to suggest someone might attend our council meeting just to bring everyone up to speed but now that I've received this letter, I'm not sure. Might turn into an all nighter!

I'm supposed to have a delegation of angry residents who want my head that night as well so maybe I could use some uniformed protection... (joking?)

When you read the list, "we" is just **Peri**. Is that a "Royal We"? The first I heard of or saw the list was just this morning.

If you want to speak with Scott directly here is his contact information.

Personal Info.

Thanks for your assistance,

Jim Willett
Mayor

Subject: RE: **Perso** Helicopter Issue

Kevin@ Good morning. Just a reminder the CO is looking for something to update on his call with the Premier later this morning. I understand our communication with **Personal** team was that he was not going to attend. Any additional info we can provide about if he showed up and if the NOTAM was in place would be of assistance.

Subject: FW: **Perso** Helicopter Issue

Kevin,

You may know where to best chase this down. The Premier asked the CO about **Personal**, the helicopter, supplying the protesters and violating the NOTAM. The CO was hoping he could update tomorrow by mid morning.

This post allegedly relates. I did learn talking with the CO that we were told **Personal** was not going to the event. I also recall what we heard was he was going to Milk River not Couffts so maybe the NOTAM did not apply if he did go.

Can you get this to someone who can let us know if Paul Brandt went and if it was a violation of the NOTAM?

Hi Nina, can you keep me in the loop as well please. Although Peter is Gold this afternoon, we will continue to be co-managing this throughout the week. There is a significant bennifit to us both being engaged so when we swap out we are both up to speed.

Thanks Nina,

John

Hi Peter & attached are two items:

1. Media lines we would like to use / along with Q&As (some are applicable and some are not). (there is some language that needs to be cleared up).
2. Briefing package for Trevor, Janine did this based on the discussion you had with her and some of the lines Comms had in place.

Please let me know any concerns.

Hello Paul, I hope you are doing well. I want to ask for your approval to have Gord Sage run this event as the silver commander.

Similar to Ontario, we have a number of demonstrations/actions throughout the province. We have a considerable amount of resources committed to the actions at the border and could really use Gord's expertise.

As this event is connected and will likely be impacted with any enforcement activity at the border it is important that we maintain our overall strategy at this event. Gord, as you know, is one of our strongest incident commanders and would be a valuable asset.

If the event is protracted beyond Sunday, we will transition command.

Regards,
Trevor

Subject: SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

ISSUE:

- Intel of planned "Freedom Convoy" to be held on Saturday, February 5, 2022 in the City of Brooks and County of Newell.
- Brooks RCMP PROS File# 2022148787 refers.

BACKGROUND:

- On 2022-02-04, S/Sgt. YETMAN was requested to attend a meeting with two of the organizers of the event.
- During that meeting, the organizers advised they will be conducting a slow rolling convoy protest through the City of Brooks.
- Two other options included a slow rolling convoy along Highway 1 near Brooks, AB and possibly a blockade of Highway 1 at the 2nd Street overpass.
- For the blockade to occur, the organizers are waiting on direction from members of the Coutts blockade who are going to the Alberta Legislature on February 5th to meet with two MLAs.
- If this meeting does not have the desired outcome, they will blockade the highway.
- The organizers advise that if the blockade occurs, they will leave the on/off ramps clear so traffic can still flow.
- The blockade option appears to be well planned and would involve setting up a camp as well as a support camp along the highway.
- The organizers advised they would be prepared to stay for an extended period of time.
- They also advised that these blockades may occur at various points along Highway 1 and specifically mentioned Dunmore, AB.

- This rally is designed to cause congestion and possibly disruption along Highway 1 in an effort to get all current COVID-19 related mandates lifted.
- It is believed that 80-100 vehicles may be in attendance.
- The organizers state that the situation is very fluid on their end.

CURRENT STATUS:

- The organizer is a local business owner named [Personal Info].
- Additional police resources are being obtained locally.
- The Commander has had a meeting with [Personal Info] and his assistant [Personal Info].
- The organizers of this event have organized similar events in the past and have been reasonable and respectful in their dealings with police.
- Dayshift members working on February 5th have already been briefed by the Commander.
- The Detachment and watch Commanders will have contact with the organizers during the convoy.

STRATEGIC CONSIDERATIONS:

- Ongoing protest at the Coutt's border crossing has demonstrated that Tow Companies are reluctant or unwilling to assist police with the removal of vehicles at these events.
- The organizers have stated that their fear is that other people from outside their core group will attend and cause problems.
- Although additional resources are being added for the event, an extended protestor blockade may exceed the detachment's capacity.

STRATEGIC COMMUNICATIONS:

- Media interest is anticipated in light of similar nationwide protests.
- KMOSS will be contacted to coordinate media release should traffic need to be diverted.

MEMBER/EMPLOYEE WELLNESS:

- Members are aware of the various support programs available.
- The Detachment Commander will be in contact with members throughout the day to ensure employee wellness.

CONDUCT / CIVIL RISK ASSESSMENT:

- On duty members have been given direction with respect to enforcement and engagement if required; Detachment Commander will be involved in all such activity.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander and Ops Nco are engaged.
- Sufficient resources are in place at this time.

DISTRICT COMMANDER COMMENTS:

- Sufficient resources are in place at this time. Further support to be provided should circumstances change.

Subject: Coultts resources

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that though all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground ?
3. How difficult would it be to get a list of Members ?

Alternatively, If the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Kevin

Subject: RE: SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

Thank you Trevor for the update.

I saw the pictures from the motor vehicle accident on the news last night. Gord mentioned that he took these with his work cell phone. Glad to hear that the resolution was peaceful.

Thank you
Paul

Hello Paul, thank you once again for allowing Gord to assist on Saturday. As expected Gord's experience and expertise ensured that our police response was planned, measured and effective. Notwithstanding a serious motor vehicle accident, Gord was able to bring the event to a peaceful

resolution. The event at that location ended on Saturday as did Gord's command.

Thanks again,
Trevor

Good morning Trevor,

Things have also been very busy here in Ottawa with the ongoing protests. I understand that Gord assisted over the weekend and returned home on Saturday.

Please advise if command was transitioned. Unfortunately, there is also an ongoing significant demand for the services of Gord here within the SSIS program that Gord is managing.

Best regards,
Paul

Subject: FW: SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

Hello Paul, I hope you are doing well. I want to ask for your approval to have Gord Sage run this event as the silver commander.

Similar to Ontario, we have a number of demonstrations/actions throughout the province. We have a considerable amount of resources committed to the actions at the border and could really use Gord's expertise.

As this event is connected and will likely be impacted with any enforcement activity at the border it is important that we maintain our overall strategy at this event. Gord, as you know, is one of our strongest incident commanders and would be a valuable asset.

If the event is protracted beyond Sunday, we will transition command.

Regards,
Trevor

Subject: SITUATION REPORT - Brooks Detachment (SAD) - Convoy Protest with Potential Highway Blockades

ISSUE:

- Intel of planned "Freedom Convoy" to be held on Saturday, February 5, 2022 in the City of Brooks and County of Newell.
- Brooks RCMP PROS File# 2022148787 refers.

BACKGROUND:

- On 2022-02-04, S/Sgt. YETMAN was requested to attend a meeting with two of the organizers of the event.
- During that meeting, the organizers advised they will be conducting a slow rolling convoy protest through the City of Brooks.
- Two other options included a slow rolling convoy along Highway 1 near Brooks, AB and possibly a blockade of Highway 1 at the 2nd Street overpass.
- For the blockade to occur, the organizers are waiting on direction from members of the Coutts blockade who are going to the Alberta Legislature on February 5th to meet with two MLAs.
- If this meeting does not have the desired outcome, they will blockade the highway.
- The organizers advise that if the blockade occurs, they will leave the on/off ramps clear so traffic can still flow.
- The blockade option appears to be well planned and would involve setting up a camp as well as a support camp along the highway.
- The organizers advised they would be prepared to stay for an extended period of time.
- They also advised that these blockades may occur at various points along Highway 1 and specifically mentioned Dunmore, AB.
- This rally is designed to cause congestion and possibly disruption along Highway 1 in an effort to get all current COVID-19 related mandates lifted.
- It is believed that 80-100 vehicles may be in attendance.
- The organizers state that the situation is very fluid on their end.

CURRENT STATUS:

- The organizer is a local business owner named [REDACTED].
- Additional police resources are being obtained locally.
- The Commander has had a meeting with [REDACTED] and his assistant [REDACTED].
- The organizers of this event have organized similar events in the past and have been reasonable and respectful in their dealings with police.
- Dayshift members working on February 5th have already been briefed by the Commander.
- The Detachment and watch Commanders will have contact with the organizers during the convoy.

STRATEGIC CONSIDERATIONS:

- Ongoing protest at the Coutt's border crossing has demonstrated that Tow Companies are reluctant or unwilling to assist police with the removal of vehicles at these events.
- The organizers have stated that their fear is that other people from outside their core group will attend and cause problems.
- Although additional resources are being added for the event, an extended protestor blockade may exceed the detachment's capacity.

STRATEGIC COMMUNICATIONS:

- Media interest is anticipated in light of similar nationwide protests.
- KMOSS will be contacted to coordinate media release should traffic need to be diverted.

MEMBER/EMPLOYEE WELLNESS:

- Members are aware of the various support programs available.
- The Detachment Commander will be in contact with members throughout the day to ensure employee wellness.

CONDUCT / CIVIL RISK ASSESSMENT:

- On duty members have been given direction with respect to enforcement and engagement if required; Detachment Commander will be involved in all such activity.

DETACHMENT COMMANDER COMMENTS:

- Detachment Commander and Ops Nco are engaged.
- Sufficient resources are in place at this time.

DISTRICT COMMANDER COMMENTS:

- Sufficient resources are in place at this time. Further support to be provided should circumstances change.

PREPARED BY:

S/Sgt. G.M. Yetman
Detachment Commander
Brooks Detachment

RECOMMENDED/APPROVED BY:

S/Sgt. Mark WIELGOSZ

Maybe don't use the word hold as in holding traffic. Can we use a softer word ie.. controlling or limiting traffic. There is some comment about us stopping traffic from getting to the border, but that is not the case. Because the protestes are quick to close lanes we are just trying to ensure that we don't have a lot of innocent folks trapped. Hope this makes sense.

John

Craig,

This is what we need immediate approval from Nina and Chris on.

Commercial and passenger vehicles northbound from the US are able to cross freely at the Coutts border crossing. Some large commercial vehicles southbound to the US border are being delayed by RCMP due to new congestion points created by the protestors. RCMP will hold these vehicles at Milk River, until we can get them through. Passenger vehicles are able to continue south on Hwy 4 for Coutts residents and those traveling to the US.

The messaging would be fairly generic with likely some links to OT and travel policy, but more importantly just to let them know how to contact the NPF if it is needed. I suspect we would also add a couple lines saying that we understand that they are working in difficult times, and are supporting them and despite what they may be hearing from the media or the protestors, the vast majority of Canadians support them.

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that through all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground?
3. How difficult would it be to get a list of Members?

Alternatively, If the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Kev

Sir,

Mr. [Personal] was arrested for Mischief, breach of his release conditions and under the CIDA for aid, counsel and direct persons to willfully interfere with the operation with essential infrastructure (a provincial highway).

The information is not laid yet. I will let you know when its sworn.

Thanks Peter, if you can let us know when he was arrested, by whom (RCMP themselves, or as Rebel Media photos would indicate CPS officers on the request of RCMP) and for what charges (Breach of Probation / Breach of Undertaking / Breach of Court Order, etc.) that would be very appreciated as we are getting asked about CIDA charges, etc.

Thanks again,

s.37 [REDACTED]

Good Afternoon All,

We are seeing reports of the arrest of P in Calgary in relation to "critical infrastructure defence act" violations. Is there any info that can be provided to us for furtherance to our Minister who is asking and being asked about the same?

Same is being reported on Rebel Media and the Western.

Thanks all,

Cc: Tewfik, Peter <peter.tewfik@rcmp-grc.gc.ca>; Ferguson, John <john.g.ferguson@rcmp-grc.gc.ca>
Subject: CAF resources in Edmonton

Sir,

As a quick update as per your earlier request I spoke directly with Brig. General Bill Stewart.

They do have recovery capacity but it is very limited. They currently have a fleet of **slow** vehicles, yet due to age and maintenance issues usually **only have **slow** available for usage**. He reiterated that the two capacity would be for transport truck only, not for trailers, thus trailers would have to be unhooked. Although not optimal, they would be able to assist if requested from Ottawa.

Take care

Ed

Attachment: Alberta Member Update - Coutts Border Update.Feb8.22 FINAL.pdf;

Hi Folks

Both Kevin K and myself (primarily Kevin) have been dealing with Kevin Halwa on concerns that were brought to his attention by members who have been deployed to the Coutts area. By and large we have addressed these concerns, and I will also add that both Kevin and Jeff understand the situation that we are in and do support us, so when they bring issues forward they are not trying to be poky, they are just following up on their obligations to the membership.

Kevin has asked if they could include the attached message with the deployment instructions to each member. I have no concerns with this, if there are issues or concerns around certain entitlements they are going to come regardless. I don't see this message as being problematic for us in anyway, and in fact I think it reflects well on us in that we are working with the Union to ensure that we are looking after the interests of the membership during this very trying time.

Does anyone see any downside or have concerns about this?

Thanks

John

The messaging would be fairly generic with likely some links to OT and travel policy, but more importantly just to let them know how to contact the NPF if it is needed. I suspect we would also add a couple lines saying that we understand that they are working in difficult times, and are supporting them and despite what they may be hearing from the media or the protestors, the vast majority of Canadians support them.

Subject: Coutts resources

Good morning Gents,

As per our conversation yesterday afternoon, I am giving some thought to reaching out to each of the Members on the ground there personally via email.

In order to think that though all the way, I have some questions.

1. How often are the Members switching out and is it on a set rotation?
2. How many Members are on the ground?
3. How difficult would it be to get a list of Members?

Alternatively, if the NPF drafted an email for the Members, would it be possible to include that as an attachment in the joining instructions maybe?

Let me know what your thoughts of. Ideally, I would like to be on the ground there but given the fluid situation, and everything else that is on the go, that attendance is challenging.

Cheers,

Key

RE: Edmonton Tow Capacity

From: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca);
Sent: 2022-02-09 14:20:00
To: s.37 [REDACTED]@gov.ab.ca); Zablocki, Curtis (curtis.zablocki@rcmp-grc.gc.ca)
Subject: RE: Edmonton Tow Capacity

Hi s.37

I can confirm that it has not departed.

The back and forth in terms of it going or staying is on us and not the CO, in fairness to him we were looking at bringing it down this morning, but have placed it on hold. To add a bit of context, the protesters attitudes, positions and even their decisions are constantly changing and are changing rapidly. As such we are continually adapting and changing our approach in order to get a bit of an advantage. Although we saw a strategic opportunity to use the tow truck, new opportunities have since presented themselves and they are opportunities that we feel will assist that we are hopeful will have a more positive impact. To put it bluntly, one tow truck will have minimal effect and minimal impact on us achieving our overall goal, however, when we did plan to bring it down it was with the thought that it might potentially help us in one area. Of course with ever option we are constantly weighing the risks and assessing the pros and cons, and although using the Edmonton Tow truck was an option that we felt might advance our plan at the time, that quickly changed. I hope this provides a bit of information useful. I get the sense that there might be some thoughts from some that having this tow truck will solve everything, but that will not be the case. It could still be valuable in a limited role that helps us achieve a larger goal, but at this point we don't feel that it is prudent to advance that option. One thing that we are always mindful of is the fact that anything that we do in terms of acting aggressively, is that this action will be a lightning rod for others that may result in major disruptions across the province.

Let me know if you would like to discuss further.

Thanks

John

Subject: Edmonton Tow Capacity

Good Afternoon Curtis, John,

I hate calling you too much as you are both super busy. Thanks for the continued updates and info to the Premier, these continue to be very helpful and appreciated. Further to comments from DM Ray Gilmour, and our conversation this morning Curtis, I was hoping you could clarify for me the status of the City of Edmonton tow vehicle.

This morning you mentioned you thought it had been arranged for and might well already be on its way south to the site to support your folks. I keep getting conflicting messaging on this as s.37 [REDACTED] is getting different reports. I can certainly reach out from our side to help if that is necessary, but also don't want the Department to be repeating completed work if that asset is already secured and en-route.

Can you advise whether they have confirmed support and have the asset in transit to your team down south? If not, would it be helpful if we attempted to intervene to secure this?

Thanks gentlemen,

s.37

Although we saw a strategic opportunity to use the tow truck, new opportunities presented themselves, and they were opportunities that we feel will have a more positive impact. To put it bluntly, one tow truck will have minimal effect and minimal impact on us achieving our overall goal, however, when we did plan to bring it down it was with the thought that it might potentially help us in one area. Of course with every option we are constantly weighing the risks and assessing the pros and cons, and although using the Edmonton Tow truck was an option that we felt might advance our plan at the time, that quickly changed. I hope this provides a bit of a sense of the reason for the rapid changes. On another note, I get the sense that there might be some thought that having this tow truck will solve everything, but that will not be the case. It could still be of value in a limited role, but at this point we do not feel that it would

be prudent to use at this time. One thing that we are always mindful of is the fact that any action that we take that is seen as being aggressive, will be a lightning rod for others. This will probably result in major disruptions across the province. We are always taking this into account with every action that we do take.

Let me know if you would like to discuss further.

Thanks

John

Subject: Edmonton Tow Capacity

Good Afternoon Curtis, John,

I hate calling you too much as you are both super busy. Thanks for the continued updates and info to the Premier, these continue to be very helpful and appreciated. Further to comments from DM Ray Gilmour, and our conversation this morning Curtis, I was hoping you could clarify for me the status of the City of Edmonton tow vehicle.

This morning you mentioned you thought it had been arranged for and might well already be on its way south to the site to support your folks. I keep getting conflicting messaging on this as S.37 [REDACTED] is getting different reports. I can certainly reach out from our side to help if that is necessary, but also don't want the Department to be repeating completed work if that asset is already secured and en-route.

Can you advise whether they have confirmed support and have the asset in transit to your team down south? If not, would it be helpful if we attempted to intervene to secure this?

Thanks gentlemen,

S.37 [REDACTED]

I have a SSGT that was previously posted in Cardston. Although he says he has never been to Del Bonita I'm sure he could find his way there.

We could place into a the Logistics role and potentially even the Silver there as well.

If you haven't been able to find anyone else, please let me know. I've spoken with him already and he would be willing to help.
IAN

DM s.37

I just wanted to give you a heads up there has been some chatter over trucker's radios on the possibility of a protest blockade on the highway from Alberta into the NWT. At this point, these are rumours only and there is no indication on social or mainstream media that anyone is planning anything.

However, given that the majority of goods, including fuel and groceries, for communities in the NWT utilize the Highway 35/Highway 1 corridor we are looking at options and contingency plans for blockades on the NWT side of the Border. At this time of year the Ice Roads into our smaller communities and the Diamond Mines are open and the restocking of Fuel for power generation and heating of homes is underway – Ice Roads are subject to weather and as such any delays in the movement of goods can have a serious effect on the safety of communities and the economic viability of existing Diamond Mines.

We are looking at routing traffic through BC via the Alaska Highway and then into the NWT via Highway 7 should a blockade occur on the Alberta side of the Border. This does add 7-10 hours onto to each trip so it is not optimal for trucker duty times.

Basically the Highway 35/Highway 1 corridor is the economic lifeline for the majority of the NWT. As you are probably aware the majority of goods, services and manufactured goods used in the NWT are produced or sourced through Alberta companies – so there is an impact on Alberta also.

I will keep you in the loop should anything develop – I am hoping that with Premier Kenney's easing of restrictions in Alberta will help to satisfy those who may have been considering Blockade actions. Of course the situation in Ottawa could bubble over and result in further highway protests.

I have cc'ed s.37 ADM, Regional Operations (Highway Maintenance) and s.37 ADM, Programs and Services (Highway Patrol) to open the dialogue and pass on my cell number s.37 should you hear anything that we could collaborate on if this situation escalates.

Subject: Redeployments and Scheduling / RedÃ©ploiements et planification

Colleagues,

In light of the ongoing Freedom Convoy protests in the National Capital Region and other locations across the country, I would like to provide some information to assist with planning.

The policy for redeployments and hours of work for declared emergencies, extreme circumstances or high risk situations falls under [Chapter 2.4 of the National Compensation Manual](#) and Articles 2 and 21 of the [Collective Agreement](#).

A redeployment occurs in any of the following situations:

- a major operation which is a planned and coordinated investigative operation;
- a major event which is of national or international significance within Canada, where the overall responsibility for security rests with the federal government; and
- a declared emergency, extreme circumstance or high risk situation.

A **declared emergency** means an urgent and critical situation of a temporary nature, that is not a special event, and requires additional police resources to maintain law and order, keep the peace, or ensure the safety of persons, property, and/or communities.

An **extreme circumstance** means unforeseen or unplanned situations such as natural disasters, fires, or when adherence to the maximum hours of work could be detrimental to operations.

As the Commanding Officer, you are in the best position to determine which circumstance applies. **Please note that the determination must be authorized through your chain of command, by the Commissioner.** Where possible, you are encouraged to consult with your NPF Regional Director prior to making such a determination.

When a Member is redeployed to a declared emergency, extreme circumstance or high risk situation, the Member's home unit work schedule ceases to be in effect seventy-two (72) hours after the start of the redeployment. The redeployment work schedule becomes the new home unit schedule after the first seventy-two (72) hours.

Members are not permitted to work more than sixteen (16) hours consecutively and not more than seventy-two (72) hours in a six (6) consecutive-day period, inclusive of overtime. When an **extreme circumstance** is declared, a member may exceed the maximum hours of work until resource replacements or relief arrive. For the health and safety of the members who have exceeded these limits, once relief has arrived, please ensure the members are given a suitable rest period before reporting for duty.

For any questions or clarifications about these policies, please contact Joseph Bokhaut at joseph.bokhaut@rcmp-grc.gc.ca (**Irrelevant**) or Marie-Josée Reid at Marie-Josée.Reid@rcmp-grc.gc.ca (**Irrelevant**).

I trust you will find this information helpful for planning purposes.

Take-care,

Chers collègues,

Au vu des manifestations qui ont lieu dans la région de la capitale nationale et dans d'autres endroits du pays en marge du «Convoi de la liberté», j'aimerais vous transmettre quelques éléments d'information pour vous aider à planifier vos activités.

Les redéploiements et les heures de travail dans les situations extrêmes, d'clarées urgentes ou à risque élevé relèvent de la politique non-écrite au chap. 2.4 du Manuel national de la réglementation et des articles 2 et 21 de la convention collective.

Le redéploiement s'effectue dans l'une ou l'autre des situations suivantes :

- une opération majeure qui est une opération enquêtee planifiée et coordonnée;
- un événement majeur de portée nationale ou internationale au Canada, où la sécurité nationale relève du gouvernement fédéral;
- une situation extrême, d'clarée urgente ou à risque élevé,

Une «**urgence d'clarée**» est une situation urgente et critique temporaire qui n'est pas un événement spécial et qui nécessite des ressources policières supplémentaires afin de maintenir l'ordre public, d'assurer le maintien de la paix ou d'assurer la sécurité de personnes, de biens ou de collectivités.

Une «**circonstance extrême**» désigne des situations imprévues comme des catastrophes naturelles, des incendies, ou des situations où le respect du nombre maximal d'heures de travail pourrait nuire aux opérations.

En tant que commandant, vous êtes le mieux placé pour caractériser la situation qui prévaut sur votre territoire. Dans la mesure du possible, nous vous encourageons à consulter au préalable votre directeur régional de la Fédération de la police nationale. Quoi qu'il en soit, votre choix doit être autorisé par la commissaire, en suivant la voie hiérarchique.

Lorsqu'un membre est redéployé dans le cadre d'une situation extrême, d'clarée urgente ou à risque élevé, l'horaire de travail du service d'origine cesse d'être en vigueur 72 heures après le début du redéploiement. L'horaire de travail établi pour le redéploiement devient le nouvel horaire de travail du service d'origine après les 72 premières heures.

Le membre n'est pas autorisé à travailler plus de 16 heures (heures normales de travail et heures supplémentaires) consécutivement, et plus de 72 heures sur une période de six jours consécutifs. Lorsqu'une **situation extrême** est d'clarée, le membre peut dépasser la durée maximale du travail jusqu'à l'arrivée de la relève. Une fois la relève arrivée et pour des raisons de santé et de sécurité, veuillez vous assurer que les membres qui ont dépassé ces durées de travail se voient accorder une pause adéquate avant de se présenter au travail.

Pour toute question ou pour obtenir des éclaircissements au sujet de la politique, veuillez communiquer avec Joseph Bokhaut, par courriel à joseph.bokhaut@rcmp-grc.gc.ca ou au **Irrelevant**, ou avec Marie-Josée Reid, à Marie-Josée.Reid@rcmp-grc.gc.ca ou au **Irrelevant**.

J'espère que ces éléments d'information seront utiles à la planification de vos activités.

Predre soin,

Gail J

Subject: RE: URGENT REQUEST - please don't shoot the messenger...

Good morning,

A key influencer, **Personal Info.** has had his bail hearing and the case is adjourned until the 16th. He is detained in custody until then.

The enforcement action is underway at CP10. We started with dialouge early in the day progressing to ticketing in the evening. We have the lawful protest site established and the goal is to transition the protestors from CP10 to the lawful site we got from the ministry of transportation.

Yesterday CCMG engaged the crowd and STO was present to assist our GD resources in the ticketing for the offenses under the highway traffic act. No one has voluntarily moved although they did indicate a willingness to do so early in our discussions. The willingness stemmed from a shared concern for safety with people and moving vehicles in close proximity. We will continue to work jn this today.

With respect to our main site, we are looking at making some strategic arrests. Still weighing the pros and cons, and the timings of these arrests. We are also still trying to negotiate the resumption of some traffic being allowed to cross the border.

There was one arrest early in the enforcement action related to an individual who started tampering with a sheriff vehicle and displayed mental health issues. That individual was apprehended under the Mental Health Act.

Just starting our planning for meeting for the day, I may have more after that.

John

Subject: URGENT REQUEST - please don't shoot the messenger...

Good evening,

Just got off the phone with Rob Stewart and he was given the following questions, from the Clerk's, following her meeting with the PM. He needs answers by noon tomorrow:

- 1) What is the RCMP doing now in Ottawa? (Mike)
- 2) What is the RCMP doing now in Coutts? (Curtis)

For these 2 questions, it is about describing our duties and the numbers attached to each duty.

3) What additional resources do we have available and where would they come from?
(Mike & Brian)

For #3 it is about approximate numbers that we could draw on from Federal and Contract that are otherwise not essential to operations.

4) What can the Federal Government do to end this? (Brian)

- Can the RCMP take over?
- Is it legally, operationally, tactically possible/sensible to this?
- What are virtues (pros/cons)

5) How do we stay on top of this? How do we use intell to stay one step ahead? (Mike)

Let's do what we can, without over-complicating it.

Thanks a ton!

Brenda

Good morning,

A key influencer, **Personal Info.** has had his bail hearing and the case is adjourned until the 16th. He is detained in custody until then.

The enforcement action is underway at CP10. We started with dialogue early in the day progressing to ticketing in the evening. We have the lawful protest site established and the goal is to transition the protestors from CP10 to the lawful site we got from the ministry of transportation.

Yesterday CCMG engaged the crowd and STO was present to assist our GD resources in the ticketing for the offenses under the highway traffic act. No one has voluntarily moved although they did indicate a willingness to do so early in our discussions. The willingness stemmed from a shared concern for safety with people and moving vehicles in close proximity. We will continue to work jn this today.

With respect to our main site, we are looking at making some strategic arrests. Still weighing the pros and cons, and the timings of these arrests. We are also still trying to negotiate the resumption of some traffic being allowed to cross the border.

There was one arrest early in the enforcement action related to an individual who started tampering with a sheriff vehicle and displayed mental health issues. That individual was apprehended under the Mental Health Act.

Just starting our planning for meeting for the day, I may have more after that.

Good evening,

Just got off the phone with Rob Stewart and he was given the following questions, from the Clerk's, following her meeting with the PM. He needs answers by noon tomorrow:

- 1) What is the RCMP doing now in Ottawa? (Mike)
- 2) What is the RCMP doing now in Coutts? (Curtis)

For these 2 questions, it is about describing our duties and the numbers attached to each duty.

- 3) What additional resources do we have available and where would they come from?
(Mike & Brian)

For #3 it is about approximate numbers that we could draw on from Federal and Contract that are otherwise not essential to operations.

- 4) What can the Federal Government do to end this? (Brian)
 - Can the RCMP take over?
 - Is it legally, operationally, tactically possible/sensible to this?
 - What are virtues (pros/cons)

- 5) How do we stay on top of this? How do we use intell to stay one step ahead? (Mike)

Let's do what we can, without over-complicating it.

Thanks a ton!

Brenda

Attachment: 2022 STO Team Assignments with Unit January.docx;

Good evening folks,

This afternoon it was brought to my attention that we are having trouble getting STO members released, by their respective commanders, to be deployed to the Coutts blockade. I completely understand the pressures that your detachment commanders are facing with the multiple requests that they have received for resources to date, but it is vital to our operations and planning that we have sufficient STO resources available to meet our needs. Attached is a list of members who are with STO. Can I ask that you please reach out to the commanders of these members and advise that if any of these members are requested, that their deployment be treated as a priority. If there are any issues or concerns, and for some reason it is not doable, can you please let me know asap. Depending on the issue(s) there maybe options that we could assist with that might free up that member.

I know one of the comments that we have heard is that because the member is on a Municipal Collator, the member cannot be released. Just a reminder that a Article 9 has been signed and as such we can draw down on 10% of the municipal resources to assist us. In most cases this will not be necessary, but I only mention it in the context that we have permission to use these members for this event.

Thanks for this, please let me know if you have any questions or concerns.

Thanks

John

Subject: Meetings

Good evening all, the team asked if we could reduce the number/frequency of meetings. They expressed some difficulty in getting flow to their work. I think this is worth considering given the sheer volume of work and our desire for the team to be engaging with protestors, members etc.

While I recognize the critical nature of information flow if we can even reduce one meeting it could have a significant impact.

Team,

Can we please share **Personal Info.** §67's information with K Div. I mentioned to them in very brief terms what it is and how similar it is what you are thinking.

I have also let K Div know that you may reach out.

Thanks,

Sorab

Subject: FW: Offence, arrest seizure memo

Sir,

Here is the document. The key for the CIDA is:

No person shall, without lawful right, justification or excuse, wilfully obstruct, interrupt or interfere with the construction, maintenance, use or operation of any essential infrastructure in a manner that renders the essential infrastructure dangerous, useless, inoperative or ineffective.

Highways are considered essential Infrastructure. The key for individuals is proving that their actions rendered the Infrastructure useless or inoperative. Its not the individuals presence but rather their actions that need to be proved there is a provision for companies that we are exploring but that does not lead to arrest and the owner is not compelled to Court but rather counsel for the company. We are looking at going after both company and the individual where applicable.

RE: Extreme Circumstance BN to the Commissioner for your review and input

From: Ferguson, John (john.g.ferguson@rcmp-grc.gc.ca);
Sent: 2022-02-11 14:35:00
To: Good, Mike (Mike.Good@rcmp-grc.gc.ca); Tewfik, Peter (peter.tewfik@rcmp-grc.gc.ca)
Subject: RE: Extreme Circumstance BN to the Commissioner for your review and input
Attachment: Convoy Graph.xlsx;

Hi Mike,

I had a quick look at this looks good. It maybe relevant to add the attached chart as it shows the fluctuation in protestor traffic patterns.

With respect to this statement "Moreover, attempts to breach the check points are being made on a continual basis, are unpredictable and Members at times are being confronted by attendees who challenge the authority of law enforcement." I think that it maybe helpful to add the following:

The Coutts protest area has developed into a bit of a rallying point that continues to draw interest from a large cross sections of individuals and groups who are promoting a variety of agendas, outside of the intended purpose of the protest. Intelligence is received daily informing investigators of planned activities, in both Alberta and locations in the United States, to send large truck convoys to the Coutts and Sweet Grass Montana area. The continued influx of vehicles into the area remains a significant concern and a continued risk to the critical infrastructure in this area.

Let me know if you want to discuss further.

John

Subject: PIU CIG update#131

Good evening,

Please find latest PIU CIG update:

OFFICER AWARENESS:

- Nothing to report.

SOI/PPPOI:

- CIG OSINT observed Facebook Page â€œPersonal Info.â€™ became active again at 1600hrs, at which time Person posted a celebratory video thanking lawyers for their assistance. Pers posted another video at 1700hrs entitled â€œTHE NIGHT HAS BEGUNâ€™ the video Pers reads a letter from former Mayor of Casselman, Conrad LAMADELEINE which encourages Pers to form a political party and become the next Prime Minister. The letter states the weekend will â€œturn uglyâ€™ and encourages Pers to tell truckers to clear the bridge at the border but Pers tells them to hold the line and â€œdo not moveâ€™.
- o Content of the letter [read aloud by Pers], â€œMr. Personal, the Conservatives made you a request that you clear the borders and they are right. On Monday there will be massive lay-offs and millions of dollars will be lost. The government had a special meeting with the province and this weekend it will turn ugly. You have an opportunity that can make you a hero if you give the order to your truckers to clear the bridge at the border you will be respected a lotâ€¦ Your next move you can tell the people that they need a new government and it would be named the National Party or the Canadian Party. A name that would represent Canada and Freedom. The new generation is tired of the Liberals and Conservatives and want a strong leader, you are that person. Form a party and you could be the next Prime Ministerâ€¦ Your time to act is now, this weekend.â€¦

ADDITIONAL INTEL UPDATES:

- CIG was advised of possible protests of â€œslow rollâ€™ planned to target MP OÃ©REGANâ€™s property. A video on Facebook that mentioned MP OÃ©REGANâ€™s residence and showed organizers of the Ottawa Convoy Protest discussing the plans. One of the Newfoundland and Labrador organisers suggested the protestors should â€œslow roll convoyâ€™ past OÃ©REGANs residence but it is unknown if it is referring to his Ottawa or St Johns home. The SUBJECT was identified.
- CBSA reports concerning scheduled protests:
 - o Cornwall - Protest scheduled in Cornwall for Feb. 12, 2022 at 11am;
 - o Fort Frances - Protest scheduled for Feb. 13, 2022, from 10am to 2pm in the Central Avenue area in Fort Frances;
 - o Pigeon River â€œPlanned protest for Feb. 12, 2022;
 - o Kingston - Information indicates there will be a mustering of Freedom Convoy supporters in Kingston and Gananoque around 10 or 11am on Feb. 12, 2022; and
 - o Lacolle, Qc - A protest and march are planned at Jarry Park in Montreal on 12 Feb.
- The CIG has received uncorroborated reports of the following convoys to Ottawa, as well as potential blockades:

Feb. 12:

- One convoy from Burlington, ON, to an unidentified location in Ottawa. Participants intend to begin boarding buses to return to Burlington at 17:30.
- Two convoys from Toronto, ON, to an unidentified location in Ottawa.

Convoys/potential blockades:

- One convoy from Hamilton to the Peace Bridge in Fort Erie, ON. Analysts note a risk of a potential bridge blockade at this location.
- One convoy from St. Catharines, ON, to the Peace Bridge in Fort Erie, ON. Analysts note a risk of a potential bridge blockade at this location.

Feb. 13:

Convoys:

- One convoy from the Canadian Tire Centre (1000 Palladium Dr., Ottawa) to Parliament Hill, Ottawa.
- One convoy from RCGT Park (302 Coventry Rd, Ottawa) to Parliament Hill, Ottawa.

Subject: NHQ Comms

Hi there â€” just wanted to let you know that we now have been assigned a NHQ Comms liaison to assist with any messaging, but also to keep briefed about matters that are unfolding. I will be working all weekend and will be on the DEOC calls, but if anything comes up you think that NHQ Comms would want to know, please just get in touch and I will take care of things from there. I am available 24/7 â€” so donâ€™t hesitate.
Thanks and sorry for adding one more thing to the list.
Have a good evening and I hope you all get some rest.
Nina

Apologies Gord, just getting this as I was tied up at a briefing of our Commr and OPP Commr on Ottawa Protest.

Can we have a call with everyone? We have some questions that require response prior to approval. We are available now if you are. I can set up a MS Team call if you like.

Protected Information

ISSUE:

Truck Convoy/Blockade of Port of Entry (POE) at Coutts, Alberta.

BACKGROUND:

Information from RCMP, CBSA and United States Customs and Border Protection (USCBP) report a convoy and blockade at the Port of Coutts on Sunday, January 30, continuing from January 29, 2022.
The Port of Coutts operates 24 hours, and is the largest POE in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.
There are border crossings located at Coutts, Del Bonita, and Carway, Alberta. Coutts is the only 24-hour crossing.
The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bonita is in the Raymond detachment area, and Carway is in the Cardston detachment area.

Current Status as of 1400hrs on 2022-02-11:

Highway 4 remained completely blocked at the Port of Entry (POE) at the Coutts location.
The Government of Alberta is considering an injunction, but no decisions have been finalized.
With the border access to Coutts blocked, traffic remains stopped by police at the CP10 and CP14 location near Milk River, Alberta to keep traffic from surging south to Coutts.
Mood remains stabilized, and CCMG remains engaged with the identified leadership group to keep situation stabilized as anticipated surge of protesters will flood the CP10 and CP14 area over the weekend.
At the main site in Coutts currently 27 semi-trucks, 1 personal vehicle, and 2 farm tractors are lining the northbound side of the highway 4 and 17 semi-trucks, and 2 personal vehicles block the southbound lane.
At the Saloon which encompasses the area closest to the southern most point of the blockade near Coutts, 3 semi-trucks, 16 farm tractors, 22 personal vehicles and 13 RV's are parked.
At check point 10, which is set up 18km north of the main site on highway 4 there are 29 commercial vehicles, 59 RV's, approximately 160 passenger vehicles, and 9 farm tractors.
Sheriff resources continue to be engaged to ensure checkpoints north of the Carway and Del Bonita POE's are active while the ports are open (both close at 2100). A Bronze Commander has been established to monitor any potential attempts to shift any form of protest to those locations.
With the Coutts POE blocked, Del Bonita has seen a 917% increase in cross border traffic. Yesterday CBSA processed 163 commercial vehicles and 173 passenger vehicles headed to the USA, while US CBP processed 272 commercial trucks and 79 passenger vehicles headed to Canada.
The need for heavy equipment to clear the highway of vehicles still exists and will be critical for any enforcement action.
Investigative team has secured some light duty tow strategies (standard tow truck for personal vehicle), and have one heavy duty tow truck owned by the City of Edmonton on stand by due to tactical considerations.
As previously reported, given it is only one tow truck, investigators are still working on potential strategies that would support that asset.
The identified an area that would allow for a legal protest, which would enhance police and public safety. This area is owned by the Ministry of Transportation and has been outfitted by a community group with free Wi-Fi to make it a more attractive option to shift the crowd away from the roadway.
Attempts to relocate the protest group off Highway 4 have continue to be unsuccessful thus far. CCMG will continue efforts today.

STRATEGIC COMMUNICATIONS:

Media releases continue to be disseminated when required.
Social media messaging from RCMP accounts continues to be used heavily in the print media.
Social media is being monitored, comments have turned negative towards law enforcement throughout the day.

Subject: RE: Resources

Hi s.37 [REDACTED] sorry for not responding to you sooner, I'm just now getting caught up on my emails from yesterday.

We have set up a separate code to track our costs related to this event, so at the end of the day we will be able to show the financial impact this blockade is having on us. There is no doubt that we too will be significantly over budget, and some conversation will have to be had with the Province for additional funding. It's probably best for the CO to speak to you on this.

This aside, I do want to take the opportunity again to thank you for the tremendous support that the Sheriff's Branch has given us, it has been absolutely phenomenal and I dare say that it would have been incredibly challenging for us to have dealt with this on our own.

Thanks s.37 [REDACTED].

John

Subject: Resources

Hello all,

The last two weeks has been an incredible strain on all our resources but as you know when the going gets tough we pull together as one. I have really enjoyed how our agencies have worked together and we will continue to do the same.

We will give you as many resources as we can but I am aware will not have the amount you require without moving people from others parts of Alberta and putting them in hotels or calling others in on overtime. Financially, we are struggling and we are already millions in deficit. Has there been a budget allocated for this or do you have a budget or cost code we can use for the extra staff we will need to pull in.

I want to make sure you get 100% support from us and have the resilience you require

Regards

Subject: FW: Master STO Roster with Units - Jan 2022

Good evening folks,

This afternoon it was brought to my attention that we are having trouble getting STO members released, by their respective commanders, to be deployed to the Coutts blockade. I completely understand the pressures that your detachment commanders are facing with the multiple requests that they have received for resources to date, but it is vital to our operations and planning that we have sufficient STO resources available to meet our needs. Attached is a list of members who are with STO. Can I ask that you please reach out to the commanders of these members and advise that if any of these members are requested, that their deployment be treated as a priority. If there are any issues or concerns, and for some reason it is not doable, can you please let me know asap. Depending on the issue(s) there maybe options that we could assist with that might free up that member.

I know one of the comments that we have heard is that because the member is on a Municipal Collator, the member cannot be released. Just a reminder that a Article 9 has been signed and as such we can draw down on 10% of the municipal resources to assist us. In most cases this will not be necessary, but I only mention it in the context that we have permission to use these members for this event.

Thanks for this, please let me know if you have any questions or concerns.

Thanks

John

Further to my earlier message, the wording that CBSA is using is "temporarily suspend services at the port of Coutts", as opposed to saying the port is closed. The suspension is to be effective at 1300 hours MT today.

Subject: FW: TRANSPORT CANADA SEEKING IMMEDIATE INFORMATION REGARDING PROTESTS

Hi Sorab,

Transport Canada has reached into us locally looking for information for the Minister. Know that there are discussions taken place nationally amongst all of the Ministers and to that point I don't know what information has or has not been shared. How would you like us to deal with this?

Thanks

John

UNCLASSIFIED / NON CLASSIFIÉ

Hi Tim,

Thanks so much for taking my call this evening.

I apologize for reaching out on a weekend however Transport Canada is seeking contacts and intel on the current state of protests in the Prairies and Northern Region (AB, SK, MB, Yukon, NWT and Nunavut). We are monitoring closely so as to provide situational awareness to the Deputy Minister. Any intel you can provide or an onsite contact would be greatly appreciated.

I received your name from a contact at CBSA and our Emergency Coordination Centre Liaison Officer has also reached out for names and has been in contact with James Stanviloff and Scotti McMurchy (in Manitoba).

In particular we are seeking:

- The general number of vehicles involved
- Additional protest traffic arriving
- Protest traffic leaving

- Is there police action taking place
- Any enforcement issues
- Any enforcement requests for support
- Status of diverting commercial traffic or, commercial traffic

Additionally any information regarding any other anticipated convoys or protests elsewhere in the region.

If you have any questions please don't hesitate to reach out to me.

Thanks,

Katherine (Kat) Newman

FYI

While all STO team members have been stepping up every rotation, ALERT has been refusing to release Sgt Randy POON in Calgary. He is one of our 4 trained EGT members and is needed. All other EGT members have already been here for multiple days. I have been advised that ALERT has taken the stance that they need to be advised by the CO to release him.

I would request that someone with far more rank than I address this situation.

Scott

FYI

While all STO team members have been stepping up every rotation, ALERT has been refusing to release Sgt Randy POON in Calgary. He is one of our 4 trained EGT members and is needed. All other EGT members have already been here for multiple days. I have been advised that ALERT has taken the stance that they need to be advised by the CO to release him.

I would request that someone with far more rank than I address this situation.

Scott

Subject: Emailing: FINAL Draft Order.docx

Hello

In anticipation of the possibility that Alberta may seek an injunction, I attach a form of order for your review.

The order would prohibit blocking a highway anywhere in Alberta. Further it would prohibit any vehicles from being parked 30 m from the edge of Highway 4 as set out in the map. Further, it would designate a lawful protest location as set out in Schedule B

The devil is in the details of course, so take a look at:

- 1) is 30 m off the edge of a highway ok? This was just a guess on my part, considering safety of children primarily
- 2) is 30 m off highway 4 good in the sense that highway 4 is the road of concern? We don't want to get too complicated in the Order but is there any other road between Milk River and the border that people could pile up on the side of? Keep in mind they cannot block the highway anywhere
- 3) My attempt at using google maps was not great as you can see in schedule B. We need a better map with maybe some landmarks (roads, railway, etc) added

Good day everyone,

I have discussed same with the CEO of ALERT. He understands and sympathizes with the amount of resources required for such a protracted endeavor.

He has messaged the request to his ALERT Management Team and has appealed for their understanding and cooperation.

Please have your team leader, contact ALERT South management for the release of Sgt. Poon again.

Let me know if you endure any further challenges.

Lisa

FYI

While all STO team members have been stepping up every rotation, ALERT has been refusing to release Sgt Randy POON in Calgary. He is one of our 4 trained EGT members and is needed. All other EGT members have already been here for multiple days. I have been advised that ALERT has taken the stance that they need to be advised by the CO to release him.

I would request that someone with far more rank than I address this situation.

Scott

Subject: Clarification Regarding Coutts Border Protest EDP and Expense Claims Email

Good Evening,

This message is to provide clarification on the message below that was sent earlier today, as it has caused concern to some members.

The reason we are asking for the hold on submitting EDP claims is that the process on how to best approve the claims centrally has not been fully worked out with NWR Business systems. This is an emergency situation and the tracking of all costs, including overtime, needs to be accounted for fully and accurately.

As we do not want someone to submit a claim that is incorrect, or missing entitlements, we are working through the process with the experts to ensure this is done correctly in the first instance. All of the claims submitted need to be within policy, and our goal is not to cause any issues or delays in the future, based on lessons that have learned from previous events and deployments.

We working on this as fast as we can and are awaiting further instructions from CMB, which are expected shortly. We are not wanting to delay any claims, but also don't want there to be issues in any submissions that could cause issues further down the road.

Thank you,
K DEOC

Subject: Important Information Regarding Coutts Border Protest EDP and Expense Claims

Good afternoon,

You are receiving this email because you have previously received Joining Instructions regarding a deployment to the Coutts Border Protests.

We are not able to process overtime EDP claims as of yet, so please do not submit them. There is further clarification needed from NPF, CMB, and policy about this deployment to ensure all claim entitlements are being captured correctly. Further instructions will be forthcoming and emails sent directly to you on how to input your claim.

Expense claims are being processed immediately for claims that are out of pocket. Please see attached instructions on how to complete them properly.

Should you have any questions, please contact K DEOC.

Thank you,
KDEOC

Alberta RCMP make arrests at Coutts Border Blockade

Coutts Alta. \$€" (are moving to arrest as this is happening dynamically?)
The actions taken today (right now?) by the Alberta RCMP are in relation to a public and officer safety threat, and are not in relation to removal of the Coutts blockade.
Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the intention to enter into an armed conflict with police, putting both police and public safety at great risk. This resulted in an immediate and complex investigation to determine the aspect of the threat and criminal organization.
As a result of investigation we are moving to arrest the persons involved in an effort to dismantle this organization and establish a safe environment for all.
The Alberta RCMP want to emphasize that our primary goal throughout this event is the safety of the public as well as our officers. As the Alberta RCMP conduct our operations, we ask the protestors to cooperate with officers and follow direction as we work to maintain order.
The Alberta RCMP continue to look for solutions to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for legal protest.
At the conclusion of this police action Alberta RCMP will provide further updates.

Subject: Events for K Div Overnight - Important. For Commr. Group.

Unfolding event of late Sunday night - 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested. The suspect who tried to ram the police vehicle was still at large.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

The plan for 2022 02 14, is to secure the locations in Coutts of interest and then proceed to dismantle the blockade.

Excellent work by K Div and no doubt will continue through the day.

Subject: RE: Final release for police action

Hi there "€" for discussion and feedback.

Alberta RCMP make arrests at Coutts Boarder Blockade

Coutts Alta. - Recently, the Alberta RCMP became aware of a small organized group within the larger Coutts protest, that had the intention to enter into an armed conflict with police, putting both police and public safety at great risk. This resulted in an immediate and complex investigation to determine the aspect of the threat and criminal organization.

As a result of our investigation, the Alberta RCMP executed a search warrant at approximately 1230 am on February 14th, 2022 on three trailers associated to the criminal organization. This resulted in the arrest and detainment of 8 individuals. During the search of the trailers a carbine rifle, shotgun, rifles, body armour, ammunition and high capacity magazine were seized by the Alberta RCMP.

Earlier in the evening, at approximately 8 pm on Feb 13th, 2022, a large farm tractor and a semi truck, both involved in the blockade, attempted to compress a police vehicle. The police vehicle was able to retreat. RCMP officers followed the suspects to a location where the protesters were gathered and were able to arrest one individual. The second suspect has been identified, but not arrested. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates.

Subject: [EXTERNAL] Coutts POE

Good morning folks,

Just wanted to provide you with a brief update on our activities in Coutts, late night and early this morning.

- 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

John

Trevor, can I ask you to follow this up with John as soon as possible. The GOA has not in anyway interfered or controlled our investigation. In fact they have provided for and supported every ask I have had in the midst of intense public pressure, ie getting us tow trucks, or staying away from us while we worked behind the scenes to first deal with a very serious public safety threat unknown to the public at the time, even delaying an injunction at my direct request.

Subject: Next Briefing?

Good morning Sirs,

Sorry to bother, but Lethbridge Police Service executives are inquiring when the next briefing update will be, as we haven't had a group briefing since Saturday.

They understand that everyone is fully engaged which is the likely cause of the delays.

Thanks
Kevin

Sorab,

This is what we are sending to the media.

If you have a link to our rpas, you will see that the tractors are moving. The highway is no longer blocked. That said, they wanted to stay one more night, we said no. We are now going to execute the 487 on the saloon and arrest the four main players, providing they are there. We are sending you a team's link to the rpas.

ATTENTION: This message came from a sender that is outside the CPS. Please try to avoid opening links or attachments from external senders unless you are absolutely sure it is safe to do so. BE CAREFUL - if you are unsure please phone the IT Service Centre.

Good morning folks,

Just wanted to provide you with a brief update on our activities in Coutts, late night and early this morning.

- 22 02 14, at approximately 22:00 hrs a tractor tried to forcibly push a RCMP police vehicle out of a checkpoint with the assistance of a Pick-up truck. The situation was quite tense. Ultimately after a brief foot chase RCMP members could not apprehend the suspect before he managed to enter the saloon. The RCMP seized the vehicles involved.

At approximately 23:57 hrs, pursuant to above activity, two suspects who are part of the core protestors group and have been identified as part of their security cell, were arrested.

On Monday, 2022 02 14, at approximately 01:00 hrs, other key protestor within the security cell were also arrested as well as the suspect who tried to ram the police vehicle. A search warrant was being executed at a residence in Coutts and the trailer associated to that residence. A search warrant already executed at the saloon, the main meeting place for the security call, was negative for weapons.

At approximately 03:00 hrs, search warrants were executed at the residence in Coutts and the associated trailer. At these locations RCMP located a significant stash of weapons including carbines. The search was ongoing through the night. Further reporting on this to follow.

John

Subject: EPS members at protest site

Good evening sir. I understand you were looking for details on my interactions with my EPS friend who was in the saloon at Coutts this week supporting the protestors.

On Feb 12th at 1757hrs I sent a text message to **Personal Info.** a fairly good friend from EPS who was reportedly handing out his business cards in the saloon.

S/Sgt. Switzer (CCMG) had sent me a picture of one of the cards and I sent a photo to him of **Per** (pulled off google) and Switzer confirmed it was indeed him.

I got a reply back to my text from Rick right away and he gave me a call shortly after.

- he said he's down here dropping off fresh vegetables with his wife (who i think is also an EPS member but im not certain) and another lady.
- they had been inside the saloon and were just trying to leave.
- they had come in the back way and walked in (across the highway from CP5) with someone I believe named **Pers**. Not sure if this was one of our targets but based on the emergency wire info it may have in fact been the **Pers** we arrested today as an active threat near Okotoks.
- I asked **Per** what the interior of the saloon looked like.
- he confirmed it was one big room. Lots of families and kids.
- said there was a young guy that the organizers were not happy about being there. Young guy with a scruffy red beard. They asked him how they could get rid of him and he gave them advice about asking him to go and how to do that.
- he said they were doing a great job holding the line. If they hold true Trudeau is done. He seemed pretty passionate about their cause. I found out later he had been up speaking.
- he advised them that if the police move in to arrest them, just go ahead and get arrested. Stay peaceful and no one will get hurt. Police have a job to do and even if they agree with your cause they still have a job to do.
- he did not think any of them were high risk or dangerous with the exception of maybe the young guy with the scruffy beard.
- he didn't think that we would have any trouble with any of them when the time comes to arrest and clear the blockade.

I've known Rick for about 7 years and have no reason to believe he had any ill intent being here. It just seems like he feels strongly about the general cause the bulk of the protest represents. I get the impression he was using his position as sworn officer to lend support to their message.

He was super helpful. **Per** offered to help our intel guys with any info they might want as he and the two ladies he was with were offered free and unannounced access to the entire building including the basement which we had no intel on to that point. Asked me to pass on his number and to call anytime.

I haven't talked to him since we recovered the guns. I expect like many of the ardent supporters of the 'cause' he now feels pretty sheepish.

Let me know if you need anything more.

...and have a good night!

Subject: Follow Up to our earlier conversation

Further to our conversation today I did speak with NHQ today about the shifting and their preference, for consistency is to use a deployment schedule. While D Div has not declared anything, NHQ has declared the Ottawa event an extreme circumstance. Ultimately it is our decision as a Div to use the home schedule versus using a deployment schedule.

There are pros and cons to both;

PROS:

- Fair to everyone.
- Consistent with the CA
- Easier to manage from an event planning perspective
- More cost effective

CONS:

- The Member prefer to use their home schedule.
- It will likely cost more.
- Easier for the Dets to administer.
- Inconsistent with the CA and the approach taken by NHQ.

I saw the NHQ adjoining instructions today and they are pretty clear and have some great info in them, certainly a well put together product. I did chat with Beth and Mike from DEOC and we have some challenges that NHQ does not as it relates to travelling to get there (Ottawa folks all work there already), most of them are M-F day workers etc.

We can chat more first thing in the morning or I am happy to discuss this evening as well, I know you are having the Ops call as I type this. The other piece to consider is what approach are we using with both ERT, STO and other Specialized Units?

As for the AOL piece, we did discuss that and they said that was a new one and they would get back to us tomorrow with more direction on that one. There are provision in the CA that speak to it for the First 48 hours, but nothing that is specific to an event of this nature.

Subject: WAD CRU

Sir,

I know you were discussing upcoming enforcement actions down in Coutts. We were discussing resourcing and would like to suggest/offer WAD CRU. We considered using them for the WAD deployment resources but with the way they work it would be a waste. If we were to take a couple of members away at a time, the remaining members would not be able to achieve much back here. If we send them as a team, they may be more beneficial as they are capable and equipped to work both covertly and overtly.

Just an idea.

Thanks,
Blake

Subject: Feb 14 Anti-Mandate Protests (AMP) Update 1800 hours

LMD:

176 Border crossing:

CIRG Command will be executing a clearing plan on 176 around 1830-1900 tonight. The last hold out protesters will be moved along or arrested. They will have one opportunity to move vehicles or the vehicle will be towed off the road. No tows have been obtained so CIRG has three F350 Dual Trucks that will substitute for tows. Vehicle owners will be warned on video to move or their vehicles or they risk possible damage when police move them.

Once the protesters are arrested, they will be processed and either held in custody (identity or assaultive behaviour) or released on a GoA and other conditions on a UTA.

When all protesters and vehicles are moved the concrete barriers will be removed and PCs will create a check point for freight vehicles to move through to take pressure off Aldergrove and Sumas border crossings.

CIRG will then hold the border crossing open for the remainder.

SED and ND: Two truck convoys are moving towards 1756 Border crossing with the intent of stopping at the border. The numbers associated with these convoys is not known at this time. CIRG INTEL has actionable intel to believe the intent is to block the border. BCHP and CVSE will stop all truck convoys and conduct safety inspections to ensure the traveling public is not at risk. Any Freight vehicle that move towards the border without a reason to be there will be stopped at the road checks and turned away or otherwise dealt with under the law.

Hi s.37 [REDACTED]

I don't really know the answer to that question, however, I do know that we opened an investigative file. I know that the investigative team was quite busy today so my sense is that thinking that you just needed something to start your process, I believe the intent was just to have Ron provide you with a narrative around his interaction.

That said, on Saturday we were very concerned about Perso [REDACTED] presence in the bar, particularly given that he went downstairs, an area that was to our understanding, restricted to most who were there.

Trevor, can you have the team look at the file and see what we have in it to date.

Thanks Folks

Sir,

Please find attached Sit Rep to the Commissioner relative to the email (attached) from the CHRO in declaring the border disruption as an Extreme Circumstance for the purpose of the administration of C.A.

We have consulted with NPF and they may not necessarily agree with our position, at the end of the day it is the decision of The Employer. As noted in the Sit Rep, this will be monitored on a regular basis as things change and we continue to communicate regularly with NPF.

Happy to discuss any questions or thoughts you may have and please let me know if you prefer this in a different format.

Hi s.37 [REDACTED]

The following is a bit of a statement from Ron Parker, our S/Sgt i/c of our Division ERT team, related to his interaction with Personal [REDACTED]

We do have pictures of the female that he was with, I will ask Trevor if he can send them to you in the morning.

Is this sufficient for your needs? I'm sure that we have more information, but our investigative team has been pretty busy with putting packages together of those who we are charging, but if you need something more, please let me know.

Thanks

John

Subject: EPS members at protest site

Good evening sir. I understand you were looking for details on my interactions with my EPS friend who was in the saloon at Coutts this week supporting the protestors.

On Feb 12th at 1757hrs I sent a text message to **Personal Info.** a fairly good friend from EPS who was reportedly handing out his business cards in the saloon.

S/Sgt. Switzer (CCMG) had sent me a picture of one of the cards and I sent a photo to him of **Per** (pulled off google) and Switzer confirmed it was indeed him.

I got a reply back to my text from **Pers** right away and he gave me a call shortly after.

- he said he's down here dropping off fresh vegetables with his wife (who i think is also an EPS member but im not certain) and another lady.

- they had been inside the saloon and were just trying to leave.

- they had come in the back way and walked in (across the highway from CP5) with someone I believe named **Pers**. Not sure if this was one of our targets but based on the emergency wire info it may have in fact been the **Pers** we arrested today as an active threat near Okotoks.

- I asked **Per** what the interior of the saloon looked like.

- he confirmed it was one big room. Lots of families and kids.

- said there was a young guy that the organizers were not happy about being there. Young guy with a scruffy red beard. They asked him how they could get rid of him and he gave them advice about asking him to go and how to do that.

- he said they were doing a great job holding the line. If they hold true Trudeau is done. He seemed pretty passionate about their cause. I found out later he had been up speaking.

- he advised them that if the police move in to arrest them, just go ahead and get arrested. Stay peaceful and no one will get hurt. Police have a job to do and even if they agree with your cause they still have a job to do.

- he did not think any of them were high risk or dangerous with the exception of maybe the young guy with the scruffy beard.

- he didn't think that we would have any trouble with any of them when the time comes to arrest and clear the blockade.

I've known **Pers** for about 7 years and have no reason to believe he had any ill intent being here. It just seems like he feels strongly about the general cause the bulk of the protest represents. I get the impression he was using his position as sworn officer to lend support to their message.

He was super helpful. **Pers** offered to help our intel guys with any info they might want as he and the two ladies he was with were offered free and unannounced access to the entire building including the basement which we had no intel on to that point. Asked me to pass on his number and to call anytime.

I haven't talked to him since we recovered the guns. I expect like many of the ardent supporters of the 'cause' he now feels pretty sheepish.

Let me know if you need anything more.

...and have a good night!

RP

S/Sgt. R. Parker

Hi there,

FYI, in case you haven't seen this already, I was made aware of the following YouTube video, allegedly filmed in Milk River/Coutts on Feb. 12, 2022. At the 21:30 mark, an active Edmonton Police Service staff sergeant (**Personal**) takes the microphone in support of the protest. He is accompanied with **Personal**, the EPS patrol officer who was in a support video last week, who also took the microphone.

Personal Info.

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening.

Your great cooperation and assistance is appreciated!

Hi Nina

I would not be too quick to state that our members actions suggest that they are supportive of the events down there. I get that optically it may look bad and yes the member should have been wearing a mask, but partner our strategy for crowd management is to be friendly and engaging. It will be important to get our members perspective.

Trevor, any thoughts on this. Can you atleast try and have someone atleast identify the members involved.

Thanks

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening

Your great cooperation and assistance is appreciated!

Curtis

Good Morning Brad,

I understand a letter is no longer required and an email will suffice.

For the purposes of our operations, we no longer require the suspension or closure of the port at Coutts.

We still are working in the area as vehicles are parked on the shoulder of roadways but for the most part our operations are not at risk with the opening.

Your great cooperation and assistance is appreciated!

Curtis

Yup, next spring I am done. My wife is going a year ahead of me so that kinda pisses me off a bit ☹️ But a year will go fast. Since I have been in this role I have had to deal with asylum seekers, a pandemic and border closures because of protesters. I am not sure I have much more in meâ€¦.

Congrats on your retirement thoughâ€¦.take care John.

Subject: RE: Fyi - FW: Alberta RCMP make arrests at Coutts Border Blockade – Update

Yes, s.37 is correct. Sorry for the jargon. The implication of being covered by the OIC is that it is an offense just to transport the gun from its storage place other than for surrender, etc. These guns were supposed to be frozen in place when the OIC took effect and are not supposed to be used at all. There is an amnesty in place so possessing guns like this in their place of storage is not an offense while the Feds figure out a plan to deal with them.

Order Declaring an Amnesty Period (2020) (justice.gc.ca)

However, the amnesty expires at the end of April and there is no realistic prospect that a plan will be in place to deal with them by that date, so it is highly likely that the amnesty will be extended. This is one of the top irritants among legitimate gun owners because they feel the firearms on the OIC list were arbitrarily chosen (i.e. they are not commonly used in crimes in Canada and are not significantly different from others that are not on this list). Many owners also object to a prohibition by OIC rather than legislation debated in Parliament, but that is not a new practice.

I did prepare a letter to Federal Minister Mendicino last November requesting inter alia that the amnesty be extended but it has not yet been approved for release.

Thanks,

I believe this is a reference to the fact that it was previously a legal firearm, but was made prohibited by the Order in Council by the Govt. Of Canada that caused a lot of concern here in AB among legitimate firearms owners.

The AR15 platform is now a Prohibited Weapon in Canada.

PB.NSC.CAN.00008248 REL.2131

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with a large quantity of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 11 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- handguns
- multiple sets of body armour
- a machete
- a large quantity of ammunition
- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered. The driver of the tractor was identified and we are actively working to locate him so he can be taken into custody. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

14 février, 2022

La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts

Coutts Alta - La GRC de l'Alberta a récemment appris l'existence d'un petit groupe organisé au sein de la grande manifestation de Coutts. Des informations ont été reçues selon lesquelles ce groupe avait accès à une cache d'armes à feu avec une grande quantité de munitions. On a dit que le groupe était prêt à utiliser la force contre la police si l'on tentait de perturber le blocus. Cela a entraîné une enquête immédiate et complexe pour déterminer l'ampleur de la menace et de l'organisation criminelle.

À la suite de cette enquête, la GRC de l'Alberta a exécuté un mandat de perquisition aux premières heures du 14 février, dans trois remorques associées à cette organisation criminelle. Cela a permis l'arrestation et la détention de 11 individus.

À la suite de ces mandats de perquisition, les éléments suivants ont été saisis :

- 13 armes d'épaule
- armes de poing
- plusieurs ensembles de gilets pare-balles
- une machette
- une grande quantité de munitions
- des chargeurs de grande capacité

Un exemple de l'état d'esprit militant d'une petite partie de la manifestation. Plus tôt dans la soirée, vers 20 h, un gros tracteur agricole et un semi-remorque, tous deux impliqués dans le blocus, ont tenté de percuter un véhicule de police. Le policier a pu se repositionner et éviter la collision. Les agents de la GRC ont suivi les suspects jusqu'à un endroit où les manifestants étaient rassemblés. Le conducteur du tracteur a été identifié et nous travaillons activement à le localiser afin qu'il puisse être mis en détention. La GRC de l'Alberta a saisi le tracteur agricole et le semi-remorque impliqués dans cet incident.

La GRC de l'Alberta tient à souligner que notre objectif principal tout au long de cet événement a été et continuera d'être la sécurité du public, ainsi

que celle de nos agents.

La GRC de l'Alberta reprendra ses efforts pour mettre fin au blocus illégal qui a empêché l'accès à la frontière de Coutts. Nous encourageons tous les participants qui sont impliqués dans cette action illégale à quitter les lieux immédiatement ou à se déplacer vers le site désigné pour la manifestation légale.

La GRC de l'Alberta fournira d'autres mises à jour dès qu'elles seront disponibles.

Subject: RE: Fyi - FW: Alberta RCMP make arrests at Coutts Border Blockade " Update

Yes, **s.37** is correct. Sorry for the jargon. The implication of being covered by the OIC is that it is an offense just to transport the gun from its storage place other than for surrender, etc. These guns were supposed to be frozen in place when the OIC took effect and are not supposed to be used at all. There is an amnesty in place so possessing guns like this in their place of storage is not an offense while the Feds figure out a plan to deal with them.

Order Declaring an Amnesty Period (2020) (justice.gc.ca)

However, the amnesty expires at the end of April and there is no realistic prospect that a plan will be in place to deal with them by that date, so it is highly likely that the amnesty will be extended. This is one of the top irritants among legitimate gun owners because they feel the firearms on the OIC list were arbitrarily chosen (i.e. they are not commonly used in crimes in Canada and are not significantly different from others that are not on this list). Many owners also object to a prohibition by OIC rather than legislation debated in Parliament, but that is not a new practice.

I did prepare a letter to Federal Minister Mendicino last November requesting inter alia that the amnesty be extended but it has not yet been approved for release.

Thanks,

Alberta RCMP make arrests at Coutts Border Blockade â€” Update

Coutts, Alta. â€” Additional individuals have been arrested in connection to the Coutts border blockade:

Earlier today, we had an arrest on the highway where two weapons were seized and an individual was arrested and remains in custody. He was stopped by police while en-route back to the protest site.

At approximately 12:45 p.m., a northbound semi truck approached an RCMP check stop north of Milk River, Alta. when the driver accelerated and drove towards our members. The driver swerved at the last moment and hit some traffic cones which were on the roadway. The driver was arrested close to the scene for criminal code offences.

These are the 12th and 13th individuals to be arrested in the past 24 hours in connection to the Coutts border protests.

La GRC de l'Alberta procÃ©de Ã des arrestations au blocus frontalier de Coutts - Mise Ã jour

Coutts, Alta. - D'autres personnes ont Ã©tÃ© arrÃªtÃ©es en lien avec le blocus frontalier de Coutts :

Plus tÃ¢t aujourd'hui, nous avons procÃ©dÃ© Ã une arrestation sur l'autoroute oÃ¹ deux armes ont Ã©tÃ© saisies et un individu a Ã©tÃ© arrÃªtÃ© et demeure en dÃ©tention. Il a Ã©tÃ© arrÃªtÃ© par la police alors qu'il retournait au site de la manifestation.

Vers 12 h 45, un camion semi-remorque se dirigeant vers le nord s'est approchÃ© d'un arrÃªt de contrÃ´le de la GRC au nord de Milk River, en Alberta, lorsque le conducteur a accÃ©lÃ©rÃ© et s'est dirigÃ© vers nos membres. Le conducteur a fait une embardÃ©e au dernier moment et a heurtÃ© des cÃ¢nes de signalisation qui se trouvaient sur la chaussÃ©e. Le conducteur a Ã©tÃ© arrÃªtÃ© prÃ©s de la scÃ¨ne pour des infractions au Code criminel.

Il s'agit des 12e et 13e personnes arrÃªtÃ©es au cours des derniÃ¨res 24 heures en lien avec les manifestations Ã la frontiÃ¨re de Coutts.

Feb. 14, 2022

Alberta RCMP make arrests at Coutts Border Blockade

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with a large quantity of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 11 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- handguns
- multiple sets of body armour
- a machete
- a large quantity of ammunition
- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered. The driver of the tractor was identified and we are actively working to locate him so he can be taken into custody. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

14 fÃ©vrier, 2022

La GRC de l'Alberta procÃ©de Ã des arrestations au blocus frontalier de Coutts

Coutts Alta - La GRC de l'Alberta a rÃ©cemment appris l'existence d'un petit groupe organisÃ© au sein de la grande manifestation de Coutts. Des informations ont Ã©tÃ© reÃ§ues selon lesquelles ce groupe avait accÃ©s Ã une cache d'armes Ã feu avec une grande quantitÃ© de munitions. On a dit que le groupe Ã©tait prÃªt Ã utiliser la force contre la police si l'on tentait de perturber le blocus. Cela a entraÃªnÃ© une enquÃªte immÃ©diate et complexe pour dÃ©terminer l'ampleur de la menace et de l'organisation criminelle.

Ã la suite de cette enquÃªte, la GRC de l'Alberta a exÃ©cutÃ© un mandat de perquisition aux premiÃ¨res heures du 14 fÃ©vrier, dans trois remorques associÃ©es Ã cette organisation criminelle. Cela a permis l'arrestation et la dÃ©tention de 11 individus.

Ã la suite de ces mandats de perquisition, les Ã©lÃ©ments suivants ont Ã©tÃ© saisis :

- 13 armes d'Ã©paule
- armes de poing
- plusieurs ensembles de gilets pare-balles

- une machette
- une grande quantité de munitions
- des chargeurs de grande capacité

Un exemple de l'état d'esprit militant d'une petite partie de la manifestation. Plus tard dans la soirée, vers 20 h, un gros tracteur agricole et un semi-remorque, tous deux impliqués dans le blocus, ont tenté de percuter un véhicule de police. Le policier a pu se repositionner et éviter la collision. Les agents de la GRC ont suivi les suspects jusqu'à un endroit où les manifestants étaient rassemblés. Le conducteur du tracteur a été identifié et nous travaillons activement à le localiser afin qu'il puisse être mis en détention. La GRC de l'Alberta a saisi le tracteur agricole et le semi-remorque impliqués dans cet incident.

La GRC de l'Alberta tient à souligner que notre objectif principal tout au long de cet événement a été et continuera d'être la sécurité du public, ainsi que celle de nos agents.

La GRC de l'Alberta reprendra ses efforts pour mettre fin au blocus illégal qui a empêché l'accès à la frontière de Coutts. Nous encourageons tous les participants qui sont impliqués dans cette action illégale à quitter les lieux immédiatement ou à se déplacer vers le site désigné pour la manifestation légale.

La GRC de l'Alberta fournira d'autres mises à jour dès qu'elles seront disponibles.

Alberta RCMP make arrests at Coutts Border Blockade – Update

Coutts, Alta. â€” Additional individuals have been arrested in connection to the Coutts border blockade:

Earlier today, we had an arrest on the highway where two weapons were seized and an individual was arrested and remains in custody. He was stopped by police while en-route back to the protest site.

At approximately 12:45 p.m., a northbound semi truck approached an RCMP check stop north of Milk River, Alta. when the driver accelerated and drove towards our members. The driver swerved at the last moment and hit some traffic cones which were on the roadway. The driver was arrested close to the scene for criminal code offences.

These are the 12th and 13th individuals to be arrested in the past 24 hours in connection to the Coutts border protests.

La GRC de l'Alberta procède de nouvelles arrestations au blocus frontalier de Coutts - Mise à jour

Coutts, Alta. - D'autres personnes ont été arrêtées en lien avec le blocus frontalier de Coutts :

Plus tard aujourd'hui, nous avons procédé à une arrestation sur l'autoroute où deux armes ont été saisies et un individu a été arrêté et demeure en détention. Il a été arrêté par la police alors qu'il retournait au site de la manifestation.

Vers 12 h 45, un camion semi-remorque se dirigeant vers le nord s'est approché d'un arrêt de contrôle de la GRC au nord de Milk River, en Alberta, lorsque le conducteur a accéléré et s'est dirigé vers nos membres. Le conducteur a fait une embardée au dernier moment et a heurté des câbles de signalisation qui se trouvaient sur la chaussée. Le conducteur a été arrêté par les policiers de la scène pour des infractions au Code criminel.

Il s'agit des 12e et 13e personnes arrêtées au cours des dernières 24 heures en lien avec les manifestations à la frontière de Coutts.

Feb. 14, 2022

Alberta RCMP make arrests at Coutts Border Blockade

Coutts Alta - The Alberta RCMP recently became aware of a small organized group within the larger Coutts protest. Information was received that this group had access to a cache of firearms with a large quantity of ammunition. The group was said to have a willingness to use force against the police if any attempts were made to disrupt the blockade. This resulted in an immediate and complex investigation to determine the extent of the threat and criminal organization.

As a result of this investigation, the Alberta RCMP executed a search warrant during the early hours of Feb. 14, on three trailers associated to this criminal organization. This resulted in the arrest and detainment of 11 individuals.

As result of these search warrants, the following was seized:

- 13 long guns
- handguns
- multiple sets of body armour
- a machete
- a large quantity of ammunition
- high capacity magazines

An example of the militant mindset of a small segment of the protest, earlier in the evening, at approximately 8:00 p.m., a large farm tractor and a semi truck, both involved in the blockade, attempted to ram a police vehicle. The police officer was able to reposition and avoid the collision. RCMP officers followed the suspects to a location where the protesters were gathered. The driver of the tractor was identified and we are actively working to locate him so he can be taken into custody. The Alberta RCMP have seized the farm tractor and semi truck involved in this incident.

The Alberta RCMP wants to emphasize that our primary goal throughout this event has been and will continue to be the safety of the public, as well as our officers.

The Alberta RCMP will resume efforts to end the illegal blockade which has prevented access to the Coutts border. We encourage all participants who are involved in this illegal action to leave immediately or relocate to the designated site for the legal protest.

The Alberta RCMP will provide further updates as they become available.

14 février, 2022

La GRC de l'Alberta procède à des arrestations au blocus frontalier de Coutts

Coutts Alta - La GRC de l'Alberta a récemment appris l'existence d'un petit groupe organisé au sein de la grande manifestation de Coutts. Des informations ont été reçues selon lesquelles ce groupe avait accès à une cache d'armes à feu avec une grande quantité de munitions. On a dit que le groupe était prêt à utiliser la force contre la police si l'on tentait de perturber le blocus. Cela a entraîné une enquête immédiate et complexe pour déterminer l'ampleur de la menace et de l'organisation criminelle.

À la suite de cette enquête, la GRC de l'Alberta a exécuté un mandat de perquisition aux premières heures du 14 février, dans trois remorques associées à cette organisation criminelle. Cela a permis l'arrestation et la détention de 11 individus.

À la suite de ces mandats de perquisition, les éléments suivants ont été saisis :

- 13 armes d'arme à paule
- armes de poing
- plusieurs ensembles de gilets pare-balles
- une machette
- une grande quantité de munitions
- des chargeurs de grande capacité

Un exemple de l'état d'esprit militant d'une petite partie de la manifestation. Plus tard dans la soirée, vers 20 h, un gros tracteur agricole et un semi-remorque, tous deux impliqués dans le blocus, ont tenté de percuter un véhicule de police. Le policier a pu se repositionner et éviter la collision. Les agents de la GRC ont suivi les suspects jusqu'à un endroit où les manifestants étaient rassemblés. Le conducteur du tracteur a été identifié et nous travaillons activement à le localiser afin qu'il puisse être mis en détention. La GRC de l'Alberta a saisi le tracteur agricole et le semi-remorque impliqués dans cet incident.

La GRC de l'Alberta tient à souligner que notre objectif principal tout au long de cet événement a été et continuera d'être la sécurité du public, ainsi que celle de nos agents.

La GRC de l'Alberta reprendra ses efforts pour mettre fin au blocus illégal qui a empêché l'accès à la frontière de Coutts. Nous encourageons tous les participants qui sont impliqués dans cette action illégale à quitter les lieux immédiatement ou à se déplacer vers le site désigné pour la manifestation légale.

La GRC de l'Alberta fournira d'autres mises à jour dès qu'elles seront disponibles.

I am responding to your request to A/Commissioner FERGUSON with respect to the firearms seizures following enforcement action at Coutts yesterday. This information was provided by investigators and is preliminary in nature. Investigation continues and this information should not be considered either the final listing of evidence or the results of expert analysis. Additional work remains for investigators. I would ask that this information not be shared further to other agencies for follow up at this time or public release, leaving that to the investigative team.

Good morning S.38 my apologies, I noted this morning that the email that I had thought I sent you yesterday was in my draft folder.

I have included C/Supt. Lisa Moreland in this message. I'm not sure if you have had a chance to engage with her yet, but as I explained yesterday, Lisa and my counter part A/Commr. Keith Finn look after the Federal Policing program in Alberta, for the most part it is their folks that have the most interaction with the Consulate. That said, maybe after things calm down a bit we should look to arrange a meeting in either Calgary or Edmonton, to officially meet and start building a relationship.

Thanks again for reaching in yesterday, and again my apologies for not getting my contact information to you yesterday.

Take care,

John

Emerson, Manitoba February 16, 2022

Update #5 – Blockade at Emerson Border Crossing now cleared

On the morning of February 10, 2022, semi-trailers, farm implements, and passenger vehicles began blocking the Canada/US border at the Emerson port of entry.

RCMP officers from Emerson and Morris detachments and Manitoba RCMP Divisional Liaison Officers immediately attended the scene, and began to work with the demonstrators to find a peaceful resolution.

At noon today, the remaining demonstrators began to move out of the area and full access to the Emerson Port of Entry is now restored.

The Manitoba RCMP coordinated and escorted the vehicles out of this area to ensure a safe and orderly departure. This was to ensure the safety of all involved.

"Throughout the past six days, our officers continued to use open communication, and a measured approach to find a peaceful resolution to this situation. This continuous dialogue between our officers and the demonstrators enabled us to reach a resolution yesterday," said Chief Superintendent Rob Hill, Officer in Charge of Criminal Operations for the Manitoba RCMP.

The number of vehicles taking part in the blockade has fluctuated throughout the past six days. At its peak, the RCMP estimates there were approximately 75 vehicles.

Through dialogue with the demonstrators last week, emergency vehicles, including police vehicles, as well as some agriculture transports and other critical goods were allowed through the blockade.

Apart from these select vehicles, all four lanes of Highway 75 at Provincial Road 243 remained blocked.

For vehicles that weren't able to get through, RCMP officers diverted traffic to alternate border crossings in Manitoba.

"This highway is prone to closures due to weather. With blizzards in the winter and flooding in the spring, our officers are well versed in alternate paths of travel for commercial and passenger vehicles."

Officers will remain in the area today to ensure that the highway and the border to the United States remains open and accessible to all travellers.

"We would like to thank our partners, Canada Border Services Agency and US Customs and Border Protection, as well as our provincial partners at Manitoba Transportation and Infrastructure. These agencies provided assistance to the Manitoba RCMP throughout the duration of the blockade to ensure cross country border traffic was accommodated at other ports of entry."

5^e mise à jour : Fin du blocus au poste frontalier d'Emerson

Le matin du 10 février 2022, des semi-remorques, des véhicules agricoles et de promenade se sont rassemblés afin de bloquer la circulation à la frontière canado-américaine au poste frontalier d'Emerson, au Manitoba.

Des policiers des détachements d'Emerson et de Morris ainsi qu'un agent de liaison de la GRC du Manitoba ont immédiatement été dépêchés sur les lieux afin de travailler avec les manifestants pour arriver à une solution pacifique.

À midi aujourd'hui, le reste des manifestants a commencé à quitter les lieux; l'accès complet au poste frontalier d'Emerson est maintenant rétabli.

La GRC du Manitoba a coordonné le départ des véhicules en plus de les escorter hors du secteur afin d'assurer un processus sécuritaire et ordonné, le tout dans le but d'assurer la sécurité de tous.

« Au cours des six derniers jours, nos policiers ont continué à privilégier les communications ouvertes et une approche modérée et prudente afin d'arriver à une solution pacifique. Cette communication continue a permis d'arriver à une solution hier entre les policiers et les manifestants » explique le surintendant principal Rob Hill, officier responsable des Opérations criminelles de la GRC du Manitoba.

Le nombre de véhicules participant au blocus a fluctué au cours des six derniers jours. Le plus grand nombre relevé par la GRC est d'environ 75 véhicules.

Grâce au dialogue avec les manifestants la semaine dernière, les véhicules d'urgence, dont les véhicules de police, ainsi que certains produits agricoles et autres denrées essentielles ont pu traverser le blocus.

Mais à l'exception de ces véhicules, la circulation dans les quatre voies de l'autoroute 75 à la hauteur de la route provinciale 243 restait bloquée.

Pour les véhicules qui ne pouvaient traverser la frontière, les policiers de la GRC ont détourné la circulation en direction d'autres postes frontaliers du Manitoba.

« Cette autoroute est souvent fermée en raison des conditions météorologiques, comme les blizzards en hiver et les inondations au printemps. C'est pourquoi nos policiers connaissent bien les voies de contournement de la région pour les véhicules commerciaux et de tourisme. »

Nos policiers resteront sur place pour s'assurer que l'autoroute et la frontière en direction des États-Unis restent ouvertes et accessibles à tous les voyageurs.

« Nous tenons à remercier nos partenaires, soit l'Agence des services frontaliers du Canada et la US Customs and Border Protection ainsi qu'Infrastructure Manitoba. Ces organismes ont apporté leur aide à la GRC du Manitoba durant le blocus afin d'assurer la circulation entre les deux pays à travers d'autres postes frontaliers. »

James, any word on the CCMG?

As for the flyer, Nina just sent a draft on this. I will flip it to you. It does not appear as though it is or will be as simple as us putting together.

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
 - Consistent with the following configuration
 - 45-50+ members in each team
 - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- S. Emergency Response Team type of members
 - Consistent with the following configuration
 - S. "Assaulters or basic Operators"
 - 37 Sniper members
 - S. Apprehension dogs

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Subject: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
 - Consistent with the following configuration
 - 45-50+ members in each team
 - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- S. Emergency Response Team type of members
 - Consistent with the following configuration

- S. "Assaulters or basic Operators"
- 37 Sniper members
- S. Apprehension dogs

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Hi Keith,

After Nina and Roberta spoke and it was agreed that we would make Roberta available, someone reached into Roberta and told her that the Division would not release her because she was tired. Not sure if you have found another CIC, but just want to confirm that if she is being requested we will release her. Just so that I can advise Nina and Roberta officially are you able to advise if your team has reached a decision? I have included Nina.

Thanks Keith,

John

Subject: Roberta

Hi Keith,

Nina spoke with Roberta. In short, if you need her we will make her available. Iâ€™ll leave it with you and your team for a final decision.

Thanks Keith,

John

Hi Eric / John

We received a similar request from the OPP today specific to Ottawa to assist with planning. DCAS / INSET were developing something we could share with them that would need to be reviewed by the invest team first. Once that's done we could likely share with you.

Do you have any specific questions or just looking for the general update.

As you can imagine we have collected a lot of evidence which we still need to examine and that will take time.

I will have to see if we need to send a public order commander or a critical incident commander with the resources I suppose.

Will confirm in the am.

Just FYI,

Before the Ert and Tac request came in we had tentatively given the okay for Roberta to deploy. Will that be Anniston now?

Subject: RE: Roberta

Hi Michele, it was brought to my attention that we have received a request for ERT, Tac Troop members and PDS. Given this we may have to deploy a CIC to accompany this team, we may have to evaluate Roberta's deployment. We are already down a few CICs and with the current demand on our CICs I'm not sure if we are in a position to deploy 2 CICs to Ottawa. Sorry to do this to you at the last second, but could we hold off until tomorrow morning, I need to assess our strength in this area.

Hi Keith,

After Nina and Roberta spoke and it was agreed that we would make Roberta available, someone reached into Roberta and told her that the Division would not release her because she was tired. Not sure if you have found another CIC, but just want to confirm that if she is being requested we will release her. Just so that I can advise Nina and Roberta officially are you able to advise if your team has reached a decision? I have included Nina.

Thanks Keith,

John

Sir(s),

For your consideration, the Division CIP would be able to provide the following resources should it be necessary:

50 POU (STO)

SERT

2 PDS

Numbers could fluctuate either way depending the timing of the request.

Gord

Subject: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
 - Consistent with the following configuration
 - 45-50+ members in each team
 - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- **S** Emergency Response Team type of members
 - Consistent with the following configuration
 - **S** Assaulters or basic Operators
 - **S** Sniper members
 - **S** Apprehension dogs

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Subject: RE: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Sir(s),

For your consideration, "K" Division CIP would be able to provide the following resources should it be necessary:

50 POU (STO)

SERT

2 PDS

Numbers could fluctuate either way depending the timing of the request.

Gord

Subject: FW: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Good afternoon Sirs,

We received this request from National, what is "K" Divisions response? Are we in a position to assist with resources?

Kind regards,

Sarah

Subject: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
 - Consistent with the following configuration
 - 45-50+ members in each team
 - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- **S** Emergency Response Team type of members
 - Consistent with the following configuration
 - **S** 3 "Assaulters or basic Operators"
 - **7** Sniper members
 - **S** Apprehension dogs

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Hi Chris, thanks for this. What we are actually looking for is to highlight the consequences of not obeying the Emergencies Act. ie, vehicle seized.
iv) Trucks used can have their corporate bank accounts frozen and insurance suspended
Prosecute Contraventions of the Regulations: Summary conviction (max. \$500 fine and/or 6 months prison); or indictment (max \$5,000 fine and/or 5 years prison) by federal/provincial prosecution services (concurrent jurisdiction) [s.10(2) Reg.].

Just wanting to highlight some of the consequences of not obeying the Act.

I hope this makes sense.

Thanks

John

Hello Sirs. Please find attached revised draft of the pamphlet to distribute to protestors, for your review.

It is now amended to take into account that protestors are currently engaged in legal activity, that the provisions of the Emergencies Act are now in effect, and makes reference to Railway.

Subject: Delegation related to Emergency Measures Regulations

****Français à venir****

Colleagues,

Attached is a delegation letter from the Commissioner of the RCMP which provides any Deputy Commissioner, divisional Commanding Officer, or Criminal Operations officer of the RCMP, or any RCMP member designated by them, the authority to act on the Commissioner's behalf to request that any person make available and render essential goods and services for the removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade, pursuant to section 7(1) of the Emergency Measures Regulations (EMR).

To accept these authorities, please sign and return the "Acknowledgement - Authorization of Person Acting on Commissioner's Behalf" to Annie Peladeau, Director General Corporate Accounting Policy and Control (annie.peladeau@rcmp-grc.gc.ca) as quickly as possible. Certified digital e-signatures will be accepted. Anyone accepting this delegation must also have Financial Administration Act (FAA) Section 32 and 34 authority.

This delegated authority will allow those designated to issue a compelling letter to vendors required to support the operational response required. A template for the compelling letter is attached ("Written Request for Essential Goods and Services").

Given the use of the EMR and the compelling letter, Purchase Orders and Contracts are not required, however we ask that you remind vendors that costs will be assessed for reasonableness and alignment with fair market rates before services are engaged. Once the compelling letter is issued, please provide a copy to Christine Lamarche (christine.lamarche@rcmp-grc.gc.ca) (Bronze Commander and Director General, Procurement, Material and Asset Management).

As per Section 9(1) of the Emergency Measures Regulations:

9(1) Her Majesty in right of Canada is to provide reasonable compensation to a person for any goods or services that they have rendered at their request under section 7, which amount must be equal to the current market price for those goods or services of that same type, in the area in which the goods or services are rendered.

Once Vendors complete the work and submit their invoices, please confirm FAA Section 34 and identify the Internal Order related to the cost, based on direction issued by Financial Management. The Section 34 authorized invoice with the IO, along with the related compelling order, should be sent to France Filion (france.filion@rcmp-grc.gc.ca) Director of our National Accounting and Relocation Services Unit, as quickly as possible for processing and payment.

In terms of sub-delegations to other police services jurisdictions, there is a separate process for Ontario and Quebec. Where the RCMP is the provincial or territorial police, RCMP delegates should be compelling the service provider and following the process identified above. This process will allow the RCMP to pay for these invoices.

If you have any questions please feel free to Christine Lamarche (christine.lamarche@rcmp-grc.gc.ca), or Annie Peladeau (annie.peladeau@rcmp-grc.gc.ca) if you have any questions.

Thank you,
Jen

Subject: Delegation related to Emergency Measures Regulations

FranÃ§ais Ã venir

Colleagues,

Attached is a delegation letter from the Commissioner of the RCMP which provides any Deputy Commissioner, divisional Commanding Officer, or Criminal Operations officer of the RCMP, or any RCMP member designated by them, the authority to act on the Commissioner's behalf to request that any person make available and render essential goods and services for the removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade, pursuant to section 7(1) of the Emergency Measures Regulations (EMR).

To accept these authorities, please sign and return the "Acknowledgement - Authorization of Person Acting on Commissioner's Behalf" to

Annie Peladeau, Director General Corporate Accounting Policy and Control (annie.peladeau@rcmp-grc.gc.ca) as quickly as possible. Certified digital e-signatures will be accepted. Anyone accepting this delegation must also have Financial Administration Act (FAA) Section 32 and 34 authority.

This delegated authority will allow those designated to issue a compelling letter to vendors required to support the operational response required. A template for the compelling letter is attached ([Written Request for Essential Goods and Services](#)).

Given the use of the EMR and the compelling letter, Purchase Orders and Contracts are not required, however we ask that you remind vendors that costs will be assessed for reasonableness and alignment with fair market rates before services are engaged. Once the compelling letter is issued, please provide a copy to Christine Lamarche (christine.lamarche@rcmp-grc.gc.ca) (Bronze Commander and Director General, Procurement, Material and Asset Management).

As per Section 9(1) of the Emergency Measures Regulations:

9 (1) Her Majesty in right of Canada is to provide reasonable compensation to a person for any goods or services that they have rendered at their request under section 7, which amount must be equal to the current market price for those goods or services of that same type, in the area in which the goods or services are rendered.

Once Vendors complete the work and submit their invoices, please confirm FAA Section 34 and identify the Internal Order related to the cost, based on direction issued by Financial Management. The Section 34 authorized invoice with the IO, along with the related compelling order, should be sent to France Filion (france.filion@rcmp-grc.gc.ca) Director of our National Accounting and Relocation Services Unit, as quickly as possible for processing and payment.

In terms of sub-delegations to other police services jurisdictions, there is a separate process for Ontario and Quebec. Where the RCMP is the provincial or territorial police, RCMP delegates should be compelling the service provider and following the process identified above. This process will allow the RCMP to pay for these invoices.

If you have any questions please feel free to Christine Lamarche (christine.lamarche@rcmp-grc.gc.ca), or Annie Peladeau (annie.peladeau@rcmp-grc.gc.ca) if you have any questions.

Thank you,
Jen

Good afternoon Marc,

"K" Division is prepared to release the following numbers of members to assist in Ottawa:

32 (approx.) TSG / POU members
SERT members
2 PDS members
1 Commander

Likely 42 resources total.

Please contact me should you require further information. The earliest we would likely be able to deploy is some time tomorrow am. If you require us for a different period of time (next week etc etc) please advise that as well.

Thanks Marc

Subject: URGENT - FREEDOM 2022 CONVOY PROTEST - REQUEST OF ASSISTANCE

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duheme is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
 - Consistent with the following configuration
 - 45-50+ members in each team
 - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- SERT Emergency Response Team type of members
 - Consistent with the following configuration
 - S3 "Assaulters or basic Operators"
 - 7 Sniper members
 - S1 Apprehension dogs

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

Scott, this is the message that all Divisions received yesterday. It also went to the major Police Services as well.

In addition to what we are sending, CPS is sending 25 Public Order and EPS is sending 20.

Good day,

Following the Freedom 2022 Protest currently occurring in the National Capital Region, the Gold Silver Bronze Command Structure was established at the National Headquarters in Ottawa. Under this structure, the Deputy Commissioner of the RCMP, Mike Duherne is the Gold Commander and Chief Superintendent Michele Paradis is the Silver Commander.

As Bronze Mobilisation team, we are soliciting your assistance to deploy the following resources from RCMP as well as any municipal police agency to Ottawa immediately;

- 9 self sufficient public order teams (please be advised that partial teams will be considered)
 - o Consistent with the following configuration
 - 45-50+ members in each team
 - With a typical load of munitions, specialty units (tactical, Police Service Dogs)
- S. Emergency Response Team type of members
 - o Consistent with the following configuration
 - S. "Assaulters or basic Operators"
 - 37 Sniper members
 - S. Apprehension dogs

Once teams will be identified as available, we will work to organise their travel to Ottawa as soon as possible for approximately seven days (TBC). Once in Ottawa, transportation and accommodation will be arranged through the Bronze Command logistic team

Further information will be made available with regards to expenses as well as salary compensation to participating outside agencies.

What resources are you being asked for and how many?

We got one other from h div. I suggested to Brian Brennan that we have a specific call with CMC to discuss.

I believe this is Article 9.4 of the ppsa that simply requires a letter from the Commr to your Minister

I am bringing Scott and Scott into the conversation too

Dennis

Yes, just going to ask you about the Article 9. Curtis is sensitive to the Province's potential reaction once he informs him that we are sending some folks your way. He asked that I follow up with you and ask if an Article 9 being planned, is it in the process, if so, when do you think it might be sent out? Sorry to bother you with this, but just following up on his inquiry.

Thanks Dennis,

John

Good afternoon Marc,

"K" Division is prepared to release the following numbers of members to assist in Ottawa:
32 (approx.) TSG / POU members

SMART members

2 PDS members

1 Commander

Likely 42 resources total.

Please contact me should you require further information. The earliest we would likely be able to deploy is some time tomorrow am. If you require us for a different period of time (next week etc etc) please advise that as well.

Thanks Marc

What resources are you being asked for and how many?

We got one other from h div. I suggested to Brian Brennan that we have a specific call with CMC to discuss.

I believe this is Article 9.4 of the ppsa that simply requires a letter from the Commr to your Minister

I am bringing Scott and Scott into the conversation too

Yes, just going to ask you about the Article 9. Curtis is sensitive to the Province's potential reaction once he informs him that we are sending some folks your way. He asked that I follow up with you and ask if an Article 9 being planned, is it in the process, if so, when do you think it might be sent out? Sorry to bother you with this, but just following up on his inquiry.

Thanks Dennis,

John

Hi Brad,

I was on a call with Kevin Brezinski this morning and he asked if I had learned anything more about the Barrhead convey and the information that folks in that area were purchasing guns. I told him that I myself have not heard anything more, but that I was sure that our intel folks were engaged with theirs. Can you just confirm that for me.

Thanks

Subject:

Hi,

As requested please see the attached OICC Bulletin. Debbie has spent a significant amount of time, going through all social media platforms on both the "Freedom / Patriot" side as well as the counter protest / narrative side. I realize that the Bulletin is usually send out by now, but there is still further work to be done. So please consider this the most recent open source protest documents.

Just a quick update regarding the present environment:

- I have had a chance to connect with a few people that align with the social justice groups, there are def concerns about weapons that were seized in Coutts, there was also a recent Crime Stoppers Tip that came from Barrhead regarding community members are buying weapons. One of the Barrhead convoy organizers for Barrhead are mentioned. RCMP are aware.
- There are counter protests being planned, I am told that it all depends on if there is honking. A few areas that have been brought up of concern is Whyte Av, and Rachel Notely. I would suggest this group is not happy about the Chiefs media release yesterday. I have tried to reiterate public safety is our biggest concern. There is also a larger concern about what the Sovereign / Alt Right movement that is taking place and how the Convoy is just a ruse. They are questioning if the EPS is aware of what is going on and what steps are being done. My goal will continue to work with them to get through the weekend, but there is def a larger concern about what is really happening.
- I have reached to one Barrhead organizer, I will be speaking with her tomorrow.
- I have connected with the organizer that is promoting Acheson / Sherwood Park and Nisku, I am told that they will be circulating on the Henday, Whitemud and Yellowhead, They have provided their routes to me. I am told that they have concerns about the organizer coming from Calgary. [REDACTED] was a previous organizer the first two week, last weekend she went to Coutts and was down there for at least 5 days. I have been told that [REDACTED] is becoming an issues and that she plans to bring her group to the Legislative Grounds. I have asked the analysts do further work on [REDACTED]. I have reached out to her as well, but I have not heard back from her yet.
- The analysts are also working with the RCMP to get as much intel as we can about Coutts and Milkriver. We do have some intel but we are def working to get more.

At present I would suggest that the fall out from Coutts is still a concern, and as the Ottawa environment continue to change I am concern about direct impacts here. Although I do not believe he is the "leader" Pat King does have a strong following. And he has spent a lot of time over the last 24 hours getting people elevated over potential police action.

Subject: Delegation related to Emergency Measures Regulations

Good afternoon,

You all received the attached directly from the CFO to provide you with overall direction on the application of the Emergency Measures Regulations. Fully understanding that you will manage this according to the specific operational challenges in your respective Divisions, I thought I should provide some additional guidance and recommendations for your consideration:

- This delegation can only be granted to Regular Members that hold valid Section 32 and Section 34 Delegated Authority. Public Servants and Civilian Members are excluded from receiving this authority.
- Given the significant authority being granted, it is recommended further delegation be as narrow as possible (2-3 senior RMs). This will mitigate risk to you and make any subsequent review/audit easier to manage.
- Exercising this authority is not related to Procurement despite the obvious linkage of obtaining goods and services.

If you have any questions as this authority begins to be used, please direct them to your Financial Advisor, me or any of the other senior NW-CMB staff copied on this message. We will assist in any way we can.

Thanks, Manny

Hi Brad,

I was on a call with s.37 this morning and he asked if I had learned anything more about the Barrhead convey and the information that folks in that area were purchasing guns. I told him that I myself have not heard anything more, but that I was sure that our intel folks were engaged with theirs. Can you just confirm that for me.

Thanks

Hi,

As requested please see the attached OICC Bulletin. Debbie has spent a significant amount of time, going through all social media platforms on both the "Freedom / Patriot" side as well as the counter protest / narrative side. I realize that the Bulletin is usually sent out by now, but there is still further work to be done. So please consider this the most recent open source protest documents.

Just a quick update regarding the present environment:

- I have had a chance to connect with a few people that align with the social justice groups, there are def concerns about weapons that were seized in Coutts, there was also a recent Crime Stoppers Tip that came from Barrhead regarding community members are buying weapons.

One of the Barrhead convoy organizers for Barrhead are mentioned. RCMP are aware.

- There are counter protests being planned, I am told that it all depends on if there is honking. A few areas that have been brought up of concern is Whyte Av, and Rachel Notely. I would suggest this group is not happy about the Chiefs media release yesterday. I have tried to reiterate public safety is our biggest concern. There is also a larger concern about what the Sovereign / Alt Right movement that is taking place and how the Convoy is just a ruse. They are questioning if the EPS is aware of what is going on and what steps are being done. My goal will continue to work with them to get through the weekend, but there is def a larger concern about what is really happening.
- I have reached to one Barrhead organizer, I will be speaking with her tomorrow.
- I have connected with the organizer that is promoting Acheson / Sherwood Park and Nisku, I am told that they will be circulating on the Henday, Whitemud and Yellowhead, They have provided their routes to me. I am told that they have concerns about the organizer coming from Calgary. [REDACTED] was a previous organizer the first two week, last weekend she went to Coutts and was down there for at least 5 days. Subject: CMOH Order and the Steps to Easing

Good Morning,

On February 8, 2022, Alberta began a 3-step process to ease public health measures and begin the transition to endemic state with COVID-19. CMOH Order 08-2022 outlines the current restrictions for Step 1, effective February 8 and February 13 at 11:59pm. A description of the Order is below and it will be posted online today. Step 2 is anticipated to begin March 1st, as long as hospitalizations continue to decline. Over the next few days, we will be updating the web content and guidance documents available on alberta.ca/COVID.

Summary Of CMOH Order 08-2022, which rescinds Order 54-2021 (and its amending Orders: 56-2021 and 59-2021) and Order 55-2021:

Part 1: Application

- This order and restrictions apply province-wide, starting February 8th or 13th, as noted (the effective time is 11:59pm on both days)

Part 2: Definitions

- Cohort has removed the youth camp definition
- VLTs have been replaced with "gaming terminal"
- Interactive activities use the same definition as Order 59-2021; not that gaming terminals and table games continue to not be defined as interactive activities
- Post-secondary institutions have been defined
- Youth activities have been removed

Part 3: Masking

- The overall rules are retained
- Exceptions for youth 12 and under in all public places and students (K-12) while at a school participated in curriculum and extracurricular activities have been included – 3.4(b) and 3.4(c)
- Masks may be temporarily removed to eat/drink in stadium seating, table games and gaming terminals
- All other exceptions from Order 54 and 55 have been included.

Part 4: Work from one's private residence

- No change

Part 5: Private residences

- No change

Part 6: Private social gathering

- Restrictions on weddings and funerals removed
- Outdoor private social gatherings are limited to 20 individuals

Part 7: Capacity restrictions

- Businesses/entities with occupancy loads of 1,000 or more must limit in-person attendance to 50%
- Businesses/entities with occupancy loads of 500-999 must limit in-person attendance to 500
- Staff/workers/etc are not counted in the capacity restriction

- PSIs are not limited in educational settings
- No capacity limits for places of worship

Part 8: Food and Beverage Services, Operating Hours and Interactive Activities

- Dining parties are limited to 10 people; no mingling or interacting between tables
- Liquor sales end at 11pm; closure or liquor consumption stops at 12:30 (depending on the licence)
- Interactive activities are prohibited, except:
 - Dancing at a wedding reception
 - If the primary purpose of the business is interactive activities - no dancing in these settings – AND food/beverage service are physically separated from the interactive activities
 - Liquor sales and closures/liquor consumption ceasing applies in these settings

Part 9: Youth Activities

- No change

Part 10: Schools

- Changes regarding students not required to wear a mask.

Part 11: General

- No change

Please note that:

- Physical distancing is no longer required in most settings
- There have been no changes to Isolation (CMOH Order 02-2022 and Order 04-2022)
- Continuing Care has updated its Orders (CMOH Order 05 through 07-2022)

Thanks

Good morning Folks

I want to share with you some information on the Emergencies Act. As you can appreciate this is a controversial piece of legislation that should only be replied upon as a last resort. If some sort of protest activity does occur in your area it will be important that we deal with those protest under the existing Federal and Provincial authorities that we have always been able to rely upon. Please ensure that before any action is taken under this act, that you consult with myself, Peter or Kevin first, as we will need to report this to NHQ in advance of our actions.

On another note, you are probably aware by now that police in Ottawa have commenced their operations this morning to deal with the illegal blockade in that city. It remains to be seen how this will impact on us in Alberta, but we are very much alive to the fact that it could be a flashpoint for other protests and/or illegal activities in the province. In an effort to assist with the operations in Ottawa we have sent 32 STO members, 5 Ert, 2 PDS members and Gord Corbett. We were hesitant to do this, but we did feel the need to play our part. Depending on what happens throughout our province, we may have to call in and deploy the rest of the STO members, approximately 70 members, in addition to the redeployment of some GD resources. I fully recognize that these callouts do impact on your area of operations, but it will be important that we are able to respond as quickly and as effectively as we can, so if a request comes in, please try and fulfill that request as soon as possible.

During the Coutts protest we created a pamphlet that was handed out to protestors advising them that their actions were illegal. We have modified that pamphlet to include potential consequences under the Emergencies Act.

As always, any question, thoughts or concerns, please feel free to reach into me.

John

Subject: AACP for Information: Exceptional Authorities related to EMR

Good afternoon,

We received the attached communication from Public Safety Canada, regarding the Emergency Measures Regulation (EMR). For your awareness and operational planning. We also ask that agencies continue to provide updates to Marlin and Dwayne as events unfold across the province. This would be greatly appreciated:

In response to current events related to various convoys, blockades and protests across the country, the Commissioner of the RCMP has been given exceptional authorities related to the Emergency Measures Regulations (EMR). These authorities allow the Commissioner to request that any person make available and render essential goods and services for the removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade, pursuant to section 7(1) of the EMR.

The process that has been adopted to sub-delegate these powers is through the provincial or territorial police of jurisdiction. For Contract Policing jurisdictions, this means that the RCMP Commissioner has provided her delegation to each RCMP Divisional Commanding Officer and their Criminal Operations. They have the authority to further sub-delegate through their command structure if operationally required.

If a municipality not currently policed by the RCMP has a requirement to compel a service provider per the EMR, the municipality is asked to work through the RCMP delegated authority in the Divisions who will compel the service providers on their behalf. For provinces who are not part of the contact, separate processes are being put in place if and when they request it. -

As per Section 9(1) of the EMR these costs will be absorbed by Canada and not charged back through the PSAs.

RCMP will continue to monitor the situation in each province/territory and if changes need to be made to processes related these delegations to respond to operational realities, adjustments can be made. Please feel free to contact Denis Daley at the RCMP if you have further questions.

Thank-you,
(on behalf of)

Good Evening Sirs,

Like Supt. Hall advised we are meeting with the Prosecution team assigned to this investigation on Tuesday February 22 at 10:30 a.m. I was hoping that you would be available Tuesday afternoon for an investigational briefing. Would 1:30 or 2:00 p.m. work?

We are fairly flexible so we could work around your schedules.

Thanks

Aaron

Subject: Invest Briefing

Sirs

In speaking with Aaron EWERT we are hoping to have a invest briefing to GOLD on Tuesday afternoon where he can update the suggested move forward strategy. The investigators are meeting with Crown on Tuesday so a briefing after that would be best. Aaron is hoping to get away for a few days after that so Tuesday would be ideal. I have asked him to give a ball park time and will get back to you.

This briefing will be good as currently reporting has been to the GSB structure not the Branch. Assuming things at Coutts continue to calm down, it may become time to transition the reporting lines back to the SCB. I suspect seeing how the weekend goes will really dictate that.

Thanks

Dave

Situation as of 0900 hrs on 2022-02-19

Event Overview:

-
- No demonstrators reported to be on **Parliament Hill** at this time.
- Approximately 300-500 people reported on surrounding streets as of last night at 1948 hrs.
- Police resources were to remain onsite in the downtown core overnight
- Last night, the OPP PLT were to be intercepting the Freedom Convoy 2022 from Fort McMurray (a bus with 20 passengers, a motorhome and 2 pickup trucks). The participants were to be provided with the information pamphlets in order to make an informed decision about their stay in Ottawa
- The following are possible convoys or demonstrations:
 - o Feb 19 no earlier than 08:30, convoy departing from St. Jerome, QC @ 06:30 and coming to Ottawa â€ˆ 25-75 participants
 - o Feb 19 no earlier than 11:30, 3 chartered busses arriving from the Toronto area (same as last 2 weekends) â€ˆ max 150 participants based on seats available

- Feb 19 @ 14:00, protest at 131 Laurier in Gatineau â€” 65-165 participants
- Feb 19, unknown time â€” counter-protest on Parliament Hill, unknown number of participants
- Feb 19, unknown time â€” counter-protest at 474 Elgin (OPS Station) planned for 2hrs, unknown number of participants
- Feb 19, unknown time â€” counter-protest pamphlet drop near the demonstration
- The current status of the interprovincial bridges is as follows:
 - Macdonald-Cartier Bridge is open
 - Alexandra Bridge is closed
 - Portage Bridge southbound is closed while northbound is open but all corridors leading to it are closed
 - Chaudi re Bridge is open
 - Champlain Bridge is open

Operational Information:

Officer Awareness/Operational Updates:

-
- OPS Acting Chief has stated that over 100 arrests have been made and 21 vehicles have been towed.
- A number of notable arrests have taken place, including organizers **Personal**, **Personal Info** and Christopher **Personal** will be held until Tuesday and **Person** will remain in custody for one more night. **Personal** was arrested, interviewed and released. **Personal** has been arrested but not interviewed yet.
- OPS has confirmed that the intersection of Mackenzie King Bridge and Nicholas has been cleared.
- OPS reports that **Personal Info**, who was arrested on his outstanding warrant, was released unconditionally as the warrant could not be enforced (St-Thomas Police was contacted).
- CIG OSINT received reports that unmarked police vehicles appear to be filmed and shared on social media.
- OPP Intel has reported that a post was made by the Facebook user **PerscPer** which states: â€œWe are getting attack [sic] by police as I say. We need everyoneâ€™s presenceâ€. **Per** was previously observed wearing a tactical vest and is reported to be a licenced firearms holder. Although no threats have been made, the information is being shared for Officer Awareness due to the tactical vest. ^[i] ^[ii]
- OPP reports **PerscPer**â€™s Facebook page has gone down, and can no longer be monitored. One of his last posts stated â€œStill waiting for them. Getting closer and closer. Come on pigs! Letâ€™s be over with.â€
- CIG OSINT located a Twitter post which states: â€œThere are snipers on the roof of the Senate and one of the Rideau Centre buildings in Ottawa right now at the Freedom Convoy Protest.â€ The Twitter post also includes an image of the â€œsnipersâ€. ^[iii]

Subjects of Interest:

- CIG OSINT identified a post by **Personal Info** on his **s.37** Channel stating â€œRAGECAST 215: SHOTS FIREDâ€ 8pm ESTâ€. ^[iv]
- CIG OSINT identified a video posted at 19:30 to the Instagram account associated with **Personal Info** which provides a view of the crowds and police in front of Chateau Laurier. **Personal** has likely returned downtown. ^[v]

- Information received from the OPP, advising that [Personal] (aka [Personal Info]) shared a video at 19:11 wherein he states, "We made it into the hotel, there are no check points on Bank anyways, it was easier to get down here tonight than it was last night so if you want to get down here and have a snow ball fight with the cops". It is unknown who [Personal] may be with. [vi]

s.37 Personal Info.

Personal Info. Personal

Additional Intel Updates:

- OPS reports that, at approx. 0018hrs on 2022-02-19, officers were returning to 474 Elgin St. when they observed a large number of nails strewn about the ramp leading from the street to loading dock area of the OPS Headquarters.

s.37 Personal Info.

- The CIG received information from RCMP F Division Criminal Analysis Section (DCAS) about a Facebook post wherein [Personal] an organizer of previous rallies in Saskatchewan, states he is on his way to Ottawa. In the comments, [Personal] stated the trucks in Ottawa were going to re-group at Antrem and go back to Ottawa in a few days. It is unknown if Antrem is a real place or code for something else.

s.37 Personal Info.

Personal Info.

- Randy Hillier has made several posts to his Facebook page pertaining to the protests. [ix]
 - o A letter titled "Canada Has Fallen" wherein he criticizes the Government and police response,
 - o A video wherein a criminal lawyer in Ottawa, [Personal] discusses the rights of protestors and alleged abuses of the Emergencies Act by PM Trudeau.

Operational Planning:

- Nil updates at this time.

Protective Clients and Protective Sites:

- The House of Commons is sitting today.

Communications:

(update at 2000 hrs 2022-02-18)

- Ottawa Police say they have now arrested more than 100 people as the operation continues to retake downtown streets from the trucker convoy occupation. Tension has since escalated. Ottawa Police say a person has been arrested for throwing a bicycle at a police horse. Ottawa Police, OPP, and the SQ are using armoured vehicle and officers on horseback to push back protesters from the streets. A protester has been arrested after harassing a Fox News team.

- As of 6:30 p.m. yesterday, officers were slowly moving west along Wellington Street to clear out protesters, with the intersections of Rideau Street and Sussex Drive and Wellington and Mackenzie cleared of protesters. As of 7:20 p.m., there was a large crowd outside of the Chateau Laurier.
- Freedom Convoy organizer **Personal** has been granted bail with a series of conditions including to leave Ottawa with the next 24 hours. **Personal** says his organizing days are over. Meanwhile, **Personal** will appear in court Saturday at 0930 hrs.
-
- Edmonton Police say they are anticipating another truck convoy this weekend.

(update at 2230 hrs 2022-02-18)

- Over the last hour and a half, things seem to have calmed down and no major developments have been reported. Apart from the Chateau Laurier area, the main protest site remains quiet, however, protesters just set off firecrackers near the main site. Prime Minister Trudeau recently commented on the situation on Twitter, while House Leader Mark Holland announced the House will resume debate Saturday on the use of the Emergencies Act to respond to the illegal blockades. Ottawa Police are also disputing a rumour making the rounds online that a woman seen on the ground after mounted police - moved through a crowd was killed today.
- There is no O-Train service downtown until further notice due to police operation.

Subject: Sit Rep #161: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-19

Situation as of 0900 hrs on 2022-02-19

Event Overview:

- No demonstrators reported to be on **Parliament Hill** at this time.
- Approximately 300-500 people reported on surrounding streets as of last night at 1948 hrs.
- Police resources were to remain onsite in the downtown core overnight
- Last night, the OPP PLT were to be intercepting the Freedom Convoy 2022 from Fort McMurray (a bus with 20 passengers, a motorhome and 2 pickup trucks). The participants were to be provided with the information pamphlets in order to make an informed decision about their stay in Ottawa
- The following are possible convoys or demonstrations:
 - o Feb 19 no earlier than 08:30, convoy departing from St. Jerome, QC @ 06:30 and coming to Ottawa â€” 25-75 participants
 - o Feb 19 no earlier than 11:30, 3 chartered busses arriving from the Toronto area (same as last 2 weekends) â€” max 150 participants based on seats available
 - o Feb 19 @ 14:00, protest at 131 Laurier in Gatineau â€” 65-165 participants
 - o Feb 19, unknown time â€” counter-protest on Parliament Hill, unknown number of participants
 - o Feb 19, unknown time â€” counter-protest at 474 Elgin (OPS Station) planned for 2hrs, unknown number of participants
 - o Feb 19, unknown time â€” counter-protest pamphlet drop near the demonstration
- The current status of the interprovincial bridges is as follows:
 - o Macdonald-Cartier Bridge is open
 - o Alexandra Bridge is closed
 - o Portage Bridge southbound is closed while northbound is open but all corridors leading to it are closed
 - o Chaudière Bridge is open
 - o Champlain Bridge is open

Operational Information:

Officer Awareness/Operational Updates:

- OPS Acting Chief has stated that over 100 arrests have been made and 21 vehicles have been towed.
- A number of notable arrests have taken place, including organizers **Personal**, **Personal Info.** and **Personal Info.** will be held until Tuesday and **Person** will remain in custody for one more night. **Personal** was arrested, interviewed and released. **Personal** has been arrested but not interviewed yet.
- OPS has confirmed that the intersection of Mackenzie King Bridge and Nicholas has been cleared.
- OPS reports that **Personal Info.**, who was arrested on his outstanding warrant, was released unconditionally as the warrant could not be enforced (St-Thomas Police was contacted).

- CIG OSINT received reports that unmarked police vehicles appear to be filmed and shared on social media.
- OPP Intel has reported that a post was made by the Facebook user **Personal** which states: "We are getting attack [sic] by police as I say. We need everyone's presence". **Per** was previously observed wearing a tactical vest and is reported to be a licenced firearms holder. Although no threats have been made, the information is being shared for Officer Awareness due to the tactical vest. [i] [ii]
- OPP reports **Personal**'s Facebook page has gone down, and can no longer be monitored. One of his last posts stated "Still waiting for them. Getting closer and closer. Come on pigs! Let's be over with."
- CIG OSINT located a Twitter post which states: "There are snipers on the roof of the Senate and one of the Rideau Centre buildings in Ottawa right now at the Freedom Convoy Protest." The Twitter post also includes an image of the "snipers". [iii]

Subjects of Interest:

- CIG OSINT identified a post by **Personal Info.** on his **s.37** Channel stating **Personal Info.** @8pm EST. [iv]
- CIG OSINT identified a video posted at 19:30 to the Instagram account associated with **Personal Info.** which provides a view of the crowds and police in front of Chateau Laurier. **Personal** has likely returned downtown. [v]
- Information received from the OPP, advising that **Personal** (aka **Personal Info.**) shared a video at 19:11 wherein he states, "We made it into the hotel, there are no check points on Bank anyways, it was easier to get down here tonight than it was last night so if you want to get down here and have a snow ball fight with the cops". It is unknown who **Personal** may be with. [vi]

s.37

Personal Info.

s.37

Personal Info.

Personal

Additional Intel Updates:

- OPS reports that, at approx. 0018hrs on 2022-02-19, officers were returning to 474 Elgin St. when they observed a large number of nails strewn about the ramp leading from the street to loading dock area of the OPS Headquarters.

s.37

Personal Info.

- The CIG received information from RCMP F Division Criminal Analysis Section (DCAS) about a Facebook post wherein **Personal**, an organizer of previous rallies in Saskatchewan, states he is on his way to Ottawa. In the comments, **Personal** stated the trucks in Ottawa were going to re-group at Antrem and go back to Ottawa in a few days. It is unknown if Antrem is a real place or code for something else.

s.37

Personal Info.

Personal Info.

- Randy Hillier has made several posts to his Facebook page pertaining to the protests,^[ix]
 - o A letter titled "Canada Has Fallen" wherein he criticizes the Government and police response,
 - o A video wherein a criminal lawyer in Ottawa, **Personal**, discusses the rights of protestors and alleged abuses of the Emergencies Act by PM Trudeau.

Operational Planning:

- Nil updates at this time.

Protective Clients and Protective Sites:

- The House of Commons is sitting today.

Communications:

(update at 2000 hrs 2022-02-18)

- Ottawa Police say they have now arrested more than 100 people as the operation continues to retake downtown streets from the trucker convoy occupation. Tension has since escalated. Ottawa Police say a person has been arrested for throwing a bicycle at a police horse. Ottawa Police, OPP, and the SQ are using armoured vehicle and officers on horseback to push back protesters from the streets. A protester has been arrested after harassing a Fox News team.
- As of 6:30 p.m. yesterday, officers were slowly moving west along Wellington Street to clear out protesters, with the intersections of Rideau Street and Sussex Drive and Wellington and Mackenzie cleared of protesters. As of 7:20 p.m., there was a large crowd outside of the Chateau Laurier.
- Freedom Convoy organizer **Personal** has been granted bail with a series of conditions including to leave Ottawa with the next 24 hours. **Personal** says his organizing days are over. Meanwhile, **Personal** will appear in court Saturday at 0930 hrs.
- Edmonton Police say they are anticipating another truck convoy this weekend.

(update at 2230 hrs 2022-02-18)

- Over the last hour and a half, things seem to have calmed down and no major developments have been reported. Apart from the Chateau Laurier area, the main protest site remains quiet, however, protesters just set off firecrackers near the main site. Prime Minister Trudeau recently commented on the situation on Twitter, while House Leader Mark Holland announced the House will resume debate Saturday on the use of the Emergencies Act to respond to the illegal blockades. Ottawa Police are also disputing a rumour making the rounds online that a woman seen on the ground after mounted police - moved through a crowd was killed today.
- There is no O-Train service downtown until further notice due to police operation.

NOC: Please send this list to all Commanding Officers, CROPS Officers, Federal CROPS Officers and cc to [redacted]@rcmp-grc.gc.ca from Assistant Commissioner Keith FINN, Gold Commander.

Please contact me should you have any questions.

Many thanks

Rich

Good day,

Further to previous requests, we have already received information from many of you regarding available federal resources, for which I thank you. The fluid situation in the NCR is continuing and the Integrated Command assessment of resource needs has been revised. Additional resources are needed above and beyond what is already being provided from O, C national and NHQ, for a total of incremental 100 members. We will require the following from your Divisions:

Division	Total Number of Members Required
B	6
D	5
E	20
F	8
G	1
H	18
J	18
K	20
L	2
M	1
V	1

In order for NHQ to issue joining instructions to members directly, including when and to whom they must report in Ottawa, please provide a confirmed list of names of Federal members ready for immediate deployment no later than **1500 EST, Sat Feb 19** to GSB Command, at **irrelevant@rcmb-grc.gc.ca**.

Members must be prepared to travel immediately. Further details will be forthcoming as soon as we are able to share more information, but at this time I would ask that you prepare your members to depart for Ottawa at once.

Recognizing that this is an unprecedented situation and appreciating the extremely short turnaround on this request, I thank you for your cooperation and collaboration during these challenging circumstances. **Please include member name, regimental number and HRMIS number.**

Bonjour,

Suite aux demandes précédentes, nous avons déjà reçu l'information de plusieurs d'entre vous concernant les ressources fédérales disponibles, et je vous en remercie. La situation continue d'évoluer dans la région de la Capitale nationale, et le Centre de commandement intégré a évalué le nombre de ressources requises. Des ressources supplémentaires sont nécessaires en plus de celles déjà fournies par les Divisions O, C, Nationale et de la Direction Générale, pour un nombre additionnel total de 100 membres. Nous requérons de la part de vos divisions, les nombres suivants :

Division	Nombre total de membres requis
B	6
D	5
E	20
F	8
G	1
H	18
J	18
K	20
L	2
M	1
V	1

Afin de permettre à la Direction Générale d'adhésion directement aux membres, incluant à quel moment et devant qui ils doivent se présenter à Ottawa, veuillez s'il vous plaît fournir une liste de noms de membres de la police fédérale prêts pour un déploiement dans l'immédiat, avant **1500 HNE, samedi 19 février 2022**, au commandement du GSB, à l'adresse courriel suivante : **irrelevant@rcmb-grc.gc.ca**.

Les membres doivent être prêts à voyager immédiatement, et je vous demande de les préparer à partir pour Ottawa dès que possible. De plus amples détails vous seront communiqués dès que nous serons en mesure de partager plus d'informations.

Reconnaissant qu'il s'agit d'une situation sans précédent ainsi que le délai extrêmement court pour traiter cette demande, je vous remercie de votre coopération et de votre collaboration dans ces circonstances des plus difficiles. **Veuillez inclure le nom du membre, le numéro de**

John and Peter,

This can wait until Monday. Per the below, once you have signed your "Acknowledgement" document, please give same to Ivy, and she can forward it to Annie Peladeau. Or if you scan and send it, please CC Ivy and K DEOC.

John, we also don't seem to have a copy of the Sub-Authorization document, i.e. the one from the CO to you. If you don't have it, we can find it via the CO's suite.

Thanks,

Andrew

Hello,

Attached are the following scanned copies of signed originals:

1. Sub-Authorization for Person Acting on Commissioner's Behalf: from D/Comm. Zablocki to C/Supt. Kunetzki.
2. Sub-Authorization for Person Acting on Commissioner's Behalf: from D/Comm. Zablocki to C/Supt. Tewfik.
3. Acknowledgement "Authorization of Person Acting on Commissioner's Behalf": signed by D/Comm. Zablocki.
4. Acknowledgement "Authorization of Person Acting on Commissioner's Behalf": signed by C/Supt. Kunetzki.

The same signed documents regarding A/Comm. Ferguson and the signed Acknowledgement by C/Supt. Tewfik will be sent to you as soon as possible.

Best regards,

Andrew

Hi Sorab

We have a meeting scheduled for 1000 hrs today. I suspect that this will probably be our last one as things have calmed down significantly there and we are looking at moving towards a more normal presence. The only thing that we will need to deal with is the designated protest site. I can send Steve an invite to this meeting if you want.

John

FVI,

From this morning.

Also, I am burning leave for a few weeks (4) and will be off starting this coming Saturday, back March 28. I have cc'd Steve Burke who is the Bronze Commander on the Fed GSB structure for the Convoy Protest. From this Friday Steve will be your contact re: Convoy Protests.

I will cc Steve through the week and please include him in your responses so he up to speed.

John, can you please include Steve in any K Div meetings on Courts, please and thank you. I will attend this week. No change, Steve can join so he is familiar with the rhythm, if that is okay.

Hope we all have a better week.

Sorab

Subject: Sit Rep #173: Freedom Convoy 2022- National Capital Region 2022-01-28 to 2022-02-21

Situation as of 0900 hrs on 2022-02-21

Event Overview:

- Snow clearing operations were underway yesterday and the Sir John A MacDonald parkway will be reopened when it is complete
- A reminder that the Secured Area is limited to those who live, work or have a lawful reason to be in this area. This area now includes:
 - o Bronson to the Rideau Canal and
 - o The Ottawa River to Highway 417 and
 - o An Exclusion Zone, which is restricted to authorized personnel only, and includes:
 - o Bay to Elgin and

- The Ottawa River to Sparks
- Full service has resumed on O-Train Line 1 from Tunney's Pasture to Blair stations, please consult OC Transpo social media sites or website for more information
- The current status of the interprovincial bridges is as follows:
 - Alexandra Bridge is closed (S/B open 6am to 10am weekdays)
 - Champlain Bridge is open
 - Chaudière Crossing is open
 - Macdonald-Cartier Bridge is reduced to two lanes in each direction
 - Portage Bridge S/B is closed except for essential workers while N/B is now accessible via Wellington from Booth
 -

Operational Information:

- OPS Intelligence has provided the following update as of 2022-02-20:
 - 25 vehicles were towed from Coventry and two arrests were made. It's now empty.
 - OPS is in the process of opening up areas in the downtown core and Market.
 - Strong police presence will continue at Coventry along with the secured area and surrounding area for the time being.
- CIG received the following updates on staging areas as of 2022-02-20:

○ **Personal Info.** [REDACTED]:

- Group appears to be setting up camp. They have unhooked trailers off of the tractors to block their area. One of the 53 ft trailers, appears full of supplies.
- 10 full 53 ft trailers
- 15-20 tractors
- 5-10 campers
- 30-40 personal sized vehicles that are associated
- Of note is the cherry picker with "raymar" on the side that had been used to fly the flag directly on wellington the past 3 weeks, which was also seen yesterday at lot 88, is now at the location and set up with a flag hoisted.
- "Security" appears to have been setup at the entrance of the camp area.

○ **EMBRUN (St Guillaume/ Route 200):**

- 4 tents now set up
- Approx. 6 truck trailers
- 10 to 15 misc. vehicles (An increase in miscellaneous vehicles and trucks with and without trailers).
- 1 moto home exiting now
- 6 trucks with no trailer
- An increase of coming and going around 1330hrs-no apparent convoy.
- Counter-surveillance by an older couple in a blue Ford Explorer was observed.

○ **Personal Info.** [REDACTED] – ARNPRIOR:

- Many vehicles and trucks
- Approx. 12 - 15 have arrived in the last hour
- Drivers pull in the lot for a few minutes then go south towards the field off of Robertson lane.

- **ROBERTSON LANE**

- 2 tractor trailer with flags
- 5 pick up trucks with flags, gas tanks in box of pick up or pulling trailers have left. All went West bound going 85km/h on 417.
- All had Alberta and BC plates

- A number of notable arrests have taken place, including:

- **Personal** - still in custody.
- **Personal Info** - Arrested for Mischief and Counselling to Commit the Offence of Mischief. Still in custody.
- **Personal** - arrested and released. No charges.
- **Personal Info** - Released
- **Personal** - Still in custody. CIG OSINT located a Twitter post from @CBCOttawa which indicates that **Personal**'s bail hearing appears to be scheduled for 2022-02-22.^[li]
- **Personal Info** - Arrested on his outstanding warrant and was released unconditionally as warrant could not be enforced (St-Thomas Police was contacted).
- **Personal** - Arrested and has been released.
- **Personal Info** - Arrested. His vehicle was searched. **Personal** is being charged for disobedience to court order, mischief and obstruct to police officer.
- **Personal Info** have been arrested by OPS.

Additional Intel Updates:

- OPS Intel located a video on Tik Tok where user is advising that the protest is far from over and they are setting up an area outside of Ottawa.^[li]
- RCMP was advised of a live streaming video posted on YouTube where a group protest was published at around 1830hrs on 2022-02-20. Unknown person was heard telling some protestors that the next mass group protest would take place on Monday, 2022-02-21 at 1130hrs, at the corner of SIR JOHN A. MacDONALD Parkway and Booth Street.^[liii]

CBSA Update:

- Reddit post suggesting a possible slow roll planned for today in Kingston.^[liv]

FPNS Task Force Updates:

- Reviewed CIG updates: #191, #193 – No concerns identified.
- Update / PROS 200273: On 2022-02-16, the OPP received a complaint about **Personal Info** who was alleged to have made online threats regarding killing police.
 - On 2022-02-18 **Person** was arrested at his residence. He was wearing a bulletproof vest and was in possession of a loaded handgun at the time of his arrests. Several firearms were seized, along with ammunition, magazines and other weapons.
- **CIG Update:** At around 02:32pm yesterday, CIG advised that OPS had arrested **Personal** (unknown time). **Person** was an organizer with **Personal**. FPNS O/A conducted indices checks on **Personal** all checks negative. Open Source queries conducted indicating that **Personal** is the founder of Canada Unity, one of the groups responsible for the initial organization of the convoy to Ottawa.

- **Personal Info.**

- CIG requested assistance from FPNS in trying to identify "**Personal**", or if we have any info on him or any of the unidentified persons in the background. TIOS was tasked at trying to identify both individuals. TIOS was unable to capture the real life identity of "**Personal**".

Operational Planning:

- Nil updates at this time.

Protective Clients and Protective Sites:

- GG is in the NCR today.
- DPM Freekard returns to the NCR this morning from Toronto.

- s. 37 in the NCR, except s. 3 in Montreal.

Communications:

Update 8:00 PM, 2022-02-20

- OPS has announced that Rideau Street is now open at Sussex and say that businesses should feel safe to reopen if they had closed during this unlawful assembly.
- OPS held a news conference yesterday afternoon providing an update on the protests.
- Agence QMI also provided a comprehensive update on the conference.
- RCMP National Division media relations assisted with three media requests yesterday:
 - o Emergencies Act - Andre Pratte - National Post (closed)
 - o Interview request for DCFP Mike Duheme - Marie Boule - Tout un matin avec Patrick Masbourian (Radio Canada) (being considered)
 - o RCMP Musical Ride group chat - Emma Colton - FOX News (closed)

Update 8:00 AM today

- The Prime Minister will deliver remarks and hold a media availability at 11:00am. The event will also be attended by: Deputy Prime Minister and Minister of Finance Chrystia Freeland, Minister of Justice and Attorney General of Canada David Lametti, Minister of Public Safety Marco Mendicino and Minister of Emergency Preparedness Bill Blair.
- The House of Commons will vote on the Emergency Act at 8:00pm tonight. It's being reported that it will likely pass with the joint support of the Liberals and NDP, while the Bloc Quebecois and the Conservative parties are against it.
- The Coventry Road location previously occupied by an unlawful assembly is now clear. 20 vehicles were towed and a police presence will remain in place to prevent anyone from returning. (OPS Tweet)
- Leaked Musical Ride screenshots continue to be shared and retweeted on social media.
- There have been no media requests so far today.

Subject: RE: E-Blinder - Guidance for Managers - Employee Participation in Protests

Hello Sir,

My opinions arises mostly from my DEOC/Silver roles, more than from my Warrant role. My name is on it amongst the list of Warrants, i.e. within our role for use of the uniform, retired members, etc.

My opinion is that this is not appropriate nor intended for all-employee distribution. The "Objective" paragraph indicates that the E-Blinder: "...aims to provide up-to-date national guidance to Royal Canadian Mounted Police (RCMP) management regarding the participation of current and/or prior employees. The e-binder provides access to approved internal resources to guide managers in applying consistent approaches..."

I suggest also that consistent, clear (and repeated) communication has been coming from CHRO et al, reminding employees of their obligations and rights etc.

That's my sense of it, but I would suggest a final decision would be from CrOps (Fed and Core).

Thanks,

Andrew

Subject: LIMITED DISTRIBUTION - SIT-REP #1 MILK RIVER SAD, CONSPIRACY TO COMMIT MURDER, 2022-02-22

Sirs / Ma'am -- This is just being sent to yesterday's meeting invitees and to the Commanding Officer for awareness.

Please advise if you would like to see 30 / 14 day reporting, or some other regular reporting timeline in the short term.

Thank you

ISSUE:

Coutts Border Blockade
RCMP File 2022-111482 refers

BACKGROUND:

- On February 2, 2022, SCB GIS South became engaged in the investigative portion of the Coutts Border Crossing blockade;
- From February 2 to February 9, 2022, GIS South primarily investigated the offences Mischief over \$5000 and offences under the Critical Infrastructure Defence Act;
- On February 3, Artur PAWLOSKI attended Coutts and spoke to the protestors encouraging them to not leave the protest and continue on with the blockade. This action resulted in PAWLOSKI being charged with Mischief over \$5000 "et al.";
- PAWLOSKI has lost his show cause hearing and is currently remanded;
- s.37 s.37 s.37
- s.37
- In the late evening of February 13, 2022, two individuals jumped into a running semi and tractor and charged at a police vehicle causing the driver of the police vehicle to take evasive action to avoid being hit;
- Attempts were made to arrest the drivers of the semi and tractor but were unsuccessful as they both fled into **Personal Info** Lounge;
- The tractor and semi were seized as offence related property and removed from the scene;
- A short time later **Personal Info** and **Personal Info** were arrested and a search warrant was executed at **Personal Info**. The search warrant located a large cache of weapons and ammunition;

- In total 13 people have been arrested and charged with relation to the firearms seized at **Personal Info.** AB;
- Of the 13 people charged for Mischief and Possession of a Weapon for a Dangerous Purpose, the following four people have been charged with Conspiracy to Commit Murder against RCMP officers:
 - o Christopher LYSAK **Personal Info.**;
 - o Christopher CARBERT **Personal Info.**;
 - o Anthony GLIENICK **Personal Info.**; and
 - o Jerry MORIN **Personal Info.**
- On February 15 protestors in Coutts departed in a convoy. Upon departure the convoy went through a checkpoint and all the drivers were identified. In total 111 people went through the check point and were each associated to 104 Truck/Tractors/Semis.

CURRENT STATUS:

STRATEGIC CONSIDERATIONS:

- A file review is underway to develop an outstanding task list, after which resource demands will come into focus;
- Advisory Crown was embedded with investigators at Coutts and remain assigned for ongoing consultation;
- Federal policing resources have been briefed and are engaged.

STRATEGIC COMMUNICATIONS:

- K Division Strategic Communications has been used for all media releases for this investigation and will continue to be consulted with as this investigation progresses.

MEMBER/EMPLOYEE WELLNESS:

- This investigation involved threats to the safety and wellbeing of members. Members exposed to these threats are being monitored and all will be reminded of supports available to them;
- Members are cognizant of covid related issues and are taking steps to ensure protocols are being followed. Member health will be continuously monitored and reported on, should there be any concerns.

CONDUCT/CIVIL RISK ASSESSMENT:

-

OIC COMMENTS:

- Effective February 22, 2022 1330 hrs, the investigative team is reverting to the SCB from the GSB Command Structure. Further reporting through SCB. Additional investigative tasks remain with the investigative team which will need to be completed in short order, along with related disclosure tasks to support ensuing prosecutions.

Subject: RE: LIMITED DISTRIBUTION - SIT-REP #1 MILK RIVER SAD, CONSPIRACY TO COMMIT MURDER, 2022-02-22

Hi Marian,

Thanks for this, I will have a look at it as soon as I can. I was planning on sending it to a very limited group in NHQ, not to the NOC directly.

Thanks

John

Sir,

Have a look at the NOC draft and let me know what edits need to be done. Also, I see that the original email header stated "limited distribution" If this remains, I am assuming it would still go to NOC in Ottawa? But, who would you like it to go to in "K"?

Thx
m

Attachment: 22-032 2022-02-23 UPDATE NOC K Division COVID Can USA Border Blockade.pdf;

Hi Dennis and Sorab,

I just wanted to give you a bit of an update on the threat related component of the Coutts Blockade. Sorab was made privy to the latest information earlier this week. Given the sensitivities around this I am just sharing it with you, but will leave it with you to determine if it should be shared further.

With respect the group that was more involved in the actual blockade, we expect to charge up to 23 people for Mischief Over and under Alberta's Critical Infrastructure Defence Act. In addition to these individuals we have up to 85 persons who we can charge under the CIDA separately, but the Provincial Crown is hesitant to charge all of them for fear of the impact that this could have on the court system in Alberta. The CIDA is new legislation, but it was very contentious legislation so it is fully expected that it will be aggressively challenged. We are also in the process of getting management orders for the Tractor, the semi and a gravel truck.

Let me know if you have any questions.

John

Subject: Timeline Overview Coutts

OVERVIEW:

The Port of Coutts operates 24 hours daily, and is the largest Port of Entry (POE) in Alberta. Hundreds of commercial and personal vehicles travel through this major thoroughfare on any given day.

In Alberta, there are border crossings located at Coutts, Del Bontia and Carway. Coutts is the only 24-hour crossing.

The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bontia is in the Raymond detachment area, and Carway is in the Cardston detachment area.

BACKGROUND OF EVENTS at COUTTS, ALBERTA:

On January 29th, 2022 a truck convoy consisting of approximately 1000 vehicles, including several 100 semi trucks, staged in Lethbridge Alberta and rolled south to the Coutts Border crossing. Over the course of the day the convoy group made several loops on Highway 4 between the POE and the town of Milk River. At one point, in the later part of the afternoon, on January 30th, 2022, the peaceful protest transitioned into a blockade, where the convoy participants suddenly blocked all south and northbound of Highway 4, just north of the Coutts POE.

Over the next several days the RCMP were able to leverage the CCMG negotiating team to keep a single lane of travel open in each direction, allowing for restricted movement of traffic. There were brief periods of time where the protest organizers would shut down all traffic, but the CCMG team was able to negotiate a re-opening of a single lane. The response of police remained focused on attaining voluntary compliance at all times.

Alberta RCMP attempted to secure tow trucks from every tow company in Alberta with negative results. Even companies on the borders of British Columbia, Saskatchewan, and Northern Montana refused to get involved, citing potential threats and negative Google service reviews as detrimental to their livelihood.

The need for heavy equipment to clear the highway of vehicles quickly became critical for any enforcement action. The investigative team had secured some light duty tow equipment (standard tow truck from Calgary police for personal vehicles), and had one heavy duty tow truck owned by the City of Edmonton. Knowing that one tow truck was not sufficient to support police with any enforcement action, investigators continued working on acquiring additional towing equipment.

On February 5th, 2022 a CAF request was submitted, specifically requesting assistance with heavy tow assets.

On February 8th, 2022 at 17:00 hrs, on the heels of announcements by Alberta Premier Jason Kenney, indicating provincial mandates would be lifted in the Province of Alberta within the coming weeks, the mood at the Coutts blockade appeared to escalate. Shortly after the announcements protesters realigned the existing commercial vehicles and farm tractors to completely block the POE at the Coutts location.

On February 10th, 2022, when it was clear that protesters would not negotiate with police and advised that the border would remain shut until all Provincial and Federal health restrictions were lifted, investigators commenced planning to arrest key organizers on the morning of the 11th. In the evening of the 10th, credible information was learned that a small group, within the larger protest groups, was determined and prepared to commit violence, including the killing of police, if police took any action to breakup the blockade. At this point the matter turned from dealing with a public order event to the investigation of a public and police safety event.

On February 13th, 2022 the Government of Alberta had procured five (5) confirmed tow trucks, and were working on a sixth.

On February 13th 2022 at 20:00 hrs a large farm tractor and a semi truck (no trailer) arrived at a police check stop to the east of the Coutts POE, with the intent of traveling to the blockade site. The two vehicles failed to stop at the check stop and drove aggressively towards our members. They drove directly at one of our police vehicles, narrowly missing it, but only because the members was able to move out of the way just in time. Both drivers were later identified with the tractor driver having been arrested that evening. The truck driver is still at large. Both the farm tractor and semi truck were seized as offence related property by investigators.

On the heels of these seizures, the arrest of 4 key individuals was made later that night, and in the early morning hours of February 14th, 2022, search warrants were executed on three (3) separate trailers located on a residential property located a short distance from **Persona Saloon** (a meeting location for Coutts protestors). A total of eleven (11) individuals were arrested and a significant cache of weapons were seized inclusive of: thirteen (13) long guns, two (2) handguns, multiple sets of body armour, a machete, several high capacity magazines, and an excessive amount of ammunition.

Later in the afternoon of February 14th, 2022 an identified male associate of individuals in custody was stopped by tactical assets on his way to the Coutts blockage location. Investigators believe the male had an immediate intention to shoot members on site. Search of his vehicle post arrest produced a combat style shotgun and a long rifle.

Once news of the weapons being seized became public, organizers of the blockade approached the CCMG members around 16:00 hrs voicing their intention to open the roadway and dissolve the blockade. The reason provided was not wanting to be associated with the group that was willing to commit violence. An agreement was struck to vacate the location by the following morning of February 15th, 2022.

Of note, on February 14th, at approximately 1400 hrs, the Federal Government invoked the Emergencies Act (EA). Although the highway still blocked until approximately 1600 hrs, the catalyst that led the group to dismantling the blockade was the arrest of those individuals who were committed to using violence. Although the EA had been announced, the specifics of the order were not known to police at that time and as such the use of any orders under the EA were not considered.

It should also be noted that operations on the American side resumed later that evening, with traffic able to cross into the U.S. Operations did not resume on the Canadian side until approximately 1100 hrs on February 15th, but this was due to a request by the RCMP command team to wait until the next morning. If protesters did not keep their word and vacate the area by the morning of the 15th, police were prepared to physically remove the group that day. If enforcement action was required, it would have been important to our operations that no traffic be allowed to cross the border and potentially become involved in our enforcement action.

The Coutts POE is positioned on Highway 4 on the Canadian side, and I-15 on the USA side. Coutts is in the Milk River detachment area, Del Bontia is in the Raymond detachment area, and Carway is in the Cardston detachment area.

BACKGROUND OF EVENTS at COUTTS, ALBERTA:

On January 29th, 2022 a truck convoy consisting of approximately 1000 vehicles, including several 100 semi trucks, staged in Lethbridge Alberta and rolled south to the Coutts Border crossing. Over the course of the day the convoy group made several loops on Highway 4 between the POE and the town of Milk River. At one point, in the later part of the afternoon, on January 30th, 2022, the peaceful protest transitioned into a blockade, where the convoy participants suddenly blocked all south and northbound of Highway 4, just north of the Coutts POE.

Over the next several days the RCMP were able to leverage the CCMG negotiating team to keep a single lane of travel open in each direction, allowing for restricted movement of traffic. There were brief periods of time where the protest organizers would shut down all traffic, but the CCMG team was able to negotiate a re-opening of a single lane. The response of police remained focused on attaining voluntary compliance at all times.

Alberta RCMP attempted to secure tow trucks from every tow company in Alberta with negative results. Even companies on the borders of British Columbia, Saskatchewan, and Northern Montana refused to get involved, citing potential threats and negative Google service reviews as detrimental to their livelihood.

The need for heavy equipment to clear the highway of vehicles quickly became critical for any enforcement action. The investigative team had secured some light duty tow equipment (standard tow truck from Calgary police for personal vehicles), and had one heavy duty tow truck owned by the City of Edmonton. Knowing that one tow truck was not sufficient to support police with any enforcement action, investigators continued working on acquiring additional towing equipment.

On February 5th, 2022 a CAF request was submitted, specifically requesting assistance with heavy tow assets.

On February 8th, 2022 at 17:00 hrs, on the heels of announcements by Alberta Premier Jason Kenney, indicating provincial mandates would be lifted in the Province of Alberta within the coming weeks, the mood at the Coutts blockade appeared to escalate. Shortly after the announcements protesters realigned the existing commercial vehicles and farm tractors to completely block the POE at the Coutts location.

On February 10th, 2022, when it was clear that protesters would not negotiate with police and advised that the border would remain shut until all Provincial and Federal health restrictions were lifted, investigators commenced planning to arrest key organizers on the morning of the 11th. In the evening of the 10th, credible information was learned that a small group, within the larger protest groups, was determined and prepared to commit violence, including the killing of police, if police took any action to breakup the blockade. At this point the matter turned from dealing with a public order event to the investigation of a public and police safety event.

On February 13th, 2022 the Government of Alberta had procured five (5) confirmed tow trucks, and were working on a sixth.

On February 13th 2022 at 20:00 hrs a large farm tractor and a semi truck (no trailer) arrived at a police check stop to the east of the Coutts POE, with the intent of traveling to the blockade site. The two vehicles failed to stop at the check stop and drove aggressively towards our members. They drove directly at one of our police vehicles, narrowly missing it, but only because the members was able to move out of the way just in time. Both drivers were later identified with the tractor driver having been arrested that evening. The truck driver is still at large. Both the farm tractor and semi truck were seized as offence related property by investigators.

On the heels of these seizures, the arrest of 4 key individuals was made later that night, and in the early morning hours of February 14th, 2022, search warrants were executed on three (3) separate trailers located on a residential property located a short distance from Person Saloon (a meeting location for Coutts protestors). A total of eleven (11) individuals were arrested and a significant cache of weapons were seized inclusive of: thirteen (13) long guns, two (2) handguns, multiple sets of body armour, a machete, several high capacity magazines, and an excessive amount of ammunition.

Later in the afternoon of February 14th, 2022 an identified male associate of individuals in custody was stopped by tactical assets on his way to the Coutts blockade location. Investigators believe the male had an immediate intention to shoot members on site. Search of his vehicle post arrest produced a combat style shotgun and a long rifle.

Once news of the weapons being seized became public, organizers of the blockade approached the CCMG members around 16:00 hrs voicing their intention to open the roadway and dissolve the blockade. The reason provided was not wanting to be associated with the group that was willing to commit violence. An agreement was struck to vacate the location by the following morning of February 15th, 2022.

Of note, on February 14th, at approximately 1400 hrs, the Federal Government invoked the Emergencies Act (EA). Although the highway still blocked until approximately 1600 hrs, the catalyst that led the group to dismantling the blockade was the arrest of those individuals who were committed to using violence. Although the EA had been announced, the specifics of the order were not known to police at that time and as such the use of any

orders under the EA were not considered.

It should also be noted that operations on the American side resumed later that evening, with traffic able to cross into the U.S. Operations did not resume on the Canadian side until approximately 1100 hrs on February 15th, but this was due to a request by the RCMP command team to wait until the next morning. If protesters did not keep their word and vacate the area by the morning of the 15th, police were prepared to physically remove the group that day. If enforcement action was required, it would have been important to our operations that no traffic be allowed to cross the border and potentially become involved in our enforcement action.

Hi Mike, thanks for this. We are still waiting for some direction from NWR Finance as to how best process the OT claims, but now that we have this decision it will provide a clearer path forward. I will follow up on this on Monday.

Thanks again for this.

John

Good afternoon,

Further to our previous discussions and consultations relative to this, here is the official ROD.

Peter can you please ensure this gets to the correct person at D/EOC for the administration process and I will touch base with NPF to close the loop.

Questions or concerns, please let me know.

MJ

Hi James, I don't know if Peter has already forwarded this to you, but it will be important that we provide some direction to our folks as soon as possible. Let's hook up on Monday and figure out what we need to do to push this forward. I will also have a chat with Nina to see how best to obtain each members notes. It will be important to communicate this in our message.

Thanks James,

John

Good afternoon,

Hope this message finds you well.

The Joint Intelligence Group has been tasked with the preparation and the production of material in anticipation of the Inquiry. More specifically, we

will be preparing detailed timelines, with the supporting documentation, for the major events across Canada related to Freedom Convoy (Pacific Highway, Coutts, Emerson, Windsor, Ottawa). Each will be different, but will cover several elements including every phase from planning to dismantling, enforcement engagement and actions, significant events, key players and mobilization efforts.

I would appreciate if each of you can assign an analyst who can be the point of contact and work with the core group of analysts here. We will need their support to assist with the identification of the key elements of each event, the proper sourcing of the information and the engagement of the POJs, as required. My team will begin the work on Monday, and I would be grateful if a point of contact can be identified in the coming days. It is our understanding that some work has been done already, we will be pleased use it to avoid duplication of efforts.

Sr Mgmt in FPNS and FPNI, it would be great if you could also provide a point of contact for assistance and follow up in your areas, as required.

I will be pleased to discuss further, at any time.

Thank you all for your ongoing support.

ISSUE:

Coutts Border Blockade
RCMP File 2022-111482 refers

BACKGROUND:

- On February 2, 2022, SCB GIS South became engaged in the investigative portion of the Coutts Border Crossing blockade;
- From February 2 to February 9, 2022, GIS South primarily investigated the offences Mischief over \$5000 and offences under the Critical Infrastructure Defence Act;
- On February 3, Artur PAWLOSKI attended Coutts and spoke to the protestors encouraging them to not leave the protest and continue on with the blockade. This action resulted in PAWLOSKI being charged with Mischief over \$5000 "et al.";
- PAWLOSKI has lost his show cause hearing and is currently remanded;
- s.37 s.3 s.3
- s.37
- In the late evening of February 13, 2022, two individuals jumped into a running semi and tractor and charged at a police vehicle causing the driver of the police vehicle to take evasive action to avoid being hit;
- Attempts were made to arrest the drivers of the semi and tractor but were unsuccessful as they both fled into Person's Lounge;
- The tractor and semi were seized as offence related property and removed from the scene;
- A short time later Person's Info. and Person's Info. were arrested and a search warrant was executed at Person's Info. The search warrant located a large cache of weapons and ammunition;
- In total 13 people have been arrested and charged with relation to the firearms seized at Person's Info. AB;
- Of the 13 people charged for Mischief and Possession of a Weapon for a Dangerous Purpose, the following four people have been charged with Conspiracy to Commit Murder against RCMP officers:
 - o Christopher LYSAK Person's Info.;
 - o Christopher CARBERT Person's Info.;
 - o Anthony OLIENICK Person's Info.; and
 - o Jerry MORIN Person's Info.
- On February 15 protestors in Coutts departed in a convoy. Upon departure the convoy went through a checkpoint and all the drivers were identified. In total 111 people went through the check point and were each associated to 104 Truck/Tractors/Semis.

CURRENT STATUS:

- On February 19-20, 2022, a search warrant was executed at an address belonging to Person's Info. Pers AB;
- As a result of the search warrant the following was seized:

STRATEGIC CONSIDERATIONS:

- A file review is underway to develop an outstanding task list, after which resource demands will come into focus;
- Advisory Crown was embedded with investigators at Coutts and remain assigned for ongoing consultation;
- Federal policing resources have been briefed and are engaged.

STRATEGIC COMMUNICATIONS:

- K Division Strategic Communications has been used for all media releases for this investigation and will continue to be consulted with as this investigation progresses.

MEMBER/EMPLOYEE WELLNESS:

- This investigation involved threats to the safety and wellbeing of members. Members exposed to these threats are being monitored and all will be reminded of supports available to them;
- Members are cognizant of covid related issues and are taking steps to ensure protocols are being followed. Member health will be continuously monitored and reported on, should there be any concerns.

CONDUCT/CIVIL RISK ASSESSMENT:

-

OIC COMMENTS:

- Effective February 22, 2022 1330 hrs, the investigative team is reverting to the SCB from the GSB Command Structure. Further reporting through SCB. Additional investigative tasks remain with the investigative team which will need to be completed in short order, along with related disclosure tasks to support ensuing prosecutions.

Sir

Forgive me for jumping in.
We will certainly deploy Supt. McKale to the CIC team.
I have included Supt. O'Beirne in this email for his action.
We appreciate your flexibility and that of Roberta on this.
Michele

Hi Keith,

After Nina and Roberta spoke and it was agreed that we would make Roberta available, someone reached into Roberta and told her that the Division would not release her because she was tired. Not sure if you have found another CIC, but just want to confirm that if she is being requested we will release her. Just so that I can advise Nina and Roberta officially are you able to advise if your team has reached a decision? I have included Nina.

Thanks Keith,

John

Thanks John

Greatly appreciated.

We'll assess and advise.

Keith

Subject: Roberta

Hi Keith,

Nina spoke with Roberta. In short, if you need her we will make her available. Iâ€™ll leave it with you and your team for a final decision.

Thanks Keith,

John
